Compliance Officer Training

August 7, 2017

Quest Conference Center

The role of the district's compliance officers is often overlooked. However, the compliance officer's actions are usually the difference between success and failure when defending discrimination complaints filed against the district.

BASA, in partnership with Walter | Haverfield LLP, is pleased to offer training for district compliance officers. This workshop is targeted toward all compliance officers – employee and student. Join us for an informative and interactive program where you will learn about:

- Processing and Investigating Complaints (Title VII, Title IX, Section 504, ADA, FMLA)
- Expectations of EEOC, OCRC and OCR
- Importance of Clear and Attainable Expectations in Board Policy
- Avoiding Retaliation Claims
- Handling "Frequent Flyer" Complaints

Whether you handle compliance for employees or students, this program will provide you with "need to know" information and practical tips.

Please see next page for registration!

Re: Beginning Administrators Academy
Date: June 2017

OASSA and OAESA ARE OFFERING AN ACADEMY FOR BEGINNING ADMINISTRATORS

PLEASE NOTE: ONLY administrators who have NO experience or who have COMPLETED ONE YEAR of administrative service

Several years ago, changes in school funding eliminated the state-supported Entry-Year Principals (E.Y.P.) Program, leaving a gap in the professional development for new principals and assistant principals. The absence of a state program, however, does not reduce the need that beginning principals and assistant principals have as they enter their new positions. In an effort to fill that gap, the Ohio Association of Secondary School Administrators and the Ohio Association of Elementary School Administrators are offering a program to assist beginning K-12 principals and assistant principals (or those who have completed their first year of service) in meeting their new responsibilities.

The Beginning Administrators Academy will offer two separate programs — one on **September 11-12, 2017**, and the second on **December 6-7, 2017**. Both are designed to address practical topics of immediate importance to educational leaders including using data to enhance student achievement, evaluating teachers, working with staff and parents, student discipline, licensure, budgeting, legal issues, and many more topics. Presenters will include current superintendents and principals, representatives from the Ohio Department of Education, representatives of professional organizations, attorneys, and others from the educational community. The September 11-12 and December 6-7 agendas will be published on the OASSA & OAESA websites.

On the enclosed **Superintendent Only Form**, we are requesting that you send us the names of **NEW** administrators employed in your district (**ONLY employees who have NO experience or who have COMPLETED ONE YEAR of administrative service**). Upon receipt of this form, those administrators whom you have identified will receive registration information about this important opportunity.

We will be sending a follow-up email (through BASA) in June with this information, including the conference agendas.

OASSA and OAESA remain a source of sound professional development for K-12 administrators regardless of their experience level, and we have a number of offerings in the 2017-2018 school year which will be useful to members of your administrative team. Should you have any questions about any of our programs, please contact either of us at the OASSA or OAESA office or refer to our 2017-2018 Professional Development Calendars on our websites at <www.oassa.org> or <www.oaesa.org>.

Sincerely,

Kenneth C. Baker
