## --Short Biography

**M**R. José Abeal (Sloppy Joe) came from Spain to Cuba in the year 1904 and went to work as bartender on Galiano and Zanja Sts. Havana, where he worked for three years, and then, he gave up his job and sailed for New-Orleans, La. (U. S. A.) In this City he went on working as bartender for six years. From New - Orleans he went to Miami, Fla., and also worked in different Bars during and other six years.

I N the year 1918 he returned to Havana and got a job as bartender at a Café named "Greasy Spoon" and six months after, he decided to go in business for himself and bought what was then an insignificant grocery store at the same corner now occupied by the famous Sloppy Joe's Bar.

W HILE operating this small grocery store, he was visited by several of his old friends from the States. It so happened, that while some of them were visiting him and seeing the poor appearance and filthy looking condition of the place, one of them said

Why, Joe, this place is certainly sloppy, look at the filthy water running from under the counter".

**F**ROM here on, the name Sloppy Joe stuck to José Abeal as part of his own life and was destined to make him and his business famous and internationally known.

## Why is Sloppy Joe's Bar Famous and Internationally Known?

I N the first place, because Joe made it a rule in his business always to give the best for the money. He never cared to handle any product that was not genuine, and always tried to serve his customers with whatever they wanted at the most reasonable prices. In order to fulfill this purpose, he labored to have his Bar supplied with all the best liquors wherever produced, regardless of the cost, as long as he could meet the demands of his clients and please them.
