CORE REPLENISHMENT

H-D® PERFORMANCE SPORTSWEAR

ENHANCE YOUR RIDE

H-D® Performance Sportswear uses fabrics and technologies developed to provide the most comfortable ride possible. These styles are ideal as a first layer or can be worn alone.

H-D® Performance Sportswear by VF Licensed Sports Group are designed to merchandise seamlessly with Core and Seasonal Harley-Davidson® MotorClothes® performance styles utilizing MotorClothes® Collection labeling and hang tags. All styles also feature the same custom H-D® Performance neck tape so customers can easily and quickly identify performance styles.

Its premise is simple. Customers should wear items marked as WARM when they want to stay warm, COOL when they want to stay cool, and DRY when they want to stay dry.

Items designated as COOL are designed to keep the rider cooler. These styles use performance features to help regulate the body temperature to keep the rider cooler and more comfortable in warm weather.

Items designated as WARM are designed to keep the rider warmer. These styles use performance features to help regulate the body temperature to keep the rider warmer and more comfortable in cool weather.

Items designated as DRY are designed to keep the rider drier. These styles are water-resistant to repel water and dry easily to keep the rider more comfortable in inclement weather.

Performance Features to Enhance your Ride

H-D® Performance Sportswear styles will include a variety of features designed to make your ride warmer, cooler or drier. The most common features include:

Wicking. Fabrics draw moisture away from the skin and quickly disperse it throughout the garment, which helps regulate body temperature for a comfortable ride.

Anti-Microbial. Fabrics combat odors by inhibiting the growth of odor-causing bacteria, mold, mildew and fungus on the fabric. Garments will stay fresher, longer.

*Anti-microbial product is to protect the garment from odor and mildew, not for the purpose of protecting human health.

Water-Resistant. Fabrics repel water and dry easily, delaying the effects of light rain and other inclement weather.

3M™ Scotchlite™ Reflective Materials. Retro-reflective technology designed to provide enhanced visibility from up to 500 feet away in clear, low-light conditions or night time riding conditions.

*3M and Scotchlite are trademarks of 3M. Used with permission.

Fast Drying. Fabrics draw moisture away from the skin, moving it to the surface of the fabric where it can evaporate quickly. Fabrics dry faster, which helps regulate body temperature.

UPF-30. Fabrics protect you against 96% of the sun's UV radiation, providing a layer of protection against the sun's harmful UV rays.

Hem Gripper. Helps keep wind from blowing shirt tail up while riding.

No Return Cancellation Policy

At VF Licensed Sports Group your satisfaction is our primary focus and we guarantee the quality of our products. Occasionally, a standard garment may get past our quality control inspectors. If this happens and you receive defective merchandise, please call your Customer Service Representative (CSR). Please have the sales order number and invoice number ready when requesting credit for defective merchandise.

An exception to the No Return Policy will be made in the unlikely event that you receive another dealership's merchandise or merchandise that was shipped with an incorrect dealer personalization. Should this happen, please contact your CSR for assistance. VF Licensed Sports Group will not accept any returned merchandise without prior authorization. Due to the fact that merchandise is booked with our suppliers based upon actual orders, cancellations are not permitted.

NOTE:

Some artwork reflected in this catalog may vary to conform with licensing approval requirements. Some artwork may be rejected entirely. Actual garment design and colors may vary from catalog images.

VF Licensed Sports Group, a division of VF Imagewear, Inc. produces Harley-Davidson® products exclusively for authorized dealers. We welcome your comments and encourage you to contact us for any special event product needs. We will gladly provide you with a quote upon receipt of artwork.
