Optional Kitchen Upgrade Features

Upgrade Information:

Each option package contains the assembled - solid wood - dovetailed drawer or drawers for a specific size cabinet. Each package also contains the full extension, self closing drawer glides for each drawer. The drawer box is a 4 sided all wood box that is attached to the drawer face. All corners are dovetail construction. The bottom is a fully encapsulated plywood bottom panel.

The packages can be shipped separately with RTA cabinets for replacement of the standard drawer(s) and glides or assembled in our facilities and shipped as complete cabinets with upgraded drawers and glides installed. Illustrated installation instructions are included in each carton.

The standard drawer is a 4 sided plywood box assembled with fittings. The standard drawer glides are 3/4 opening with under mount glides and are not self-closing.

These option packages will fit our Cambrian, Halston, Grand Haven, and Vintage Estate kitchen collections.
