NATURE TRUST

A group of diverse people are gathered around a table outdoors, toasting with wine glasses. The scene is set during sunset or sunrise, with warm, golden light illuminating the scene. The table is laden with various dishes, including a large salad, corn on the cob, and other fresh ingredients. The people are smiling and appear to be in a festive mood.

# EASTER BRUNCH

Fresh, simple ingredients make up  
this savoury and sweet brunch menu.

## Potato Pancakes

- 1 lb russet potatoes, peeled
- 1-1/2 tsp. salt
- 1/2 tsp freshly ground black pepper
- 3 tbsp canola oil, divided

- 1.) Lay a clean dishtowel on your work surface. Use a hand grater to grate the potatoes onto the towel. Season with salt and pepper, then toss to combine. Wrap the potatoes up in the towel, then let stand for 10 minutes.
- 2.) Heat a 9 or 10-inch cast iron skillet over medium-low heat. Twist the dishtowel firmly to squeeze out the excess water from the potatoes. Get as much out as you can!
- 3.) Add half the oil to the pan, then press the potatoes into the pan in a single layer, pressing them down just a little bit. Cook for 8-10 minutes, until golden and crispy on the bottom. Place a large plate upside down on top of the skillet and flip the pancake onto the plate.
- 4.) Return skillet to burner, add remaining oil, then carefully slide the pancake back into the pan with the cooked side up. Cook another 5 minutes, until golden and crispy. Serve with fresh chopped herbs and sour cream.

## *Baked Egg with Mushroom & Gouda*

2 tbsp butter, divided  
2 cup button mushrooms, halved  
6 eggs  
½ cup grated mild gouda  
Salt and pepper to taste  
Chopped fresh chives

1.) Preheat oven to 400F.

Use half the butter to grease the ramekins generously then place them on a baking sheet.

Heat remaining butter in a large skillet over medium heat. Add mushrooms and sauté for about 5 minutes, until browned. Season with salt and pepper.

Divide mushrooms between ramekins, then crack an egg into each and top with cheese.

Bake for about 15 minutes, until the egg whites have set. Remove from oven and sprinkle with chives.

Salt and pepper to taste  
1 tbsp Dijon mustard  
1 cucumber, thinly sliced  
1 bunch radishes, thinly sliced  
1 tbsp chopped fresh dill  
1/4 cup chopped fresh parsley

In a large bowl, whisk together lemon, oil and Dijon.  
Add cucumbers, radishes and dill and toss to combine.  
Season to taste with salt and pepper.

3 cups	fresh rhubarb, chopped into ½ inch pieces
4 cups	halved fresh strawberries
	Zest of 1 orange
2 tbsp	butter
1 recipe	pastry for a double-crust pie
1 egg	yolk, beaten

1.) Preheat oven to 400°F. In a large bowl, mix flour and sugar. Add strawberries and chopped rhubarb. Toss with sugar and flour and let stand for 30 minutes.

2.) Roll out ½ the pastry recipe and place in bottom of pie tin. Roll out remaining crust and use a cookie cutter to cut into shapes, set aside.

3.) Pour filling into pie crust. Dot top with butter, then decorate using cut-outs.

4.) Use a pastry brush to apply yolk to top of pie. Bake for 35 to 40 minutes, or until bubbly and brown. Cool on a rack for 30 minutes before serving.

# How to Navigate a Wine Tasting

The annual PEI Festival of Wines is quickly approaching on May 26-27, 2017. The feature country this year is the United States of America. This is your chance to sample over 200 new wines exclusive to this event. Wine tastings are a great place to enjoy and learn about new wines, but the huge selection and tasting etiquette can be overwhelming even for seasoned pros.

## Here are a few helpful tips for getting the most from your experience.

**1. Plan ahead:** With so many wines on offer, it's a good idea to have a look at the list of wines available and make a game plan ahead of time. Note which products you'd like to try, and in which order. Keep in mind that you'll discover the most flavours and aromas by starting with lighter tasting wines and finishing with more flavorful or aromatic products.

Here are two basic strategies for deciding which products to add to your list:

a. **Varietal Tasting:** if you're new to the world of wine, try tasting wines from different grape varieties. Pinot Grigio and a few Riesling grapes are miles apart and are made into wildly different wines. Once you find a grape you enjoy, dig a little deeper!

b. **Regional Comparison:** Try tasting the same grape variety from different parts of the world. A Sauvignon Blanc from New Zealand will be very different from one from France. The climate, growing techniques, blending and aging process in each country can have a huge effect on the final wine you're tasting.

c. **Horizontal tasting:** This method compares wines that are similar in character but from different wineries. For example, try contrasting all the 2014 Napa Valley Cabernet Sauvignon and see how they differ.

**2. Look, Smell and Taste:** Take the time to really examine every wine you try. Hold the glass up to the light; what's the color and clarity like? Give the glass a swirl, get your nose in the glass and inhale deeply; what are the aromas? Take a sip and let it sit on your taste buds, swish it around let it linger; what do you taste? What's the mouthfeel like? Finally, after

you swallow or spit, what flavours linger? Keep your festival booklet handy, jot down any impressions beside the product listing and try rating every product you taste on a scale of 1 to 10. All the wines at the festival are available to purchase in the boutique, so keep track of which ones you'd like to stock up on!

**3. Pace Yourself:** This is the only time spitting in public is socially acceptable, and for good reason. Even the small samples poured at tastings can add up quickly, so while it's ok to swallow, it's also ok to use the buckets provided to dispose of extra wine. Take a sip, enjoy the aromas and flavours, and then use the bucket provided. Rinse your glass with fresh water... and repeat. Make sure you drink lots of water and have a snack or two.

**4. Be adventurous and ask questions:** While it's tempting to stick with what you already know you love, now is a great time to branch out and try new things. Knowledgeable staff are available at each table to guide you through your tasting, answer questions, offer opinions and make recommendations. Not sure what GSM stands for? Just ask! Not only can the winery representatives at each table answer questions about the wines they're pouring, PEI Liquor staff are available in the wine boutique to help you pick out some great wines to take home!

**5. Take a cab home:** Always drink responsibly. Plan ahead for a designated driver or keep a phone number for a cab handy.

## **Myriad View Distillery**

*Rollo Bay, PEI*

### **How did Distillery get started?**

The Myriad View Distillery began between two friends, Ken Mill and Dr. Berrow, after having a few drinks at neighbor's party. At every party, it was PEI tradition to share shine among friends and they began to wonder why someone wasn't producing shine legally on Prince Edward Island. The distillery will be celebrating 10 years in 2017.

### **Are there other members of your family involved?**

Ken and Dr. Berrow began the journey with their wives Danielle and Angie 10 years ago this summer. In the future, Ken hopes that his family will join the company and continue the tradition for many years.

### **Can people do tours of the distillery year-round?**

Not all year, they do tours of the distillery from May until October 1st.

### **What's the most common question you get when giving tours?**

"How did you get shine legalized?" is the common question asked at Myriad View Distillery. The distillery took two years to get their shine legalized to be sold on Prince Edward Island.

### **What is your favorite product?**

Ken says his favourite product would be their shine. He grew up enjoying shine at parties and didn't want the PEI tradition to end. No one does shine like PEI.

### Why did you choose this location?

Dr. Berrow bought the property before the distillery was created because he enjoyed the view. Little did he know that there was history of shine on the property. The MacDonald family owned the property for many years and was creating shine in Bear River and had a distillery built in their basement. The distillery at one point exploded during the process of producing shine and cracked one of the main beams in the old house. Dr. Berrow tore down the house a few years ago to create the property that is present today.

You will notice on the property there is only one sign at the gateway. When you enter into the property, there is no signage as to what building the distillery is located in. This is to follow the tradition of how shine was illegally made years ago and was hidden in many locations without signage.

### What's your signature product?

Myriad View Distillery is known for their high quality shine. People come to Myriad View Distillery for the shine but then realize that the company also carries other products such as vodka, gin, and rum.

They created a 57% proof rum to showcase in the distillery to also keep the history of rum. Ken told the story of when many years ago ships provided liquor to their working crew. The captain would make sure that the liquor was proof (57%) in case pirates would take gun fire on their ship at sea. If the liquor cabinet shattered with all their liquor, the gun powder would still explode if it was soaked in proof liquor. If the liquor was less than 57% the gun powder would not explode to take over the pirates.

### Where can people find your products?

People can find Myriad View Distillery products in all PEI Liquor stores across Prince Edward Island. The product is strictly sold in Prince Edward Island liquor stores. You must visit the distillery to pick up 57% proof rum, brandy, dandelion shine, and pastis.

## What is "The Vines"?

The Vines is PEI Liquor's fine wine program which features a selection of 200 allocated and awarded products from across the globe.

There seems to be a misconception or mystery surrounding the Vines room at the Oaktree Store (Store #102); it is located off to the side, lighting is a bit dimmer and at first glance it has a bit of an upscale feel.

I encourage people to step inside and explore some interesting wine regions and grape varieties which aren't part of the general listing inventory. This is the area where both the novice oenophile and experienced wine connoisseur will discover exclusive and everyday classics in a range of styles and price categories.

## Are there some hidden gems that people may not be aware of in the Vines?

One of the most exciting aspects of my position as Product Advisor is helping people discover a new favorite wine or wine region that they haven't experienced before. My suggestions fall into a few different categories: Smart Buys, Interesting Styles, Celebratory and Collector items.

PEI continues to show great support in the New Zealand wine category. The Vines has a few hidden gems in this category. *Drylands Sauvignon Blanc* is a top-rated wine from the Marlborough region at comparable prices to products in our general listings. *Pepperwood Grove Zinfandel* from the USA is another smart buy. A reasonably priced wine that is a solid choice for those beginning to explore the Zinfandel grape.

**Does Vines have a variety of allocated and awarded wines that have been widely recognized as top wines?**

The Oak Tree location offers the complete Vines portfolio but other stores carry a smaller set of products within Vines sections. Store Managers and Product Advisors at any of the PEI Liquor cooperate locations would be happy to make Vines product available to you.

Product Advisors are a great resource for clients looking to be truly adventurous in their selections or for those who want something different but not too far out of their comfort zone. **Vesevo Falanghina, B0041Z, \$21.89** from Italy is perfect for those Pinot Grigio fans looking for a similar wine that offers a bit more richness and acidity. Another interesting wine is **Quinto S.Joa Batista Selection Touriga Nacional, R0214Z, \$30.96** from Portugal. Touriga Nacional is one of the grapes used in the production of Port but when produced as a single varietal wine creates a full flavored, aromatic and tannic wine. Wine experts often compare these wines to those produced in the Bordeaux region of France. With BBQ season approaching, the *Quinto S.Joa Batista* would be a great alternative to Cabernet Sauvignon this summer.

USA is the featured country at the 2017 Festival of Wines taking place May 26-27th but there are currently a few collector items in the Vines that are available for purchase right now. The *2008 Robert Mondavi Cabernet Sauvignon Napa Valley Reserve* was awarded 93 pts by Wine Spectator indicating this it is an outstanding wine with superior character and style. Other top ranking selections from different areas include: *2007 Bodegas Vega Sicilia Ribera del Duero Unico* (WS 94pts) from Spain's Castilla y Leon region or the **2011 Tenuta San Guido Sassicaia, 08420Z, \$228.29** from Italy which was rated 95 pts by Wine Spectator - a true classic.
