To discuss the sale of your home call me at **770-291-2194**

According to a recent survey by the MLS, 78% of all homes did not sell with the agent the sellers chose to list with the first time. This same survey reveals that 61% of these same sellers failed to sell their home again when they re-listed with the same agent. This has led to over 23 billion dollars in lost income for these home sellers.

It will cost you nothing to discuss this sale with me but not calling me, according to the survey referred to above, it could be hazardous to your bank account. \$\$\$

7 OFFERS within days and we Sold for \$7,100 over list price.
After interviewing other agents we knew Ricardo Nadal was the right choice for us. Ricardo and his team took on this project with efficiency and professionalism. The house was sold in 16 days and we received 104% of our listing price with multiple offers in spite of the poor down market. Ricardo was very reliable dealing with the offers and closing process and his guidance in every aspect of the sale process was outstanding. It was a satisfying and profitable home-selling experience. Thanks for the amazing results Ricardo, we appreciate it!

After seeing the Nadal Team sell homes all around my subdivision, I decided they would be **my first choice to sell my home.** They already had a buyer for my home and they professionally handled every aspect of the sale for me. They **SOLD** our Home within 1 Day of Listing It. The peace of mind that I had with the whole team made the transaction easy for me.
