

MEDICALMART®

Long Term Care 2017 Health Care Products Catalogue

www.medimart.com

Quality • Reliability • Value

Valued Customer,

The Medical Mart Long Term Care Team is pleased to announce the availability of our new 2017 Long Term Care Products Catalogue. The catalogue is now available in print and online at our website www.medimart.com. Our national line-up of 250 devoted employees with a proven track record for providing unsurpassed service, are readily available to provide your facility with everyday discounted prices for valued health care products. By partnering with MEDICALMART you receive the needed resources to manage client care and budgetary objectives.

We continue to partner with leading manufacturers across the globe to introduce innovative, high quality health care products to the Canadian Long Term Care providers throughout the Healthcare Industry. Through our exceptional customer service, robust supply chain and unparalleled product selection highlighted in our LTC 2017 catalogue, Medical Mart strives to be your single source for medical supplies, offering a convenient and reliable one-stop shopping experience.

Today, Medical Mart offers our clients a “Best in Class” service package with several Valued Added Programs, that are unparalleled in our industry. Here are just a few of the benefits we offer:

- An Annual more extensive colour LTC Catalogue with the most comprehensive offering in the industry.
- A fully integrated supply chain solution managed by an experienced leadership team.
- Coast to coast coverage from seven modern full-service distribution facilities, located throughout Canada.
- Over 80,000 quality brand name and private label products, including Medical Mart’s Alliance and Aloe Care products
- Low price guarantee – best value.
- Semi Annual Purchase Review to identify cost savings.
- A variety of convenient ordering options for customers, including a user-friendly online system.
- In stock products at all our warehouses with Next day delivery guarantee.

We are confident that health care providers, at all LTC facilities across Canada will choose Medical Mart once they experience the benefits of our cost-effective and service-conscious approach. Just ask one of our thousands of customers across Canada! Selling more than \$250 million worth of health care products annually to Canadian hospitals, long term care facilities, physician clinics and home health care customers, our dedicated people are here to provide you with the highest standard of customer service and deliver the valued health care products you need, where and when you need them. We welcome the opportunity to exceed your expectations!

To learn more about the Medical Mart Team and the achievements of our company, please go to our newly updated website at www.medimart.com or visit one of our showrooms. We look forward to sharing with you our unwavering commitment to excellence in customer service and product quality.

Sincerely,

Dave Forte
Senior Vice President of Sales

Sincerely,

Peter Dennis
National Sales Manager - LTC

BRAND PRODUCTS.

Quality. Our customers expect it. Alliance & Aloe Care delivers it. From bandages and dressings, to medical gloves and skin care products, Alliance & Aloe Care offer the Canadian health care community a diverse range of quality medical products. Providers in health care facilities across the country strive to deliver the highest level of care to their patients and residents every day. Likewise, Alliance & Aloe Care strive to be health care products of superior quality, products that assist in the delivery of safe, effective and efficient health care. All Alliance & Aloe Care products must meet our own stringent health care standards as well as those of the Canadian medical community. We are committed to quality product selection, and dealing only with world-class manufacturers from across the globe.

BRAND PRODUCTS.

At Medline, we are driven to lead our industry with the most cost-effective products and valuable clinical solutions for care providers and those they serve. While improving quality and effectiveness in every area of our operation, innovation is at Medline's core and is fueled by continued investment to our brands. From the revolutionary Fit Right incontinence line, to our portfolio of Advanced Skin and Wound Management products to our global leadership in the exam and surgical glove market,

Medline strives to bring new and leading edge solutions to our customers.

Medline is the largest privately held manufacturer and distributor of healthcare supplies in North America, providing thousands of products that serve the entire continuum of care. Our unique products and programs can be found in most hospitals, long term-care facilities, surgery centers, physician offices, home care agencies and retail outlets.

Founded in 1910, Medline has grown from a small manufacturer of aprons, surgical gowns and uniforms to a thriving \$8.1 billion global enterprise because of our dedicated people, entrepreneurial spirit and honest values.

PRIME VENDORS

Medical Mart would like to thank our partners for their continuing support and hard work year after year. Together, we have been able to create a catalogue displaying a variety of high quality products at competitive prices.

Our partners have worked with us to provide our customers with resources for improving the standard of care for their patients. Thanks to them, we have been able to deliver quality, reliability and value to all the health care professionals we serve.

EDUCATIONAL PROGRAMS & TOOLS

At Medline, we believe that knowledge sharing is vital to helping you provide excellent care. Our experienced clinicians are available to answer your questions, and we offer the following world-class educational programs:

MEDLINE UNIVERSITY®
www.medlineuniversity.com

Empower your staff to deliver high-quality care with Medline University's FREE online education for administrators, nurses and all other levels of staff:

Online interactive courses and competencies

- Podcasts for downloading to your mp3 player
- Downloadable PDF documents
- iPhone® and iPad® app

MU offers over 200 clinical educational courses designed for all levels of healthcare practitioners. The interactive website lets you create accounts, keep track of continuing education progress, upload information about courses you and your staff have taken, print certificates, download staff progress reports, and more!

Enroll for free at
<http://www.medline.ca/pages/medline-university>

QUALITY ASSURANCE PROGRAM

Continually improve your quality of care with abaqis's customized online education. The cloud-based abaqis system allows you to easily access and manage custom reports on your QA activities by resident group, facility group or date range.

- The abaqis education can be assigned to staff members based on your actual results.
- The abaqis Readmission Tracker provides tracking, trend analysis and reporting to help post-acute care providers reduce hospital readmissions.

With abaqis, you have the data and tools you need to prioritize your QA efforts and continually improve your quality of care.

To connect with an abaqis specialist in your area, call 1-800-396-6996.
<http://www.medline.ca/programs>

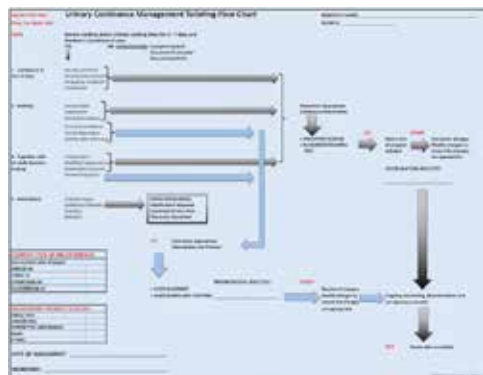

EDUCATIONAL PROGRAMS & TOOLS

Medical Mart has developed a series of educational DVD programs that targets the front line workers. All programs follow RNAO Best Practice Guidelines and comply with MOH Standards and the Long-Term Care Act. These programs are to assist homes with their own programs focusing on Residents First. They will enable staff with knowledge, training and tools to support them in making quality improvements aimed at enhancing safety and promoting changes that make a positive difference in the well being of your residents.

- **Perineal Care**
- **Preventative Skin Care and Pressure Ulcers**
- **Contenance Care and Bowel Management**
- **Falls and Restraints**
- **Oral Care**
- **Catheter Care**
- **Infusion Therapy Program**

Our exclusive algorithm provides caregivers with a resident-centered, individualized toileting plan for each resident who is either continent or incontinent to meet the requirements of the Long Term Care Homes Act under the Contenance Management Program.

The information gathered in this document maintains consistency, accuracy, eliminates other documents and saves valuable time for your staff. Your residents will also receive the appropriate treatment necessary for their own restorative care programs.

3M QUALITATIVE FIT TEST KIT

3M Respirator Fit Test Kits can be used with any particulate respirator to test face mask to face seal fit. The 3M Fit Test Kit can help satisfy regulatory requirements for face mask fit testing. Available in either a bitter or sweet test solution kit. Simply spray the solution into the hood environment. If the wearer does not detect the test agent's taste, an acceptable respirator fit has been demonstrated. The 3M Respirator Fit Test Kit can fit test approximately 150 employees with the included supplies.

Kit Includes:

- 55mL Sensitivity Solution
- 55mL Fit Test Solution
- Two nebulizers (FT-13)
- One hood (FT-14)
- One collar assembly (FT-15)
- Two sets replacement nebulizer inserts
- Laminated instruction book (English/Spanish/French/Portuguese)

ARJO TUB DISINFECTANT IV

Fourth generation Quaternary Ammonium based disinfectant cleaner. Compounds of this type are extremely effective against a broad spectrum of micro-organisms including bacteria, viruses, algae and fungi.

- A59-PND3065-CA 4 x 4L
- A59-PND3068-CA 18 x 500mL
- A59-PND3070-CA 6 x 3 litre
- A59-PND3072-CA 12 x 1 litre

ARJO TUB DISINFECTANT GP

Specifically formulated for water with high mineral content, this disinfectant cleanser cleans and deodorizes, in one labour saving step. This product is effective against a broad spectrum of bacteria, viruses, algae, and fungi.

- A59-PND3080-CA 4 x 4L
- A59-PND3078-CA 6 x 3 litre

ARJO WIPEAWAY

ArjoHuntleigh Wipeaway Basin, Tub & Tile Cleanser is a specially developed all-purpose heavy-duty cleaner. This product cleans hard water stains: lime, scale, rust, soap scum and other hard water deposits easily. It is non-abrasive and safe for use on hard surfaces. Regular use prevents hard water deposit build-up.

- A59-PND1210-CA 12 x 500mL

ARJO TUB DISINFECTANT AP

Neutral pH disinfectant cleaner that disinfects, cleans and deodorizes, in one labour-saving step. This product is effective against a broad spectrum of bacteria, viruses, algae and fungi.

- A59-PND3095-CA 4 x 4L
- A59-PND3093-CA 18 x 500mL
- A59-PND3099-CA 6 x 3 litre
- A59-PND3097-CA 12 x 1 litre

ARJO ENCORE TUB CLEANSER

Hard surface tub cleanser for cleaning and disinfecting tub walls and fixtures. Not meant for use as disinfectant inside whirlpool lines.

- A59-PND3052-CA 4 x 4L

ARJO SURE-WASH

Sure-Wash is an alkaline liquid cleanser for flusher disinfectors in a low-foam formulation. Special active ingredients give this cleansing agent a high dirt carrying capacity. At the same time, it offers a high degree of material protection, even for glassware.

- A59-PND1321-CA 4 x 4L

ARJO SURE-RINSE

Sure-Rinse is a clear rinsing agent for flusher disinfectors that contains a special water softening component. Thanks to the goodlime bonding capability and the wetting action, bedpans, urine bottles, special steel bowls and pans are cleansed without any water streaks or lime deposits.

- A59-PND1325-CA 4 x 4L

WATER SOLUABLE LAUNDRY BAGS

Eliminates exposure to contaminated or soiled material. Fill bag with laundry, place sealed bag in machine, and wash. Plastic bag dissolves in water over 145° F.

PANDEMIC STORAGE PROGRAM

Medical Mart can help you by providing the warehouse space to store your supplies. In addition, we'll rotate the Medical Mart product being stored to ensure that all items are usable if and when you need them. Medical Mart can store any of the following supplies for your facility:

- Isolation gowns
- Gloves
- Bouffant caps
- Shoe covers
- Face masks
- Other

“Ideally, all stockpiles will contain essential supplies in addition to antiviral drugs.”

(World Health Organization. WHO pandemic influenza draft protocol for rapid response and containment—27 January 2006. http://www.who.int/csr/disease/avian_influenza/guidelines/RapidResponse_27%2001.pdf. Accessed March 15, 2006.)

Talk to your Medical Mart representative today about safeguarding the supplies you'll need in the unfortunate event of a global pandemic. Knowing your stockpile is safe means one less thing to worry about...then you can focus your attention on other important parts of your preparedness plan.

72% ALCOHOL FOAM HAND SANITIZER

Infection control, and the prevention of the spread of infections within a facility, are a top priority in today's environment. The term "germs" refers to microscopic bacteria, viruses, fungi and protozoa that can cause disease. These germs are present in most environments and if left unchecked can spread and cause serious illness especially amongst those most susceptible.

As you come in contact with people, touch various surfaces and objects throughout the day you accumulate germs on your hands. In turn, the spread of infection then becomes a greater possibility if you were to touch your eyes, nose, mouth or other people and surfaces. Frequent hand washing is the best way to limit the transfer of bacteria, viruses and other microbes. Soap and water are not always available, or due to limited time, hand washing is not always possible. In these circumstances a no rinse alcohol based hand sanitizer is the best and most effective alternative.

Aloe Care Foaming Alcohol Hand Sanitizer is an advanced formulated hand sanitizer that contains 72% ethyl alcohol to kill 99.99% of many common harmful germs and bacteria. Special foam dispensing means less mess, no more clogged pumps and more hand washes per millilitre. Aloe Care Foaming Alcohol Hand Sanitizer contains special conditioners to leave hands moisturized and is the ideal solution for hand cleansing. Aloe Care Foaming Alcohol Hand Sanitizer is the ideal solution for hand sanitizing and infection control.

GOJO FOAM HAND SOAP FOR LTX-12 TOUCH FREE DISPENSER

High capacity 1200mL dispenser is ideal for high traffic areas. Lifetime Performance Guarantee; including batteries. GOJO SMART ELECTRONICS technology minimizes energy use per actuation, eliminating need to change batteries over the life of the system in most installations. Large sight window, skylight and clear refill bottles make it easy to check fill status. Patent pending CONTROLLED COLLAPSE refill bottles hold their shape as they empty for a more attractive overall appearance. A variety of foam soaps are available that are Eco-green certified and offer a luxurious lather. Enriched with moisturizers, natural extracts and skin conditioners. Available in refreshing scented products or a complete dye and fragrance free formulation (Clear and Mild). Antibacterial formulation delivers effective germ kill of a broad range of micro-organisms, meets healthcare personnel hand wash protocol and is dye-free, fragrance-free. All soaps are EcoLogo certified.

CERTAINTY™ PERSONAL HYGIENE WIPES

A disposable Hygiene wipe that offers the ultimate in cleaning convenience. These gentle, alcohol-free wipes will cleanse, moisturize and condition the skin leaving it feeling soft and smooth. They are ideal for cleaning your hands and face after each meal, making them the perfect addition to your dining area. Certainty's™ Hygiene Wipes offer a quick and simple alternative to soap and water.

- Strong Premium Quality Washcloths
- Enriched Moisturizing Formula
- Non-Irritating with added Vitamin E and Aloe
- Fragrance and Alcohol Free Designed For All Skin Types

Infection Control

Single use to prevent the risk of cross contamination.

Centralized Station

Certainty's™ wall mount, table top and floor stand dispensers offer a gentle, quick and convenient alternative to soap and water.

Waste Management

Wipes are dispensed one at a time, reducing waste, overuse and only the wipe used is touched for superior hygiene.

Quick & Easy

Cleaning your hands and face after meals has never been easier. The wipes are easily dispensed with one hand to ensure a quick and simple hygienic cleaning process.

No-Rinse Cleaning

No-rinse cleaning offered from our wipes eliminates the usage of washcloths which can contain harmful bacteria.

Wellness

Promote a wellness program within your facility. Employees, residents and their families will all share in the convenience and benefits.

READYBATH® BATHING SYSTEM

ReadyBath® is a convenient and cost-effective pouch system that can be used at room temperature or warmed for patient comfort. Soft, disposable washcloths are pre-moisturized with a gentle, no-rinse, pH balanced hydrating cleanser that eliminates the need for basins, soaps, liners and lotions. Bathing time is cut in half so nursing staff are free to provide other patient care. Patients skin is soothed, moisturized and conditioned by Allantoin. Available in fresh gender-neutral scent or fragrance-free and medium or heavy-wieght cloths.

READYBATH® SHAMPOO CAP

Lift your patients' spirits by keeping their hair well-groomed. They'll enjoy the massaging action and scalp stimulation from the heated disposable cap. Easily cleanses the hair of most foreign matter such as iodine and EEG gel. This one-step system is less time consuming than conventional shampooing methods and requires no clean-up. Reduces cost by eliminating laundry and linen replacement while saving valuable nursing time.

CATHETER/UROLOGY CARE EDUCATION & SUPPLIES

Medical Mart has developed a guideline for Catheter Care, which outlines the proper procedure in accordance with current Best Practices.

This program is not intended to be the sole source of information on catheter care but as a resource in conjunction with your physician, nurse practitioner, your homes' policies and procedures and the standards of care set out by the Ministry of Health Long-Term-Care and the College of Nurses.

The Catheter Care DVD & program will help your staff understand the types of catheterization, equipment & supplies, complications, prevention of infection, cleansing, securement devices & documentation. The program also includes a pre & post quiz.

BASIC I.V. GRAVITY ADMINISTRATION SET WITH ONE INJECTION SITE

(10 Drops/ml) Universal spike, roller clamp, slide clamp, injection site, male luer lock adapter and level lock cannula. 72" length

- 567-B30146Each
- 567-B3014648/Case

BASIC I.V. GRAVITY ADMINISTRATION SET WITH TWO INJECTION SITES

(10 Drops/ml) Universal spike, roller clamp, slide clamp, two interlink injection sites and male luer lock adapter. 97" length

- 533-JC6425Each
- 533-JC642548/Case

I.V. EXTENSION SET WITH CONTROL-A-FLOW REGULATOR

Meant for use where infusion pumps are not required (Great for hypodermoclasis). Rate flow regulator provides a higher level of accuracy than gravity infusion with a roller clamp and also minimizes the possibility of runaway infusions.

- 533-2C8891Each
- 533-2C889148/Case

I.V. SECONDARY MEDICATION SET

Secondary medication set, male luer lock adapter. For use with CLEARLINK System. Hanger for primary solution container is provided. Approximate length 37" (93 cm), Approximately 10 drops/mL. Contains DEHP, Fluid path is sterile, nonpyrogenic.

- 533-2C7461Each
- 533-2C746148/Case

Baxter I.V. PUMP

Improved smart battery management, messaging, additional alerts and alarms message screens help ensure clear, critical information is available when you need it. Large, color screen allows the review of medication data at a glance. Automatic-tube-loading mechanism prevents unintentional free flow. One set, one low cost regardless of whether using pumped or gravity infusion systems. Nursing time is saved by reducing the need to change sets, training requirements are reduced, and staff flexibility is improved across different clinical areas. Fewer sets are required – minimizes waste and creates cost savings, as well as reduces inventory requirements.

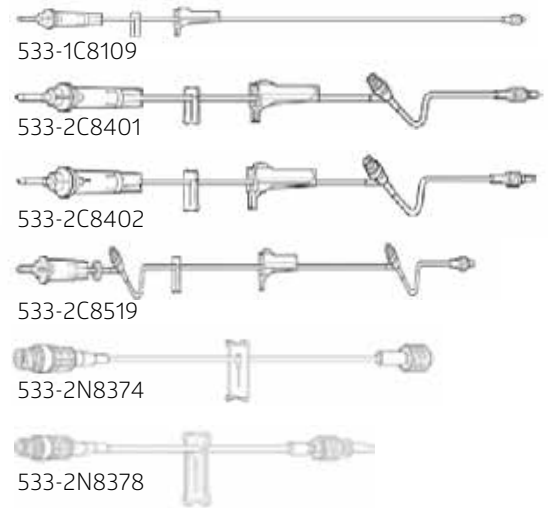

533-2M9161 Each

Baxter CLEARLINK NEEDLELESS I.V. ACCESS SYSTEM

The Clearlink system combines a clear housing with an easy-to-swab surface and a double seal design. The result is a robust system that virtually eliminates needlestick injuries during IV access.

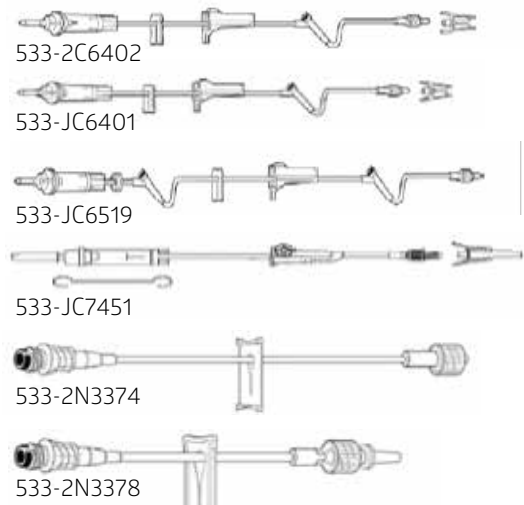

533-1C8109 Solution Set, Basic, 101", 10 drop. Cs/48
 533-2C8401 Solution Set, 1 Inj. Site, 76", 10 drop. Cs/48

SAPPHIRE® IV PUMPS

Sapphire™ Multi-Therapy Infusion Pump is based on a unique, patented technology that delivers precise infusing at ± 2.5% accuracy. The Sapphire pump also features a touch screen that makes it easy to program, so that only relevant keystroke options are presented on-screen. The software-focused design enables software updates and upgrades via the internet, providing excellent opportunity for growth. Rugged, reliable construction makes the Sapphire pump a solid, sturdy performer. Human factors driven design, evolved to the latest health care standard provides on-screen prompts, making Sapphire infusion system easy for clinicians, easy for caregivers, easy for patients.

SURFLASH® SAFETY I.V. CATHETERS

The ONLY line of safety IV catheters with a double- flash feature that verifies both needle and catheter placement

- Reduced risk of back vein wall puncture
- Clinically proven to increase first-stick success - Improved patient experience and satisfaction
- Cost savings/fewer wasted catheters
- Shown to reduce needlestick injuries by 50%–70% over non-passive safety
- Full needle coverage; not just the needle tip - Reduced risk of blood contact
- Minimize the risk of blood exposure between needle removal and IV attachment for a cleaner dressing site and IV hub area
- Reduces physical and visual exposure to blood

Here is how SurFlash® works:

Perform venipuncture at a low angle (15°) of insertion

The needle has been placed in the vessel as confirmed through the First Flash. The catheter, however, has not yet entered into the vessel. Continue advancing until you see the Second Flash along the entire length of the catheter.

The Second Flash between the catheter and the needle confirms proper catheter placement in the vessel. At this time you can advance the catheter forward off the needle into the vessel.

Because every stick counts.

BD ANGIOCATH AUTO-GUARD I.V. CATHETERS

BD Angiocath™ Autoguard™ shielded I.V. catheter has notched needle technology which provides rapid visualization of blood return along the catheter shaft. It is an excellent choice for fragile vessels or vessels that have lost venous tone. With the push of a button, the needle instantly retracts reducing the risk of accidental needle-stick injuries leaving the BD Vialon biomaterial in its place.

308-381700 24G x 0.75" 50/Box	308-381705 18G x 1.16" 50/Box

BD POSIFLUSH™ SYRINGE

BD PosiFlush™ Saline Syringes offer Positively ZERO Reflux*, which minimizes the potential for clotted catheters. BD PosiFlush Saline Syringes come with a traditional 10mL syringe diameter for optimal pressure distribution allowing the right amount of pressure to be delivered at all times. XS series has sterile pathway and outer syringe for O.R. applications, while SP series has sterile pathway for all other applications.

308-306570 Posi-Flush XS 3mL 30/Box
308-306572 Posi-Flush XS 10mL 30/Box
308-306573 Posi-Flush SP 3mL 30/Box

I.V. EDUCATION BASED ON BEST PRACTICE GUIDELINES

This education will supply staff with knowledge, training and tools to support them with infusion therapy programs.

Content:

- Theory
- Vascular Access Devices
- Anatomy & Physiology
- Infusion Related Complications
- Medication Administration & Devices
- Insertion of Short Peripheral Access Devices
- Continuous & Intermittent Subcutaneous Access
- Central Line Dressing Maintenance
- Documentation & Tools
- Resources
- Tool Kit
- Definitions & Resources

Education to support adult learning and competency retention:

A. Instructive/ Formal Presentation

1. Divided into Modules to clearly, effectively cover key topics
2. Designed for group education
3. Practice sessions support each learning module
4. Interactive & hands-on – simulation tools and props provided

B. Manual

1. Toolkit with checklists to reinforce standard processes
2. Procedures and summary tables
3. Equipment and Supplies knowledge
4. Additional resources and references

C. DVD

1. Interactive DVD with voice over
2. Presented in 10 minute segments
3. View individually or as a group
4. Step by step instructions

Contact your Medical Mart representative for more information

IV PERIPHERAL INFUSION START-UP KIT

Kit contains the supplies required to initiate a peripheral start-up.

Qty	Description
1	Pre-filled Normal Saline 10 cc Syringe
1	Nexiva Dual Port Closed IV Catheter (24 G)
1	3M Tegaderm IV Dressing for Nexiva
1	3M SoluPrep 2% CHG, 70% Alcohol Swabsticks
1	Disposable tourniquet
1	3M Cavilon No Sting Barrier Film Wipe
2	Sterile Gauze 2 x 2
1	Clearlink Continu-Flo Solution Set, 2 inj sites
1	Control-a-Flo Regulator
204-IVKIT Each

CENTRAL LINE MAINTENANCE DRESSING KIT

Kit contains the supplies required to change the dressing and flush the lumens

Qty	Description
2	Pre-filled Normal Saline 10cc Syringe
2	Q-Syte Split Septum/Needleless connector
1	3M Tegaderm IV Advanced Dressing (8.5 cm x 11.5 cm)
2	3M SoluPrep 2% CHG, 70% Alcohol Swabsticks
2	Face Mask with earloops
1	Sterile Drape 18" x 26"
1	3M Cavilon No Sting Barrier Film Wipe
2	3M Measuring Guide Tape (disposable)
204-PICCKIT Each

SUBQ (HYPODERMOCLYSIS) START UP

Kit contains the supplies to initiate and maintain subcutaneous hypodermoclysis infusion

Qty	Description
1	BD Saf-T-Intima (24 g)
1	3M Tegaderm IV Dressing for Nexiva
1	3M SoluPrep 2% CHG, 70% Alcohol Swabsticks
1	3M Cavilon No Sting Barrier Film Wipe
1	Control-a-Flo Regulator
1	Clearlink Continu-Flo Solution Set, 2 inj sites
204-INFSKIT Each

SUBQ INSERTION KIT (MEDICATION)

Kit contains the supplies to initiate subcutaneous medication infusion

Qty	Description
1	BD Saf-T-Intima (24 g)
1	3M Tegaderm IV Dressing for Nexiva
1	3M SoluPrep 2% CHG, 70% Alcohol Swabsticks
1	3M Cavilon No Sting Barrier Film Wipe
204-ISCIKIT Each

3M SOLUPREP™ PREP PADS

Chlorhexidine gluconate (CHG) and 70% v/v isopropyl alcohol solutions on a prep pad or swab stick for application

355-S10102	0.5% CHG & Alcohol Pad	Box/200
355-S10106	2% CHG & Alcohol Pad	Box/200
355-S10202	0.5% CHG & Alcohol Swabstick	Box/50
355-S10203	2% CHG & Alcohol Swabstick	Box/50
355-S10207	2% CHG (no alcohol) Swabstick	Box/50

3M TEGADERM™ I.V. DRESSING FOR THE NEXIVA™ CATHETER

Designed for the BD Nexiva™ Closed Catheter System to improve stability and securement while decreasing the possibility of catheter dislodgment.

355-9525HP	6.5cm x 7cm	100/Box
------------	-------------	---------

3M TEGADERM™ I.V. ADVANCED SECUREMENT DRESSING

Visually transparent film and adhesive allows for precise dressing placement and continuous observation of the site. Also “easy to apply and remove. Designed to promote consistent application. Frame delivery makes placement accurate and easy.

355-1683	6.5cm x 7cm	100/Box
355-1685	8.5cm x 11.5cm	50/Box
355-1689	10cm x 15.5cm	25/Box

------------	-------	-------	---------

3mL VanishPoint® Syringe

VanishPoint® and Patient Safe® products provide uncompromising safety for clinicians and patients.

Retractable Technologies, Inc. is the manufacturer of VanishPoint® and Patient Safe® safety products. VanishPoint® products virtually eliminate the risk of contaminated needlestick injuries that can transmit HIV, hepatitis (B and C), and many other infectious bloodborne diseases. Patient Safe® syringes are uniquely designed to reduce the risk of bloodstream infections resulting from catheter hub contamination.

VanishPoint® products feature automated retraction. The needle is retracted directly from the patient into the device. The pre-removal activation virtually eliminates exposure to the contaminated needle, effectively reducing the risk of needle stick injury. Once retracted the VanishPoint® needle is safely enclosed within the syringe barrel and is almost impossible to accidentally or purposely expose it again.

With 3 ways to activate and a broader range of sizes than most other brands, SurGuard®3 is the industry's most adaptable safety needle. Add separate thumb and finger grips, unequalled sharpness, and competitive pricing, and you'll understand why we say SurGuard®3 is the one needle that fits every clinician's style.

- 3 modes of activation—thumb, finger, or hard surface
- Separate finger/thumb grips with ridges and nonslip surfaces
- Hub and needle locks for security post activation
- Broad range of sizes
- Firm injection feel
- Sharpest needles among major brands tested*
- 10% sharper than similar needles from Becton, Dickinson and Company
- More comfortable injections for patients

Bottom line: No matter what you're looking for in a needle, you're looking for SurGuard®3.

SOL-MILLENNIUM SNAP SAFETY SYRINGE

These syringes have an integral safety engineered design and bold, easy to read gradations for accurate dose preparation and verification. Syringes with needles are designed for safe injections - hands and fingers remain away from the needle during injection and activation of safety mechanism, aiding in the prevention of needle stick injuries.

BD DUO SAFETY INSULIN PEN NEEDLE

- BD AutoShield™ Duo is the only pen needle that passively covers the front and back needles, eliminating exposure after use.
- Studies show that both ends of a pen needle are contaminated after use, so both ends of the needle require safety features
- Colored shields on both the front and back-end needles provide visual and tactile confirmation of safety
- BD AutoShield™ Duo is the only pen needle that fits every diabetes pen, so you get the highest level of protection - no matter which pen you use

BD BLUNT FILL FILTER NEEDLE

Preparation Through Administration. As a healthcare institution, your objectives are simple: remove conventional needles; provide safety-engineered alternatives; and manage costs. The BD Blunt Needle family allows you to meet these objectives:

- Low penetration force
- Reduces risk of needlesticks
- Ease of use
- Lower cost than safety · Manage cost for institution
- Reduces access to conventional needles
- SKU reduction · Reduced cost for institution

BD VERITOR® FLU TEST KIT

Testing for Influenza using the BD Veritor™ System provides you with a timely and accurate diagnosis, ensuring residents receive the right treatment earlier (reduction in use of antivirals), while also allowing you to quickly quarantine sick residents in your homes thus preventing the potential spread of the disease.

- Simple - Less than 50 seconds of hands-on time with an objective, digitally displayed result
- Accurate - The first Digital Immunoassay (DIA), a new category of diagnostic tests that combines advances in detection particles, optical image recognition, and interpretation algorithms to improve accuracy
- Fast - From initial sample processing to a digital result in minutes

308-256055	Veritor System Reader	Each

URISYS 1100® URINE ANALYZER

With simple, 1-button operation, the Urisys 1100 Urine Analyzer makes urine testing fast, easy and accurate. Urinalysis can be a valuable diagnostic tool and a time-intensive one. With the push of a button, it evaluates the test strip and prints a patient report.

- Automatic result printout ensures consistent, accurate results
- Simple cleaning minimizes maintenance needs
- Flexible strip options: Chemstrip® 10 MD*, Chemstrip 7 or Chemstrip 5 OB test strips
- Error messages alert user to issues that could affect accuracy of results

COAGUCHEK® INR MONITOR

The smart way to test INR

The CoaguChek XS system is a dedicated solution for patients on vitamin K antagonist therapy to monitor their PT/INR values. Using a small drop (8 µl) of capillary blood, it is easy to use and it provides a precise PT/INR result usually in less than 1 minute.

- Saves caregiver time retrieving calls from lab
- No early morning 'wake-up' blood draws for resident
- Finger lance vs painful venous draw
- Improved time in therapeutic range for resident which leads to improved outcomes
- Physicians can adjust their own patient's dosages the day they are on site

CURAD PAPER SURGICAL ADHESIVE TAPE

- CURAD® paper tape is a gentle, breathable tape for sensitive skin
- Recommended especially for pediatric and geriatric patients
- Flexible and conformable, hypoallergenic
- Adheres well to damp skin
- Not made with natural rubber latex

320-NON270012 1/2" x 10 yard 24/Box
320-NON270001 1" x 10 yard 12/Box
320-NON270002 2" x 10 yard 6/Box
320-NON270003 3" x 10 yard 4/Box

CURAD TRANSPARENT SURGICAL ADHESIVE TAPE

- CURAD® transparent tape is a breathable perforated plastic tape that permits skin examination without tape removal
- Provides a clean and easy bilateral tear
- Excellent tape to hold facial dressings or for IV sites and tubing retention
- Not made with natural rubber latex

320-NON270212 1/2" x 10 yard 24/Box
320-NON270201 1" x 10 yard 12/Box
320-NON270202 2" x 10 yard 6/Box

CURAD CLOTH SILK SURGICAL ADHESIVE TAPE

- CURAD® cloth silk-like tape is water repellent and easy to tear
- With its strong woven construction it's ideal for affixing dressings
- Not made with natural rubber latex
- Hypoallergenic

320-NON270112 1/2" x 10 yard 24/Box
320-NON270101 1" x 10 yard 12/Box
320-NON270102 2" x 10 yard 6/Box

3M MICROPORE™ PAPER TAPE

A latex-free, hypoallergenic paper tape that is gentle to the skin yet adheres well and leaves minimal adhesive residue upon removal. An economical, general purpose, breathable surgical tape

- 355-1530-1/2 1/2" x 10yd24/Box
- 355-1530-1 1" x 10yd12/Box
- 355-1530-2 2" x 10yd6/Box

3M TRANSPORE™ TRANSPARENT TAPE

A latex-free, hypoallergenic, transparent and perforated plastic tape that offers strong adhesion. Transpore tape is easy to tear into very thin strips, and is easy to use even with gloves.

- 355-1527-1/2 1/2" x 10yd24/Box
- 355-1527-1 1" x 10yd12/Box
- 355-1527-2 2" x 10yd6/Box

3M BLENDERM™ TRANSPARENT TAPE

A latex-free, hypoallergenic, occlusive and transparent plastic tape. This flexible medical tape is designed to provide a barrier from external fluids and contamination.

- 355-1525-1/2 1/2" x 5yd24/Box
- 355-1525-1 1" x 5yd12/Box
- 355-1525-2 2" x 5yd6/Box

3M KIND REMOVAL SILICONE TAPE

Softer and more conformable than traditional adhesives, works differently with skin and hair. Can be removed with minimal stripping of skin cells or pulling of hair. Constant adhesive strength for as long as it's left in place, unlike traditional tape that increases adhesion over time.

- 355-2770-1 1" x 5.5 Yard12/Box
- 355-2770-2 2" x 5.5 Yard6/Box

ADHESIVE CLOTH TAPE

- 366-202001 1" x 10ydBox/12
- 366-202002 2" x 10ydBox/6

MEDFIX® DRESSING RETENTION TAPE

- For flexibility and customized sizing.
- Low sensitivity adhesive, gentle for the patient
- Medfix™ has a printed s-c release liner
- Water resistant
- Indications: to secure primary dressings and to secure gastrostomy tubes and other feeding tubes
- Contraindicated as a primary dressing
- May be left in place for up to 7 days
- Dressing change frequency will depend on amount of drainage

320-MSC4002	5cm x 10 Meter	Each
320-MSC4004	10cm x 10 Meter	Each
320-MSC4006	15cm x 10 Meter	Each

MEDFIX® EZ DRESSING RETENTION TAPE

- Low sensitivity adhesive, gentle for the patient
- Medfix™ EZ is linerless with 2" perforations
- Water resistant
- Indications: to secure primary dressings and to secure gastrostomy tubes and other feeding tubes
- Contraindicated as a primary dressing
- May be left in place for up to 7 days
- Dressing change frequency will depend on amount of drainage

GENTAC® SILICONE DRESSING FIXATION TAPE

- Soft silicone adhesive ideal for fixation on fragile skin
- Gentle for patient
- Cut to size needed; easy to apply
- Waterproof
- Indications: to secure primary or secondary dressings and to secure gastrostomy tubes and other feeding tubes
- Contraindicated as a primary dressing
- May be left in place for up to 7 days; dressing change frequency will depend on amount of drainage

320-MSC1583	2cm x 3 Meter	12/Box
320-MSC1585	5cm x 3 Meter	6/Box

MEFIX® TAPE

Mefix tape by Molnlycke can be used in a wide variety of situations where fixation is required, including fixation of dressings, swabs, catheters, and tubes. The porous structure of the non-woven fabric ensures air and water vapor permeability. The fabric is flexible, conforms well to body contours and allows body movements when in place. The fabric is non-absorbent and provides a barrier for blood and fluid strike-through.

- 173-310250 2.5cm x 10m Each
- 173-310500 5cm x 10m Each
- 173-311000 10cm x 10m Each
- 173-311500 15cm x 10m Each
- 173-312000 20cm x 10m Each

HYPAFIX® TAPE

A cross-elastic non-woven tape that provides light compression. Excellent for areas requiring flexibility and freedom from constraint while providing superior holding power. Air and exudate permeable. Hypoallergenic.

- 127-7144300 2.5cm x 10m Each
- 127-7144301 5cm x 10m Each
- 127-7144302 10cm x 10m Each
- 127-7144303 15cm x 10m Each
- 127-7144304 20cm x 10m Each

3M SOFT CLOTH ON A LINER

The same soft, latex-free, hypoallergenic, conformable tape as standard Medipore tape. Gentle enough for at-risk skin yet strong enough for critical securement, this tape features an s-slit liner with a printed grid and can be easily cut to a desired size.

- 355-2762 5cm x 9.1m Each
- 355-2764 10cm x 9.1m Each

3M MEDIPORE-H™ SOFT CLOTH TAPE

Soft, gentle and conformable tape, offering enhanced gentleness and stronger adhesion for challenging tape applications while being easy to use and easy on the skin. Ideal for anchoring post-surgical dressings where swelling is expected.

- 355-2861 2.5cm x 9.1m 2/Package
- 355-2862 5cm x 9.1m Each
- 355-2863 7.5cm x 9.1m Each
- 355-2864 10cm x 9.1m Each
- 355-2866 15cm x 9.1m Each
- 355-2868 20cm x 9.1m Each

MEPITAC® ADHESIVE TAPE

Mepitac is highly conformable and easy to apply and remove. The Safetac layer assures secure fixation and gentle removal from skin and bodily hair. If inspection or repositioning is necessary, Mepitac can be lifted and re-applied. Mepitac is an ideal fixation solution for patients with fragile and sensitive skin. Mepitac is suitable for patients requiring repeated application and removal of tape over the same area.

- 173-298300 2cm x 3m Each
- 173-298400 4cm x 1.5m Each

MEDIGRIP® ELASTIC TUBULAR BANDAGE

- Provides excellent support for joints
- Easy to apply and reapply
- Wide range of applications
- Good for securing dressings
- Can be used as mild compression when doubled
- Indications: edema, treatment of chronic venous insufficiency, dislocations, sprains and hypertrophic scarring
- Contraindicated for patients with a known sensitivity to latex
- Dressing change frequency will depend on amount of drainage
- Each roll is 11 yards (10 meters) in length
- Size A measures 1-3/4"W (4.5 cm), for infant feet and arms; Size B measures 2-1/2"W (6.3 cm), for small hands and limbs; Size C measures 2-5/8"W (6.8 cm), for adult hands, arms or legs; Size D measures 3"W (7.5 cm), for large arms or legs; Size E measures 3-1/2"W (8.75 cm), for legs or small thighs; Size F measures 4"W (10 cm), for large knees or thighs; Size G measures 4-3/4"W (12 cm), for large thighs.

COFLEX® TLC COMPRESSION SYSTEM

- Advanced two layer compression system provides support and compression to feet and legs
- Layer 1 is a soft foam with an absorbent coating (blue contact layer) that wicks away moisture and helps control odor
- Layer 2 is a short stretch compression layer that provides adaptive compression levels and can be easily torn by hand
- Both layers are not made with natural rubber latex and bond together when applied which keeps the system in place
- A nylon stocking is included to apply over the completed dressing for patient comfort and ease of movement under clothes and on bed sheets
- Comfortable and lightweight for increased patient compliance

MEDICALMART

SUREPREP® SKIN PROTECTANT WIPE

- Sureprep® is a fast drying skin protectant.
- Vapor permeable and delivers protection from friction and incontinence.
- The transparent barrier may be used on periwound, peristomal or areas that come in contact with bodily fluids.
- Frequency of application should be at each dressing change or 24-72 hours depending on frequency of incontinence.

320-MSC1500 Sureprep® Wipes 50/Box

SUREPREP® NO-STING SKIN PROTECTANT

- Sureprep® No-Sting Skin Protection film is alcohol free and is for damaged or delicate skin.
- Protects from adhesive stripping
- Safe for delicate skin
- Outperformed 3M Cavilon in controlled trials
- Fast drying
- Vapor permeable
- Creates a waterproof barrier on periwound skin
- Protection from friction and body fluids
- Transparent

320-MSC1528 No-Sting Spray 28mL Each or 12/Box
 320-MSC1505 No-Sting Wipes 50/Box
 320-MSC1510 1mL No-Sting Wand with Applicator 25/Box
 320-MSC1513 3mL No-Sting Wand with Applicator 25/Box

MARATHON® LIQUID SKIN PROTECTANT

- Robust, flexible and long-lasting
- Protects from the effects of friction
- Protects from moisture (urine, exudate, sweat, and other bodily fluids) that can cause maceration
- Can be used on intact or damaged skin
- Fast drying and breathable
- Marathon shows greater protective capabilities than 3M® Cavilon® against corrosive fluids (synthetic urine) and wash-off*
- Indications: damaged skin, fragile skin, periwound skin and peristomal skin
- Contraindicated for second or third degree burns, infected areas and directly to the wound bed or to deep puncture wounds.
- Change frequency is up to 3 days, reapply as needed

320-MSC093001 0.5 Ampoule 5/Box
 320-MSC093005 0.5 Ampoule 10/Box

3M CAVILON™ NO STING BARRIER FILM

A sting-free, alcohol-free liquid barrier film that dries quickly to form a breathable, transparent coating on the skin. Designed to help protect intact or damaged skin from urine, feces, other body fluids, tape trauma, and friction

OPTIFOAM® NON-ADHESIVE DRESSINGS

- Exceptional fluid handling with a variety of applications
- Moisture vapor transmission rate (MVTR) adjusts to fluid level
- Highly absorbent
- Helps create ideal healing environment
- Waterproof outer layer protects wound and keeps bacteria out
- Indications: pressure injuries, partial and full- thickness wounds, leg ulcers, donor sites, lacerations and abrasions, skin tears, and first- and second-degree burns
- Contraindications: third-degree burns and lesions with active vasculitis
- May be left in place for up to 7 days; Dressing change frequency will depend on amount of drainage

320-MSC1244EP. 10cm x 10cm 10/Box
 320-MSC1266EP. 15cm x 15cm. 10/Box

OPTIFOAM® ADHESIVE DRESSINGS

- An all-in-one dressing for fluid handling
- Moisture vapor transmission rate (MVTR) adjusts to fluid level
- Highly absorbent
- Helps create ideal healing environment
- Waterproof outer layer protects wound and keeps bacteria out
- Indications: pressure injuries, partial and full-thickness wounds, leg ulcers, donor sites, lacerations and abrasions, skin tears, and first and second-degree burns
- Contraindications: third-degree burns and lesions with active vasculitis
- May be left in place for up to 7 days; Dressing change frequency will depend on amount of drainage

320-MSC1044EP 10cm x 10cm 10/Box
 320-MSC1066EP 15cm x 15cm. 10/Box

OPTIFOAM® SACRAL ADHESIVE DRESSINGS

- Optifoam sacrum is highly absorbent.
- Can manage even heavily draining wounds.
- Waterproof outer layer helps keep out bacteria and prevent strike through; resists roll-up for longer wear

320-MSC1065EP. 15.5cm x 14.2cm, Sacral. 10/Box

OPTIFOAM® HEEL WOUND DRESSING

- Optifoam® Heel absorbs moderate to heavy drainage
- Moisture vapor transmission rate (MVTR) adjusts to fluid level
- Highly absorbent
- Helps create ideal healing environment
- Waterproof outer layer protects wound and keeps bacteria out
- Indications: pressure injuries, partial and full- thickness wounds and diabetic foot ulcers
- Contraindications: third-degree burns and lesions with active vasculitis
- May be left in place for up to 7 days; Dressing change frequency will depend on amount of drainage

320-MSC1200EP Heel Shaped. 5/Box

OPTIFOAM® GENTLE SILICONE BORDER FOAM DRESSINGS

- Silicone border provides gentle adhesion
- Highly conformable border can be lifted and reapplied
- Moisture vapor transmission rate (MVTR) adjusts to fluid level
- Helps create ideal healing environment
- Waterproof outer layer protects wound and helps keep bacteria out
- Low friction and shear outer layer
- Indications: partial and full-thickness wounds with drainage
- Contraindications: third-degree burns and lesions with active vasculitis

320-MSC2033EP	7.5cm x 7.5cm	10/Box
320-MSC2044EP	10cm x 10cm	10/Box

OPTIFOAM® GENTLE SILICONE FACED FOAM DRESSINGS

- Silicone dressing provides gentle adhesion
- Silicone face aids in placement
- Soft conformable foam can be cut to size
- Helps create an ideal healing environment
- Low friction and shear outer layer
- Indications: partial and full-thickness wounds
- Contraindications: third-degree burns
- May be left in place for up to 7 days; Dressing change frequency will depend on amount of drainage

320-MSC2244EP	10cm x 10cm	10/Box
320-MSC2266EP	15cm x 15cm	10/Box

OPTIFOAM® GENTLE SILICONE FACED FOAM AND BORDER DRESSINGS

- Silicone dressing provides gentle adhesion
- Highly conformable dressing which can be lifted and reapplied
- Moisture vapor transmission rate (MVTR) adjusts to fluid level
- Super absorbent core absorbs exudate, converts it into gel and locks it away
- Helps create an ideal healing environment
- Waterproof outer layer protects the wound and helps keep bacteria out
- Low friction and shear outer layer
- Low profile design increases flexibility and comfort
- Indications: partial and full-thickness wounds
- Contraindications: third-degree burns
- May be left in place for up to 7 days; Dressing change frequency will depend on amount of drainage

320-MSC2133EP	7.5cm x 7.5cm	10/Box
320-MSC2144EP	10cm x 10cm	10/Box
320-MSC2166EP	15cm x 15cm	10/Box

OPTIFOAM® GENTLE SILICONE FACED FOAM AND BORDER DRESSING, WITH LIQUITRAP CORE

- Silicone dressing provides gentle adhesion
- Super absorbent Liquitrap™ core draws in large amounts of heavy exudate, converts it into a gel and locks it away
- Low profile design increases flexibility and comfort
- Five unique layers to provide added protection
- Moisture vapor transmission rate (MVTR) adjusts to fluid level
- Helps create an ideal healing environment
- Waterproof outer layer protects the wound and helps keep bacteria out
- Low friction and shear outer layer
- Indications: partial and full-thickness wounds
- Contraindications: third-degree burns
- May be left in place for up to 7 days; Dressing change frequency will depend on amount of drainage

320-MSC2333EP 7.5cm x 7.5cm 10/Box
320-MSC2344EP 10cm x 10cm 10/Box
320-MSC2366EP 15cm x 15cm 10/Box

OPTIFOAM® AG ANTIMICROBIAL SILVER FOAM DRESSINGS

- For wounds with intact periwound skin
- Ionic silver provides antimicrobial barrier
- Continuous antimicrobial protection
- Highly absorbent
- Conformable
- Can manage repeated bacteria introduction
- Non-staining; waterproof outer layer
- Moisture vapor transmission rate (MVTR) adjusts to fluid level
- Indications: pressure injuries, diabetic foot ulcers, diabetic foot ulcers, donor sites, lacerations and abrasions, skin tears, first and second-degree burns and under compression bandages
- Contraindications: third-degree burns, lesions with active vasculitis, individuals with a known sensitivity to silver
- May be left in place for up to 7 days; Dressing change frequency will depend on amount of drainage

320-MSC9614EP Non-Adhesive, 10cm x 10cm 10/Box
320-MSC9604EP Adhesive, 10cm x 10cm 10/Box
320-MSC9606EP Adhesive, 15.2cm x 14.2cm, Sacral 10/Box

OPTIFOAM® GENTLE AG ANTIMICROBIAL, SILVER FOAM DRESSING, SILICONE FACED FOAM

- Silicone dressing provides gentle adhesion
- Silicone face aids in placement
- Soft conformable foam can be cut to size
- Ionic silver provides an antimicrobial barrier
- Continuous antimicrobial protection
- Helps create an ideal healing environment
- Low friction and shear outer layer
- May be left in place for up to 7 days; Dressing change frequency will depend on amount of drainage

320-MSC9544EP 10cm x 10cm 10/Box
 320-MSC9566EP 15cm x 15cm..... 10/Box

OPTIFOAM® GENTLE AG ANTIMICROBIAL, SILVER FOAM DRESSING, SILICONE ADHESIVE BORDER

- Silicone border provides gentle adhesion
- Highly conformable border can be lifted and reapplied; Moisture vapor transmission rate (MVTR) adjusts to fluid level; Ionic silver provides antimicrobial barrier; Can manage repeated bacteria introduction; Continuous antimicrobial protection; Helps create ideal healing environment; Waterproof outer layer; Highly absorbent;
- Non- staining; Low friction and shear outer layer
- May be left in place for up to 7 days; Dressing change frequency will depend on amount of drainage

320-MSC9744EP 10cm x 10cm 10/Box
 320-MSC9766EP 15cm x 15cm..... 10/Box

OPTIFOAM® GENTLE AG ANTIMICROBIAL SILVER FOAM DRESSING, SILICONE FACED FOAM & SILICONE ADHESIVE BORDER

- Silicone dressing provides gentle adhesion
- Highly conformable dressing which can be lifted and reapplied
- Moisture vapor transmission rate (MVTR) adjusts to fluid level
- Ionic silver provides an antimicrobial barrier
- Continuous antimicrobial protection
- Super absorbent core absorbs exudate, converts it into gel and locks it away
- Helps create an ideal healing environment
- Waterproof outer layer protects the wound and helps keep bacteria out
- Low friction and shear outer layer
- Low profile design increases flexibility and comfort
- May be left in place for up to 7 days; Dressing change frequency will depend on amount of drainage

320-MSC9644EP 10cm x 10cm 10/Box
 320-MSC9666EP 15cm x 15cm..... 10/Box

OPTICELL® GELLING FIBER WOUND DRESSING

- Opticell® wound dressing uses a unique gelling Chytoform™ technology that allows the absorbent fibers of the dressing to transform into a clear and conformable gel
- The unique gelling action helps manage drainage and remove dead, damaged and infected tissue from the wound, trapping it for later removal at the dressing change
- The Chytoform™ technology wicks fluid only vertically, not laterally, helping to reduce the risk of periwound maceration
- Opticell's conformable and thin profile provides optimal contact with the wound
- Although Opticell is designed specifically for moderate to heavily draining wounds, it can also be pre-moistened for effective use on dry or lightly draining wounds
- Indications: Partial and full-thickness wounds; 1st- and 2nd- degree burns; Diabetic foot ulcers; Venous stasis ulcers; Arterial ulcers and leg ulcers of mixed etiology; pressure injuries; Surgical wounds; Donor sites

320-MSC7822EP	5cm x 5cm	10/Box
320-MSC7844EP	10cm x 10cm	10/Box
320-MSC7866EP	15cm x 15cm	5/Box
320-MSC7818EP	1.9cm x 45.7cm, Ribbon	5/Box

OPTICELL® AG+ GELLING FIBER WOUND DRESSING WITH SILVER

- Opticell® Ag+ wound dressing uses a unique gelling Chytoform™ technology that allows the absorbent fibers of the dressing to transform into a clear and conformable gel.
- The unique gelling action helps manage drainage and remove dead, damaged and infected tissue from the wound, trapping it for later removal at the dressing change.
- Chytoform™ technology wicks fluid only vertically, not laterally, helping to prevent maceration.
- Opticell Ag+ has a conformable and thin profile that provides optimal contact with the wound.
- Although Opticell is designed specifically for moderate to heavily draining wounds, it can also be pre-moistened for effective use on dry or lightly draining wounds.
- Opticell Ag+ delivers broad spectrum antimicrobial efficacy. The dressings contain 0.75% ionic silver by weight. When the dressing encounters a wound environment, silver ions are activated to manage bioburden. The silver inhibits the growth of bacteria and fungi, yet is completely harmless to skin cells (noncytotoxic).
- Indications: Partial- and full-thickness wounds; 1st- and 2nd-degree burns; Diabetic foot ulcers; Venous stasis ulcers; Arterial ulcers and leg ulcers of mixed etiology; pressure injuries; Surgical wounds; Donor sites

320-MSC9822EP	5cm x 5cm	10/Box

320-MSC9866EP	15cm x 15cm	5/Box
320-MSC9818EP	1.9cm x 30.5cm, Ribbon	5/Box

MAXORB® II 100% ALGINATE DRESSINGS

- Maxorb II is an advanced alginate dressing that delivers high performance absorbency and wet strength.
- Available in a 30cm rope for filling moderate to heavily draining wounds and in sheet form for shallow moderate to heavily draining wounds.

320-MSC7322EP 5cm x 5cm 10/Box
320-MSC7344EP 10cm x 10cm 10/Box
320-MSC7366EP 15cm x 15cm 5/Box
320-MSC7312EP 2.5cm x 30.5cm, Ribbon 10/Box
320-MSC7318EP 2.5cm x 45.7cm 10/Box

MAXORB® ES ALGINATE REINFORCED RIBBON DRESSING

- Maxorb® ES Ribbon is a reinforced CMC / Alginate dressing ideal for filling moderate to heavily draining partial and full thickness wounds.
- Easy one-piece and residue-free removal.
- Ideal when you need a dressing with the strength to stand up to a tunneling wound.
- Change frequency: Up to 7 days

320-MSC7918EP 1.9cm x 45.7cm, Ribbon 5/Box
---------------	------------------------------	-------------

MAXORB® EXTRA CMC/ALGINATE DRESSINGS

- For moderate to heavily draining wounds
- Highly absorbent
- Superior fluid handling
- Fluid will not wick laterally
- Indications: pressure injuries, partial and full-thickness wounds, leg ulcers, diabetic ulcers, surgical wounds, donor sites, lacerations and abrasions, and first- and second-degree burns
- Contraindications: third-degree burns, for use as a surgical sponge, dry wounds and patients with a known sensitivity to alginates
- May be left in place for up to 7 days; Dressing change will depend on amount of drainage

320-MSC7022EP 5cm x 5cm 10/Box
320-MSC7044EP 10cm x 10cm 10/Box
320-MSC7012EP 2.5cm x 30.5cm, Rope 5/Box
320-MSC7112EP 2.5cm x 30.5cm, Flat Rope 5/Box

MAXORB® ES AG+ SILVER ALGINATE REINFORCED RIBBON DRESSING

- Maxorb® ES Ag+ Ribbon is a reinforced antimicrobial CMC / Alginate dressing ideal for filling moderate to heavily draining partial and full thickness wounds at risk for infection.
- Easy one-piece and residue-free removal.
- Ideal when you need a dressing with the strength to stand up to a tunneling wound.
- The broad spectrum antimicrobial silver technology, effective on exudate absorbed in the wound dressing, helps manage the bioburden present in the wound environment to aid in the healing process.

320-MSC1918EP 1.9cm x 45cm, Ribbon 5/Box
---------------	----------------------------	-------------

MAXORB® EXTRA AG+ SILVER CMC/ALGINATE DRESSINGS

- For moderate to heavily draining wounds
- Helps manage bacterial burden with controlled-release ionic silver
- Up to 21-day antimicrobial protection
- Easy dressing changes
- Highly absorbent
- Reduces odor
- Fluid will not wick laterally
- Indications: pressure injuries; leg ulcers; first and second-degree burns; moderate to heavily draining partial and full-thickness wounds; diabetic foot ulcers; surgical wounds; graft and donor sites; and trauma wounds
- Contraindications: third-degree burns; dry or lightly draining wounds; patients with a known sensitivity to alginates or silver; to control heavy bleeding; as a surgical implant

320-MSC9422EP	5cm x 5cm	10/Box
320-MSC9445EP	10.8cm x 12cm	10/Box
320-MSC9466EP	15cm x 15cm	5/Box
320-MSC9412EP	2.5cm x 30.5cm, Ribbon	5/Box

EXUDERM® HYDROCOLLOID WOUND DRESSING

- Exuderm hydrocolloid wound dressing is ideal for wounds with light to moderate drainage
- It provides a protective, translucent barrier that facilitates granulation and epithelialization
- Low profile, tapered edge
- Helps maintain a moist wound healing environment
- Smooth, satin backing is low friction for longer wear
- Provides a protective, translucent barrier allowing for wound observation
- 7-day wear time, depending on amount of drainage
- Indications: pressure injuries, partial and full thickness wounds, leg ulcers, donor sites, wounds with light to moderate drainage, lacerations and abrasions, and first and second degree burns

320-MSC5422	5cm x 5cm	20/Box
320-MSC5444	10cm x 10cm	10/Box
320-MSC5466	15cm x 15cm	5/Box
320-MSC5100	10cm x 10cm, Thin	10/Box
320-MSC5125	15cm x 15cm, Thin	5/Box
320-MSC5470	10cm x 9cm, Sacral	10/Box
320-MSC5475	16cm x 16.5cm, Sacral	5/Box

EXUDERM® ODORSHIELD HYDROCOLLOID WOUND DRESSING

- Exuderm odorshield sacral dressings are ideal for shallow sacral wounds with minimal drainage
- Absorbs odor with cyclodextrin technology
- Not inactivated by wound protein; Manages drainage; Longer wear time; Low residue formula
- Protective, occlusive barrier; satin finish backing
- Indications: pressure injuries, partial and full-thickness wounds, leg ulcers, donor sites, wounds with light to moderate drainage, lacerations and abrasions, and first and second-degree burns
- Contraindications: third-degree burns
- May be left in place for up to 7 days; Dressing change frequency will depend on amount of drainage

320-MSC5522	5cm x 5cm	10/Box
320-MSC5544	10cm x 10cm	10/Box
320-MSC5566	15cm x 15cm	5/Box
320-MSC5570	10cm x 9cm, Sacral	10/Box
320-MSC5575	16cm x 16.5cm, Sacral	5/Box

VERSATEL® SILICONE CONTACT LAYER

- Silicone-based atraumatic adhesive
- Flexible and pliable design to conform to body
- Reduces potential trauma from secondary dressing wound adherence
- Minimizes pain during removal
- Channels allow fluid to easily transfer to an absorbent dressing
- Translucent for easy wound visualization
- Can remain in place up to seven days, depending on the level of exudate
- Indications: Dry to heavily draining abrasions, chronic wounds such as venous or pressure injuries, burns (1st and 2nd degree), blisters, cuts and lacerations, surgical and trauma wounds
- Contraindications: Third-degree burns, individuals with known sensitivity to silicone, not for surgical implantation

320-MSC1723EP	5cm x 5cm	10/Box
320-MSC1734EP	7.5cm x 10cm	10/Box
320-MSC1747EP	10cm x 17.5cm	10/Box
320-MSC17812EP	20cm x 30cm	5/Box

THERAHONEY®

- TheraHoney® is indicated for use on wounds with no drainage to moderate drainage
- Manuka honey is derived from the pollen and nectar of the Leptospermum scoparium plant in New Zealand
- The honey comb is used only one time, and once harvested, the honey is carefully filtered, irradiated and tested in a laboratory
- High sugar levels (87%) in TheraHoney result in osmotic pressure that help promote autolytic debridement of necrotic tissue, a moist wound healing environment, and helps rapidly reduce wound odor

320-MNK0005	14.2 Gram Tube Gel	10/Box
320-MNK0015	42.5 Gram Tube Gel	12/Box
320-MNK0077	10cm x 12cm Sheet	10/Box
320-MNK1244	10cm x 10cm Pad	10/Box

SURESITE® WINDOW TRANSPARENT FILM DRESSING

- Easy to use window frame delivery
- Traditional moisture vapor transmission rate (MVTR)
- Conformable; won't stick to itself
- Microporous technology
- Permits continuous observation
- Variety of delivery systems
- Indications: partial-thickness wounds, full-thickness wounds (secondary dressing), peripheral and central IV lines, skin tears, lacerations and abrasions and to help prevent skin breakdown caused by friction to epidermis
- Contraindications: contraindicated as a primary dressing on wounds with moderate to heavy drainage

320-MSC2302	6cm x 7cm	100/Box
320-MSC2304	10cm x 12cm	50/Box

OPTILOCK® NON-ADHERENT SUPER ABSORBENT POLYMER DRESSING

- Super-absorbent polymer core
- Locks in drainage under compression
- Adjusts absorption to the amount of drainage
- Protects skin from maceration
- Non-adherent wound contact layer
- Indications: pressure injuries, partial and full-thickness wounds, leg ulcers, lacerations and abrasions and wounds under compression
- Contraindications: third-degree burns, known sensitivity to the product itself or its components; do not use on non-exudating or minimally exudating wounds
- May be left in place for up to 7 days; Dressing change frequency will depend on amount of drainage

320-MSC6433EP	7.5cm x 7.5cm	10/Box
320-MSC6444EP	10cm x 10cm	10/Box
320-MSC6455EP	12.7cm x 14cm	10/Box

SKINTEGRITY® HYDROGEL

- Ideal for dry-to-moist clean wounds
- Helps create a moist wound environment
- Balanced formulation
- Easy irrigation
- Indications: pressure injuries, partial and full-thickness wounds, leg ulcers, surgical wounds, lacerations, abrasions and skin tears, and first and second-degree burns
- Contraindications: patients with a known sensitivity to components of the gel and heavily draining wounds
- May be left in place for up to 3 days; Dressing change frequency will depend on amount of drainage

320-MSC6102	29.5 Gram Bellows Bottle	30/Case
320-MSC6104	118mL Tube	12/Case

SKINTEGRITY® HYDROGEL IMPREGNATED GAUZE

- Hydrogel is compression saturated onto gauze sponges, ensuring thorough coverage.
- Special hydrogel formulation, with added aloe, balances viscosity and hydration.
- Unfolded gauze sponges easily conform to deep or tunneling wounds

320-MSC6022	4cm x 5cm, 12-Ply	50/Case
320-MSC6044	10cm x 10cm, 12-Ply	30/Case

ARGLAES® ANTIMICROBIAL SILVER POWDER

- Ideal for wounds that are difficult to dress; Manages bacterial burden; Continuous antimicrobial protection
- Extended wear time; Non- staining
- Powder can convert any other dressing to an antimicrobial)
- Indications: pressure injuries, diabetic foot ulcers, partial and full- thickness wounds, leg ulcers, negative pressure wound therapy, grafted wounds, donor sites, lacerations and abrasions, and first- and second-degree burns
- Contraindications: third-degree burns, patients with a known sensitivity to silver and as a surgical implant; do not use topical antibiotics in conjunction with Arglaes
- Arglaes® Powder may be left in place for up to 5 days; Dressing change frequency will depend upon the amount of drainage

320-MSC9202 2 Gram Bottle 5/Box
320-MSC9205 5 Gram Bottle 5/Box
320-MSC9210 10 Gram Bottle 5/Box

SILVASORB® ANTIMICROBIAL SILVER HYDROGEL

- For lightly draining wounds in need of an antimicrobial barrier
- Helps manage bacterial burden; Continuous antimicrobial protection; Non-staining; Gentle for the patient; Advanced fluid management; Extended wear time
- Indications: pressure injuries, partial and full-thickness wounds, leg ulcers, diabetic foot ulcers, graft wounds and donor sites, skin tears, surgical wounds, lacerations and abrasions, and first and second-degree burns
- Contraindications: individuals with a known sensitivity to silver
- Sheets may be left in place for up to 7 days; Amorphous gel may be left in place for up to 3 days
- Dressing change frequency will depend on amount of drainage; Dressing change frequency will depend on amount of drainage

320-MSC9301EP 45mL Tube Each or 12/Box
320-MSC9303EP 90mL Tube Each or 12/Case
320-MSC9308EP 240mL Tube Each or 6/Case

SILVASORB® ANTIMICROBIAL SILVER HYDROGEL SHEET

- For flat wounds with no to moderate drainage
- Helps manage bacterial burden; Continuous antimicrobial protection; Non-staining; Gentle for the patient; Advanced fluid management; Extended wear time
- Indications: pressure injuries, partial and full-thickness wounds, leg ulcers, diabetic foot ulcers, graft wounds and donor sites, skin tears, surgical wounds, lacerations and abrasions, and first and second-degree burns
- Contraindications: individuals with a known sensitivity to silver
- Sheets may be left in place for up to 7 days
- Dressing change frequency will depend on amount of drainage

320-MSC9322EP 5cm x 5cm 5/Box
320-MSC9344EP 10.8cm x 10.8cm 5/Box

SILVASORB® ANTIMICROBIAL SILVER HYDROGEL PERFORATED SHEET

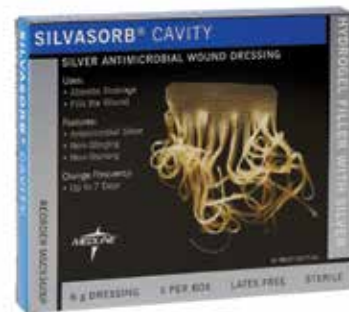

- For flat wounds with moderate to heavy drainage
- Helps manage bacterial burden; Continuous antimicrobial protection; Non-staining; Gentle for the patient; Advanced fluid management; Extended wear time
- Indications: pressure injuries, partial and full-thickness wounds, leg ulcers, diabetic foot ulcers, graft wounds and donor sites, skin tears, surgical wounds, lacerations and abrasions, and first and second-degree burns
- Contraindications: individuals with a known sensitivity to silver
- Sheets may be left in place for up to 7 days; Amorphous gel may be left in place for up to 3 days
- Dressing change frequency will depend on amount of drainage

320-MSC9340EP 10.8cm x 10.8cm 5/Box
 320-MSC93410EP 10cm x 25cm 5/Box

SILVASORB® ANTIMICROBIAL SILVER HYDROGEL CAVITY DRESSING

- For cavity wounds with all drainage levels
- Helps manage bacterial burden; Continuous antimicrobial protection; Non-staining; Gentle for the patient; Advanced fluid management; Extended wear time
- Indications: pressure injuries, partial and full-thickness wounds, leg ulcers, diabetic foot ulcers, graft wounds and donor sites, skin tears, surgical wounds, lacerations and abrasions, and first and second-degree burns
- Contraindication: individuals with a known sensitivity to silver
- Sheets may be left in place for up to 7 days; Dressing change frequency will depend on amount of drainage

320-MSC9360EP 6 Gram Wound Filler 5/Box

TENDERWET® ACTIVE POLYMER GEL DRESSING

- Ideal for shallow wounds with necrotic tissue
- Indications: pressure injuries, partial and full-thickness wounds, leg ulcers, diabetic ulcers, surgical wounds, lacerations and abrasions, skin tears and first and second-degree burns
- Helps create an ideal moist healing environment
- High fluid retention
- Easy application and removal
- TenderWet® may be left in place for up to 24 hours
- Dressing change frequency will depend on the amount of drainage

TEGADERM™ FOAM NON-ADHESIVE DRESSING

3M™ Tegaderm™ Foam Dressing is indicated for use as a primary or secondary dressing for low to highly-exuding partial and full thickness wounds.

355-90600.....	5cm x 5cm	10/Box
355-90604.....	9cm x 9cm	10/Box
355-90601.....	10cm x 10cm	10/Box
355-90602.....	10cm x 20cm	5/Box
355-90603.....	20cm x 20cm.....	5/Box
355-90605.....	10cm x 60cm.....	Roll

TEGADERM™ FOAM ADHESIVE DRESSING

Adhesive border dressing with four unique foam layers to deliver exceptional fluid handling and helps create the optimal moist healing environment for low to high-exuding wounds. The dressing incorporates the patented spoke design to deliver easy, one-handed application

355-90610.....	8.8cm x 8.8cm.....	10/Box
355-90611.....	10cm x 11cm, Oval.....	10/Box
355-90612.....	14cm x 14cm	10/Box
355-90613.....	14cm x 15cm, Oval.....	5/Box
355-90616.....	19cm x 22cm, Oval.....	5/Box
355-90619.....	14cm x 14cm, Heel.....	5/Box

TEGADERM™ FOAM ADHESIVE DRESSING MINI

High Performance Foam Adhesive Dressing, Mini Oval design for toes, feet, noses, chins & elbows. Total fluid management plus moist skin adherence. Mini wrap, highly conformable foam dressing in a convenient wrap around size.

355-90614.....	Mini Oval 6.9cm x 7.6cm.....	10/Box
355-90615.....	Mini Wrap 6.9cm x 6.9cm.....	10/Box

TEGADERM™ SILICONE FOAM BORDER DRESSING

Silicone adhesive border dressing with four unique foam layers to deliver exceptional fluid handling and helps create the optimal moist healing environment for low to high-exuding wounds. Soft silicone adhesive for atraumatic removal

355-90640.....	7.5cm x 7.5cm	10/Box
355-90641.....	10cm x 10cm	10/Box
355-90642.....	15cm x 15cm.....	10/Box

TEGADERM™ HYDROGEL 15 GRAM

An amorphous hydrogel, formulated to provide a moist wound healing environment

355-91110.....	15 Gram.....	Each
----------------	--------------	------

TEGADERM™ TRANSPARENT FILM DRESSING

Waterproof, latex-free, sterile, transparent film dressings designed for protecting skin and wound sites.

355-1622W 4.4cm x 4.4cm 100/Box	355-1628 15cm x 20cm 10/Box
355-1624W 6cm x 7cm 100/Box	355-1629 20cm x 30cm 10/Box
355-1626W 10cm x 12cm 50/Box	355-1630 10cm x 11cm Oval . . 50/Box
355-1627 10cm x 25cm 20/Box	355-1635 8.5cm x 10.5cm 50/Box

TEGADERM™ TRANSPARENT FILM ROLL

A non-sterile version of Tegaderm™ Transparent Film that allows for maximum versatility as it can easily be cut to size.

355-16002 5cm x 10m 1 Rolls/Box
355-16004 10cm x 10m 1 Rolls/Box
355-16006 15cm x 10m 1 Rolls/Box

TEGADERM™ HP TRANSPARENT FILM DRESSING

Waterproof, latex-free transparent film dressing with extra holding power to hold securely even in the presence of moisture.

355-9545HP 4.7cm x 6cm, Oval 50/Box
355-9534HP 6cm x 7cm 100/Box
355-9536HP 10cm x 12cm 50/Box
355-9546HP 10cm x 11.5cm Oval 50/Box
355-9548HP 14cm x 18cm Oval 10/Box
355-9543HP 11cm x 12cm Sacral 12/Box

TEGADERM™ ABSORBENT CLEAR ACRYLIC DRESSING

Features a unique clear acrylic polymer and allows for easy wound monitoring without changing the dressing. It is ideal for low to moderately exuding wounds including skin tears, pressure ulcers, abrasions, post-operative wounds and donor sites.

355-90800 7.6cm x 9.5cm, Oval 5/Box
355-90801 11.1cm x 12.7cm, Oval 5/Box
355-90802 14.9cm x 15.2cm 5/Box
355-90803 14.2cm x 15.8cm, Oval 5/Box
355-90805 20cm x 20.3cm 5/Box
355-90807 16cm x 19cm, Sacral 5/Box

TEGADERM™ HYDROCOLLOID THIN DRESSING

Thin, absorbent, and comfortable. Highly conformable dressing combines the excellent moisture vapour permeability of a transparent film dressing with the absorbency and conformability of a unique hydro-colloid adhesive.

355-90021 7cm x 9cm, Oval 10/Box
355-90022 10cm x 10cm 5/Box
355-90023 10cm x 12cm, Oval 10/Box
355-90024 14cm x 17cm, Oval 6/Box

TEGADERM™ HYDROCOLLOID DRESSING

Highly conformable dressing that combines the excellent moisture vapour permeability of a transparent film dressing with the absorbency and conformability of a unique hydrocolloid adhesive.

355-90001	7cm x 9cm, Oval	5/Box
355-90002	10cm x 10cm	5/Box
355-90003	10cm x 12cm, Oval	5/Box
355-90004	14cm x 17cm, Oval	3/Box
355-90005	15cm x 15cm	3/Box
355-90007	13.9cm x 12.3cm, Sacral	6/Box

TEGADERM™ AG MESH DRESSING WITH SILVER DRESSING

Fast-acting, long-lasting antimicrobial silver dressing in an affordable mesh design.

355-90500-HC	5cm x 5cm	5/Box
355-90501	10cm x 12cm	5/Box
355-90502-HC	10cm x 20cm	5/Box
355-90503-HC	20cm x 20cm	3/Box

TEGADERM™ HIGH GELLING ALGINATE DRESSING

Sterile, highly conformable absorbent primary wound dressing for moderate to heavily exuding wounds.

355-90212	10cm x 10cm	10/Box
355-90220	30cm rope	5/Box

TEGADERM™ HIGH INTEGRITY ALGINATE DRESSING

Sterile, highly conformable absorbent primary wound dressing for moderate to heavily exuding wounds. Designed to maintain integrity when saturated for easy removal.

355-90110	5cm x 5cm	10/Box
355-90112	10cm x 10cm	10/Box
355-90114	10cm x 20cm	5/Box
355-90120	30cm rope	5/Box

TEGADERM™ ALGINATE AG SILVER DRESSING DRESSING

Provides antimicrobial silver, soft-gelling absorbency and fiber strength for management of critically colonized wounds or wounds at increased risk of infection.

OPSITE® SPRAY

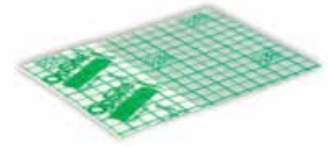

- Permeable to moisture vapour and air
- Water resistant
- Conformable and elastic
- Quick and easy to apply
- This product contains no Chlorofluorocarbon (CFC) propellants

368-66004978 100mL Each
--------------	-------------	------------

OPSITE® FLEXIGRID TRANSPARENT FILM DRESSING

OPSITE FLEXIGRID is a moisture vapor permeable transparent film dressing indicated to dress superficial pressure sores, minor burns, scalds, abrasions and lacerations, post-operative wounds, skin grafts, donor sites, and leg ulcers in the final stage of healing and to protect the skin around stoma and under leg bags and from friction and external contamination (prophylaxis against pressure sores). It is also indicated to provide catheter fixation, to retain primary dressings (e.g. INTRASITE™ Gel or ALLEVYN™ Cavity) and to relieve pain in painful diabetic neuropathy.

368-4628	6cm x 7cm	100/Box
368-4630	10cm x 12cm	50/Box
368-4632	12cm x 25cm	20/Box
368-4631	15cm x 20cm	10/Box

OPSITE® FLEXIFIX TRANSPARENT FILM ROLLS

OPSITE FLEXIFIX is a moisture vapor permeable transparent film roll indicated to protect the skin around stoma and under leg bags, to relieve pain in painful diabetic neuropathy, to retain primary dressings. It is also indicated as prophylaxis of pressure sores.

368-66000040	5cm x 10m	Each
368-66000041	10cm x 10m	Each
368-66000375	15cm x 10m	Each

OPSITE® IV3000 TRANSPARENT FILM DRESSING

- Reduces risk of infection
- The film in the IV3000 has a unique molecular structure which is much more permeable to water vapour compared to other films.
- IV3000 Dressing keeps the skin drier. This improves adherence and reduces the number of unscheduled dressing changes.

368-4924	6cm x 8.5cm	100/Box
368-4925	10cm x 14cm	10/Box
368-66004009	12cm x 9cm	50/Box
368-4973	14cm x 10cm	50/Box

OPSITE® POST OP DRESSING

- Barrier to bacteria including MRSA
- Reduce the risk of maceration, blistering and pain on removal
- Waterproof and comfortable to wear
- Manage exudate through a highly absorbent pad and breathable film
- Allow constant monitoring on the wound and peri-wound area

368-66000708	6.5cm x 5cm	100/Box
368-66000709	9.5cm x 8.5cm	20/Box
368-66000712	15.5cm x 8.5cm	20/Box
368-66000714	25cm x 10cm	20/Box
368-66000716	35cm x 10cm	20/Box

ICHTHOPASTE®

- Ichthopaste bandages contain Ichthammol which reduces irritation, soothes the skin and helps the ulcer heal
- Ichthopaste bandages relieves irritation and is designed for ulcers that are surrounded by sensitive skin

368-4959 7.5cm x 6m Roll..... 12/Box

VISCOPASTE® PB7 ZINC PASTE BANDAGE

VISCOPASTE PB7 is a 10% w/w zinc paste bandage indicated to assist the management of venous leg ulcers. Where venous insufficiency exists, the paste bandage should be used under graduated compression bandaging.

VISCOPASTE PB7 is also suitable for use in the management of chronic eczema/dermatitis, where occlusion is indicated.

368-4948 7.5cm x 6m Roll..... 12/Box

ZIPZOC®

- Contains zinc oxide which is soothing and has a role in wound healing.
- Preservative free formulation means skin reactions are less likely for patients with sensitive skin.
- Zipzoc and one bandage are usually thin enough to allow patients to wear their normal shoes.

368-66000747 4/Box

PRIMAPORE® ADHESIVE NON-WOVEN DRESSING

PRIMAPORE is an adhesive, non-woven wound dressing indicated to dress post-operative wounds; or cuts, lacerations or sutured wounds.

368-7135 8.3cm x 6cm..... 50/Box

368-7409	10cm x 10cm	100/Box
368-7459	10cm x 40cm	10/Box
368-66007477	10cm x 7m	1/Box

EXU-DRY® ANTI-SHEAR WOUND DRESSING

EXU-DRY is a specialty absorptive, anti-shear wound dressing indicated in the management of superficial to full thickness wounds including ulcers (venous, arterial, diabetic), pressure sores, donor sites, surgical incisions and excisions, skin grafts, bio-engineered skin substitutes, burns, draining wounds, moist skin desquamation, fungating neoplasms, chemotherapy extravasation, Kaposi's sarcoma, lymphoedema, graft versus host disease, dermatological wounds, and skin sloughing disorders.

368-5999004120	10cm x 15cm	10/bx
368-5999006	15cm x 23cm	12/bx
368-5999009	23cm x 38cm	30/bx

PICO® SINGLE USE NEGATIVE PRESSURE WOUND THERAPY WITH SOFT PORT

PICO Single Use Negative Pressure Wound Therapy System is indicated for patients who would benefit from a suction device (negative pressure) as it may promote wound healing via removal of low to moderate levels of exudates and infectious materials. PICO is suitable for use in both a hospital and home care setting.

Examples of appropriate wound types include:

- Acute wounds
- Chronic wounds
- Flaps and grafts
- Incision sites
- Partial-thickness burns
- Sub-acute and dehisced wounds
- Traumatic wounds
- Ulcers (such as diabetic or pressure ulcers)

368-66801364	20cm x 20cm Kit	Each & 3/Case
368-66801365	25cm x 25cm Kit	Each & 3/Case

CARBONET® ODOUR ABSORBENT DRESSING (CHARCOAL)

CARBONET is an activated charcoal odour absorbent dressing indicated for use to dress discharging, infected and malodorous wounds such as venous leg ulcers, fungating carcinomas, faecal fistulae and infected surgical wounds.

- 368-7064 10cm x 10cm 10/Box
- 368-7065 10cm x 20cm 10/Box

BACTIGRAS® NON-ADHERENT DRESSING

BACTIGRAS is a chlorhexidine acetate tulle gras dressing indicated for a wide range of wounds where there is a risk of infection, or on already infected wounds in conjunction with systemic antibacterials

- Soft paraffin base
- Sterile open-weave gauze presentation
- Contains chlorhexidine which is an active agent against a wide range of bacteria
- Reduces risk of infection
- Soothing and low-adherent

- 368-7456 5cm x 5cm 50/Box
- 368-66003650 10cm x 10cm 50/Box
- 368-7457 10cm x 10cm 10/Box
- 368-7461 15cm x 20cm 10/Box

CICA-CARE® GEL SHEETS

Cica-Care is a self-adhesive gel sheet that is medically proven to be up to 90% effective in the improvement of red, dark or raised scars. It can also be used on closed wounds to prevent hypertrophic scar or keloid formation.

- 368-66250704 12cm x 6cm Each
- 368-66250706 12cm x 15cm Each

FLAMAZINE® SILVER SULFADIAZINE CREAM

FLAMAZINE is a topical antibacterial agent indicated for the treatment of leg ulcers, burns, skin grafts, incisions and other clean lesions, abrasions, minor cuts and wounds. FLAMAZINE is especially indicated in the treatment and prophylaxis of infection in serious burn victims.

- 368-66060257 20 Gram Each
- 368-66060153 50 Gram Each

ALLDRESS®

Alldress is a Multi-layer dressing with a low adherent contact layer, absorbent layer, occlusive film layer and self adhesive tape.

173-265320	10cm x 10cm	10/Box
173-265340	15cm x 15cm	10/Box
173-265360	15cm x 20cm	10/Box

MESALT®

Sodium chloride dressing effectively debrides moist necrosis and stimulates the cleansing of heavy draining infected wounds.

173-285280	2cm x 100cm	Ribbon	10/Box
173-285580	5cm x 5cm	Dressing	30/Box
173-285780	7.5cm x 7.5cm	Dressing	30/Box
173-286080	10cm x 10cm	Dressing	30/Box

MESORB®

Mesorb® is designed for direct use on heavily discharging wounds and open drains.

173-677001	10cm x 10cm	50/Box
173-677201	13cm x 15cm	50/Box
173-677401	10cm x 20cm	50/Box
173-677601	15cm x 20cm	50/Box
173-677701	20cm x 25cm	30/Box
173-677801	20cm x 30cm	30/Box

EXUFIBER®

Gelling fibre dressing with Hydrolock® Technology

- High retention capacity to prevent leakage and maceration
- High tensile strength to enable dressing removal in one piece
- Absorbs and retains exudate, blood and bacteria
- Highly absorbent, even under compression

173-603300	5cm x 5cm	10/Box
173-603301	10cm x 10cm	10/Box
173-603302	15cm x 15cm	10/Box
173-603304	2cm x 50cm, Rope	5/Box

MEPITEL® DRESSING

Soft silicone contact layer with porous structure and non-sticking.

173-290510	5cm x 7.5cm	10/Box
173-290710	7.5cm x 10cm	10/Box
173-291010	10cm x 18cm	10/Box
173-292005	20cm x 30cm	5/Box

MEPITEL-ONE® DRESSING

Mepitel One is a one sided version of Mepitel that utilizes the product benefits from Mepitel, but is easier to handle.

173-289100	5cm x 7.5cm	10/Box
173-289300	7.5cm x 10cm	10/Box
173-289500	10cm x 18cm	10/Box
173-289700	17cm x 25cm	5/Box

MEPITEL® FILM DRESSING

Minimizes pain and trauma at dressing changes. Transparent for easy inspection low potential for skin irritation and allergy. Leaves no residue. Shower proof. Clinically proven to significantly reduce radiation-induced skin reactions.

173-296100-00	6cm x 7cm	10/Box
173-296200-00	10cm x 12cm	10/Box
173-296400-00	10cm x 25cm	10/Box
173-296600-00	15cm x 20cm	10/Box

MEXTRA® SUPER ABSORBENT DRESSING

Excellent absorption and retention minimizes risk of maceration and leakage Protects against fluid strike-through, outer layer remains dry. Contains protease modulating properties that provide a conducive environment for wound healing

173-610000	10cm x 10cm	10/Box
173-610100	10cm x 15cm	10/Box
173-610200	10cm x 20cm	10/Box
173-610300	15cm x 20cm	10/Box
173-610400	20cm x 25cm	10/Box
173-610500	20cm x 30cm	10/Box

MEPILEX® FOAM DRESSING

Mepilex is an absorbing soft silicone, foam dressing.

173-294015-00	5cm x 5cm	5/Box
173-294100	10cm x 10cm	5/Box
173-294200	10cm x 20cm	5/Box
173-294300	15cm x 15cm	5/Box
173-294400	20cm x 20cm	5/Box
173-288100	Heel	5/Box

MEPILEX® HEEL FOAM DRESSING

Mepilex is a soft and highly conformable foam dressing that absorbs exudate and maintains a moist wound environment. The Safetac layer seals the wound edges, preventing the exudate to leak onto the surrounding skin, thus minimising the risk for maceration. The Safetac layer ensures that the dressing can be changed without damaging the wound or surrounding skin or exposing the patient to additional pain.

- 173-288100 13cm x 20cm 5/Box
- 173-288300 15cm x 22cm 5/Box

MEPILEX® LITE FOAM DRESSING

Soft silicone, absorbing foam dressing in a thinner design for better conforming.

- 173-284000 6cm x 8.5cm 5/Box
- 173-284100 10cm x 10cm 5/Box
- 173-284300 15cm x 15cm 5/Box
- 173-284500-02 20cm x 50cm 4/Box

MEPILEX® XT FOAM DRESSING

Mepilex XT absorbs more exudate faster than other foam dressings. Via unique exudate channels, it absorbs highly viscous fluid, drawing it away from the wound bed. Dressings using Safetac technology are clinically proven to minimize damage to the wound and pain to the patient.

- 173-211100-00 10cm x 10cm 5/Box
- 173-211200-00 10cm x 20cm 5/Box
- 173-211300-00 15cm x 15cm 5/Box
- 173-211400-00 20cm x 20cm 5/Box

MEPILEX® BORDER FOAM DRESSING

Same attributes as Mepilex but with an adhesive border.

- | | |
|--|---|
| 173-295200 7.5cm x 7.5cm 5/Box | 173-295400 15cm x 15cm 5/Box |

173-382400-00	23cm x 23cm Sacrum	5/Box

MEPILEX® AG SILVER HEEL FOAM DRESSING

Mepilex Heel Ag is a soft and highly conformable antimicrobial foam dressing for your heel. It absorbs exudate and maintains a moist wound environment. The Safetac layer seals the wound edges, preventing the exudate to leak onto the surrounding skin, thus minimising the risk for maceration. The Safetac layer ensures that the dressing can be changed without damaging the wound or surrounding skin or exposing the patient to additional pain.

173-388100-00	13cm x 20cm	5/Box
173-388300-00	15cm x 22cm	5/Box

MEPILEX® TRANSFER

Mepilex Transfer is thin and comfortable. Transfers exudate away from wound to minimize the risk of maceration.

173-294600	7.5cm x 7.5cm	5/Box
173-294700	10cm x 12cm	5/Box
173-294800	15cm x 20cm	5/Box
173-294502	20cm x 50cm	4/Box

MEPILEX® TRANSFER AG SILVER DRESSING

Mepilex® Transfer Ag with Safetac® is a "multi-benefit" transfer dressing designed for low to high exuding wounds and with the patient as a central mind. Safetac is clinically proven to minimize stress and pain for the patient. Mepilex Transfer Ag effectively transfers exudate to a 2nd layer whilst preventing microbial growth.

173-394000	7.5cm x 8.5cm	10/Box
173-394100	10cm x 12.5cm	5/Box
173-394700	12.5cm x 12.5cm	5/Box
173-394800	15cm x 20cm	10/Box
173-394500	20cm x 50cm	2/Box

MELGISORB® PLUS ALGINATE

Melgisorb Plus is a highly absorbent calcium alginate dressing.

173-252000	5cm x 5cm	10/Box
173-252200	10cm x 10cm	10/Box
173-252500	10cm x 20cm	10/Box
173-253500	3cm x 45cm, Rope	5/Box

MELGISORB AG SILVER ALGINATE

All the properties of Melgisorb with bacteria reducing powers of silver.

173-256050	5cm x 5cm	10/Box
173-256100	10cm x 10cm	10/Box
173-256150	15cm x 15cm	10/Box
173-256600	3cm x 44cm, Rope	10/Box

MEPORE® FIXATION DRESSING

Upgraded adhesive, rounded corners for better fixation and increased absorption capacity.

173-670800	6cm x 7cm	60/Box
173-670900	9cm x 10cm	50/Box
173-671000	9cm x 15cm	50/Box
173-671100	9cm x 20cm	30/Box

MEPORE® PRO FIXATION DRESSING

All the benefits of Mepore, plus a waterproof, bacteria proof, breathable film outer layer.

173-670820	6cm x 7cm	60/Box
173-670920	9cm x 10cm	40/Box
173-671020	9cm x 15cm	40/Box
173-671120	9cm x 20cm	30/Box
173-671220	9cm x 25cm	30/Box
173-671320	9cm x 30cm	30/Box

MEPORE® PLASTER

- Easy-to-remove protection paper for ease of use
- Soft, elastic non-woven with high breathability for better patient comfort

173-331900-04	4cm x 5m	1/Box
173-332000-04	7cm x 5m	1/Box

MEPIFORM®

Self-adherent, soft silicone dressing for the management of hypertrophic & keloid scars.

173-293100	4cm x 30cm	5/Box
173-293200	5cm x 7.5cm	5/Box
173-293400	10cm x 18cm	5/Box

BIATAIN® FOAM NON ADHESIVE DRESSING

Biatain™ Non-Adhesive Foam Dressings are made up of a unique 3-D polymer that provides superior exudate management.

038-3410	10cm x 10cm	10/Box
038-3412	10cm x 20cm	5/Box
038-3413	15cm x 15cm	5/Box
038-3416	20cm x 20cm	5/Box

BIATAIN® FOAM ADHESIVE DRESSING

Super-absorbent foam dressing for exuding wounds. Adhesive dressing has a hydrocolloid adhesive border.

038-3430	10cm x 10cm	10/Box
038-3420	12cm x 12cm	10/Box
038-3423	18cm x 18cm	5/Box

BIATAIN® FOAM HEEL & SACRAL DRESSING

Biatain foam dressing with adhesive border for secure fit to heel and sacral areas

038-3483	17cm x 17cm Sacral	5/Box
038-3485	23cm x 23cm Sacral	5/Box
038-3462	7.5cm x 7.5cm Heel Dressing	10/Box
038-3488	19cm x 20cm Heel Dressing	5/Box

BIATAIN® IBU FOAM DRESSING

Biatain - IBU® combines the excellent exudate management capacity of Biatain foam dressings with a continuous release of ibuprofen.

038-4110	10cm x 10cm	5/Box
038-4112	10cm x 20cm	5/Box
038-4115	15cm x 15cm	5/Box
038-4120	20cm x 20cm	5/Box

BIATAIN® SOFT HOLD & BIATAIN IBU® SOFT HOLD FOAM DRESSING

Biatain® Soft-Hold and Biatain IBU® Soft Hold is a Biatain non-adhesive foam dressing with a soft, skin friendly adherent layer.

Soft Hold

038-3470	10cm x 10cm	5/Box
038-3472	10cm x 20cm	5/Box
038-3475	15cm x 15cm	5/Box

IBU Soft Hold

038-4140	10cm x 10cm	5/Box
038-4142	10cm x 20cm	5/Box

BIATAIN® SILICONE FOAM DRESSING

Biatain® Silicone dressings combine the superior absorbency of Biatain foam with a soft, silicone adhesive border.

038-3434	7.5cm x 7.5cm	10/Box
038-3435	10cm x 10cm	10/Box
038-3436	12.5cm x 12.5cm	10/Box
038-33437	15cm x 15cm	5/Box
038-3438	17.5cm x 17.5cm	5/Box

BIATAIN® SILICONE LITE FOAM DRESSING

Biatain® Silicone Lite – same effective healing, more mobility. Our silicone dressings are very flexible, creating a perfect fit anywhere on the body.

038-33444	7.5cm x 7.5cm	10/Box
038-33445	10cm x 10cm	10/Box
038-33446	12.5cm x 12.5cm	10/Box

BIATAIN® SILICONE AG ANTIMICROBIAL SILVER FOAM DRESSING

Biatain Ag® dressings combine superior exudate management with sustained antimicrobial activity for improved patient outcomes. Sustained release of silver assures fast and effective kill against bacterial strains known to be detrimental to wound healing such as pseudomonas aeruginosa, staphylococcus aureus and B-haemolytic streptococcus.

038-39636	7.5cm x 7.5cm	5/Box
038-39637	10cm x 10cm	5/Box
038-39638	12.5cm x 12.5cm	5/Box
038-39639	15cm x 15cm	5/Box
038-39640	17.5cm x 17.5cm	5/Box

BIATAIN® AG ANTIMICROBIAL SILVER FOAM DRESSING

Biatain® AG is a family of antimicrobial foam and hydrocolloid dressings using advanced moist wound healing technologies with silver as the active component.

038-9622	Non adhesive 10cm x 10cm	5/Box
038-9623	Non adhesive 10cmx20cm	5/Box
038-9625	Non adhesive 15cm x 15cm	5/Box
038-9626	Non adhesive 20cmx20cm	5/Box
038-9631	Adhesive 7.5cm x 7.5cm	5/Box
038-9632	Adhesive 12.5cm x 12.5cm	5/Box
038-9635	Adhesive 18cm x 18cm	5/Box
038-9641	Adhesive 23cm x 23cm Sacral	5/Box
038-9643	Adhesive 19cmx20cm Heel	5/Box

BIATAIN® SEASORB ALGINATE DRESSING

Biatain® alginate dressing is a highly absorbent, fiber-free dressing that forms a soft and protecting gel - ideal for highly exudating wounds.

038-3705	5cm x 5cm	30/Box
038-3710	10cm x 10cm	10/Box
038-3715	15cm x 15cm	10/Box
038-3740	2.5cm x 44cm, Rope	6/Box

BIATAIN® AG SILVER SEASORB ALGINATE DRESSING

Biatain® Ag alginate dressing with silver is a unique mix of high G (guluronic acid) and highly absorbent carboxymethylcellulose (CMC) with the addition of an ionic silver complex, which releases silver ions in the presence of wound exudate. As exudate is absorbed, the dressing forms a soft, cohesive gel that intimately conforms to the wound surface.

038-3755	5cm x 5cm	30/Box
038-3760	10cm x 10cm	10/Box
038-3780	44cm, Rope	10/Box

INTERDRY® AG TEXTILE WITH ANTIMICROBIAL SILVER COMPLEX

038-7915	10" x 18"	Each
038-7912	10" x 36"	Each
038-7912	10" x 36"	10/Box
038-7910	10" x 144"	Each
038-7910	10" x 144"	10/Box

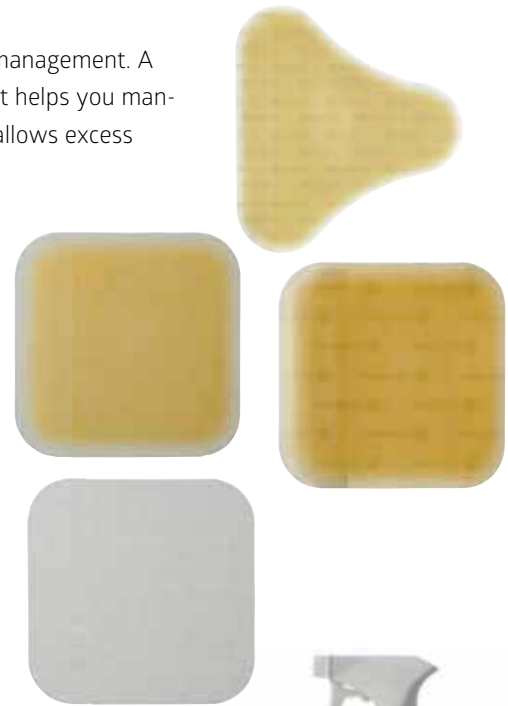

COMFEEL® PLUS HYDROCOLLOIDS

Combines the benefits of a see-through hydrocolloid dressing and superior exudate management. A breakthrough in hydrocolloid technology means unsurpassed absorptive capacity that helps you manage low-exudate wounds better than ever. Unique, adaptable polyurethane top film allows excess moisture to evaporate while maintaining the proper moist healing environment.

- Adhesive outer border keeps dressing in place, even over boney prominences.
- Residue-free removal helps prevent irritation.
- Adaptable polyurethane top film allows excess moisture to evaporate while maintaining the proper moist healing environment.
- "No-touch" system allows easy application while wearing gloves.

038-3146	4cm x 6cm, Regular	30/Box
038-3110	10cm x 10cm, Regular	10/Box
038-3115	15cm x 15cm, Regular	5/Box
038-3285	18cm x 20cm, Triangle, Regular	5/Box
038-3530	5cm x 7cm, Transparent	10/Box
038-3533	10cm x 10cm, Transparent	10/Box
038-3536	9cm x 14cm, Transparent	10/Box
038-3539	15cm x 15cm, Transparent	5/Box

SEA-CLENS® WOUND CLEANSER

Sea-Cleans® is a cost effective, saline-based wound cleanser designed to loosen debris from the wound bed without interfering with the healing process

038-1063	178mL	Each
038-1061	355mL	Each

PURILON® HYDROGEL

Purilon® Gel is primarily intended for the treatment of necrotic and sloughy wounds, e.g. leg ulcers, pressure ulcers and diabetic foot ulcers.

038-3906	8gr	10/Box
038-3900	15gr	10/Box

WOUN'DRESS® COLLOGEN HYDROGEL

Woun'Dress® Collagen Hydrogel promotes autolytic debridement by rehydrating and softening dry wounds and necrotic tissue. Hydrogels provide a moist environment facilitating optimal wound healing.

038-1166	28g Tube	Each
038-7690	84g Tube	Each

TRIAD® HYDROPHILIC WOUND DRESSING

Triad® Hydrophilic Wound Dressing absorbs excess wound exudate while retaining a moist wound environment. Can be utilized when conventional dressings are not feasible. Zinc oxide-based hydrophilic paste gently adheres to moist wound beds. Protects peri-wound skin.

038-1967	170g Tube	Each

ADAPTIC™ NON-ADHERENT DRESSING

ADAPTIC™ Non-Adhering Dressing is a primary dressing made of knitted acetate mesh, impregnated with a formulated petrolatum emulsion.

315-2012	7.5cm x 7.5cm	50/Box
315-2013	7.5cm x 20cm	3 x 36/Box
315-2015	7.5cm x 20cm	24/Box
315-2014	7.5cm x 40cm	36/Box
315-2019	12.7cm x 22.9cm	12/Box

ADAPTIC TOUCH™ SILICONE DRESSING

ADAPTIC TOUCH™ Non-Adhering Silicone Dressing is a flexible, open- mesh silicone wound contact layer designed to optimise fluid management and minimise pain at dressing change.

315-TCH501	5cm x 7.6cm	10/Box
315-TCH502	11cm x 7.6cm	10/Box
315-TCH503	12.7cm x 15cm	10/Box
315-TCH504	20cm x 32cm	5/Box

ADAPTIC™ DIGIT DRESSING

ADAPTIC™ DIGIT Non-Adhering Digit Dressing is made of a unique, tacky, silicone-coated fabric covered with a tubular bandage. It is specifically designed for dressing fingers and toes

315-MAD003	Small Finger	10/Box
315-MAD013	Medium Finger	10/Box
315-MAD023	Large Finger	10/Box
315-MAD042	X-Large Finger	10/Box
315-MAD062	Toe	10/Box

TIELLE™ NON-ADHESIVE HYDROPOLYMER DRESSING

TIELLE™ Non-Adhesive Hydropolymer Dressing with LiquaLock™ Advanced Absorption Technology is a cuttable polyurethane foam dressing for low to highly exuding wounds.

315-TLN0505EN	5.0cm x 5.0cm	10/box
315-TLN1010EN	10cm x 10cm	10/box
315-TLN1515EN	15cm x 15cm	10/box
315-TLN1717EN	17.5cm x 17.5cm	5/box
315-TLN2122EN	21cm x 22cm	5/box

TIELLE MAX™ HYDROPOLYMER DRESSING

TIELLE™ Max Non-Adhesive Hydropolymer Dressing is a non-adhesive, cuttable hydropolymer foam dressing with LiquaLock® Advanced Absorption Technology for low to highly exuding wounds

315-MTP701	11cm x 11cm	10/Box
315-MTP705	15cm x 15cm	10/Box
315-MTP702	15cm x 20cm	5/Box

TIELLE™ & TIELLE PLUS™ HYDROPOLYMER DRESSING

The TIELLE™ Family are a range of hydropolymer foam dressings with LiquaLock® Advanced Absorption Technology. They are designed to manage different levels of exudate across a range of wound types and they come in a wide selection of shapes and sizes with or without an adhesive border.

Tielle™

315-MTL100	7cm x 9cm	10/Box
315-MTL101EN	11cm x 11cm	10/Box
315-MTL105	15cm x 15cm	10/Box
315-MTL102	15cm x 20cm	5/Box
315-MTL103	18cm x 18cm	5/Box
315-MTL104	18cm x 18cm Sacrum	5/Box

Tielle Plus™

315-MTP505	15cm x 15cm	10/Box
315-MTP506	15cm x 15cm Sacrum	10/Box
315-MTP502	15cm x 20cm	5/Box
315-MTP508	Heel	5/Box

ACTISORB™ SILVER 220 DRESSING

ACTISORB™ Silver 220 Activated Charcoal Dressing with Silver is an activated charcoal dressing with silver, enclosed in a non-adherent nylon sleeve.

315-MAS065	6.5cm x 9.5cm	10/Box
315-MAS105	10.5cm x 10.5cm	10/Box
315-MAS190	19cm x 10.5cm	10/Box

INADINE™ POVIDONE IODINE NON-ADHERENT DRESSING

Inadine™ PVP-I Non-Adherent Dressing consists of a low adherent knitted viscose fabric impregnated with a polyethylene glycol (PEG) base containing 10% Povidone iodine; equivalent to 1.0% available iodine.

315-P01481	5cm x 5cm	25/Box
315-P01512	9.5cm x 9.5cm	25/Box

NANOVA™ THERAPY SYSTEM

The NANOVA™ Therapy System is a compact, manually activated single-patient use Therapy Unit that is coupled to an absorptive Dressing to form a Negative Pressure Wound Therapy System suitable for use on shallow-cavity chronic and acute wounds. The Nanova™ Therapy Unit has been designed with both care giver and patient in mind.

- Manual priming – no complicated training required.
- 1–3 compressions of the pump delivers regulated negative pressure that can be re-primed at any time.
- Once activated, negative pressure is maintained at -125 mmHg.
- Single-patient use Therapy Unit can be used with multiple dressings as required for up to 30 days.
- Silent, light-weight and small; can easily be carried in a pocket.

315-415672	Therapy System	Each
------------	----------------	------

NANOVA™ THERAPY DRESSING

The NANOVA™ Dressing delivers negative pressure to the wound bed whilst absorbing and locking away wound exudate. The dressing has a silicone wound contact layer that is designed to be non-adherent. The adhesive border features DermaTac™ Protective Seal Technology, this a hybrid material combining silicone and acrylic adhesives that provide an effective seal for negative pressure, yet enables easy repositioning or removal minimising trauma to the peri-wound skin.

- Wound fluid is locked within the core of the dressing to help minimise the potential for maceration.
- Continues to absorb exudates if negative pressure is lost.
- Dressing may be placed in any orientation without compromising absorptive capacity or the delivery of negative pressure.

315-415673	Therapy Dressing	3/Box
------------	------------------	-------

NU-GEL™ HYDROGEL WITH ALGINATE

NU-GEL™ Hydrogel with Alginate is a transparent hydro active amorphous gel containing sodium alginate that gently and effectively debrides necrotic tissue and fibrinous slough.

315-MNG415	15g	10/Box
315-MNG425	25g	6/Box

NU-DERM™ ALGINATE WOUND DRESSING

NU-DERM™ Alginate Wound Dressing is a sterile, non-woven pad consisting of high G (guluronic acid) alginate and carboxymethylcellulose (CMC) fibre.

315-AWD112	2.5cm x 30cm Rope	5/Box
315-AWD202	5cm x 5cm	10/Box
315-AWD404	10cm x 10cm	10/Box
315-AWD408	10cm x 20cm	5/Box

FIBRACOL™ PLUS COLLAGEN WOUND DRESSING WITH ALGINATE

FIBRACOL™ Plus Collagen Wound Dressing with Alginate is a soft, absorbent, and conformable wound dressing composed of 90% collagen and 10% calcium alginate.

315-PC2981	5cm x 5cm	12/Box
315-2982	11cm x 11cm	12/Box
315-2983	10cm x 22cm	6/Box
315-2984	1cm x 40cm Rope	6/Box

NU-DERM™ HYDROCOLLOID WOUND DRESSING (BORDER, STANDARD, THIN)

NU-DERM™ Hydrocolloid Wound Dressings are designed to help maintain a moist wound environment on non to moderately exuding wounds. There are three variants in the range, coming in a variety of shapes and sizes. All dressings are waterproof and can remain in place during showering.

315-HCB102	5cm x 5cm Border	20/Tray
315-HCB204	10cm x 10cm Border	10/Tray
315-HCB106	15cm x 15cm Border	5/Tray
315-HCS100	15cm x 18cm Sacrum	5/Tray
315-HCH207	8cm x 12cm Heel/Elbow	10/Tray
315-HCT101	10cm x 10cm Thin	10/Tray

DUODERM® CGF HYDROCOLLOID DRESSING

DuoDERM® CGF® dressing is a hydrocolloid, moisture-retentive wound dressing used for partial and full-thickness wounds with exudate. It incorporates a unique ConvaTec hydrocolloid formulation that distinguishes it from other hydrocolloid dressings. DuoDERM® CGF® dressing is indicated for use on dermal ulcers including full-thickness wounds, pressure ulcers (Stage II-IV), leg ulcers, superficial wounds, partial thickness burns and donor sites.

739-187660	10cm x 10cm	5/Box
739-187658	10cm x 10cm	20/Box
739-187661	14cm x 14cm	5/Box
739-187659	14cm x 14cm	20/Box
739-187662	20cm x 20cm	5/Box

DUODERM® EXTRA-THIN CGF HYDROCOLLOID DRESSING

DuoDERM® extra thin dressing is a hydrocolloid dressing indicated for the management of lightly exuding wounds. It combines a unique ConvaTec hydrocolloid formulation that distinguishes it from other hydrocolloid dressings and a vapour-permeable outer film to provide an occlusive moist environment.

739-187901	7.5cm x 7.5cm	20/Box
739-187900	5cm x 10cm	20/Box
739-187961	5cm x 20cm	10/Box
739-187955	10cm x 10cm	10/Box
739-187902	10cm x 15cm, Oval	10/Box
739-187957	14cm x 14cm	10/Box
739-187903	15cm x 18cm Triangle	10/Box

DUODERM® BORDER HYDROCOLLOID DRESSING

DuoDERM® CGF® border dressing incorporates a unique ConvaTec hydrocolloid formulation that distinguishes it from other hydrocolloid dressings. It can be used for 'hard-to-dress' areas. The dressing features a wide outer foam border that does not require additional taping. DuoDERM® CGF® border dressing is indicated for use on dermal ulcers including full-thickness wounds, pressure ulcers (Stage II-IV), leg ulcers, superficial wounds, partial thickness burns and donor sites.

739-187970	6cm x 6cm	5/Box
739-187971	10cm x 10cm	5/Box
739-187972	14cm x 14cm	5/Box
739-187973	15cm x 18cm, Triangle	5/Box
739-187974	20cm x 22cm Sacral	5/Box

DUODERM® HYDROACTIVE DRESSING

DuoDERM® Sterile Hydroactive® dressing is the original DuoDERM® dressing designed for the management of partial and full-thickness pressure sores and leg ulcers. It incorporates a unique ConvaTec hydrocolloid formulation that distinguishes it from other hydrocolloid dressings.

739-187611	10cm x 10cm	20/Box
------------	-------------	--------

DUODERM® HYDROACTIVE GEL

DuoDERM® Hydroactive® Sterile Gel is a clear, preservative-free, viscous hydrogel that incorporates a unique ConvaTec hydrocolloid formulation that distinguishes it from other hydrocolloid dressings.

739-187990	15g Tube	10/Box
739-187987	30g Tube	3/Box

DUODERM® SIGNAL HYDROCOLLOID DRESSING

The adhesive hydrocolloid matrix and the outer film on DuoDERM Signal® dressing is permeable by moisture vapour and provides an occlusive barrier against bacteria, viruses, dirt and water. DuoDERM Signal® Dressing is indicated for the management of lightly to moderately exuding wounds.

739-403326	Square 10cm x 10cm	5/Box
739-403327	Square 14cm x 14cm	5/Box
739-410510	Oval 10cm x 17.5cm	5/Box
739-403332	Triangle 15cm x 18cm	5/Box
739-403333	Triangle 20cm x 23cm	5/Box
739-410501	Sacral 20cm x 23cm	5/Box
739-410500	Heel 18cm x 19cm	5/Box

VERSIVA XC® FOAM DRESSINGS

Versiva® XC™ dressing is a sterile wound dressing combining the benefits of foam dressings with the unique properties of Hydrofiber® technology. It is indicated for light to moderately exuding chronic and acute wounds when used as a primary dressing and moderate to heavy exudate when used in conjunction with a primary dressing.

Adhesive

739-410610	Square 14cm x 14cm	10/Box
739-410615	Square 19cm x 19cm	5/Box
739-410613	Sacral 21cm x 25cm	5/Box

Non-Adhesive

739-410606	Square 7.5cm x 7.5cm	10/Box
739-410607	Square 11cm x 11cm	10/Box
739-410608	Square 15cm x 15cm	5/Box
739-410614	Square 20cm x 20cm	5/Box

KALTOSTAT® ALGINATE DRESSINGS

KALTOSTAT® calcium sodium alginate dressing is indicated for moderately to highly exuding chronic and acute wounds and for wounds with minor bleeding.

739-168210	Square 5cm x 5cm	10/Box
739-168212	Rectangular 7cm x 12cm	10/Box
739-168214	Rectangular 10cm x 20cm	10/Box
739-168117	Rope 2cm x 45cm	5/Box

CARBOFLEX® ODOR CONTROL DRESSING

CarboFLEX® dressing is a sterile, non-adhesive dressing. It is a five layer dressing specifically designed to address the management problems associated with malodorous wounds.

739-403202	Square 10cm x 10cm	10/Box
739-403204	Rectangle 15cm x 20cm	5/Box

SUREPRESS® COMPRESSION BANDAGE & PADDING

SurePress® high compression bandage is an elastic wrap that provides sustained graduated compression in an easy to use format. It is indicated for the management of venous leg ulcers and associated conditions. It can be used alone or in combination with SurePress® absorbent padding.

739-650947	Surepress compression bandage 10cm x 3m	Each
739-650948	Surepress absorbent padding 10cm x 3m	6/Bag

AQUACEL® HYDROFIBER DRESSING

AQUACEL® dressing incorporating unique Hydrofiber® technology is a versatile primary wound dressing indicated for use on moderate to highly exuding chronic and acute wounds. Aquacel AG® features ionic silver technology.

Aquacel

739-4037712cm x 45cm, Ribbon5/Box

AQUACEL® EXTRA HYDROFIBER DRESSING

This conformable and highly absorbent dressing absorbs wound fluid and creates a soft cohesive gel, maintains a moist environment which supports the body's healing process and aids in the removal of necrotic material from the wound (autolytic debridement) without damaging newly formed tissue.

739-4206755cm x 5cm10/Box
739-42067610cm x 10cm10/Box
739-42067815cm x 15cm5/Box
739-42067920cm x 30cm5/Box

AQUACEL® AG PLUS EXTRA HYDROFIBER DRESSING

AQUACEL™ Ag+ Extra™ Dressings are antimicrobial primary dressings for use on wounds that are infected or at risk of infection. They are designed to manage the 3 key local barriers to healing - exudate, infection and biofilm.

739-4135665cm x 5cm10/Box
739-41356710cm x 10cm10/Box
739-41356815cm x 15cm5/Box

Hollister WOUND CARE

HYDROFERA® BLUE CLASSIC FOAM DRESSING

- Unique antibacterial foam dressing that is highly absorbent, conformable and versatile
- Effective against gram positive and gram negative bacteria and yeast
- Suitable for packing, tunneling or flat wounds and facilitates natural, safe debridement.
- Indicated for the treatment of numerous wound types, including: pressure ulcers, diabetic foot ulcers, leg ulcers (arterial, venous and mixed), burns, surgical and traumatic wounds.
- Non-cytotoxic and does not inhibit growth factor activity

687-HB2214.	Hydrofera Blue 5cm x 5cm.	10/Box
687-HB4414.	Hydrofera Blue 10cm x 10cm.	10/Box
687-HB6614.	Hydrofera Blue 15cm x 15cm.	10/Box
687-HBHD4450.	Hydrofera Blue Heavy Exudate 10cm x 10cm x 1.2cm.	5/Box
687-HBHD6675.	Hydrofera Blue Heavy Exudate 15cm x 15cm x 1.9cm.	5/Box
687-HBT0906.	Hydrofera Blue Tunnel 9mm x 15cm.	10/Box

HYDROFERA® BLUE READY FOAM DRESSING

- Highly absorbent polyurethane foam
- Broad spectrum antibacterial protection
- Ready without hydration – No secondary dressing required
- Waterproof backing provides barrier to moisture and bacteria
- Indicated for acute, traumatic, and chronic wounds
- Non-cytotoxic and does not inhibit growth factors
- Up to 7 day wear time

687-HBRS2520.	6.4cm x 6.4cm.	10/box
687-HBRS4520.	10.2cm x 12.7cm.	10/box
687-HBRS8820.	20.3cm x 20.3cm.	10/box

RESTORE® CONTACT LAYER FLEX DRESSING WITH TRIACT TECHNOLOGY

- Highly conformable – Can be shaped to fit contours of deep or irregular wounds, and in difficult anatomical locations
- Non-adherent – Virtually pain-free dressing removal for enhanced patient comfort
- Maintains a moist wound interface – Forms a gel in the presence of exudate
- Minimizes trauma to the wound bed – The dressing's gentle tack helps keep it in place over the wound

687-506487 5cm x 5cm 10/Box
687-506488 10cm x 12.5cm 10/Box
687-506489 15cm x 20cm 10/Box

RESTORE® CONTACT LAYER SILVER DRESSING WITH TRIACT TECHNOLOGY

- Non-adhesive, non-occlusive antimicrobial wound contact dressing
- May help to reduce infection in low to moderately exuding partial and full-thickness wounds
- Shown to be effective against bacteria most frequently associated with wound infections
- Contains silver sulfate

687-509341 10cm x 12.5cm 10/Box
687-509342 15cm x 20cm 10/Box

RESTORE® HYDROGEL DRESSING

- Maintains moist healing environment in partial and full-thickness wounds
- Clear, viscous gel
- Up to 72-hour wear time

687-529974 89mL Tube 12/Box
687-529972 Impregnated gauze sponge, 10cm x 10cm	15/Box

RESTORE® FOAM DRESSING WITH TRIACT TECHNOLOGY

Without Border

- Non-adhesive absorbent dressing
- Manages moderate to moderately heavily exuding acute and chronic wounds

687-509380	6cm x 6cm	10/Box
687-509381	10cm x 10cm	10/Box
687-509382	15cm x 15cm	10/Box

With Border

- Absorbent dressing with adhesive border
- Manages moderate to moderately heavily exuding acute and chronic wounds

687-509387	10cm x 10cm	10/Box
687-509388	15cm x 15cm	10/Box
687-509389	15cm x 20cm	10/Box

RESTORE® NON-ADHESIVE FOAM SILVER DRESSING WITH TRIACT TECHNOLOGY

- Non-adhesive, non-occlusive antimicrobial absorbent dressing
- May help to reduce infection in moderately to high exuding partial and full-thickness wounds
- Super-absorbent foam pad ensures drainage of exudates and helps protect the skin around the lesion from maceration
- Soft, semi-permeable backing
- Contains silver sulfate

687-509345	10cm x 10cm	10/Box
687-509346	15cm x 20cm	10/Box

RESTORE® LITE FOAM DRESSING WITH TRIACT TECHNOLOGY

- Non-adhesive absorbent dressing is thinner than the standard foam dressings
- Manages moderate to light to moderately exuding acute and chronic wounds

687-509393	6cm x 6cm	10/Box
687-509394	10cm x 12.5cm	10/Box
687-509395	15cm x 15cm	10/Box
687-509396	15cm x 20cm	10/Box

RESTORE® CALCIUM ALGINATE DRESSING

- Highly absorptive
- Made from calcium sodium alginate, creating conformable protective gel when in contact with exudate
- Forms moist wound interface
- Remains intact when saturated so it is removed in one piece

687-529938	5cm x 5cm	10/Box
687-529937	10cm x 10cm	10/Box
687-529939	10cm x 20cm	5/Box
687-529940	30.5cm Rope	5/Box

WITH Silver

- Releases silver ions in the presence of wound exudate
- Effective antimicrobial agent against a broad spectrum of micro-organisms
- Indicated for moderate to heavily exuding partial to full-thickness wounds
- Assists in maintaining a moist environment and allows intact removal
- Contains silver sodium hydrogen zirconium phosphate

687-529967	5cm x 5cm	10/Box
687-529968	10cm x 12cm	10/Box
687-529969	30.5cm Rope	5/Box

RESTORE® HYDROCOLLOID DRESSING

- Conformable semi-occlusive dressing with flexible outer layer
- Maintains moist wound environment
- Manages minimal to moderate exudate in partial and full-thickness wounds
- Available with or without tapered edges, specialty shapes
- Includes disposable wound measuring guide

687-519956	10cm x 10cm, Tapered Edge	5/Box
687-519963	15cm x 15cm, Tapered Edge	5/Box
687-519957	15cm x 20cm, Tapered Edge	3/Box
687-519959	110cm² Sacral, Tapered Edge	5/Box
687-519965	170cm² Sacral, Tapered Edge	5/Box
687-519953	10cm x 10cm, Without Tapered Edge	5/Box
687-519954	15cm x 20cm, Without Tapered Edge	3/Box

Extra Thin

- Thinner semi-occlusive dressing with flexible backing
- Maintains moist wound environment
- Manages minimal exudate in shallow wounds
- Protects skin from friction injury
- Includes disposable wound measuring guide

687-519921	10cm x 10cm	5/Box
687-519923	15cm x 20cm	3/Box

MEDIHONEY® DRESSINGS

MEDIHONEY® dressings contain 95% active Leptospermum Honey, which has been shown to have several properties which assist in promoting an optimal healing environment for chronic wounds and burns that have not progressed with basic, first line treatments. Through their high osmolarity, the dressings help to cleanse the wound and remove devitalized tissue. The dressings are designed to manage varying degrees of exudates.

Medihoney® Wound Gel

068-DUP391 10 Gram. 20/Box

Medihoney® Wound Paste

PolyMem® has been successfully used in the healthcare setting for many years. No other single wound dressing combines four key wound healing capabilities in one easy-to-use dressing like PolyMem. Many healthcare professionals have experienced the benefit of having a primary and secondary dressing which also acts as an indicator and intelligent dressing on their shelves.

PolyMem® belongs to an innovative class of adaptable wound care dressings called QuadraFoam.

QuadraFoam dressings effectively cleanse, fill, absorb, and moisten wounds throughout the healing continuum. No other single wound dressing combines these four key wound-healing capabilities like PolyMem. Polymem comes in a variety of shapes, adhesive, non-adhesive and silver combinations below:

POLYMEM® FILM DRESSING

A43-203	Dot 2" x 2"	.20/Box
A43-3412	4" x 12.5"	.12/Box
A43-405	4" x 5"	.15/Box
A43-606	6" x 6"	.15/Box

POLYMEM® FINGER/TOE COTS

COVIDIEN AMD FOAM DRESSINGS, FENESTRATED DISK

- The Kendall™ AMD Antimicrobial Foam Disc Dressing provides a protective barrier for catheter insertion sites, such as central venous catheters (CVCs) and peripherally inserted central catheters (PICCs)
- Ideal for use around external fixation devices
- Protects insertion sites from harmful bacteria, such as MRSA and VRE
- Helps protect against catheter-related bloodstream infections
- Limits cross-contamination
- Promotes a healthy insertion environment

510-55512AMDX KENDALL™ AMD Antimicrobial Foam Dressings Fenestrated Disk 1", 7mm hole Case/40

COVIDIEN AMD FOAM DRESSINGS, WITHOUT BORDER

AMD Antimicrobial Foam dressings have been developed to support your efforts in managing both moisture and bacterial balance. The dressing is an open cell polyurethane foam dressing and is impregnated with 0.5% Polyhexamethylene Biguanide (PHMB), a highly effective, low toxicity antiseptic. The dressings are effective against gram positive and gram negative bacteria. They also work against fungi and yeast.

WOUND MEASURE KIT, STERILE

Sterile, single use kit containing sterile paper ruler and plastic depth guide. Depth guide has rounded edge and is ideal for packing deep.

068-DUP59901 100/Case

WOUND MEASURE RULER PAPER

- Simply place transparent guide over wound.
- Circles measure wound diameter in centimeters.
- Calibrated in inches and metric.

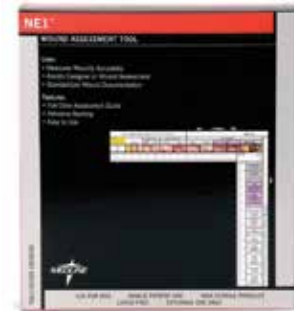

320-MSCEDURULER 250/Box

NE1® WOUND ASSESSMENT TOOL

- NE1™ Wound Assessment Tool helps reduce errors and promotes accurate wound assessment
- Standardizes wound documentation, which can be used for administrative review and can be of assistance in potential litigation¹.
- Drives appropriate reimbursement due to more accurate wound assessments
- Horizontal and vertical rulers provide consistent, precise wound measurements in cm and mm
- Clear, point-of-care instructions and use tips
- Full-color wound guide helps increase assessment validity
- Captures clinician's signature, date and patient data
- Adhesive back gently holds the disposable, single-use tool in place.

320-MSCNE1TOOLPK 10/Pkg

SKINTEGRITY® WOUND CLEANSER

- Specially formulated to allow fast, thorough and gentle cleansing of wounds in all stages.
- Choose mist or stream delivery to loosen and remove protein and wound debris with a non-ionic surfactant.
- Non-cytotoxic.
- Trigger sprayer delivers a PSI of 8.6 at 3" spraying distance which falls within AHCPH guidelines of 4 to 15 PSI.

320-MSC6008 236mL Spray Bottle Each

320-MSC6016 473mL Spray Bottle Each

SEA-CLENS® WOUND CLEANSER

Sea-Cleans® is a cost effective, saline-based wound cleanser designed to loosen debris from the wound bed without interfering with the healing process

038-1063 178mL Each

038-1061 355mL Each

IRRIGATION EXTENSION TUBE FOR SYRINGE

Extension tube fits on to irrigation syringes to adjust the pressure of the solution stream to 8 psi flow rate.

287-20-1104 100/Box

SALJET® SINGLE DOSE NORMAL SALINE FOR IRRIGATION

Single use 30mL containers. Saves time, wastage and assures sterility.

549-64938-009 30mL 40/Box

IRRIGATION SOLUTIONS WITH DUAL TIP CAP

Sterile irrigation solutions in disposable containers for your cleansing, moistening, diluting and soaking needs. 100mL bottles with dual top can be opened by either a twist-and-pull-off top for squeeze-dispensing or by a SNAP-off top for pouring.

601-T168001 Sterile Water 100mL Dual Tip Cap Squeeze Bottle 25/Box

Simavita SIM™ INCONTINENT ASSESSMENT DEVICE

EASY TO USE. EASY TO ASSESS. EASY TO IMPLEMENT.

The SIM™ management software provides caregivers a simple, easy-to-use interface to record their observations in real time to create a personalized bladder assessment for each resident.

SIM™ CYCLE

- 1 SIM™ sensor captures incontinence data
- 2 Events and observations are recorded in real time
- 3 Mobile SIM™ assist tablet records observations and monitors assessments
- 4 Data profiles used to develop a personalized care plan

While most facilities are still addressing continence concerns with traditional “Check & Change” systems, Many have implemented SIM™ (Smart Incontinence Management) wearable technology. SIM™ is a state-of-the-art continence platform that allows facilities to easily and accurately assess and manage the continence needs of the resident and develop a customized care and toileting plan for each individual.

This advanced system not only improves health and reduces risks, such as falls, UTIs, and skin infections, but, most importantly, SIM™ promotes a better quality of life that residents deserve.

With a SIM™ assessment, nursing staff will be able to provide a care plan that outlines an appropriate and individualized toileting routine, and determine which continence and skin care products will be necessary to best meet resident needs.

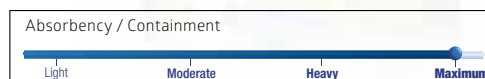

Contact your Medical Mart clinical representative for more information

FITRIGHT® RESTORE BRIEFS

The FitRight® Restore Brief provides the highest level of care and addresses two major incontinence challenges: keeping skin dry and maintaining skin integrity.

- Contains Medline's Remedy skin nourishing cream to moisturize the skin
- Platinum Series 4D-core® combines odor protection and super absorbency
- SensiSoft™ backsheet provides the ultimate in soft, garment-like feel
- Soft anti-leak guards reduce leakage and improve containment
- Breathable side panels offer increased air flow and comfort
- Skin-safe closures

61"=5'1"	64"=5'4"	67"=5'7"	70"=5'10"	73"=6'1"	76"=6'4"

Prevail® StretchFit Dual Size System

With Stretchy Side Panels 2 sizes of Prevail StretchFit will fit most. These 2 sizes cover beyond the standard 4-size brief system up to 68".

More Efficient

Fewer items with less time spent managing a sizing system results in more efficient use of your staff's time.

Simple Budget

Both sizes of Prevail StretchFit are the same price per piece. With the same price, sizing doesn't impact your budget, taking the financial risk out of sizing.

Traditional Brief System

StretchFit System

Fits 4" Larger than Traditional XL Brief

Prevail STRETCHFIT™ BRIEFS

Ultimate Absorbency

Prevail® StretchFit™ StretchFit™ Comfort Supreme™ Briefs feature Color/Size Coding, promoting normalcy and dignity for the wearer; and Skin Smart™ Fabric, a hypoallergenic material that is enriched with botanicals Aloe, Chamomile and Vitamin E.

Attends™

Better protection for the individual, enhanced efficiency for the caregiver

Attends' product selection is designed to meet a wide range of incontinence care needs. Products are arranged in a convenient tier system, allowing for easy selection of the right product for varying incontinence needs. Leakage control, skin care, and comfort are the driving forces of performance in all tiers of attendance products.

 Briefs 			

How do I know if this is the right product for me?

Choosing the right product will ensure the correct level of skin care, leakage control, and comfort. The Attends Total Incontinence Protection System® (T.I.P.S.) Chart is a guide through Attends products "at a glance" for quick and easy product selection.

The T.I.P.S. Chart arranges Attends body-worn products in a colour-coded tier system to show the different absorbency levels available. Products with six droplets are our most absorbent and highest performing, while products with one droplet would be for lighter incontinence needs. We can help find the right product for you!

Features & Benefits

Attends® products have a unique variety of features that make them the best choice for all incontinence needs.

Throughout this catalogue you will see the many features Attends Health care products have to offer. Many of them are represented by the list of icons on the following page. You will see their descriptions to better understand the features and why they are so beneficial.

Attends® are now using an improved Odour Control Super-Absorbent Polymer (SAP) inside our Briefs and Shaped Pads!

FEATURES & BENEFITS

Rapid Lock System®

Technological innovation designed with a unique combination of materials that provide superior performance and leakage control:

- 1) A microporous layer **wicks** fluid rapidly away from the skin.
- 2) Perma-Dry® fibers **channels** fluid throughout the brief
- 3) Hygard® polymer **locks** fluids in the core of the product, and
- 4) The unique funnel design of the microporous layer **blocks** fluids from resurfacing.

Breathable

These briefs feature breathable side panels that allow more air flow for drier, healthier skin, but still have a moisture-proof lining along the center of the brief to prevent leakage. They also have a soft, cloth-like covering for quiet confidence.

Comfort Flex-Tabs

These tabs are made to attach to the cloth-like covering on our Breathable Briefs. They are not sticky tape tabs; instead they use a hook-and-loop type refastening system. They are soft, flexible, and can refasten anywhere on the brief.

Hook-and-loop tabs need to be properly adhered to the brief to achieve a strong attachment. To do this use the **PRESS and TUG** technique:

PRESS the tab down firmly against the brief, THEN...
TUG gently sideways on the tab (this will help to secure the tab to the brief).

SDO®: Skin wellness, Dryness and Odor control

SDO means you have the unique Attends® technologies in place to create the healthiest possible skin environment:

- 1) Treated fibers stabilize the pH of urine, which retards the growth of bacteria, reducing skin irritation and infection and maintaining **skin wellness**,
- 2) The unique design of the core provides increased resiliency and continues to function even after multiple voids for maximum **dryness**, and
- 3) Reducing the pH of the urine also reduces the growth of odor-causing bacteria and ammonia for **odor control**.

Easy-Fit Tapes

Innovative 3-piece refastening system allows repositioning of the tape tabs without tearing the brief.

Regular Size

Innovative sizing option utilizes the width of a large brief and the length of a medium brief, providing better fit for users and reduced costs. This size selection is excellent for residents that are less than 5' 6" tall but have hips or waist measurements of 44 to 56 inches.

Latex Free

ALL Attends Healthcare products are Latex Free.

Discreet Packaging

Many Attends Healthcare products are available with discreet outer shipping cases for customer privacy and dignity.

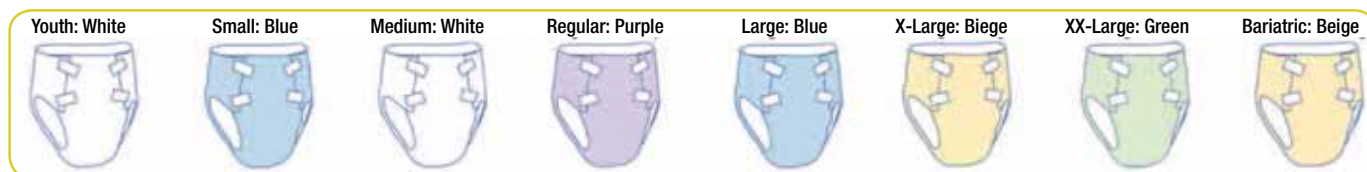

Attends™

BRIEF SELECTION & APPLICATION TIPS:

- Measure around the hips or waist, which ever is largest.
- When sizing, remember Bigger is not Better. Better Fit = Better Containment.
- Angling the top tape tabs down and the bottom tape tabs up (as illustrated in the brief pictures below) can help strengthen the attachment to the brief and serves to improve the fit on some residents.

BRIEF COLOUR CODING:

Attends Briefs® and Confidence Briefs are colour coded by size for an easier size recognition (except for Attends Briefs® Waistband Style, in which all sizes are white). The poly backsheet colours are as follows:

BRIEF SIZING GRID:

Our unique sizing grade is also colour-coded by size, and incorporates an easy way to find the correct size information already available. Simply take the user's weight and height, then find the meeting point of the two numbers. This box is colour-coded to the recommended size*. If a person weighs more than 250 pounds and has a waist size larger than 63 inches, they may fit into Attends Breathable Briefs™ size XX-large (which fit 63"-70") or Attends Bariatric Briefs® size XXX-large (which fit 70"-90").

*Sizing is not a perfect science, therefore the sizes given in the chart above are recommended only, not guaranteed.

WETNESS INDICATOR:

All Attends briefs have a wetness indicator on the outside of the brief that runs from the front of the brief to the back. The wetness indicator can help in determining when the brief should be changed and assist with proper application of the brief.

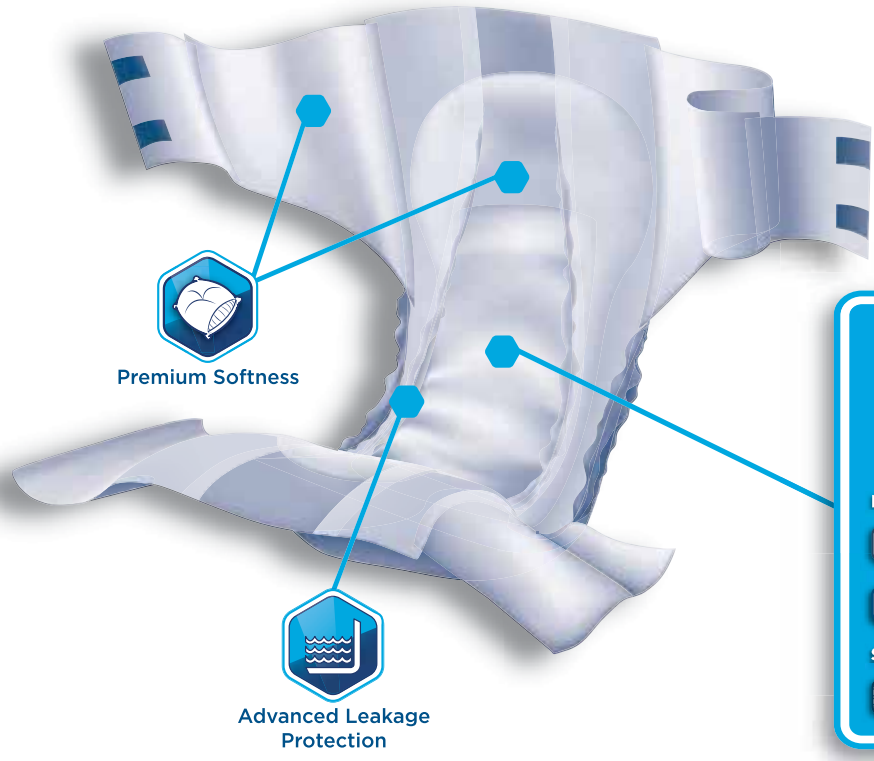

A wetness indicator is a convenient way to let a caregiver know if a brief needs to be changed. The wetness indicator will change colour from yellow to blue when the user has voided to let you know.

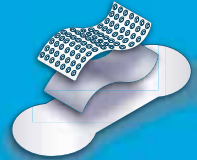

When applying a brief, the wetness indicator can help a caregiver know when to position to breathe correctly. The top of the wetness indicator on the back side of the brief should be placed at the persons coccyx. This will help center the brief properly, and most importantly it will help position the brief so that there is enough product to bring up through the groin.

SWIM BRIEFS

These swim briefs allow water to easily pass through while keeping solids securely contained and out of the pool. With quick drying nylon and a soft terry liner for comfort, the wrap style design makes it easy to change while the adjustable waist with added ties ensures a secure fit every time. Worn alone while swimming and with a diaper if needed when out of the water.

289-2180	Small, 22"-28" Waist	Each
289-2185	Medium, 30"-36"	Each
289-2190	Large, 38"-44"	Each

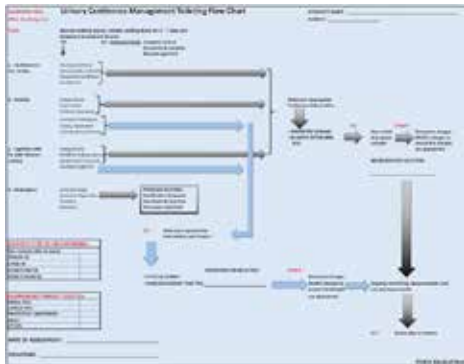

MEDICALMART® EDUCATIONAL PROGRAMS & TOOLS

Medical Mart has developed a series of educational DVD programs that targets the front line workers. All programs follow RNAO Best Practice Guidelines and comply with MOH Standards and the Long-Term Care Act. These programs are to assist homes with their own programs focusing on Residents First. They will enable staff with knowledge, training and tools to support them in making quality improvements aimed at enhancing safety and promoting changes that make a positive difference in the well being of your residents.

- **Perineal Care**
- **Preventative Skin Care and Pressure Ulcers**
- **Continence Care and Bowel Management**
- **Falls and Restraints**
- **Oral Care**
- **Catheter Care**
- **Infusion Therapy Program**

Our exclusive algorithm provides caregivers with a resident-centered, individualized toileting plan for each resident who is either continent or incontinent to meet the requirements of the Long Term Care Homes Act under the Continence Management Program.

The information gathered in this document maintains consistency, accuracy, eliminates other documents and saves valuable time for your staff. Your residents will also receive the appropriate treatment necessary for their own restorative care programs.

Hollister **M9 OSTOMY ODOUR ELIMINATOR**

Effectively and safely eliminates odours. Spray is available unscented or with a pleasant apple scent.

- 687-7717 Drops, 240mL ... Each
 687-7733 Spray, 240mL, Unscented Each

Trio Diamonds, is a product which can aid patients ileostomy care routines. The product, super-absorbent gelling sachets, help to keep stoma bag odour under control.

739-TR105 100/Box Each

OSTOMY SYSTEMS

TWO PIECE POUCHING SYSTEM

In a two-piece pouching system, the skin barrier and pouch come as separate units for assembly by the user. They are connected by snapping the two pieces together for a secure fit.

ONE PIECE POUCHING SYSTEM

In a one-piece pouching system, a skin barrier and pouch are constructed as one unit.

KANGAROO® EPUMP INTERNAL FEEDING SYSTEM

The KANGAROO ePUMP, the latest innovation in enteral feeding pump technology. When patients require nutrition through continuous feeding, intermittent feeding or feeding and flushing, KANGAROO ePUMP Enteral Feeding Pump delivers in one compact, easy-to-use device. Spike sets include new Spike-Right® Connector spike. When patients require nutrition through continuous feeding, intermittent feeding or feeding and flushing, the Kangaroo™ ePump feeding pump delivers in one compact, easy-to-use device.

- Easy step-by-step prompts, intuitive user interface and simplified set loading.
- Appropriate for virtually all patients, from infant through geriatric years.
- Easily transportable, with battery pack for up to 15 hours of backup power.
- Continuous or bolus enteral feeding and flushing capabilities, accurately and reliably, all from one pump.

Features:

- Attitude independent
- “Smart” pump set technology
- “ATM-style” ease of operation
- Feeding history up to 72 hours
- DEHP-free pump sets
- Anti-free-flow pump sets
- Programmable flushing capabilities

ENTRAFLO® (FORMALLY COMPAT®) NUTRITION DELIVERY SYSTEMS

When your nutrition delivery system is user friendly and dependable, everyone benefits. Nurses are more productive. Patients receive better care. And families are more confident in your facility. Our EntraFlo pumps and administration sets have features that make operation and formula administration easy.

ENTRAFLO® FEEDING PUMP

This clinically proven tube feeding pump is simple to set up and adjust.

- » Dual display windows let nurses monitor infusion rate, volume delivered and dose limit simultaneously
- » Automatically stops when dose is finished
- » Remembers flow rate, dose limit, volume delivered and accumulated volume
- » 8-hour battery life at 100 ml/hr, rechargeable while pump is operating
- » Simple to set up*

320-ENT199235 . . .	EntraFlo Feeding Pump.	Each
320-ENFIT70550 . . .	EntraFlo Safety Spike Plus Connector Line Tubing Set.	30/Case
320-ENFIT70552 . . .	EntraFlo 1000 ml Bag Tubing Set.	30/Case

ENTRAFLO H2O® FLUSH FEEDING PUMP

This advanced delivery system can be programmed for individualized patient feeding and hydration.

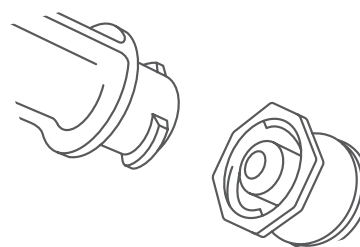

- » Auto primes formula and water through the administration set
- » Security doors restrict access to the administration set tubing and help keep it from being knocked loose
- » Remembers flow rate, dose limit, formula strength, water volume set, time interval, formula and water volume delivered, and accumulated volume
- » 8-hour battery life at 100 ml/hour; rechargeable while pump is operating
- » Simple to set up*

320-ENT199255 . . .	EntraFloH2O Feeding Pump.	Each
320-ENFIT70554 . . .	EntraFloH2O 1L Bag & 1L Flush Bag Set.	30/Case
320-ENFIT70555 . . .	EntraFloH2O Spike Plus Connect Line & 1L Flush Bag.	30/Case

The ENFit connector reduces the risk of tube feeding misconnections, helping enhance patient safety. It has a unique enteral-specific design that:

- » Doesn't allow administration sets, gastrostomy tubes and syringes to connect with any other connector for any other clinical use
- » Has a locking feature that secures the connection

WarmRight® technology uses multiple zone heating that monitors surfaces for safe temperature ranges. Efficient, balanced control allows for low energy consumption and minimal heat loss. Interior lighting casts a comforting blue glow with two (2) different intensity settings.

- Epoxy-coated interior surfaces
- 37-82°C (98-180°F) temperature range

Specifications:

- Single-chamber warming cabinet
- White epoxy-coated steel exterior casing and interior insert
- Single pane, energy efficient, e-coated glass window in door allows for inventory observation
- Easy, hands-free, push-button door release
- Door is fully gasketed and hinged on the right side of the unit
- WarmRight® technology utilizes multiple zone heating that monitors surfaces for safe temperature ranges
- DC350 includes a heated center shelf
- Furnished with four (4) 3/4" (19mm) non-skid rubber feet
- Optional casters available

Control:

- Electronic control
- Efficient, balanced heating system allows for low energy consumption and minimal heat loss
- Operates in Celsius or Fahrenheit
- Four digit L.E.D. display
- On/Off key
- Up and down arrow keys
- Actual temperature key
- Interior light key
- Built-in speaker for audible feedback
- Built-in button lock-out feature on control

Additional Features:

- L.E.D. interior lighting casts a comforting blue glow with two (2) different intensity settings, and off mode.
- In the event of a power failure the cabinet will remember its programming and begin to operate as before when power is restored.
- A warming shut-off system, separate from the electronic control, prevents overheating.
- Optional timer allows the user to program the control to automatically turn on and off at a selected time.

Available in three (4) different cabinet sizes:

COUNTERTOP MEDICATION & SOLUTIONS REFRIGERATOR

- Specifically designed and manufactured for the storage of pharmaceuticals, medicines, laboratory reagents and other related biological products
- Digital display
- Automatic defrost
- Excellent temperature control
- Safety System audible buzzing and visible flashing alarm, over temperature alarm, sensor failure alarm, open door alarm
- Ergonomic design with multi-level and adjustable shelves for various dimensions of products, making full use of the space
- White, with glass door
- 2.4 cubic feet - 20" w x 23" d x 26" h

C60-HYC-68A Each

SANYO® SCIENTIFIC GRADE LABORATORY REFRIGERATION

Designed for the demanding standards of clinical, life science, pharmaceutical, biotechnology, and industrial laboratories. Sanyo designed and manufactured compressors and key components, through stringent quality control processes, offers you the highest quality laboratory appliance available today. Sanyo refrigerators feature stable temperature and uniformity with convenient door mounted temperature controls. Doors have key locks for added security. Meant for exacting standards needed for vaccines and other crucial temperature controlled solutions and medications.

AA3-SR-L6111W 6.1 Cubic Feet Each

THERMOR® DIGITAL INDOOR/OUTDOOR THERMOMETER

MIDMARK® EXAMINATION ROOM CASEWORK

Medical Mart works closely with Midmark professionals to provide you with a vast array of examination room casework options.

Please contact your Medical Mart representative for further details.

YOUR MEDICAL MART SALES REPRESENTATIVE CAN HELP WITH ALL PRODUCTS NEEDED FOR SETTING UP AN EXAMINATION ROOM IN YOUR NURSING OR RETIREMENT HOME.

PRIVACY SCREEN, 3 PANEL

Sturdy 1" diameter anodized aluminum tubing. Screens are flame retardant bacteriostatic vinyl. Four 3" hooded casters. Easy to maintain and clean.
 · Overall height: 69"

320-MDS80450 Standard White Each

PEDAL EXERCISER

The Pedal Exerciser is chrome plated steel tubular frame. Can be used on the floor for exercising your legs or on the table for exercising your arms and upper body. Plastic pedals and foot strap. Sturdy rubber feet prevent exerciser from slipping. The exerciser has adjustable resistance. Use it to increase strength and improve coordination and circulation.

331-15E051A Each

EXERCISE FLOOR PADS

These all purpose, light weight mats are ideal for home or institutional exercise programs. The mats are constructed in two 22" (61cm) wide sections and joined together with Velcro, allowing them to be folded for storage or can be separated into two separate mats. Constructed of 2" (5cm) polyurethane foam and covered in reinforced vinyl. Sewn with nylon thread for extra strength. Carry handles on the side. Easy to keep clean.

331-15E082A 4' x 6' Each

331-15E081A 4' x 5' Each

PARALLEL BARS WITH PLATFORM

- One piece stainless steel handrails with end bumpers
- Uprights are ultra-heavy, square, telescoping steel tubing
- All models feature width adjustment
- Platforms models feature 1-1/2" thick, hardwood, plywood bases with ultradurable, UV cured, satin finish

843-3-2010 Each

OVERBED TABLE , ECONOMY

- H Base overbed table
- Walnut laminate top
- Height adjustment range: 28.25" - 43.25"
- Base dimensions: 15.25" x 26.38"
- Top dimensions: 15" x 31"
- Easy spring loaded height adjustment
- Dual wheel nylon casters, two of which lock
- Weight capacity 50 lbs
- 5 Year warranty

BEDPAN & COMMODOE PAIL ABSORBENT BAG

The bedpan cover is to be used in conjunction with a standard bedpan or over a standard commode pail. The cover has an absorbent pad that absorbs up to 500cc in organic liquid. The system provides an effective way to manage the collection, transportation, smell and disposal of organic waste. 162-764-104 Bags are biodegradable and can be used over commode pails for the same purpose.

- 320-MDS89664LINER . . . Hygienic Bedpan & Commode Pail Cover, 40cm x 52cm . . . 72/Box

Toileting Positioning Aid

Individualized intervention toileting program

Allows for easier and more effective elimination for bowels and bladder

Squatting, or getting closer to squatting with the help of the Squatty Potty, especially for elderly people, allows the anorectal angle to straighten so that less effort is required for evacuation.

- Increases comfort, dignity and ease of elimination for urine and stool
 - Reduces toileting time, frequency and length of time
 - Prevents fecal stagnation by helping to eliminate completely
 - Reduce the need for medications, e.g. laxatives
 - Reduces episodes of urinary tract infections in both frequency and intensity as the bladder is emptying completely
 - Non-Invasive alternative solution

Correct alignment will prevent constipation, hemorrhoids, bloating, straining, bladder and pelvic issues

D01-ECCO-7:
7" Toileting Stool (For standard height toilets)

D01-ECCO-9:
9" Toileting Stool (For high height toilets)

HYGIENE PULP™

Our Hygiene Pulp™ range is tested to ensure all products can be easily disposed of using all types of macerators for optimal environmental waste management.

Our unique packaging system includes the use of an outer carton as well as new appropriately sized inner bags. Together, they ensure that the products are well protected from the risk of contamination and moisture. They also provide significant convenience for users to handle and carry the products. In addition, the cartons are designed to reduce storage space and cost of transportation and minimize manual handling.

WELCH ALLYN® EAR WASH SYSTEM

- Eliminates messy outflow by automatically dislodging, removing and disposing of cerumen
- Transparent tip seals tightly and directs outflow back to sink and away from you and your patient
- You control and monitor suction, water temperature and pressure
- Safe—reduces typical side effects like vertigo, nausea and tympanic membrane damage
- Turn cerumen removal into a clean, quick, safe procedure with the first system to simultaneously irrigate and suction discharge using Hydrovac Action.

163-29350 Ear Wash System Each

WelchAllyn® PROBP™ 2400 DIGITAL BLOOD PRESSURE DEVICE

The Welch Allyn ProBP 2400 is not a typical electronic blood pressure device. It is an affordable, professional device that you can trust to accurately measure your patients' blood pressures despite many common underlying circumstances.

White Coat Hypertension:

ProBP 2400 features a 3-Reading Average Mode to help confirm or refute an unexpectedly high reading.

Abnormal Readings:

Manual Reading Mode allows ProBP 2400 to serve as a digital gauge to facilitate traditional auscultatory measurement whenever an oscillometric reading is not indicated for a patient.

Irregular Heartbeats:

Irregular heartbeat detection provides data to help clinicians make decisions regarding additional testing that may be required.

OMRON® DIGITAL BP UNIT AND STAND

Clinically validated for accuracy, the Omron Intellisense® Professional Digital Blood Pressure Monitor is designed from clinical use in a professional setting.

- Automatic cuff inflation and deflation eliminates the need to predetermine inflation level setting
- Average mode measures up to three readings and averages the total, for a more accurate measurement
- Four cuff sizes included - small, medium, large and extra large
- Reliable power supply through included AC adapter or rechargeable battery pack

OMRON® WRIST BP UNIT

The Omron BP652 7 SERIES wrist home blood pressure monitor is an advanced, portable model, offering discreet readings anywhere you go. Ideal for managing heart health, this monitor employs smart Heart GuideTechnology, automatically activating the moment your wrist is at heart level and offering precise readings every time.

Features:

- Heart guide technology
- Two user mode
- Bp level indicator
- Slim portable design
- Attached cuff fits wrist sizes 5.25" to 8.5"
- Detect irregular heartbeat
- Dimensions: 7.75" h x 4.5" w x 4" l, 1/2 lb weight

WelchAllyn® SURE TEMP® PLUS 690 ORAL THERMOMETER

Easy to use with intuitive operation, reduces the risk of cross-contamination with removable probe well and provides more reliable readings with improved accuracy.

163-01690-200 Thermometer Each
163-05031-105 Probe Covers 250/Box

GENIUS 2® TYMPANIC EAR THERMOMETER

- 1-2 Second Readings
- 15000 Readings on 3 AAA Batteries
- Portable or easily wall mounted
- Switches between F & C, and between oral, rectal or core equivalents
- 3 year warranty

510-303000 Thermometer With Base Each
 510-303030 Probe Covers 96/Box

TOUCH FREE INFRARED THERMOMETER

Features:

- No contact temperature readings
- Audible Alarm if Temp is too High
- Memorizes last 32 Temp. Measurements
- Temperature can be displayed in Celsius or Fahrenheit

Benefits:

- Reduces Risk of Conamination/Cross Infection
- Saves time for screening situations
- No need to wake patient to the temperature
- Can be used for surface temperature and bath water temperature

D48-MS-131000 Infrared Thermometer Each

DIGITAL THERMOMETER

- Compact size - under 5" long, weighs just 11 grams
- Range 90°F-109.9°F ±.2°F or 32°C - 43.2°C ±.1°C depending upon scale selection
- Reads in as little as 30 seconds (typical response time 30-40 seconds)
- Replaceable 1.55v (LR41) type battery provides up to 1,500 measurements
- Boxed unit complete with 5 sheaths

728-413B Thermometer Each
 728-416-100 Probe Covers 100/Box

BATH THERMOMETER

DIGITAL FINGER TIP PULSE OXIMETER, FINGER TIP

This is a device that combines a pulse oximeter monitor and sensor into one assembly that measures SpO2 (saturation of oxygen in blood), pulse rate, and pulse strength on the finger. Simply attach the device to someone's finger and read the results. Designed to be used as a "spot check" device.

728-2100 Each

EDAN® PULSE OXIMETER, HAND HELD

The H100B employs EDAN SpO2 technology which has the equivalent performance as the industry leaders'. Its pocket-size design makes it extremely suitable for spot-checks and ambulatories.

- Compact & lightweight
- LCD display
- Advanced SpO2 module with equivalent performance as the industry leaders'
- Real-time measurements display
- Plethysmogram display
- Trend table and trend graphs
- Long working-time on battery only
- Large storage capacity

C66-H100B Each

PULSE OXIMETER, HAND HELD

- Durable and lightweight design
- Quantitative pulse strength bar on screen
- Fast, reliable SpO2 and pulse rate measurements
- Simple on/off control with auto shutoff to conserve battery life
- Monitor patients ranging from neonate to adult

820-WW1000EN Each

PULSE OXIMETER, MASIMO® TECHNOLOGY, HAND HELD

- Masimo SET® technology is scientifically and clinically proven to provide accurate pulse oximetry measurements during motion and low perfusion
- Lightweight, convenient handheld device with a long battery life, over 30 hours/4 - AA batteries
- FastStart™ allows for rapid measurement at start-up
- Perfusion Index (PI) indicates arterial pulse signal strength
- Audible and Visual alarms for Sensor Off and Low Battery

3M LITTMANN® CLASSIC III STETHOSCOPE

Right out of the box, it lives up to its name. The Classic III stethoscope is the latest version of the stethoscope that helps millions of medical professionals to auscultate effectively. It brings design, materials, and technology to the Littmann stethoscope series used by clinicians around the world. The Classic III stethoscope offers you:

High acoustic sensitivity for performing general physical assessments.

Tunable diaphragms on both the adult and pediatric sides of the chestpiece.

Single-piece diaphragm that's easy to attach and easy to clean because the surface is smooth without crevices.

Next-generation tubing with improved resistance to skin oils and alcohol for longer tubing life. Less likely to pick up stains.*

Using a Classic III stethoscope demonstrates what's important to you as a medical professional: quality and achievement.

Features:

Tunable technology is a 3M invention that lets you shift between hearing high and low frequency sounds by simply adjusting how much you press on the chestpiece.

Soft-sealing eartips give you a comfortable fit and an excellent acoustic seal; they snap tightly onto the eartubes for safety.

Open bell stays clear of dirt and debris by keeping it covered with the small diaphragm.

Adjustable headset lets you easily set the tension for head size and comfort just by squeezing or pulling apart the eartubes.

No natural rubber latex or phthalate plasticizers are used in the tubing or any other component—to help protect human health and the environment.

Made in the USA. We apply rigorous process and quality controls to every Littmann brand stethoscope. You'll always get a durable, dependable, clinical tool that will serve you for years to come.

AED PLUS[®] SEMI-AUTOMATIC DEFIBRILLATOR

ZOLL's AED Plus[®] features Real CPR Help[®], a tool that is able to actually see what you are doing and provide feedback to help you do it well. Audio and visual prompts help you rescue with confidence and clarity unmatched by any other automated external defibrillator (AED).

- Not pushing hard enough? It will tell you when to push harder.
- Pushing hard enough? It will say, "Good compressions."
- Not pushing fast enough? A metronome will lead you to the right rate.
- It will even show you the depth of each compression. In real time.
- Not yet started? The AED Plus will tell you again to get started.
- Compressions stopped? It will tell you to continue.

470-20100000102011060 Each

AED PLUS[®] FULLY AUTOMATIC DEFIBRILLATOR

When the Fully Automatic AED Plus detects a shockable heart rhythm, it delivers the shock on its own, with no rescuer interaction required. No one needs to push a button. Once the heart analysis begins and the Fully Automatic AED Plus prompts, "DON'T TOUCH PATIENT," if a shock is needed, it will be delivered automatically after a brief verbal countdown. Research shows that safety is not compromised when rescuers use a fully automatic rather than a semiautomatic AED.

Evacusafe[™] EXCEL EVACUATION CHAIR

Evacusafe Excel Evacuation Chairs are designed to enable the safe and comfortable evacuation of mobility impaired people in the event of an emergency, such as fire. The chairs are designed for ease-of-use on internal stairways and fire escapes as well as along flat surfaces.

Evacuation Chairs are suitable for a single person operation, even with up to 400 pounds on board. Mainly operated on a straight continuous run, they can also be used (with some training) on a mild spiral, though this will be best suited for a 2 person operation.

- Lightweight yet incredibly strong
- Can transport persons of up to 180Kg
- Handle can fold away and the chair can then be used as a temporary wheelchair
- Supportive FLAT seat, foot and armrests and padded headrest, the chair is very comfortable to stay in for extended periods
- Folds flat and can be stored on the wall with the hooks supplied along with an 'Evacuation Chair' wall sign
- No Lifting or manual handling required
- Tough, long lasting cover helps keep the equipment clean, protected and ready for use
- Easy to set up and use
- Online training is available via the manufacturer's online training site for a nominal fee
- Ideal for downward stairway evacuation
- Rubberized friction activated tracks
- 4 wheels for optimum manoeuvrability
- Foot operated brake
- Built in carry handles
- Quick release safety harness
- Removable covers

BRODA® AUTO LOCKING GLIDER CHAIR

BRODA's Auto Locking Glider provides exceptional comfort and safety. The Auto Locking Glider provides a gentle gliding action to help create a calming, soothing effect for agitated individuals. The gliding action is excellent for Alzheimer's and Dementia as it helps reduce the need for wandering.

BRODA's unique Comfort Tension Seating® system provides pressure redistribution and air flow for increased sitting comfort and support.

Designed for Fall Prevention, the Auto Locking Glider begins to glide once the resident sits in the chair, and stops gliding once the resident begins to vacate the chair. It also features a caregiver lock to prevent unwanted gliding.

It is ideal for long-term care, assisted living and acute-care facilities for:

- Residents requiring Low to Moderate levels of nursing care.
- Alzheimer's and dementia residents unit within a facility
- Ambulatory residents who can benefit from mild exercise.
- Great for patient rooms, and lounge areas within a facility

Available in 5 different colours (Blackberry w/grey frame, Burgundy w/grey frame, Charcoal w/grey frame, Sapphire Blue w/grey frame and meteor w/ brown frame) and different seat widths and back heights.

CAREFOAM® TILT ROLLABOUT CHAIR

The gas-cylinder-assisted tilt system of this is infinitely adjustable, enabling the resident to be positioned from upright to a comfortable recline. The large wheels that are suitable for indoor and outdoor use. The Tilt Rollabout is especially recommended for those residents needing frequent position changes to reduce the possibility of tissue breakdown. The exclusive sling-back design provides lumbar support and thoracic stability, and the seating area is lined with memory foam. The adjustable leg rest is ideal for residents with contractures or for those who need maximum lower limb elevation. Available with solid blue or tapestry multi outer cover wool, blue fleece or beige fleece interior cover.

B56-CF510 18" Seat Width Each
 B56-CF520 20" Seat Width Each

CAREFOAM® ROLLABOUT CHAIR

The exclusive sling-back design accommodates the physical changes of aging while providing lumbar support and thoracic stability. This design also keeps the resident's head upright, eliminating the "looking at the ceiling" position so common with other chairs. The anti-thrust seat effectively prevents sliding out of the chair. The infinitely adjustable leg rest is ideal for residents with contractures or for those who need maximum lower limb elevation. All-foam construction and lambswool comfort cover eliminate hard edges, preventing bruising and skin tears. Available with solid blue or tapestry multi outer cover wool, blue fleece or beige fleece interior cover.

Professional **DIGITAL EYE LEVEL SCALE**

The Elevate EMRscale digitally measures height, weight and BMI and transmits those measurements via its Connectivity Kit. This Connectivity Kit is an external adapter that allows the scale to interface with Welch Allyn Connex Vital Signs Monitors, Connex® Spot Monitors, and Connex® Integrated Wall Systems. From the Welch Allyn Connex® device, the data can then be displayed, saved, and transferred into EMR systems. Additional Features and Benefits of the Elevate EMRscale™

- Fast and simple digital calculations of weight, height and BMI speeds process of vital sign measurement
- Digital transmission of vital signs reduces the risks of error that can occur with manual data entry
- Low Profile Platform requires only minimal step up, offering patient a more comfortable and stable weighing experience
- High 600lb capacity

654-ELEVATE-C Each

DIGITAL CHAIR SCALE

- This scale is designed for the mobility-challenged who have a difficult time standing on a conventional scale.
- Equipped with a plastic seat and large 1" LCD display.
- Swing-up arms enable easy access and exit.
- Movement compensation technology eliminates inaccuracies caused by involuntary movement during the weighing process.
- Units of measure in lb only, kg only and lb/kg.
- Includes internal rechargeable battery, low battery indicator (auto shut off), BMI (body mass index) function, reweigh, hold function and tare function. AC Adapter is optional #MDR133077

SENTRY UMP™ MAGNET PULL STRING ALARM

Deluxe pull string monitor is an easy-to-use, low cost pull-string monitor which activates when un-supervised resident movement occurs. The monitor system attaches to a bed or chair and the exclusive "Safety Klip" is attached to the resident. An alarm sounds when the magnetic seal is broken between the monitor and the magnet indicating resident movement.

660-91230 Each

SENTRY UMP™ INFRARED BED/DOOR ALARM MONITOR

InfraRed bed-door monitor uses infrared detection technology to determine when a fall risk resident leaves bed or a wandering resident leaves their room. The monitor sounds an alarm to alert the caregiver when the patient breaks an infrared beam eliminating the need for sensor pads or strings attached to the patient. This monitor is battery powered (not included) making it completely portable and particularly useful where the presence of cords or strings is undesirable.

660-91170 Each

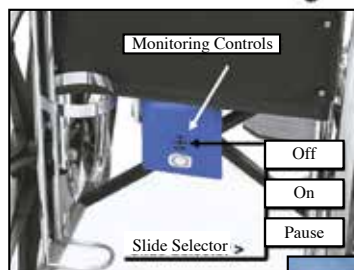

STAND-DOWN® FALL PREVENTION ALARM PADS

- Complete one piece system
- No tangled wires
- No need to replace batteries
- No alert units to locate
- "Patient Tamper Proof" switch
- "Pause" function allows caregiver to momentarily accompany patient/resident away from the unit
- Folds easily for storage
- 1 year warranty

FALL SAFETY

C55-TL-2100G

Cordless® Fall Monitor
Bright blinking light that can be easily seen down the hall!

No Cords Between Pads and Monitor Reduces tripping hazards and eliminates broken or tangled pad cords around the bed.

Quieter. No Noise In Room!

Monitor can be mounted away from the resident's bed and placed in the hall. Alarm alert may be adjusted to any desired volume. Has a bright blinking light that can easily be seen down the hall.

Works With Multiple Products

Use one Quiet CordLess® monitor with bed sensor pads, chair sensor pads, pressure sensing floor mats, fall mats or motion sensors. Can monitor two components at one time if desired.

Connect to Existing Call System

The FallGuard "Complete Kit" comes with a Y-Adapter, connector cable and wall mount clip that allows the TL-2100G monitor to connect to existing call bell systems to alert staff at the nursing station.

EASY-TO-INSTALL™ ANTI-WANDERING SYSTEMS

Installs in 3 easy steps!

Up and running the day you get it!

You can install it yourself!

C55-2012SR1

EASY-TO-INSTALL™ ANTI-WANDERING DOOR BAR SYSTEM

This Easy-to-Install Door Monitoring System functions with just a door alarm and a resident wristband. When a resident wearing a wristband attempts to wander too close or through the doorway, the door monitor alarm will alert audibly and visually (alarm will sound and bar will flash). Caregivers can easily silence alarm using the Remote, Wall-Mounted Reset Button or handy Caregiver Key. Door Bar Systems can be expanded using the optional Large-Facility Central Monitoring Unit, which is capable of sounding an alarm at a central nurses' station and will display both the doorway location and the identity of the resident who triggered the alarm!

Risk Manager™ Bedside Safety Mat

**Minimize the impact of falls
On your residents and on your facility.**

Statistics don't lie. Despite the best efforts of the healthcare community, falls by nursing home residents and hospital patients do occur. When they do, the physical, legal, and financial impact can be devastating to all involved. Span-America's new Risk Manager™ bedside safety mat is designed to help. Science. Safety. Simplicity. The Risk Manager is engineered from an ultra-tough, impact-absorbing lightweight elastomeric gel compound commonly used in expensive orthotics and premium footwear. Independent laboratory testing (see chart) verifies that the Risk Manager greatly reduces the peak G-forces generated by falls, easily surpassing the impact reduction provided by thicker, bulkier gym mat-style pads. It also outperforms the most commonly purchased specialty fall strip, which relies on the same low-tech foam scrap padding typically found under residential carpeting. Best of all, the Risk Manager provides this performance while also delivering crucial advantages in cleanability, caregiver comfort, ease of use, and portability.

Premium elastomeric gel surface reduces impact from falls. Bonus: Provides welcome comfort for bedside caregivers.

Nano-silver throughout Protects mat from stains, odor-causing bacteria, mold and mildew. Mat wipes clean with most standard cleaning agents.

Non-skid bottom grips floor, helps keep mat in place. **Non-slip textured top** provides added safety.

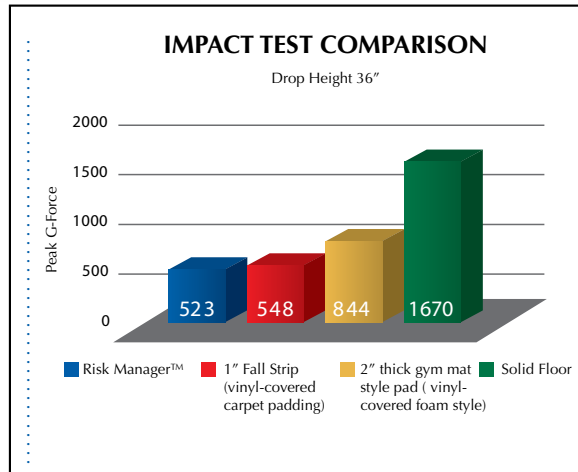

Low profile and beveled edge allow easy on and off for wheelchairs and lifts.

Not a trip hazard, Unlike bulky gym-style mats. Thin, stable surface means staff won't move Risk Manager from beside bed.

Grip strips: These strips are for use on highly-polished floors where extra slide resistance may be desired

Rolls up for easy storage. 25% lighter than leading fall strip.

BEDSIDE FALL SAFETY FLOOR MAT

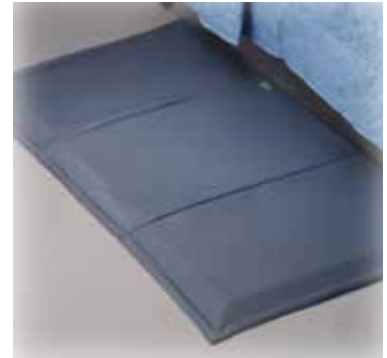

- Full 70" length provides maximum coverage alongside bed.
- Tough and lightweight - Mats are constructed from high quality molded Polyurethane foam inner core (210kgs/cubic meter) to provide maximum absorption and rebound to reduce impact in the event of a fall.
- Passed 5 foot "Egg Drop Test" - an egg was dropped from 5 feet above the mat without damage.
- Low profile with tapered edges allow equipment such as overbed tables or patient lifts to roll over easily.
- Anti-slip bottom netting keeps the mat secure to help prevent accidental tripping.
- Embossed non-slip PVC leather look top is not only attractive but extremely durable and puncture resistant.
- Non-slip pattern helps minimize slipping and is easy to clean with mild soap and water.
- Available in two colors; Brown & Gray.

A41-PM20BA Brown 24" x 70" Each
 A41-PM20GA Gray 24" x 70" Each

POSEY® BEVELED EDGE BEDSIDE FALL SAFETY FLOOR MAT

- Helps reduce impact forces by up to 85%
- Meets ASTM standards for shock absorbency
- EVA foam
- Wipe clean cover
- Non-skid bottom
- Tri-fold design with convenient carrying handle
- One-inch thick foam creates low profile edges
- Helps provide full coverage of the bed exit area

287-6023 72" x 38" Each

SIDE RAIL BUMPER PADS

These wipeable pads are efficient and safe. All bumper pads are 1" thick and covered in a waterproof, flame retardent and easily cleanable cover. Has velcro fasteners that wrap around the top of the rail to pad top & side of rails.

C24-VM-3010-NVST 14" x 30" x 1" Pair
 C24-VM-3015-NVST 14" x 60" x 1" Pair

POSEY® BED BUMPERS

Patients at risk for bed entrapment and/or injury; patients prone to unassisted bed exit.

- Cost-effective alternative to perimeter mattresses
- Rises only 5" (13 cm) above the mattress
- Hook and loop straps enable fast and easy application and removal.
- Wipe-clean vinyl cover.

287-5713..... 33"L x 11"H x 2"D (84 cm x 28 cm x 5 cm)..... Pair

POSEY® GAP FILLERS

Helps eliminate gaps between the mattress and the bed headboard, footboard and/or side rails.

- Sewn-in zippers allow gap fillers to be connected together.
- Durable foam construction covered in wipe-clean vinyl.
- 35"L x 6"H x 2"D (89 cm x 15 cm x 5 cm)

287-5715..... Pair

POSEY® SOFT RAILS DOUBLE BOLSTER WITH VINYL COVER

An alternative to bed side rails, the Posey soft rails help prevent lucid patients at risk from falls from rolling out of bed, while allowing sufficient space for patient comfort. The adjustable bolster attaches with hook and loop and can be positioned to accommodate individual resident needs or may be completely removed for patient transfer. The soft rails easily attach to the bed with quick-release buckles. May be used with side rails raised or lowered.

287-5716SC..... Pair

POSEY® ROLL GUARDS WITH VINYL COVER

An alternative to bed side rails, the Posey roll guard allows easy bed entry and exit, while helping to protect lucid patients from falling out of bed. The roll guard easily attaches to the bed frame with quick-release buckles and gives patients a maximum sleeping surface. The roll guard may also be used as a pressure relieving positioning aid to help increase patient comfort. The vinyl inner pillows may be removed and wiped clean with liquid disinfectant.

287-5700SC.....Pair

POSEY® POSITIONING ROLLS

Versatile positioning aid that can be used in either a bed or chair. Filled with polystyrene beads.

- Full body support in lateral or dorsal positioning.
- Center pillow can be rolled out to help provide lumbar, head and neck support.
- Available in machine washable brushed polyester or wipe clean vinyl.
- Enclosed pillows covered in wipe-clean vinyl.
- Replacement covers available.

SANIPULL® BULK PREMIUM™ PULL SYSTEM: BULK COMPONENTS

Sanipull® is a cleanable replacement pull system for switches commonly found in healthcare facilities, care homes, and public toilets, on lights, alarm stations, nurse calls, and patient lifts. Sanipull replaces unsanitary cords with a user-friendly vinyl ribbon profile pull and is a proven solution in over 1000 North American facilities (client list at www.Sanipull.com). It can be easily attached to any switch with an adaptor or removable Sanipull spring clip.

The major benefits of using Sanipull cleanable vinyl pulls in your healthcare facility are:

- Proactive prevention of facility acquired infection (in conjunction with good housekeeping practices)
- Economic retrofit pull solution that is durable and quick to install
- Protects fixtures from over-force damage
- Disinfected easily with standard cleaning procedures and disinfectants.

Sanipull Bulk rolls were designed to be an economical full-featured retrofit pull for facilities using nurse call and over bed lights in quantity. Pulls can be assembled and installed in seconds, using simple tools. They can be configured to attach to any existing fixture which uses a chain or cord, attaching either with a clip or an adaptor. Handles or clips can be added as required. The Sanipull Bulk Premium™ clip can be used both to attach to the fixture and to clip to linen or back to the pull ribbon. When attached to a fixture, it will release if pulled to strongly, to avoid switch breakage, and can be re-attached easily by anyone. Sanipull Bulk Premium™ are available with standard Sanipull vinyl ribbon or our recommended anti-ligature modified ribbon. The pre-punched holes of antiligature ribbon also simplify installation, as holes at opposite ends of the pulls are used to anchor the ribbon to the clips or adaptors. Stock colours are blue and red but other colours are available.

SANIPULL® BULK RIBBON ROLLS

Bulk Rolls of Sanipull ribbons available in different lengths, different colours and with or without anti-ligature holes

SHEAR COMFORT XD1900 MEDICAL SHEEPSKIN PRODUCTS

Pressure Smart XD products are made from 100% Australian wool and offer a new level of pressure sore, bedsore and decubitus ulcer prevention. Because of the wool fibres ability to contour and cushion the body, Pressure Smart XD reduces resistance to movement and friction. Wool absorbs up to 30% of its weight in water without feeling wet, is a key factor in preventing ulcer development. Warm in winter and cool in summer. Wool is naturally anti-microbial and antibacterial. All

Shear Comfort products are machine washable in water up to 80°C for disinfection and cross infection control.

SHEAR COMFORT® SUPERIOR OVERLAY

A full bed overlay. Suitable for long term patients where Shear, Friction and pressure are a concern. 75cm x 150cm.

514-002633 Each

SHEAR COMFORT® PRESSURE CARE ASSIST

A 70cm x 30cm strip of sheep skin covering a width of a single bed with linen flaps to tuck under the mattress. For a person with the possible risk of ulceration to the sacrum, heels, shoulders or head.

514-002169 Each

SHEAR COMFORT® CHAIR CUSHION

Can be used directly on a seat or back of a standard wheelchair. Each cushion comes with Velcro straps to hold it in place around cushions or wheelchair canvasses. Buy 2 for complete seat & back protection as shown.

514-002152 Each

SHEAR COMFORT® CALF PLATE PROTECTOR

Designed to ease pressure areas for wheelchair patients. Sheer Comfort Calf Plate Protectors are adaptable for a range of applications.

514-002138 Pair

SHEAR COMFORT® FOOT PLATE PROTECTOR

Sheer Comfort Foot Plate Protectors are adaptable for a range of wheelchairs.

514-002126 Pair

SHEAR COMFORT® ELBOW PROTECTOR

The elbow is a common problem point for pressure ulceration and with its limited blood supply is slow to repair. Good for use in a bed or in a wheelchair.

514-002664 Pair

SHEAR COMFORT® HEEL PROTECTOR

20% of all pressure ulcers occur at the heels. The Sheer Comfort Heel Protector protects the heels wherever the feet are placed.

514-002275 Each

SHEAR COMFORT® PALM PROTECTOR

Protect where contractures of the fingers press the nails into the palms of the hands. Also offers moisture absorption reducing the likelihood of maceration. Fits either right or left hand.

514-003074 Each

SHEAR COMFORT® 1L SHAMPOO

Formulated to protect the softness and therapeutic advantages of Sheer Comfort with the inclusion of an antibacterial which protects against bacterial growth, eliminating cross infection and preventing odours. Also contains Tea Tree Oil, an effective deterrent against dust mites - a known allergen to asthmatics.

514-000905 Each

ELBOW & HEEL PROTECTOR

These Heel/Elbow Protectors are made with synthetic polyester pile with velcro closure for ease of application and removal. Sold in pairs, one size fits all

4AA-79-81050 Pair

POSEY® HEEL PROTECTORS

Made from synthetic fur and helps offer comfort and warmth for patients with sensitive skin.

- Hook and loop fasteners for quick and easy application.
- Machine washable.
- Extra large ventilation holes and “sure stay” strap.

287-6125 Pair

POSEY® KNITTED HEEL/ELBOW PROTECTORS

Comfortable sock-like coverings that provide comfort and help protect against friction and shear forces. Made from a latex-free flexible stretch weave material with a cushioned foam pad sewn to the inside.

ELBOWLIFT® SUSPENSION PAD

Protects the Olecranon and the Olecranon Bursa from Friction Burns and Pressure Ulcers Relieving elbow pressure and preventing friction is a challenge. The Elbowlift® Suspension Pad meets that challenge by elevating and cushioning the elbow, protecting the sensitive olecranon and olecranon bursa. The fabric cover allows the elbow to move across the sheets comfortably.

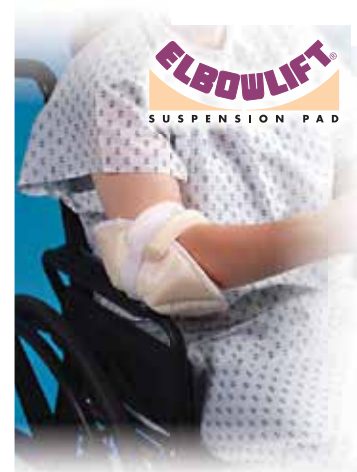

Adjustable, cushioned strap wraps around arm to keep pad in place

Smooth backing for improved patient movement

Center hole relieves pressure and functions as a placement guide

HEELSAFE™ DVT HOSE LEG SLEEVES

The innovative window design keeps the pressure off the heel, while allowing you to quickly and easily inspect the heel in a fraction of the time. The soft, ultra-stretch fabric makes them comfortable and easy to put on and take off. HeelSafe not only guards against serious complications like deep vein thrombosis (DVT) and the re-occurrence of venous ulcers, but also prevents swelling and fatigue.

Available in sizes S through XXL in both thigh-high and knee-high, HeelSafe are comfortable enough for all-day wear, while the moisture wicking yarn keeps the skin dry and cool.

HeelSafe is indicated for:

- Patients at risk for DVT or the re-occurrence of venous ulcers
- Patients at risk for or with a history of heel pressure ulcers
- Those with limited mobility, or who sit, stand, or travel for long periods of time.

HeelSafe can be machine washed in warm water (delicate). Do not wring, iron or use bleach.

PREVAMATT® DELUXE FOAM SUPPORT MATTRESS

The PrevaMatt Deluxe features Visco Memory foam in the slope heel section and die cut high density foam in the torso and head sections. Incorporates a sloped heel section to redistribute pressure in the delicate heel and lower leg area. Firm perimeter foam provides added stability during resident transfer and helps resident safety by preventing entrapment between mattress and rails. Strategically located cuts in mattress base promotes easier flexing during bed frame articulation which reduces wear and tear on mattress/cover and prolongs mattress life. Easy to clean cover comes standard in 70-denier nylon or an optional four way stretch material. Available with optional built up side bolsters. Designed for moderate to high risk patients. All mattresses are flame and fire retardant and meets or exceeds the new CAN/ULC-S137 standard.

SPECIFICATIONS

over-all length – 76", 80" or 84" over-all width – 36"

PRIMA-GEL® DELUXE MATTRESS

The Prima-Gel Deluxe Mattress combines the comfort and pressure reduction of foam therapeutic mattress with the pressure relief and temperature regulation of gel. In this unique process our therapeutic foam core mattress is covered with a 3/4" pillow top gel honeycomb topper in the torso and foot section of the mattress to deliver unparalleled comfort, temperature control and wound prevention. The gel topper distributes the pressure more evenly over these regions resulting in better pressure interfaces. The honeycomb design of the gel allows for better temperature control around the sensitive pressure areas of the body. The Prima-Gel Gel mattress has an incorporated high density foam perimeter to aid in transfers as well as to prevent bed entrapment. The special Recovery 5 Stretch cover provides fluid protection as well as a softer feel and stretch compared to regular nylon covered mattresses.

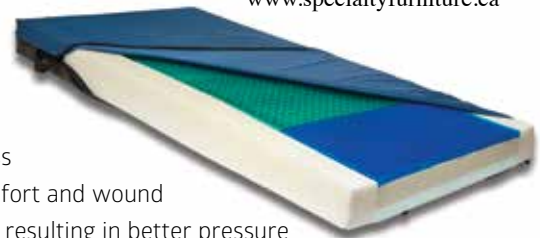

- 3/4" gel honeycomb comfort topper in torso and foot sections regulates temperature reducing perspiration and provides immersion for pressure reduction as well as increased comfort
- Dual density foam core with sloped heel zone to relieve pressure in sensitive foot region
- Firm perimeter border Allows for easier transfers and a firm supportive edge to meet all bed entrapment guidelines
- Recovery5 cover ensures the mattress is protected from fluid while still allowing maximum immersion with its stretch capabilities

PRIMA-GEL® ELITE MATTRESS

The Prima-Gel Elite Mattress combines the comfort and pressure reduction of foam therapeutic mattress with the pressure relief and temperature regulation of gel. In the critical torso section of the Prima-Gel Elite mattress we incorporate a larger and deeper honeycomb gel design to provide maximum pressure relief and temperature control for Stage I-IV pressure ulcers. The sensitive heel section of the Prima-Gel Elite mattress is covered with a 3/4" pillow top gel honeycomb topper to deliver unparalleled comfort and wound prevention. The gel topper distributes the pressure more evenly over these regions resulting in better pressure interfaces. The honeycomb design of the gel allows for better temperature control around the sensitive pressure areas of the body. The Prima-Gel Gel mattress has an incorporated high density foam perimeter to aid in transfers as well as to prevent bed entrapment. The special Recovery 5 Stretch cover provides fluid protection as well as a softer feel and stretch compared to regular nylon covered mattresses.

- Full Torso Section large honeycomb gel pad for maximum pressure relief, comfort and temperature control in critical pressure area of the mattress
- 3/4" gel honeycomb comfort topper in foot section provides immersion for pressure reduction as well as increased comfort
- Dual density foam core with sloped heel zone to relieve pressure in sensitive foot region

P.R.O. MATT® PLUS CONVERTIBLE FOAM THERAPY SURFACE

Mattress Features and Benefits

- Non-powered mattress replacement converts to alternating pressure therapy with addition of optional control unit
- Four-zone system (head, shoulder, torso and foot) inner air core reproduces the surface pressure profile of a therapeutic low air loss mattress
- P.R.O. Technology valve maintains optimal air pressures in each therapy zone for superior pressure redistribution regardless of patient weight and profile
- One-inch viscoelastic topper enhances pressure redistribution and patient comfort
- Surrounding firm perimeter provides stability during patient care & patient safety by eliminating gaps between frames and siderails
- Horizontal air tubes are superior to other manufacturers vertical tubes as they provide better pressure relief & do not kink if bed is latched
- Self-calibrating design needs no manual inflation
- Nylon therapy pad is standard, waterproof & is a low friction and low shear surface

Feature	SPF ES2 Control Unit
Dimensions	7.5" w x 12.25" h x 5.5" d
Comfort Settings	5
Cycle Times	5, 10, 15 Minutes
Modes of Operation	Three - Autofirm, alternating and therapy
Lockout	Yes

Clinical Indications

Pressure Redistribution: Stage I – IV Pressure Ulcers*; Rehabilitation; Burns; Neurology; Dermatology; Amputations
 Pain Management: AIDS; Arthritis; Oncology

*In the non-powered mode, the P.R.O. Matt Plus is indicated for prevention through Stage II pressure ulcers. With the addition of an optional control unit and based on individual patient assessment, the P.R.O. Matt Plus may be used for the treatment of uncomplicated stage III or IV pressure ulcers.

Maximum Weight Capacity*: 500 lbs

Warranty: Mattress: Five-years, non-prorated; Cover: Two-year

DERMAFLOAT® ALTERNATING & LOW AIR LOSS MATTRESSES

The Dermafloat® APL is a combination alternating pressure and low air loss therapeutic mattress replacement system designed for the treatment and prevention of pressure ulcers up to Stage IV. The Dermafloat® LAL is a true low air loss only mattress with higher air flow circulation than the APL

Mattress features:

- Twenty individual cells help to evenly distribute resident's weight and maximize pressure relief
- Integrated low air loss delivery system: Up to 40 liters airflow per minute when the alternating cycle is complete or unit is in static therapy mode
- Two-way stretch therapy pad—low shear and low friction, treated with an antibacterial and antifungal agent and is vapor permeable
- ChairRails risk management side air bolsters (Removable if not needed)
- Mattress size: 36" W x 80" L x 8" D
- Maximum weight capacity: 350 lbs.

Control unit features:

- Three alternating cycle times (APL only)
- Eight comfort control settings maximizes resident compliance and promotes healing.
- Fowler Boost inflates sacral section enhancing pressure relief when head of bed is elevated at 30° or greater
- Automatic panel lockout to avoid unwanted or unintended adjustments
- Audible power failure alarm with reset
- CPR quick deflation

**SAFESTRAW® DRINKING STRAW**

- Successfully delivers approximately 6.2mL (roughly 1 tsp) of fluids per suck
- Alleviates the laborious task of manually controlling volume intake
- Two versions allow use with both thin or nectar thickened fluids
- Assists with the prevention of aspiration when drinking fluids
- Assists with oral motor control of a liquid bolus
- Fits in a variety of drinking containers including cups and bottles
- Disassembles for easy cleaning with hot water and soap, or the top rack of a dishwasher

HERRINGBONE FLANNEL SPREADS

55% Cotton · 45% Poly Blend

- This Herringbone spread is extremely cost effective due to durability.
- Retains body heat well because of the tight weave.
- Is soft and comfortable because it's napped on both sides.
- Low processing cost, lightweight and 55% cotton / 45% polyester.

320-MDTSB4B30ANT 70" x 108" Antique Rose 12/Case

THERMAL SERPENTINE BLANKET

- The tight weave makes it "snag-less" meaning fewer replacements and greater warmth.
- Better durability compared to traditional thermals saves you money over time.
- White blanket is made of 55% cotton / 45% polyester
- Measures 66" x 90"
- 2.3oz weight

320-MDTTB4B23WHIR 24/Case
-------------------	---------------

SOFT-FIT® KNITTED BED SHEETS

55% Cotton • 45% Poly Blend

- Soft-Fit® provides exceptional patient comfort while potentially reducing laundry costs.
- These soft sheets provide maximum resident comfort and minimize the chance of skin breakdown.
- The cotton yarns are taken through a “combing” process to ensure that we use the strongest and finest yarns.
- Since these sheets are knitted instead of woven, they come out of the dryer virtually wrinkle-free with no need for ironing.
- Now constructed with Spandex in the binding to provide an even better fit to the mattress.
- All Soft-Fit knitted sheets have a 14” gusset.

TOUCH-TEST® SENSORY EVALUATOR

Touch-Test® Sensory Evaluators are individually calibrated within a 5% standard deviation of a predetermined level of force. The filament bends when peak force threshold is reached. The unique handle easily opens to a 90° angle for testing. When closed, the Sensory Evaluator can be carried safely in a pocket or carrying case, protecting the filament when not in use. Finger indentations on the handle provide a firm, comfortable hold. The Sensory Evaluator handles are marked with the corresponding colour-coded pressure level.

Redefine vitals documentation with the market leader that's been doing it for 100 years.

The Welch Allyn Connex[®] family of vital signs devices wirelessly transmits residents' vital signs from the point of care directly into your EMR—to help staff be more efficient and assure the accuracy of patient information for more informed care decisions.
