

60000+

EXHAUSTS

AVAILABLE NOW FROM STOCK

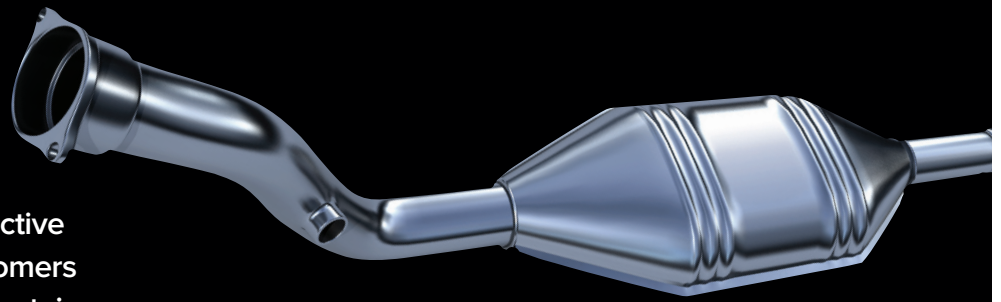

- The largest range available in the UK
- We have the right part for virtually any car on the roads, new or old
- The only complete range designed, tested and independently certified by Vehicle Certification Agency to meet OE specification. Every Klarius Exhaust, CAT and DPF required to meet Type Approval is clearly marked with the Type Approval serial number specific to that model.
- Don't forget your exhaust fittings

ANY PART FOR ANY CAR
OVER 200 BRANCHES NATIONWIDE

The React range offers installers an effective alternative for their cost-conscious customers enabling you to compete profitably and retain business. All React exhaust components are manufactured and fit-tested in the same UK production facilities and are covered by a two-year warranty for complete peace of mind. The React range of Catalytic Converters and Diesel

Particulate Filters are available exclusively from Euro Car Parts. Over 4,500 Catalytic Converter part numbers cover 95% of the UK parc. Euro Car Parts offer an extensive range of fitting kits.

Ceramex

Ceramex is a leading international supplier of DPF cleaning services and technology. Their cleaning technology is based on 15 years' experience and more than 100,000 DPFs successfully cleaned during this time. Ceramex unique inspection technologies provide vital evidence of the quality of cleaning and give reassurance that the cleaned DPF will perform as well as a new part.

The Cleaning success rate is over 98% and every DPF is tested before and after the Cleaning process and comes with a Filter Condition report that highlights the Airflow and the amount of Soot/ Ash removed in grams.

Eberspächer

Eberspächer UK is a wholly owned subsidiary of Eberspächer Climate Control Systems GmbH of Germany and was established in 1977.

Eberspächer uses its extensive know-how and innovative technology to develop exhaust systems for effective noise and emissions reductions, even in light of the ever stricter international limit values. In close collaboration with automotive manufacturers, Eberspächer designs complete systems for which top quality spare parts are manufactured.

Euro Car Parts offer a large range of Eberspächer exhaust systems and components to satisfy the needs of German-marque specialist repairers.
