# Sustainability Impact of your program

We understand that waste reduction is important to FM Corporation. Our programs have a measurable impact in pounds of solid waste eliminated from landfill. Through the use of Sorblts®, FM Corporation:

- Diverts non-hazardous fluids from landfills/sewers reducing potential pollutants.
- Supports sustainability objectives (ISO 14001) by conserving water, air, and utilization of raw materials. Sorblts® are professionally laundered through a closed loop process and used oil is recycled.
- Eliminates costly waste disposal, manifesting, incineration.
