President's Message

Dear Fellow Members,

It has been said that time flies when we lead a busy life. This past year has flown by, and yes, it has been a busy time at Greystone Golf & Country Club. Your elected leadership, volunteer committee members and club staff have all been very busy honoring our commitment to excellence. I am pleased to report, we are well on our way to being a Platinum Club.

The improvements in service, increased benefit offerings and facility enhancements have been enjoyed by our members at record levels, and have also helped us welcome a record setting number of new members. Congratulations to members, Greg and Bonnie Ganser who drove off in a brand new Mercedes-Benz, compliments of Mercedes-Benz of Birmingham, as the grand prize winner of the Membership Drive Raffle. On behalf of the staff and club leadership, thank you for all your membership referrals. There is no better vote of confidence for your club.

This 25th anniversary year has been a celebration of great success. We honor those who brought us this far, reflect and embrace on what we do well, and recognize opportunities for positive change. As club president, I have a somewhat unique perspective into our club's overall operations and all its challenges. I serve in leadership with honorable men and women that are committed to only the best interest of our membership and the club's overall health. With this in mind, I can say with great confidence that Greystone Golf & Country Club has a very bright future.

As part of positive change, and to hopefully increase involvement in the process, we have changed the way future Presidents and Board Members will be asked to serve. Over the last few years, the Nominating Committee has found it challenging to find qualified Board candidates willing to serve and run in an opposed election. The Board, Trustees and Past Presidents have vetted the various challenges and solutions to put forth the best candidates for the Club. As a result, the Board approved putting forth a slate of candidates versus a contested election. Special thanks to the Nominating Committee, headed by Board Chairman, Roy Sewell, for selecting a well-rounded slate of candidates: Lane Milam for President-Elect 2017, and Dale Gorham and McRoy Sauls for a three-year term on the Board commencing January 2017.

I also encourage you to attend the Annual Membership Meeting on November 29th. Mr. Porter will have a State of the Club presentation for you that will outline performance in 2016 and goals for 2017. This is the most opportune time to ask questions and express interest or concerns.

I am humbled and thankful for the opportunity to have served and I look forward to Mr. Russ Hale's tenure as our 2017 President.

I look forward to seeing you at Greystone.

General Manager's Message

Dear Members,

I hope you are having a great fall season. Chef Alan Martin is off to a great start. He is building his team and improving the standards on a daily basis. His *Friday Night Chef's Dinners* at Legacy have been sold out each week and well received. The Cellar 91 service is improving with Michael Edwards hiring several new team members and improving the training. Chef Alan will be unveiling new lunch and dinner menus in the Cellar by mid-November. We will continue *Pizza Tuesdays*, *Wine Down Wednesdays* and *Acoustic Fridays* through December. Some of the other specialty nights did not take off like we had hoped, so we will focus on the popular nights.

The 2017 Budget planning is almost complete and will be finalized in early November. I will send a letter to the membership as soon as we have it approved by the Board. I will also review it at the annual meeting on November 29. Please plan to attend the annual meeting so you can hear details on our progress and what the future holds for Greystone.

The golf courses continue to be in great condition. Jason and his team have done very well with transitioning into fall dormancy. He will begin applying pigments to the fairways and greens for the winter. This will raise soil temperatures to improve spring transition, which worked well last spring. The extra benefit is improved aesthetics for a better playing experience.

We will begin the detailed planning for the 2017 Regions Tradition in November. Hospitality sales and logistics planning will be our first priorities.

A few months ago I communicated that we will begin offering youth Baseball soon. We are much closer now. A youth field has been installed on the south side of the Founders range tee. Bob Ford is finalizing the schedule with several former major and minor league players and coaches. This effort is to enhance the value of your membership and improve the ability of your children and grandchildren.

As the holiday season approaches, please read the details in this issue. We have several exciting events for you and your family to enjoy. Also, we are here to help with your holiday event hosting. We can prepare parts or all of your menu items.

Please continue thinking about referring your friends to become members of Greystone. We are still in the midst of our "Reach for 1000" campaign. At 860 current members, we have more work to do. We want to make you proud of your club to the point of you never wanting to leave and excited to bring others to join.

Thank you for your support and patience in 2016. We are just partially through our journey to premier and I am so proud of the progress. I hope you see us improving daily. I just hosted an all employee team meeting and I can assure you they are all committed to giving the effort to improve.

Best wishes to you and your family for a happy and healthy holiday season.

Best regards,

Dave Porter

Blackburn Golf Message

As 2016 comes to a close we are celebrating our first full year in the Performance Center. The state-of-the-art facility has led to strong growth in our teaching & coaching programs. Our students are excelling from the junior beginner level through to the PGA Tour FedEx Playoffs. If you haven't had a chance to come visit the facility, please visit anytime and observe what we do to make the game easier and more fun!

Our junior programs have grown to 50 kids a week regularly participating. Our goal is to convert all of our non-member students to Player Development Members (PDMs). This will be a huge asset to the Club and give us the opportunity to become a true center of excellence for Junior Golf Development. Juniors are the future of our Club, so please encourage & support our mission to develop them as fine people academically and socially, not just as golfers on the course. All of our junior coaching programs are open to members & guests for a no charge trial period, so please encourage kids to come to the GPC. We will continue to offer our well attended LPGA girls' golf clinics through November.

We will be offering new coaching experiences in addition to our current offerings including AimPoint Express green reading LI & LII, Wedge Workshop, Speed Development Protocol, Putting Workshop, Annual Golf Physical Assessment and Christmas Club Fitting. These programs will be fun & informative so please see your email for dates & times. We also look forward to kicking off the 2017 season in January with our Golf Resolution program which you will hear more about soon.

Happy New Year,

Fall is here, bringing cooler temperatures on the courts. Ladies fall leagues are winding down, but we will remain busy on the courts with many events throughout November and December! Coming up this November, we will have our annual Ladies Member-Guest Tournament as Softcourt and LITL leagues wrap up. This is a fun-filled one day event with a round robin tennis tournament, followed by a delicious lunch prepared by Greystone's Alan Martin! We will also have our final junior USTA tournament

of 2016, the Greystone Fall Masters. Due to school tennis and tournaments in the spring, we moved our annual Parent/Child Tournament to the fall this year. We will have this event on Sunday, November 13th. Teams will play a round robin tournament in two flights according to ability level. Finally, please keep an eye out for a new surprise event in the works! Details are being finalized, but you won't want to miss it!
