One call for complete peace of mind

Bodyshop Equipment

One call for complete peace of mind - Workshop Solutions

Your business is your livelihood. We understand that and we care. At Workshop Solutions we provide you with all the equipment; service, repair and maintenance programmes; assistance with health & safety procedures and project planning skills you need all in one place.

We are the equipment and service provider of choice to many motor manufacturer groups, independent garages and bodyshops nationwide. From a new compressor to an MOT bay, comprehensive building works to aftersales servicing and maintenance, Workshop Solutions manages the whole process, ensuring a smooth, hassle-free, one-stop service that is delivered on time and on budget.

The Latest Technology
from the Best Brands

We aim to provide you with the tools, equipment and service that match both your personal expectations and your business requirements.

Waste Management
- Keeping you fully compliant and stress free

Our panel of finance houses can spread the cost tax-efficiently

Health & Safety
- Safeguarding your people and your business

From preventative maintenance plans to emergency call-outs

Please contact our Equipment Service & Maintenance team on 01527 882 778 to arrange an initial free, no obligation consultation.

Buy or Lease with Confidence

NO HASSLE
WARRANTY

BEST PRICE
PROMISE

All of us at Workshop Solutions aim to provide you with the tools, equipment and service that match both your personal expectations and your business requirements. We're also with you for the long haul, understanding that delivering true value comes from developing good long-term relationships.

Put simply, if we can ensure that every pound you spend on garage equipment has the potential to bring you the maximum returns then you might think of us next time you're in the market for equipment.

That's why we only use suppliers who can offer a comprehensive warranty service and update backup for the life of the equipment.

We will also arrange demonstrations wherever possible and offer advice on the best products and services to suit your business.

OUR PROMISE:

- We make sure the equipment you buy is right for you.
- We only put products in front of you that we know are fully supported in the UK by the manufacturer.
- We provide you with the best possible service now and in the future.

THE ADVANTAGES OF LEASING

1. PAYMENTS ARE TAX DEDUCTIBLE

Lease payments are classed as a rental or business expense and therefore can be offset against profits made over the financial year.

2. ABILITY TO HAVE THE BEST PRODUCT AVAILABLE

Choosing the cheaper option can prove to be a false economy as that equipment often needs replacing sooner than the best quality product available to you.

3. PAY AS YOU EARN

Most equipment either saves you money or makes you money, therefore the equipment pays or the lease as it works for you.

4. PAYMENTS ARE FIXED

Fixed payments make it easier for you to budget and plan your major purchases.

5. IMPROVES CASH FLOW AND PROTECTS OTHER CREDIT LINES

By leasing equipment you can protect your cash and other lines of credit.

DUST EXTRACTION UNIT S145EPL-GB

Mobile units for extracting dust from sanding and various types of industrial work, fitted for connection to an electro-pneumatic and also suitable for fluid extraction.

- Multifunction Intelligent Control
- Equipped with 2 large filters
- Electrostatic charge dispersion device.
- Large dust and liquid container

ONLY £481.70

LARGE DUST EXTRACTION UNIT KS260EPN/GB/240

Mobile extraction unit equipped for simultaneous connection to two tools, both electric and pneumatic.

- Robust, stable and highly manoeuvrable machine
- Powerful and reliable, each fitted with two 1000W motors
- Dual start-up system (manual and automatic)

ONLY £772.20

MINI RANDOM ORBITAL POLISHER LHR75

- High efficiency motor with high torque delivered
- Unique design and ergonomic control lever for a safe and comfortable handling
- On board service spanner for a quick tool servicing

ONLY £180.41

ANGLE POLISHER 200MM WITH ELECTRIC SPEED-CONTROL LH18ENS

- New front ergonomic grip for comfortable and safe handling
- Electrical parts insulated with special resins for greater protection and longer life of the tool
- Soft start

AIR FED MASK

VIUAF2010KIT

If the mask you wear does not have a warning, how do you know you need to get out of the spray booth when there is a problem? The air supply only has to drop a little to cause a concern in the positive pressure required. You may not notice that little drop but that can still be enough for you not to have the correct amount of positive pressure in the head set.

- Visible warning in the head set
- The mask has a wide vision visor, this is ideal for people who wear glasses. A number of other makes on the market have a narrow vision, the wide vision on the Anest Iwata mask makes it one of the best in its class
- The Anest Iwata full face mask also has an upwards air flow which means less irritation to the eyes, when used for long periods of time. That means that it is a good mask for industry where the mask can be used to up to eight hours at a time
- The head set has an easy to adjust floating headband ratchet
- The belt unit also has an adjustable regulator to fine tune the air flow to the face, while still making sure you still have enough breathing air flow

ONLY **£189.95**

*Based on a five-year lease agreement. Subject to status. Full terms and conditions available on request. Other lease terms and finance options available on request. Offers valid until September 30th 2015. Prices correct at time of going to press: June 2015. Prices exclude VAT, VAT will be applied at current rate. Errors & omissions excluded.

PROMISE

CLASSIC TRESTLE

FMT 100

A very heavy duty workshop trestle that folds up out the way once the job is done! Hundreds of uses and an absolutely essential piece of kit for every bodyshop. The sledge type feet make it very sturdy and stable and slides with no problem over the grids in the ovens. Excellent for prepping door panels, bonnets etc.

ONLY **£59.95**

BUMPER RACK

FMT 222

Store with ease your freshly painted bumpers and protect them from any accidental damage whilst at the same time freeing up floor space. The cost of repairing one damaged bumper could be more than the cost of this rack that will last for years. Capacity 4 Bumpers.

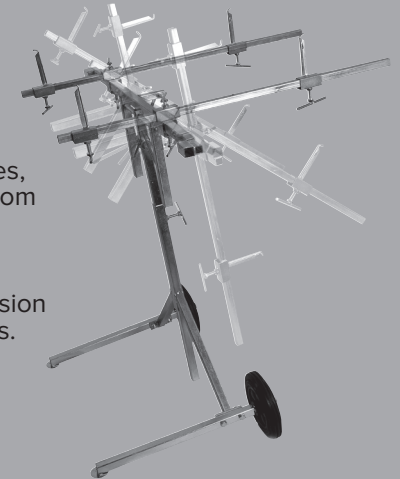

ONLY **£115.95**

PANEL STAND

FMT 1254

Used by thousands of vehicle painters worldwide. Simple to use, this stand will accept doors, tailgates, bonnets and wings from any production car. The panel can be rotated through 90°. Comes with 2x extension arms for larger panels.

ONLY **£99.00**

PARTS TROLLEY

FMT 600

The best displaced parts trolley you will ever buy. Strong, robust, agile and very practical and even fits through a standard pedestrian door. This makes it very easy to fit between parked cars and enabling them to go from one workshop to another. The bottom mesh shelf is great for heavy or dirty items, and the 2 further wooden shelves will carry the cleaner or larger items. Made from H.D steel box section. Great for complying with PAS125 and insurance repair policies.

ONLY **£295.95**

AIR MASTER

FMT 550

Very lightweight stand with two demountable drying guns. The drying guns increase the airflow from the compressor by around 15% by using a venturi system. The guns can be adjusted in height and width and be tilted to be positioned towards the newly painted panel.

ONLY **£124.95**

PANEL STAND BUNDLE

FMT.COMBO6

Kit includes :
1 x FMT1254 - Panel master stand
1 x FMT100 - Classic trestle
1 x FMT1234 - Trim & Spoiler kit

TEMPO

TEMPO is a new generation patented spraybooth designed to enable bodyshops to meet the growing demand for high-quality 24 hour express repairs. With it's ability to traverse multiple bays, TEMPO eliminates vehicle movements. The result is increased throughput and greater repair capacity. Designed for new paint technology - UV, IR and Low Temperature Cure.

- UV Protected roller doors
- HSE & EPA Compliant
- Fast Process of up to 12 jobs per day
- Ultra Low Running Costs
- One Stop Workstations
- Lean Process Control
- Multiple process layouts to suit individual customer needs
- Aquadry systems for waterborne paints
- 45 degrees C cure process
- Built in InfraRed units
- Intergrated UV Lights

SPRAYMATE

A unique range of high-performance rear-wall extraction spraybooths (no excavations required!).

Combines durable double-skinned construction with energy saving features such as variable speed fan control, automated Eco mode and unique motion-activated lighting systems.

Innovative and versatile, the Spraymate range provides high quality, high speed processing – cost effectively and efficiently. For additional peace of mind, STL's comprehensive aftercare package includes the option of a 2-year warranty.

CYCLONE

The ultimate high performance downdraft spraybooth, the Cyclone range provides unrivalled performance, efficiency and specification.

With high efficiency fan systems, fully modulating direct gas-fired burner systems, unique air-fed lighting and a fully automated PLC control system, the Cyclone is increasingly the spraybooth of choice for some of the UK's leading repairers.

And for additional peace of mind, STL's comprehensive aftercare package includes the option of a 3-year warranty.
