“We have to continue to make a difference”

Vision Statement: Hiram High School focuses on academic excellence and develops citizens who will make a living, a life, and a difference.

Mission Statement: Hiram High School sets high expectations for academic and personal growth for all students based on the rigorous curriculum. All students will have multiple opportunities to demonstrate high performance mastery in a safe and orderly environment.

Belief Statement: Students learn in different ways and should be provided with a variety of instructional approaches to support their learning.

A student should have positive relationships and mutual respect among and between students and staff.

A safe and physically comfortable environment promotes student learning. The commitment to continuous improvement is imperative if our school is going to enable students to become confident, self-directed, lifelong learners.

Welcome to the 2017-18 football season! Friday nights in the fall are always exciting! Although academics are our #1 priority, extracurricular/athletic activities assist in building teamwork, fair play, sportsmanship, self-esteem and school morale. These activities provide our students with a well-rounded high school experience.

As parents of a student-athlete in our schools, I challenge you to:

- Realize that athletics are part of the educational experience, and the benefits of involvement go beyond the final score of a game;
- Encourage our students to perform their best, just as we would encourage them with their classwork;
- Participate in positive cheers that encourage our student-athletes; and discourage any cheers that would redirect that focus - including those that taunt and intimidate opponents, their fans and officials;
- Learn, understand, and respect the rules of the game, the officials who administer them, and their decisions;
- Respect the task our coaches face as teachers; and support them as they strive to educate our youth;
- Respect our opponents as student-athletes, and acknowledge them for striving to do their best; and
- Develop a sense of dignity and civility under all circumstances.

You can have a major influence on your child's attitude about academics and athletics. The leadership role you take will help influence your child and our community in the future.

A special thank you to our coaches, parents, boosters and community members who support our schools and programs. Without the support of everyone working together, we would not have quality facilities and programs.

I wish our teams much success this season!
