# WE ARE ETNIES

We are the ones who go against the grain.  
 We influence the mainstream.  
 We don't fit in your box,  
 We make our own boundaries, just to break them.  
 We blaze our own trail.  
 We take the long way around.  
 We don't cut corners.  
 We commit.  
 We are the comrades in camaraderie.  
 We pick each other up after defeat.  
 We celebrate each other's victories.  
 We are a tribe.  
 We are etnies.

## JAMESON VULC MT

---

Every year, the Jameson Bloodline proudly adapts to the needs of its skaters and this season is no exception with the introduction of the Jameson Vulc MT to the family. Throughout the years, hand in hand, the Jameson Bloodline and Nick Garcia have evolved parallel to one another – from ditches and long locks in the Jameson Vulc to present day in sophisticated style and unquantifiable body varial combos at Cherry Park. Nick has meticulously crafted each detail of this new addition to be as unique and versatile as his skating.

# INNOVATION NEVER SLEEPS

As the heart of the etnies innovation engine, the Helix pumps the blood into the Bloodlines and advances footwear technology for skateboarders. Within its design details, you will find skate performance DNA reminiscent of each Bloodline, offering the fundamental needs of a skate shoe: durability, impact resistance, breathability and grip.

# CYPRUS SC

---

NOT BUILT JUST FOR COMFORT

---

The Cyprus SC is developed with Ryan Sheckler as an off the board shoe when you need more than just comfort. Based off Ryan's needs of stability, grip and support in an every moment shoe, the Cyprus SC checks every box. Building off the success of the Scout and Scout XT, the newest addition to the Point A to E Collection offers additional performance features when solely comfort won't suffice. With design details reminiscent of the original Cyprus and a heel clip inspired by the Marana XT, the Cyprus SC keeps the spirit of adventure alive. Whether you are a globetrotting frequent flyer like Ryan or a weekend warrior, you only need two no matter what you do: Marana XT and the Cyprus SC.

# POINT A TO E COLLECTION

## KEEPING THE SPIRIT OF ADVENTURE ALIVE

Point A to E is your story, where you've been and where you're going in Supreme Comfort. The path is yours to choose, from beach breaks to cityscapes and streets to peaks.

Point A to E is there to guide you along the journey.

# SPRING APPAREL

The etnies apparel collection this season was designed and Built by Skateboarding. Through meticulous attention to detail and functionality we've evolved the apparel line to cohesively tie back to our footwear narratives. The color palette is focused around seasonal pop injections in order to provide a spark that's perfect for those warmer weather months. For this season, each garment fits within one of the Bloodlines. Throughout the offering you will elevated basics for the core consumer, 4-way stretch fabrics for the adventure junkie and a beer and fishing print that's sure to raise some eyebrows at your local bait and tackle shop. We are aware our target consumer is going straight from the plane to the streets; these are the pieces they will wear.

# WE ARE ETNIES

We are the ones who go against the grain.  
 We influence the mainstream.  
 We don't fit in your box,  
 We make our own boundaries, just to break them.  
 We blaze our own trail.  
 We take the long way around.  
 We don't cut corners.  
 We commit.  
 We are the comrades in camaraderie.  
 We pick each other up after defeat.  
 We celebrate each other's victories.  
 We are a tribe.  
 We are etnies.

# BUILT BY SKATEBOARDING

Formulated with only skateboarding in mind, all etnies technology was developed in the STI Lab to put advanced footwear technology in the hands of skateboarders.

As a result, we have perfected STI Evolution® Foam technology and a range of toe caps for different applications of use.

For the past 30 years, etnies has been working non-stop to better perfect footwear specifically designed for skateboarders. Enhancing skateboarding footwear since 1986, because we give a fuck.
