our **CUSTOMIZED DECORATION OPTIONS.**

Every team is unique, and every uniform should be too. Every team wants to look good on the field, because when you look good, you feel good, and when you feel good, you play good.

The next few pages will allow you to create your custom look and feel. You'll choose from various colors of braid to make your uniform pop. You'll select from different fonts to design the front of the jersey to show your team's name or nickname, as well as the back name and numbers.

You'll also design your fleece and outerwear, and your coaches polos as well, customized for your team or organization.

SELECT YOUR STYLE AND LOCATIONS**START HERE**

If you've selected a jersey or pants that can get custom braid, you'll start here.

Choose your jersey, pants, the braid location and colors that you want to accent.

You'll then move on to your front and back decoration on subsequent pages.
The available braid locations are highlighted in green on each silhouette below.

*Please note, for styles 6840/684Y, as well as 6040/604Y, you can combine "Sleeve Ends" along with either "Neckline" or "Neck & Front" locations.

**You cannot combine "Neckline" with "Neck and Front".

If you've selected an item that does not get custom braid, please proceed to the pages that allow you to select the decoration specific to your item.
