## On the Cover

The *Captain B* belongs to Jeff Putnam and is his third boat. This 45-foot Novi, named for his wife, Captain Beth, has a 400-hp diesel engine and a power trap hauler. The *Captain B* was built in Nova Scotia. Novis are known for their stability, and Jeff can stay out on the water for several days, as it has all the comforts of home. While out in deep water, Jeff sees all sorts of interesting marine life, including very large spider crabs! Although Jeff has been a lobsterman since high school, he finds the best days are when he has three his boys along. (Photo courtesy of Cathy MacNeill.)

## About the Calendar

The Calendar is published monthly by the Chebeague Island Council. Available on-line at Chebeague Island News ([www.chebeague.org](http://www.chebeague.org)) or [www.islandcalendar.weebly.com](http://www.islandcalendar.weebly.com) and mailed to every occupied residence on the island, for a small additional fee, it can also be delivered by first-class mail to Island Council members who are off island at the time of publication.

The Calendar welcomes submissions from its readers, including letters and thank you notes, but it cannot publish anything that is political in nature, libelous, or obscene. All submissions should include the author's name and contact information. **Without exception, the deadline for submission is noon on the 20<sup>th</sup> day of the month preceding publication.** Submissions and ad copy may be mailed (P.O. Box 12), left at the Council office (247 South Rd.), or emailed ([chebeagueislandcouncil@gmail.com](mailto:chebeagueislandcouncil@gmail.com)) and sent as attachments (.doc; no pdfs) or included in the body of the text. Images and photographs should be sent in a .jpg, .jpeg, or .rtf format. *Please do not use the old email address at [island.calendar@chebeague.net](mailto:island.calendar@chebeague.net), as this is an inactive account.* As a courtesy and space permitting, island nonprofits are given a free half page each month to publish their news. Any such submissions exceeding a half page will be charged at the usual rate. All submissions become the property of the Chebeague Island Council, which reserves the right to edit them for length and clarity. Submissions that are not time sensitive may be held until there is sufficient space to publish them. Additional information about submissions is available at [www.islandcalendar.weebly.com](http://www.islandcalendar.weebly.com).

**NEW** advertising rates are as follows: full page, \$70; 1/2 page, \$35; 1/4 page, \$20; 4-line classified, \$5; 6- to 8-line classified, \$10. Each submission should include the intended publication date, size wanted, and the number of months the ad should run. All ads must be paid for at the time of submission.

**The deadline for submissions for the July issue is noon on June 20, 2017.**

## Notes from the Chebeague Island Council

The Council is having a wonderful response to our MEMBERSHIP drive! For the second year in a row our membership is up! Remember to get your membership form and dues in to the Council prior to our annual meeting in August. Thank you to everyone in our island community for their generous support. Because of you, the Council is able to provide so many important services to our community.

June will be a busy month at the Wellness Center. Dr. Peter O'Donnell will be back to provide medical care, alternating weeks with our nurse, Steve Baybutt. They are available for blood draws, vital-sign checks, health information, tetanus shots, suture removal—and all those health problems that seem to come with summer. Dr. Redmond will be here seeing patients for chiropractic care. The "Foot Care" ladies will be here

to get those winter feet ready for summer sandals. And, for the first time, the Council is sponsoring a **Free Dental Clinic**.

And that is just the Wellness Center! The Council continues to make sure Chedemption is running smoothly. The 4<sup>th</sup> of July Parade, "Celebrating Independence" and the Road Race are coming together. The bargains will be better than ever at Schoolhouse Seconds. Watch for information about the Council's Drug Take-Back Day. The Council Board, along with the Library and the Hall, will be hosting the annual Brunch on July 2 to raise money to repair our well-used and much-loved Community Center. Everyone on the Council Board and an extended network of very dedicated volunteers are getting ready for a busy, fun, and safe summer. Come join us!

## A Note from the Publisher

As this issue marks the fourteenth of our revised format, we thought it prudent to emphasize the *Calendar's* policies. This "boilerplate" text appears every month on page 2, but not everyone reads the fine print. The main things to note are the deadline for submissions and where to send them:

The Calendar is published monthly by the Chebeague Island Council. Available on-line at Chebeague Island News ([www.chebeague.org](http://www.chebeague.org)) or [www.islandcalendar.weebly.com](http://www.islandcalendar.weebly.com) and mailed to every occupied residence on the island, for a small additional fee, it can also be delivered by first-class mail to Island Council members who are off island at the time of publication.

## The Jenny Wren 5K was a terrific success!

May 13 was a beautiful morning as walkers and runners made their way to the finish line...where a festive crowd gathered to celebrate over brunch at The Commons. 50+ participants raised over \$9000 in pledges to benefit Island Commons.

Thank you to the family of Jeanette “Jenny Wren” Hamilton for organizing this wonderful event in her memory and for bringing so many together to celebrate the special women in their lives. And many thanks to all who supported the event by walking, pledging, and donating in-kind.

## From the Town Office

**Office Hours**—We are open Monday and Thursday from 9:00 a.m. to 5:00 p.m. and from 9:00 a.m. to 4:00 p.m. on Friday. As always, if you need assistance at other times, please don't hesitate to call (846-3148) and we will do our best to accommodate your needs.

**Transfer Station**—The Transfer Station is now open Monday and Thursday morning from 9:00 to 11:00 a.m.; Wednesday and Friday afternoon from 1:30 to 5:00 p.m.; and Saturday and Sunday from 9:00 a.m. to 5:00 p.m. As always the Transfer Station is closed on Tuesday. Please remember that this is a **pay-as-you-throw facility**. We don't charge for household trash, but we do charge for bulky waste that has to be transported in our construction and demolition containers. Fees are posted at the Transfer Station. There is free non-commercial disposal during Bulky Waste weekend (August 5 and 6).

**The Transfer Station will be open all day Wednesday July 5 for all of that July 4<sup>th</sup> celebration trash!**

**New! Now Accepting Credit Cards!**—We are happy to announce that we can now accept credit cards as a form of payment in the Town Office. In addition to cash and checks, we will also accept VISA, MasterCard, American Express, and Discover cards. The service is provided through Information Resource of Maine (InforME), which will collect a processing fee for the use of the credit card. A processing fee of \$1 will be added to transactions of up to \$40. For transactions over \$40, the processing fee will be 2.5 percent of the total. For instance, if you use a credit card to pay your tax bill of \$2,000, the processing fee would be \$50.

**Volunteer Opportunities**—We still need one more person for the Board of Adjustments and Appeals. We also have one vacancy on the Planning Board as of June 30, 2017. If you have an interest in volunteering on one of our committees, please inquire at the Town Office.

**Elections**—We have two vacancies for the election on June 13. Dave Stevens on the Board of Selectmen and Bev Johnson on the School Board both come to the end of their terms in June. Herb Maine is the single contestant for the Board of Selectmen seat. And Courtney Breslin Doughty is running for the School Board vacancy. There is also one State Referendum question: "Do you favor a \$50,000,000 bond issue to provide \$45,000,000 in funds for investment in research, development and commercialization in the State to be used for infrastructure, equipment, and technology upgrades that enable organizations to gain and hold market share, to increase revenues and to expand employment or preserve jobs for Maine people, to be awarded through a competitive process to Maine-based public and private entities, leveraging other funds in a one-to-one ratio and \$5,000,000 in funds to create jobs and economic growth by lending to or investing in small businesses with the potential for significant growth and strong job creation?"

**Town Meeting**—Our Annual Town Meeting will be held Saturday June 10 beginning at 9:00 a.m. There are 69 articles. Last year there were 63. Ten articles pertain to Paper Streets. If you have been following the Paper-Street conversation by attending the public workshops and Selectmen's meetings, you know that there may be some long debates surrounding these articles. Be prepared for a long meeting!

There is a 2.55% increase in the overall budget from the previous year. If everything passes as is at Town Meeting, I am estimating a small increase in the tax rate from 16.35 to 16.50 per thousand dollars of value. This could all change at Town Meeting, so stay tuned.

*Thank you for your support, and remember to be kind to one another,  
Marjorie E. Stratton, Town Administrator*

JUNE 2017 CHEBEAGUE ISLAND COUNCIL CALENDAR

## Marty's Memories: What We Keep by Marty Trower

I am tired of fighting the clutter. I really thought that once I was not going off to work every day I would just gather the accumulated stuff, sort it into appropriate categories, and store the treasures in perfect, visible, and handy places. How wonderful at last to have the time to do this, I thought. How could I have been so naïve?

My parents bought our cottage in 1946. It was one of the first summer places built on the Soule farm land and belonged to the Goddard Wilson families. My father had spent the summers of his youth at the Hamilton Hotel just down the beach. In the interim, the Hamilton had been torn down and my parents had been staying in boarding houses when they came down from Montreal.

When I was young and had to take naps and couldn't sleep, I would take out some of the old books on the corner shelves. These tomes left by previous owners were pretty deadly, mostly religious ramblings, and one memorably dull *Chats on Old Furniture*.

I kept several of the old books, however, including the *Self-Pronouncing Sunday-School Teachers Bible* (published in 1895), a dried flower still pressed between pages of Isiah XIX and XXI; *Sharp Eyes, A Rambler's Calendar of Fifty-Two Weeks Among Insects, Birds and Flowers* (1892); *Gipsy Smith, An Autobiography: His Life and Work By Himself* (1901);

and John Bunyan's *The Pilgrim's Progress from This World, to That Which Is to Come* (1887). These are fragile, yellowed, and full of cumbersome words, but the photos and illustrations are exquisite, delicate to behold and wonder about.

As part of this internal argument about what to keep and what to let go, I continually find myself picturing the house as it was. In my mother's kitchen, a soap cage hung by its handle on the wall near the sink. My mother would really use it, frothing it in the dishwater. Under the kitchen cabinets, way back, I found beautiful old tools: graters, sieves, muffin tins. I keep these safe but ready to show, as art forms, in a covered basket.

I have saved and displayed three framed photographs of my father's early wooden boats. They are indistinct in detail, foggy, and sepia toned, but they capture his love of the sea and his triumphal mastery of sailing in the years after his older sister's stunning death on her wedding day. In one, he is alone at the tiller, his smile radiating his confidence. And he hadn't even met my mother yet!

For some reason I have saved all these items from other people's times in this house. They are as much part of the character of the house as the people who have watched the tides come in and go out for years and years before me. They have become part of my memories.

**Phone Number Change**—To contact the church office, please call the Parish House at 846-6987. You may continue to reach Pastor Melissa at the parsonage at 846-4106.

**What Are You Looking for?**—God is always seeking us, but sometimes, we don't have the tools at our disposal to find God in the midst of our everyday life. If you'd like to learn more about practices that help you listen to God, contact Melissa at [ml.yosuadavis@gmail.com](mailto:ml.yosuadavis@gmail.com) or 846-4106.

**Vacation Bible School!**—We're excited to offer a free Vacation Bible Camp for kids during the week of August 7 through 11, from 3:00 to 6:00 p.m. Registration forms will soon be available on our website. To learn more, contact Cheryl Hillicoss ([i.m.imaginable@gmail.com](mailto:i.m.imaginable@gmail.com)) or the church office.

**Praying Twice: Songs of Faith Summer Worship Series**—"Those who sing, pray twice!" Have certain hymns or songs drawn you closer to God or been meaningful for you on your spiritual journey? Then email us your favorites for our upcoming summer worship series, and we'll spend the summer singing and learning more about the stories around the creation of these hymns and what they have to offer

for our life of faith today. We'll also learn some new songs that may become new favorites and feature homegrown hymns written by people in our community. Deadline for submission is June 30.

**Summer Ice Cream Socials: Save the Date!**—Look ahead to two ice cream socials this summer on July 22 and August 18 on the church grounds. Have fun with your friends and neighbors! More information to come.

**Summer Camp at Mechuwana**—With our United Methodist Connection, we are blessed to have access to a wide network of camping ministries. Camp Mechuwana is in Winthrop, Maine, and their summer 2017 brochure is out! Check it out at <http://www.mechuwana.org/summer-camps.html>, or contact the church office for a copy. Scholarships are available to help send island kids to camp! Between sports camps, arts camps, and camps for young adults (and "oldies"), there's something for everyone this summer at Mechuwana.

## Using our Services

### ANNUAL MEMBER MEETING

Our annual member meeting will be held on Saturday July 15th at 9 AM at the Island Hall.

Since we converted from a stockholder company to a nonprofit in 2014 we have added over 500 people to our membership! We hope many of you will be able to attend the meeting.

The agenda items typically include a review of prior year financial performance, election of directors, and a president's report. This year we will give you an update on our project build a second ferry.

If you would like to become a member simply notify the office and provide name, address, and \$40 membership fee per person.

*See you there!*

#### CTC OFFICE

The good weather seems to have finally arrived, and so have many of our seasonal residents. Welcome back!

During the spring we have lots of freight as folks prepare for the summer. When you have a large number of freight items, please consider delivering them to the wharf in your own vehicle and then returning to Route One. The CTC buses are expected to transport personal freight (luggage, groceries, etc.) only. Other items (e.g. large tools, building supplies, large household items) should be delivered directly to the wharf.

Many people now have personal carts that they take to Route One. Please understand that the bus driver may ask you to unload your cart to load packages on the bus. The drivers are not expected to lift very heavy objects and carts take up a lot of space in the rear of the bus.

Bus drivers are expected to leave the lot on schedule. The driver uses his/her discretion

### Planning events on the Island

*If you are planning an event where more than 15 people will be traveling to the Island, please let the office know so we can be sure to be properly staffed.*

*Thank you!*

regarding waiting for a vehicle. However, if the bus is loaded with passengers and freight you should not expect the driver to delay departure.

Please remember to keep your pet off the seats and have dogs leashed.

CTC provides carts for transporting freight. The carts weight limit is 100 pounds. Overloading the carts results in damage. Our driver/parking attendant Ted McKeen spends lots of time trying to repair broken carts. Please respect the weight limit.

At the wharf, please stand back from the ramp and along the sides of the wharf to allow disembarking passengers room to get by.

### Important safety reminder!

Never walk or drive behind a bus that is preparing to leave the wharf. The driver has a limited field of vision in his mirrors.

### PLEASE DRIVE SLOWLY INTO THE COUSINS ISLAND PARKING LOT.

### VEHICLES MAY BE EXITING THE BARGE.

### Passengers on the Barge

Coast Guard regulations permit the barge to carry a maximum of six passengers. One passenger per vehicle may ride the barge free of charge. Space permitting, more passengers may ride the barge at the Captain's discretion. However, there will be a fee of \$10 per extra passenger.

### Hazardous Material on the Ferry

CTC can transport up to ten small gas powered appliances on the stern deck of the Islander (Up to 49cc in engine size). CTC cannot transport gasoline containers of any size if they contain gasoline. Kerosene can be transported. CTC cannot transport liquefied natural gas or propane in any size. Contact the office for barging items that cannot be transported on the ferry.

## Firefighter Footnotes

The town is once again issuing burn permits, and they are still available for free through Ralph or Kim Munroe and Lisa Israel or online for a cost of \$7 (\$2 of which goes to the town) at [www1.maine.gov/burningpermits/](http://www1.maine.gov/burningpermits/).

As quite often happens this time of year, we are experiencing extremely high fire danger days. Please be aware and follow the rules before starting any fires.

**All fires must be attended at all times and require a burn permit.**

## The Recompense Fund

Come join your neighbors and friends on Chebeague on Thursday July 6 from 5:30 to 7:30 p.m. upstairs at the Niblic to hear new ideas for the island's future. Refreshments will be served. Everyone is welcome. Every observation is valued.

Representatives of Chebeague's nonprofits will be presenting their applications for 2017 grants from the Recompense Fund. The Recompense Fund's board members and the public will be there to listen and learn. You'll have a chance to listen to new hopes and new plans and to ask questions. The Board will then continue in closed session to make decisions about the Fund's 2017 awards.

The island's nonprofits, with their many volunteers, do a great deal throughout the year to make Chebeague the place that everyone calls home. This annual event is one opportunity the community has to hear the vision of many in a short period.

As one wise member of our community put it, "Chebeague is the only constant in our lives." Another said, "We move around, but the island is always there for us." Here is an opportunity to understand the magic we all feel when we come ashore at the Stone Wharf.

The Recompense Fund is Chebeague Island's community fund, working to sustain our year-round island community through financial support to its nonprofit organizations. Visit us at [www.recompensemfund.com](http://www.recompensemfund.com).

## The Mail

### To Our Chebeague Friends,

Cindy, Lynne, and Jeff join me in thanks for all your cards, notes, and calls after Dick's passing. There are no words to adequately express how comforting they were to us. Dick always loved Chebeague, and we all feel blessed to be a part of its wonderful, loving, caring community.

We look forward to seeing you on the island soon.

*Jackie Cross*

### A Note of Thanks

As most of you know by now, Mom and Dad (Dick and Dianne) are back home on the island. They seem to be doing pretty well. We wanted to thank you all for your love, support, prayers, and cards—it's what kept us going! A huge thanks to Chebeague Island Rescue Team, Chebeague Transportation Company, Yarmouth Rescue Team, and Chebeague Island Commons. We know we are way behind on written notes as April got pretty gosh darn busy to say the least. Many heartfelt thanks to all who have dropped off food and goodies, called, visited them, or stopped one of us to ask how things were going. A very special thank you to Virginia T. and Bev M. for your extra help: because of you two, Mom listened and rescue was called to bring her to MMC. Mom and Dad are looking forward to watching all the summer activities from their porch.

Hugs and love to all!

Leanne, Gail, and Scott

### Dear Friends,

I just wanted to thank you all for your prayers for mom and our family as we have navigated the new waters after her ordeal. We deeply love our community of friends here on Chebeague. Your prayers and love have given us the strength to carry on. Mom's new chapter started on April 22, as she moved into OceanView. Her new address is 20 Blueberry Lane, #L-229, Falmouth, ME 04105. Her new phone number is 207-747-7161. She is still healing and regaining her strength but would love to hear from you all.

Thank you again,

*Polly Wentling Wentworth and Family*

# News from the Chebeague Island School

On Friday May 5 Barbara Carmone from the Daughters of the American Revolution (DAR)—Elizabeth Wadsworth Chapter of Greater Portland—came to the school to recognize two of our fifth-grade students for their DAR essay submissions in this year's writing contest. Writing to the prompt "My Favorite National Park," Caleb Todd was selected as the second-place winner for the entire chapter and Riley Beaupre was selected as the third-place winner. Both students read their essays aloud to the entire school and invited guests, and both received personalized plaques signifying their writing accomplishments. We are very proud of both boys and their writing abilities!

Each spring the third-, fourth-, and fifth-grade students go on an overnight field trip as part of their educational experience. This year the students went to Quebec City, Canada, from May 10 through 12. The three-day learning adventure was organized by super volunteer and School Committee member Beverly Johnson. The students visited many of the historic sites—riding the Old Quebec Funicular, strolling the boardwalk, taking a carriage ride, and participating in an interactive historical presentation at the Musee du Fort. They also took part in a geocaching adventure throughout the city, ending

with a tour of the Chateau Frontenac. Students and chaperones alike enjoyed a walking tour of the Citadel overlooking the Saint Lawrence Seaway and boating on the St. Lawrence River. They stayed at the Hotel Clarendon in the heart of the old city. For many this was their first time out of the country. A special thank you goes out the community for supporting this amazing class trip through fundraising and donations to the William Ross Field Trip Fund and again to Mrs. Johnson for her great leadership and tour-guide expertise.

The school has a new teaching tool. This spring David and Sandy Perloff donated a three-dimensional printer and all of the printing supplies, and it has been a great addition to our teaching and learning options. Under the direction of Kevin Wentworth and Kristin Westra, our students are learning how to program and use the printer and will be able to create many three-dimensional designs for tools, toys, and even contour maps. To many of the staff the new printer seems to be straight out of a science fiction story, but our young students are pretty adept with new technology. They will apply this new technology to their ever-expanding learning curve, and it will seem as natural to them as learning any new advancement would be.

## One Man's Island by Bob Libby

As I sit to write tonight, it is almost 9:00 p.m. and still twilight on our porch, the last daylight reflecting off the water angled from the horizon of the Harraseeket River. June 21 marks the summer solstice and the longest day of the year. Some of our state's legislators are eager to change the world by passing a law moving Maine to Atlantic Standard Time instead of Eastern Standard Time. We are indifferent about this policy; it isn't the hour on the clock that matters, it is the natural lengthening of the day that thrills. Regardless of the clock's measure of the hour, we respond to the length of day's light. December still being dark after 8:00 a.m. would be tough to get used to, but long days will always be June's reward.

June is the month we welcome back our neighbors. Some have been returning for a few weeks, but now the *Islander* is crowded with the freight of summer. Cousins Wharf is loaded up with hundreds of new bright traps being hauled out to the lobster boats. This month the tradition of reserving the southwest side of the Stone Wharf for trap handling lengthens the line of cars up the Wharf Road just when the golfers are most eager to test their skills. It seems a modern solution like ride sharing or Uber is needed. The tradition of families owning multiple cars and trucks on the island and parking them all day or overnight at the transportation choke point of the Stone Wharf is not a feasible idea going forward. Nationally, just as work is changing, so too is transportation. Planners are recognizing the huge costs of operating personal vehicles. Automated, driverless vehicles are predicted to alter transportation as dramatically as the automobile changed the last century. It is becoming obvious that the costs of owning and maintaining vehicles and the costs of space for parking near the wharf must be rethought with an eye to the future.

Communication is changing as well. For many the era of landline communications is over. Broadband and wireless communication is required to maintain a vibrant community on Chebeague. Fortunately, we have forward-looking citizens who are investigating the best way to ensure affordable high-speed communications networks for everyone who wants to be connected to our island all over the world.

Recent returnees are startled when they approach the Blanchard Lot to see the newest house that has sprouted in Nancy's yard. We who walk up the

hill from Cousins Wharf all year have watched the construction process since early winter, just as we watched the other two houses go up on the back cove side of the Pogey Shore. Some of us are old enough to remember when Smitty first hauled a few people across on the *Polly Lin* and the Blanchards allowed islanders to park behind their house. A few probably remember riding on the *Nellie G* to Handy Boat in Falmouth or riding with the legendary Archie Ross.

Change is constant, and while we've lost more old friends, we've gained some new. As we approach ten years of community independence, we are thriving. Technology cannot be ignored or cursed. Technology and science will create methods to better harvest the bounty around us: new methods of fishing, new tools for the protection of shellfish from predators, new sea plants that will reduce the acidification of Casco Bay and protect it from pesticides that wash into the sea. We are all part of a rapidly changing world. Think globally and act locally must be our credo.
