OLAC Action Forum: Real Leaders, Real Results December 13, 2016, Columbus, OH

Over the years, the Ohio Leadership Advisory Council (OLAC) has developed a strong reputation for being a trusted source for leadership development.

This year's OLAC Action Forum will highlight voices from the field and feature superintendents, principals, teachers, and others telling their stories about using the OLAC tools and resources and experiencing real impact in their districts, schools, and classrooms. Whether you're a seasoned user or someone who's interested in the OLAC tools and resources for the first time, there will be something for everyone! Join everyone at a new location this year—the Ohio Union at The Ohio State University—for a day of professional learning and collaboration.

[Learn more and register.](#) This event sells out quickly each year, so make sure to register your team early! Follow along the conversation on Twitter using #OLAC.

Compliance Officer Training

Calling all district compliance officers...

The role of the district's compliance officers is often overlooked. However, the compliance officer's actions are usually the difference between success and failure when defending discrimination complaints filed against the district.

BASA, in partnership with Walter | Haverfield LLP, is pleased to offer training for district compliance officers. This workshop is targeted toward all compliance officers – employee and student. Join us for an informative and interactive program where you will learn about:

- Processing and Investigating Complaints (Title VII, Title IX, Section 504, ADA, FMLA)
- Expectations of EEOC, OCRC and OCR
- Importance of Clear and Attainable Expectations in Board Policy
- Avoiding Retaliation Claims
- Handling "Frequent Flyer" Complaints

Whether you handle compliance for employees or students, this program will provide you with "need to know" information and practical tips.

The Ohio School Breakfast Challenge Is Back for the 2016-17 school year!

The Ohio School Breakfast Challenge encourages all schools to give their students a great start to their day with a healthy breakfast. Why? Breakfast helps students do their best. Students who eat breakfast have better nutrition, perform better in school and on average, attend 1.5 more days of school per year and score 17.5 percent higher on standardized math tests.

Join in the School Breakfast Movement! *Participate in the 2016-17 Ohio School Breakfast Challenge*. Schools meeting Challenge criteria will be recognized as a "Breakfast Rising Star" or "Breakfast All-Star."

**BASA PROFESSIONAL LEARNING TOUR
GLOBAL STUDENT LEADERS SUMMIT**

Italy

9 days | July 2-10, 2017

To prepare today's students for tomorrow's world, it's important to give them the skills necessary to compete in an increasingly interconnected global economy. To be competitive, students—and their teachers—must understand the world around them, from cultures and languages to economic and social systems. They must become globally competent. The best way to achieve this is by mastering today's essential 21st century skills, including global awareness, problem solving, collaboration and critical thinking. Through global education, students will be better prepared for college and beyond.

Through our partnership with EF Education, we are proud to offer an EF Professional Development Program to Italy, July 2-10, 2017. The program runs from Rome to Florence as an immersive tour experience finishing in Turin where you will join a delegation of leading United States educators having the opportunity to participate in workshops. Student observation as they collaborate in a 2 day design thinking program. (The Global Student Leadership Summit) is an additional highlight.
