Meeting Minutes

A regular meeting of the Insurance and Benefits Committee was held at 2:00 p.m. on March 2, 2017.

In attendance were Archbishop Wilton Gregory; Monsignor Ed Thein; Mr. Rock Anderson; Dr. Christa-Marie Singleton; Mr. Brad Wilson; Mr. Charles Thibaudeau; Dr. Diane Starkovich; Mr. David Spotanski; and Ms. Marion Schremp, Mr. Joseph Shorter, and Ms. Alicia Kelly of CBIZ. Archbishop Gregory opened the meeting with a prayer.

Mr. Anderson welcomed everyone and presented the December 1, 2016 minutes, which were voted on and approved without change. The meeting was then turned over to the CBIZ consultants to follow the agenda.

Mr. Shorter reviewed the plan's financial results for the period January 1, 2016 through December 31, 2016. Membership remains fairly constant, with a 2016 average of 1,535 employees and 2,711 members, with a 1.77 member ratio. The ratio increased from 1.5 in 2008 and is projected to be 1.78 for 2017.

2016 Total Claims Costs were approximately \$20.3M, consisting of \$15.2M Medical and Vision, \$1.1M Dental and \$4.4M Rx Claims. The Stop Loss reimbursement was \$388,982, excluding the \$50K aggregating specific. 2016 Fixed Costs were 1.9M.

The 2016 Funding Total was approximately \$22.7M, consisting of Employee Contributions of \$2.9M (13%) and Employer Contributions of \$19.8M (87%). The 2016 loss ratio is 97%, the highest since 2008. The 2017 data is only available through January, with 1,545 covered employees and 2,751 covered members.

Meeting Minutes

Ms. Kelly reviewed the 37 claimants over 25% of the specific deductible for 2016. One claimant had exceeded the \$325,000 deductible for the second year in a row. This is the first high claimant to breach the specific deductible two years in a row and continues to have serious medical issues. Case Management continues to remain involved in most significant cases, providing ongoing prognosis and treatment information. 15 cases are not on Case Management either due to the diagnosis or because they declined Case Management services. Mr. Shorter noted that these 37 claimants made up 30% of the 2016 total paid claims. Ms. Kelly advised the Committee that there are two new cancer cases that have potential to be on the 2017 list.

Mr. Anderson asked about the correlation of the large claims to the claims total. Mr. Shorter referenced the Large Claims Trend report, which shows the actual and trend since 2009. Although the average % of Total 2009 through 2016 is 21%; 2011, 2015 and 2016 are the highest years, with averages of 23%, 27% and 30% respectively.

Ms. Schremp pointed out that the increasing trend is industry wide, partially attributable to removal of annual limits. Hospitals and providers seem to be moving forward with costly treatments, regardless of the quality of life.

Mr. Shorter referenced the Paid Claim Summary by Claimant Type Report. He and Ms. Schremp advised the Committee that they are researching and doing analysis to determine if a Spousal Surcharge is something that could be beneficial to the Plan. Mr. Shorter advised that additional information will be included on this report, per Mr. Wilson's request.

Meeting Minutes

The YTD 2016 PEPM (Per Employee Per Month) Medical Costs was \$1,205, compared to the PWC PEPM trended costs of \$1,546, a difference of 28%. This trend has been tracked since 2008.

Mr. Shorter explained that the Prescription Drug Trend remains good due to rebates, pharmacy management and several cost control initiatives that were implemented during 2016. A Request for a Proposal for pharmacy management services has been initiated incorporating CBIZ's PharmD consulting services to reevaluate the market and improve the efficiency of the existing contract which ends at the end of 2017. A spring meeting is being scheduled to review 2016 results and to look at options for 2018.

Mr. Shorter and Ms. Schremp noted that as the year moves forward, there will be more detailed discussions regarding the Cost and Loss Ratio Progression.

Mr. Thibaudeau updated the Committee on the Health Care Reform lawsuit. There has been no movement, likely attributable to the Supreme Court waiting for the seat to be filled and the new Administration decisions regarding the Affordable Care Act.

Mr. Wilson updated the Committee on the status of the transition to the Hartford Medicare Advantage Plan for Senior Priests Without Assignment and the finalization of the High Deductible Health Plan as a default option for those who do not wish to participate.

Mr. Wilson explained that the Committee Meeting Materials are going to be reformatted to accommodate future meeting teleconferencing using Go To Meeting services.
