

LINCOLN

FORD GENUINE PARTS & SERVICE Keep your vehicle in optimum operating condition with scheduled maintenance service. Ford and Lincoln Dealership technicians know your vehicle inside and out. They are continuously trained by Ford Motor Company and the parts they use are specifically designed for your vehicle.

DELIVERING ON THE COMMITMENT Lincoln is committed to providing you with the best ownership experience. We have ensured that your vehicle underwent an exhaustive inspection process in order to fulfill our promise to you of a high performance vehicle. Because we took the time to guarantee that your driving needs are met, all you have to do is sit back and enjoy the classic Lincoln elegance, features and benefits which truly make Lincoln an award winning luxury vehicle.

CUSTOMER RELATIONSHIP CENTER If you have questions about your Lincoln vehicle or the Lincoln Commitment® please contact your dealer or visit our website me.lincoln.com. For additional help, you're invited to call our Customer Relationship Center at +971-800-LINCOLN or +97143326084, Sunday to Thursday, 9.00 – 18.00, excluding public holidays.

LINCOLN ORIGINAL ACCESSORIES will be warranted for whichever provides you the greatest benefit: 24 months/unlimited distance, or the remainder of your Bumper-to-Bumper 4-year/80,000-km New Vehicle Limited Warranty. Lincoln Licensed Accessories (LLA) are warranted by the accessory manufacturer's warranty. LLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Lincoln Dealer for details and/or a copy of all limited warranties.

Comparisons based on competitive models (class is Luxury Large Utilities), publicly available information and Ford certification data at time of printing. Vehicles shown may contain optional equipment. Features shown may be offered only in combination with other options or subject to additional ordering requirements or limitations. Dimensions shown may vary due to optional features and/or production variability. Information is provided on an "as is" basis and could include technical, typographical or other errors. Ford makes no warranties, representations, or guarantees of any kind, express or implied, including but not limited to, accuracy, currency, or completeness, the operation of the information, materials, content, availability, and products. Lincoln reserves the right to change product specifications, pricing and equipment at any time without incurring obligations. Your Lincoln Dealer is the best source of the most up-to-date information on Lincoln vehicles.

MKT

Progress and pleasure – in equal measure.

Every now and then, a vehicle strikes a perfect balance between inspiring technology, thoughtful design cues and effortless performance. That vehicle is the 2015 Lincoln MKT.

Its beauty is both in form and function.

MKT is a beautiful example of what can happen when you fuse stunning design with purposeful function. Take a seat inside, and experience an open space made more graceful by a push-button start and a power panoramic Vista Roof®¹ that opens up to give everyone an incredible view. Front and rear power sunshades help serve the comfort needs of you and your passengers – as do cooled 1st-row seats and a 2nd-row refrigerated console! Outside, a signature Lincoln grille and adaptive HID headlamps are seamlessly integrated into the vehicle's exterior and add to the already sculptural design cues. Beautiful. Functional. MKT.

Two choices for more power than you imagined.

What's your preference? The 365-net-horsepower¹ 3.5L EcoBoost[®] V6 engine² gives you the thrill and exhilaration of quick, twin-turbocharged power. Or, you can select the rewarding efficiency³ of the 3.7L Ti-VCT V6 engine. Its 303 horsepower is backed by twin independent variable camshaft timing, which is designed to provide optimal engine performance. Which one suits you? Like the road ahead, your options are open.

¹Using 93-octane fuel. ²Available feature. ³U.S. EPA-estimated rating of 13.8L/100 km city and 9.4L/100 km hwy, 3.7L Ti-VCT V6, FWD. Actual fuel consumption will vary.

This level of control leads to a different kind of confidence.

MKT believes the first step in taking control is making the right choice. That's why Lincoln Drive Control¹ with continuously controlled damping lets you select between 3 drive modes – Comfort, Normal or Sport – to match your driving style. And, because surfaces are always changing, the system reads inputs every 2 milliseconds, then quickly adjusts to make sure that your vehicle is one with the road. Intelligent AWD¹ uses sensors to constantly monitor and predict traction, and delivers torque to the front and rear wheels when needed to enhance traction and handling. And when a sharp curve unfolds before you, the 6-speed SelectShift[®] automatic transmission offers the excitement of a manual, letting you change gears quickly using the paddle shifters on your steering wheel. Choice. Control. And Confidence. That's MKT.

ELECTRIC POWER-ASSISTED STEERING (EPAS) adapts to your speed and the changing road conditions, then provides just the right amount of steering assistance to give you more confident steering and handling.

ADVANCETRAC[®] WITH RSC[®] (ROLL STABILITY CONTROL[™]) and Curve Control can apply the brakes and reduce engine power to give you more grip on the road and help you stay on your intended path. Curve Control detects if you are entering a curve too fast, and applies 4-wheel braking and throttle reduction to help you control your speed.²

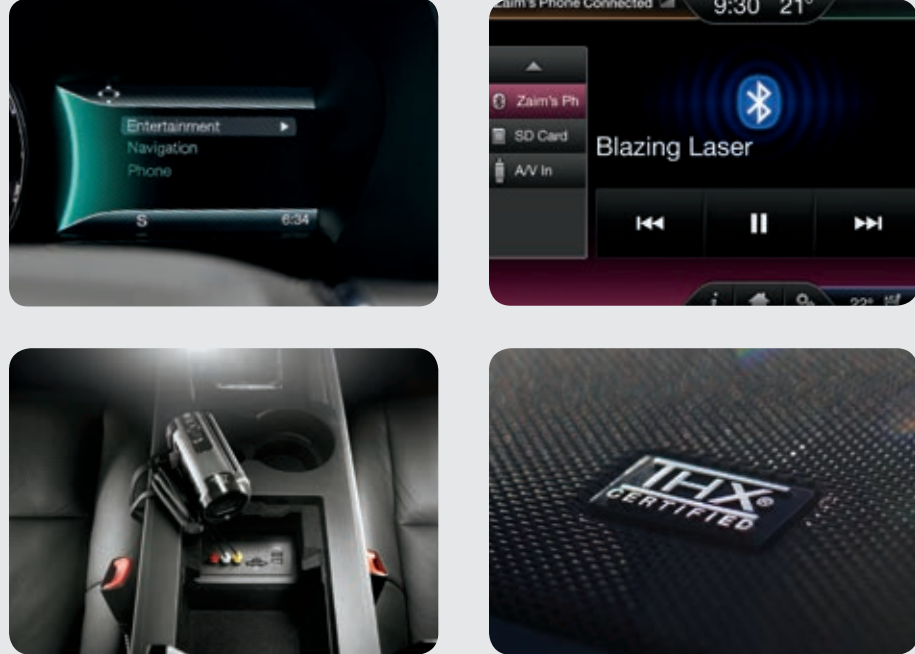

The comforts of open space are found on the open road.

Taking a break is as easy as taking a seat.

Take it all in. The roomy interior – with space for 7 – is complemented by a leather-wrapped steering wheel and Bridge of Weir® leather-trimmed seats. And, because MKT wants everyone to be comfortable, there are several 2nd-row seating configurations – including the standard 60/40 split bench and cooled bucket seats! Expansive 2nd-row leg room gives you plenty of room to stretch out. And a PowerFold® split bench¹ in the 3rd row accommodates 2 people and can easily be folded down for more cargo space, while a simple press of a button on your key fob or inside your vehicle effortlessly opens or closes the power liftgate. Please, take your seat.

¹Available feature. Bridge of Weir is a trademark of Bridge of Weir Leather Company Limited.

Connections are made instantly.

With the sound of your voice – or a simple touch – Lincoln MKT instantly connects you to the world around you. And thanks to SYNC® with MyLincoln Touch,¹ a simple touch of the signature 8" color LCD screen will start your favorite song from your MP3 player piping through your vehicle speakers. Don't worry – it will fade just enough so you don't miss a call or incoming text message. Here, staying in touch is effortless.

EXPERIENCE EVERY NOTE IN PERFECT HARMONY. The THX® II Certified Audio System² gives every passenger a front-row seat to the concert. Patented sound-processing technology distributes your music evenly throughout the interior and, together with 14 speakers, brings the rich, full sound of the studio to your everyday commute.

¹Driving while distracted can result in loss of vehicle control. Only use SYNC/MyLincoln Touch/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. ²Available feature. Microsoft is a registered trademark of Microsoft Corporation. THX and the THX logo are trademarks of THX Ltd., registered in the U.S. and other jurisdictions. All rights reserved.

Finding a space is as simple as fitting into it.

MKT makes sure of that. With active park assist,¹ there's no guesswork when it comes to parallel parking. Ultrasonic sensors measure open spaces, and help find a parking spot as small as 1.2 times the length of your vehicle. Then, the system guides you into it, while you control the brake, shifter and accelerator.

HINDSIGHT IS 20/20. When you are backing out of – or into – a parking spot or garage, the Reverse Sensing System on MKT uses sensors on the rear bumper and a warning sound to help alert you if something is behind you. And a rear view camera projects an image of the scene onto the 8" color LCD screen.

Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle.
¹Available feature.

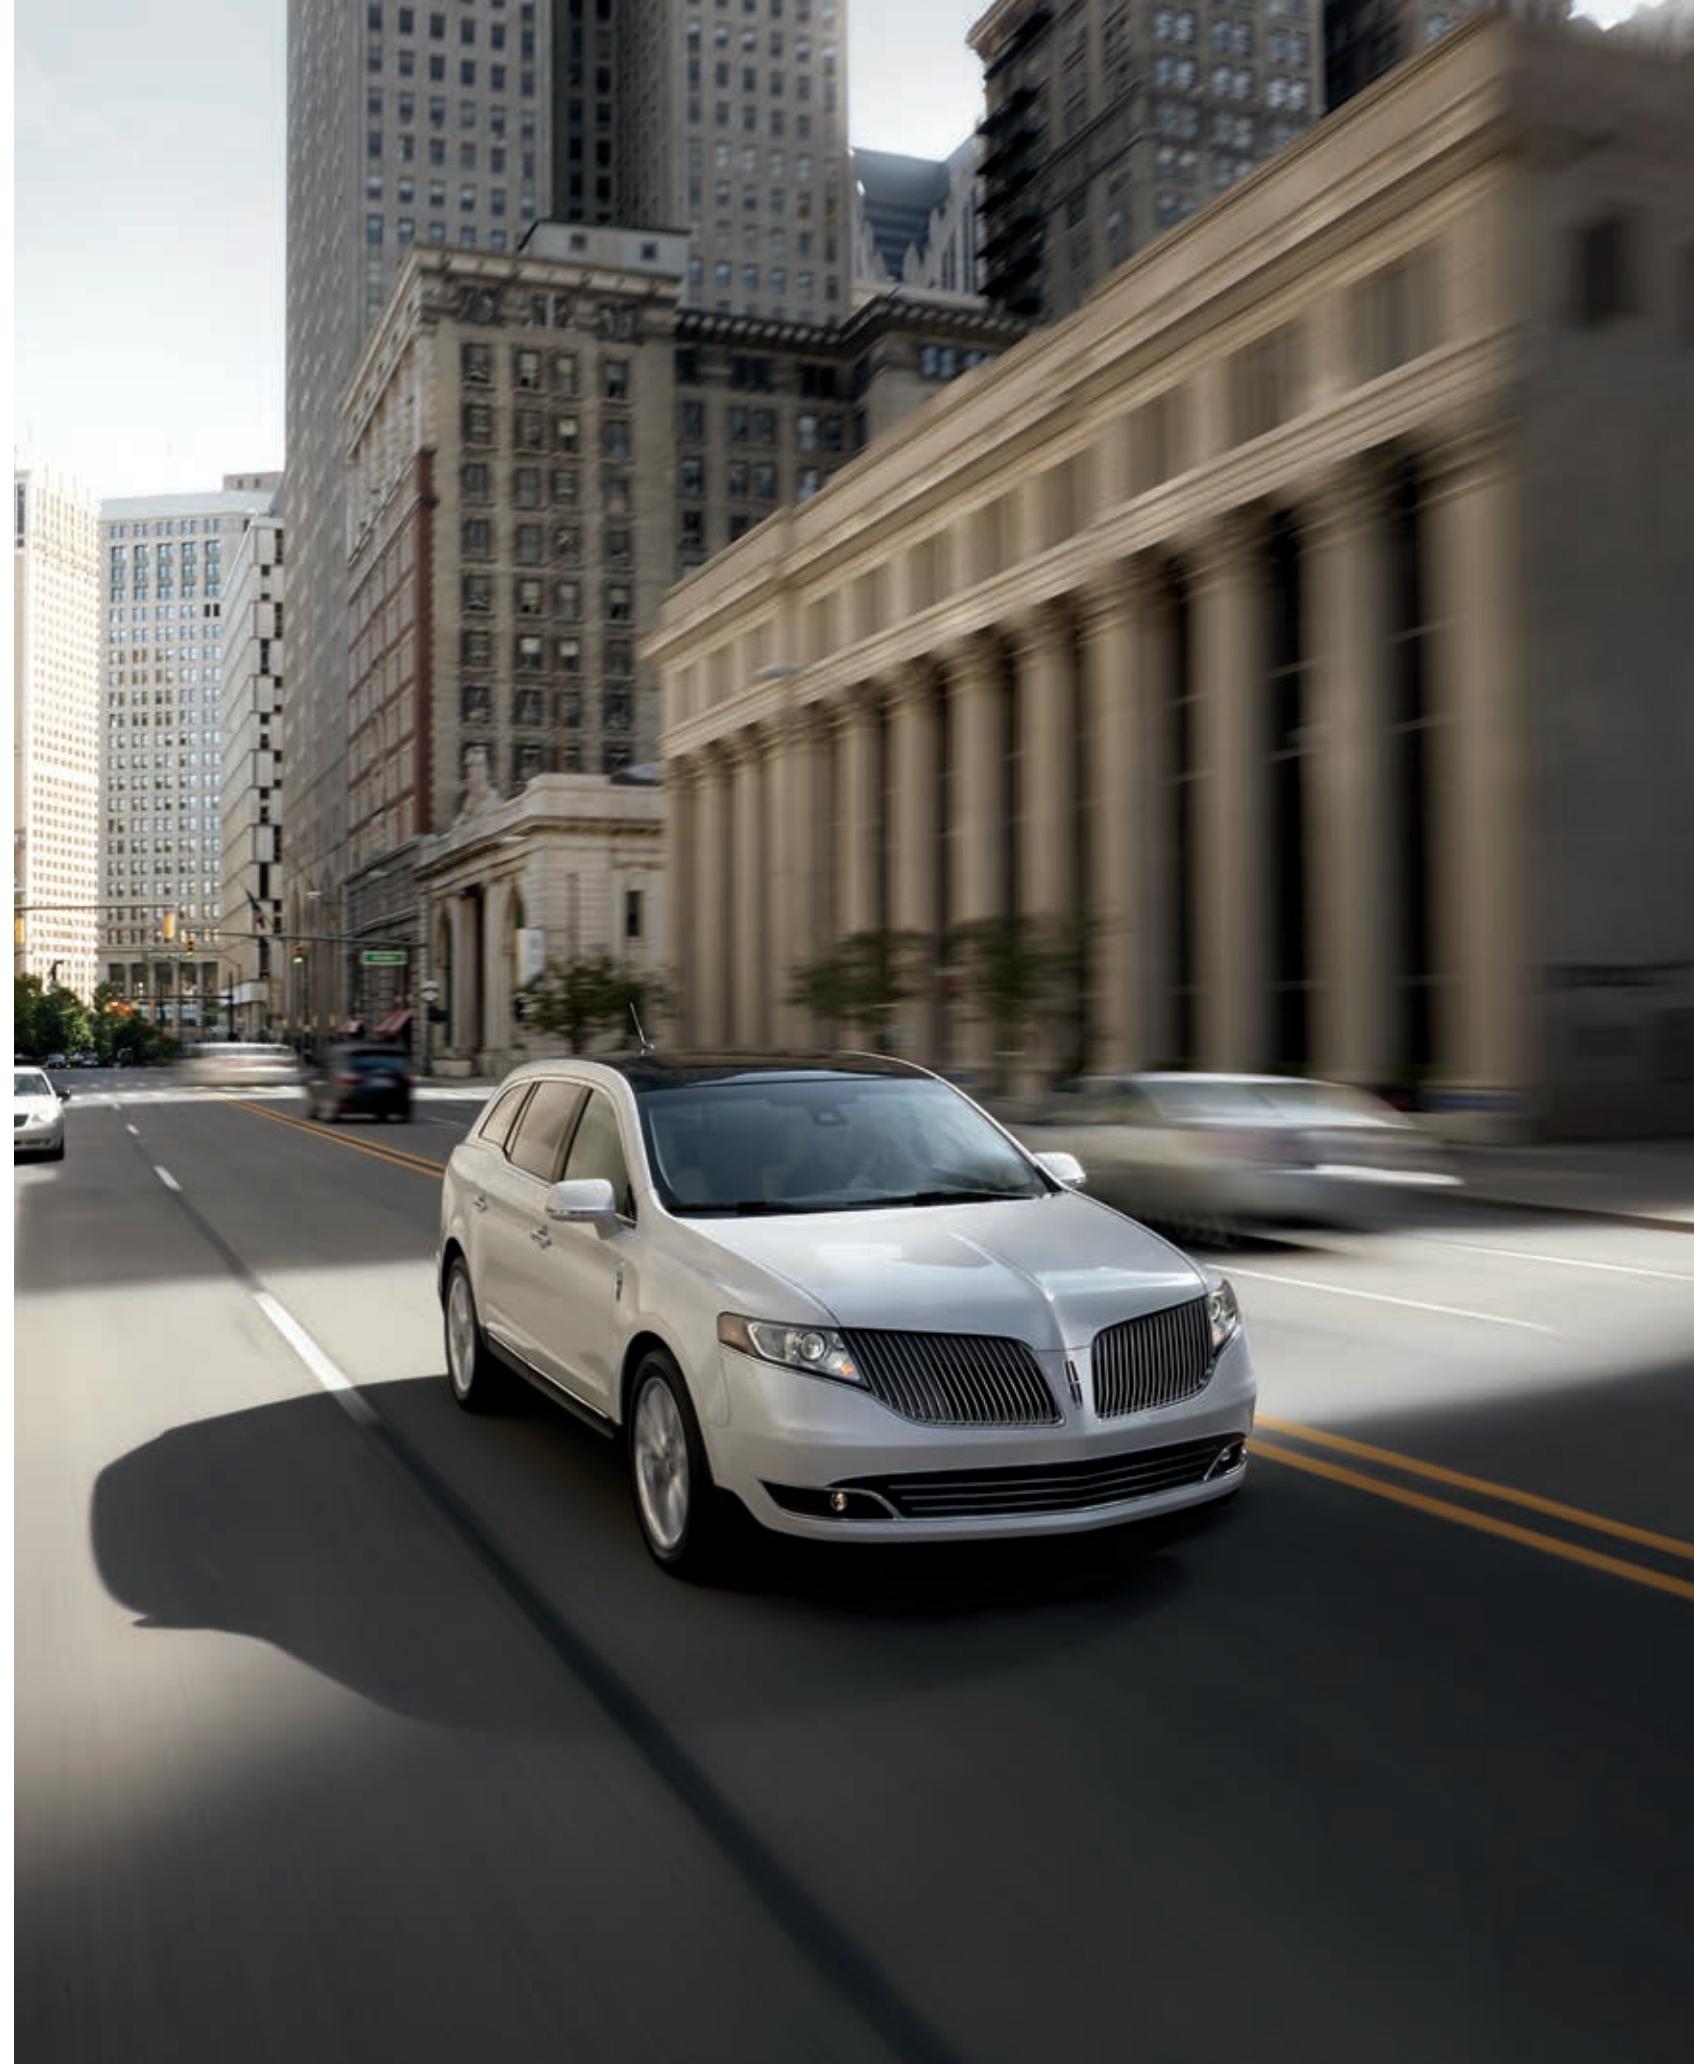

Working with traffic, not against it, gets you ahead.

BE AWARE. Lincoln MKT has features that are designed to help you see things that otherwise might be out of view. BLIS® (Blind Spot Information System)^{1,2} uses radar sensors to help you detect when a vehicle is in your blind spot, and then alerts you with a light in your corresponding sideview mirror. And cross-traffic alert¹ lets you know when a vehicle is crossing behind you as you slowly back out of a parking spot, and alerts you with a glowing icon in your sideview mirror and an audible alert.

STAY FOCUSED. MKT can help you stay centered. The Lane-Keeping System^{1,3} can alert you with a steering wheel vibration if it senses you drifting out of your lane, and can then apply steering wheel torque to help direct you to steer back into it. And the Driver Alert System displays a coffee cup icon in your gauge cluster if it detects that you need to take a break from driving.

BE PREPARED. Adaptive cruise control and collision warning with brake support¹ adjusts to fit your driving style. Using radar to constantly scan for slowing vehicles in front of you, it can automatically change your speed to maintain your preset gap – and can even pre-charge the brakes to help prepare you for a sudden stop.

Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle.
¹Available feature. ²BLIS replaces standard integrated blind spot mirrors. ³Lane-Keeping System does not control steering.

19" Premium Painted Aluminum Standard

20" Polished Aluminum Available on EcoBoost

DIMENSIONS

Length: 5,273 mm
Height: 1,712 mm
Wheelbase: 2,995 mm
