# Precise Thick'N Ready Juices

**THREE fantastic drink choices from Precise**

Apple & Raspberry Juice

Orange Juice

Pear Juice

Juice time just got better. Grab from the fridge, peel and serve.  
**100% convenience**

These three exciting juices from Precise are available in mild, moderate and extreme viscosities.

Precise Pear Juice is also available unthickened, and with 4.4g of fibre in 185mL, it's a good source of dietary fibre for those who may require a functional juice.

Gluten free, lactose free, freeze/thaw stable, no added colours or flavours

**See our website for your local Precise representatives contact details and ask for your free samples. [www.precisethickn.com.au](http://www.precisethickn.com.au).**

Juices come packed in 185ml cups with 12 cups per carton.

Shelf life is 9 months as indicated by the best before date.

Perfect for all  
Aged Care  
Facilities and  
Hospitals

Take them  
on picnics or  
outings

Freeze  
for an icy treat

Pear Juice  
for assistance  
with laxation

A cool drink  
for any time  
of day

## Gaenor Dixon

Welcome to the even bigger 2017 Resource Guide; your one-stop guide to tools and resources that support you in your professional work. This guide provides you with the “I need it now!” tools and the chance to have a browse and create a wish list. I hope that you find this member benefit a time-saving and informative resource.

**Gaenor Dixon**  
**National President**

**Language and Learning Steps**  
**Educational Therapy Programs**  
**Action Word App**

**“Key Verbs with Steffy & James”™**  
**on ipad & iphone**

Introduces actions in single word present tense commands and descriptions, then past tense descriptions, with pronouns and both regular and irregular verbs. Teach and test.

---

**“Key Word Kids”™**   
**on ipad**

Uses information and carrying words, and is based on the Derbyshire Language Scheme (Masidlover, 1982)

**Use both Australian apps to:**

- support all language learners (1-7+ yrs)
- Teach in context-5 scenes/Neutral Accent
- Reward with Mini games/adaptable settings

**Sue Park** Speech Pathologist  
**Janet Eales** Guid.Counsellor/Spec.Educator/Play Therapist

**Articulation Survey**   
**Neil Atkin & John Fisher**

Developed and used by Speech Pathology at The Royal Children's Hospital in Melbourne, the articulation survey is an assessment tool used to screen how a child says sounds in words.

- **Easily administered** – does not require special training
- **Quick** – takes 10-15 minutes to administer and score
- **Non-speech pathologists can use the test**

**Can also be used for:**

- Providing an articulation score for research data
- quantifying a change in articulation over time
- comparing a child's score against an Australian reference group score

**Features**

- comprehensive - 24 single consonants and 27 consonant blends (120 target sounds)
- durable - laminated picture sheets
- referenced against 299 children with normal speech growing up in Australia
- data available for 3 years and 5 months to 7 years and 11 months

To order or learn more about the articulation survey, visit the articulation survey website at [www.rch.org.au/articsurvey](http://www.rch.org.au/articsurvey)

## BEST Autism Therapy

A free app evaluation guide with over 1000 apps professionally evaluated, using a research based rubric, by Australian speech pathologist, Bronwyn Sutton.

## speechBITE – Answering the need for better access to evidence

free resource

Have you been looking for treatment research but don't know where to start? Most speech pathologists (SPs) don't have time to spend hours searching different databases to find published research. Evaluating the scientific quality of research can be another hurdle for clinicians who are looking for the best evidence to improve client outcomes.

speechBITE is a searchable database providing access and appraisal of intervention research in SLP. There are over 5000 research articles which we have found for you by searching multiple online databases (eg Medline, PsycINFO). We

only list treatment research relevant to SPs and the database is updated monthly, so you can be sure you have access to the **LATEST PRE-APPRAISED EVIDENCE.**

- Search for articles
- Obtain ratings of methodological design
- Learn how to critically appraise methods
- Stay informed with regular updates
- Connect with us @speechBITE or [www.facebook.com/speechB](http://www.facebook.com/speechB)

[speechbite.com](http://speechbite.com)

## Solid Foundations

Three culturally safe assessment packages that have been specifically designed for use with Australian Aboriginal English speaking First Peoples children.

[www.speechconcepts.com.au](http://www.speechconcepts.com.au)

## WISE WORDS AUSTRALIA PTY LTD

### THERAPY RESOURCES FOR CHILDREN

The Wise Words Language Programs are underpinned by the work of **Marion Blank Ph.D.** and her "**Model of Classroom Language**". A screening tool and a variety of programs are available to target each of the four levels of understanding.

The Wise Words Articulation Programs provide ready-made games and activities at the sound, word and sentence level and in particular provide activities for **vowels** and a number of the later sounds (ir, air, eh, l, s, r, th).

Our programs can be ordered via the internet from the Wise Words website and are provided on a CD or as a download within Australia. International buyers receive the programs as a download only.

All programs have been designed by an experienced practising speech and language pathologist. Wise Words products are protected by copyright. The purchaser is granted a licence to print or photocopy the materials for children under the care of the licensee.

## Resource Guide 2018

Planning is already underway for the 2018 Resource Guide. To take advantage of our **EARLY BIRD RATES** register your interest with Rebecca Faltyn at [pubs@speechpathologyaustralia.org.au](mailto:pubs@speechpathologyaustralia.org.au).

# Already in, or planning to go in to private practice?

A PRIORITY FOR SPEECH PATHOLOGY AUSTRALIA IS TO SUPPORT AND ASSIST ITS MEMBERS IN THEIR PROFESSIONAL PRACTICE. VISIT THE RESOURCES FOR SPEECH PATHOLOGISTS SECTION OF THE SPA WEBSITE TO GATHER THE TOOLS YOU NEED.

## PRACTICE ESSENTIALS

Information about how to set up and run a practice. This includes:

- A Guide to Setting up a Private Practice
- Policy and Procedure Manual (and templates) for your practice
- Privacy Guide (and templates)

Members will also find links to SPA's CORE ASSOCIATION DOCUMENTS including the Scope of Practice, Principles of Practice, Parameters of Practice, Position Statements and Clinical Guidelines.

## FUNDED PROGRAMS

Find out about programs that can assist in funding speech pathology services including information about:

- Medicare
- NDIS
- Private Health Funds
- Department of Veterans' Affairs
- Carers Allowance

## PROFESSIONAL RESOURCES

This webpage provides members with a large array of documents that provide responses to frequently asked questions as well as links to material about specific areas of clinical practice. Find information about

- Private sector resources e.g. advertising, GST, Working in Schools, Determining Fees
- Employment e.g. Contracts, Awards, Productivity, Employee

vs Contractor

- Clinical Records
- Legal Resources e.g. Mandatory reporting, What to do if you receive a subpoena, compliance with parenting orders, appearing as a court witness, working with children checks
- Speech pathology practice e.g. conflict of interest, first aid, report writing, assessment tools
- working with allied health assistants and work experience students.

## SUPPORT

SPA members can also peak with: SPA's Practice and Clinical Support Advisor with any questions relating to professional practice issues including running a practice or working as a private therapist.

SPA's Senior Advisor, Ethics and Professional Issues for support around decision making where ethical principles are involved.

WorkPlace Plus: this external organisation has been contracted by SPA to provide initial free advice about employment and HR issues as well as industrial and award advice. Additional services such as writing a contract are available on request for a fee [www.workplaceplus.com.au](http://www.workplaceplus.com.au)

## National Conference Sydney

The program for Speech Pathology Australia's annual conference has been finalised. This year's program is feature packed with plenty to inspire all speech pathologists.

The conference will be held in Sydney and the full Conference brochure is available online.

Registrations will be available from February with the early bird rate due to close on 12 April. The keynote speakers will include Professor Emily Plowman, Dr Patricia McCabe and Dr Laura Justice.

To register visit the SPA website and follow the links to the registration page.

[www.speechpathologyaustralia.org.au](http://www.speechpathologyaustralia.org.au)

## Keynote and invited speakers

### Professor Emily Plowman

completed a Bachelor's in Speech and Hearing Science with First Class Honours from Curtin University in 2000. Her postgraduate studies were completed in the US (Doctorate in neurorehabilitation supervised by Jay Rosenbek; post-doctoral fellowship in basic neuroscience with Jeffrey Kleim). Emily holds the position of Associate Professor in the departments of Speech, Language, Hearing Sciences, Physical Therapy and Neurology at the University of Florida, is clinical director at the Center for Respiratory Rehabilitation and Research, and clinical director of speech pathology services at specialised Amyotrophic Lateral Sclerosis (ALS) multidisciplinary clinics at the University of South Florida and the University of Florida. Emily is an accomplished clinician, teacher and an

internationally renowned speaker in the area of critical thinking in dysphagia management.

### Dr Laura Justice

Many will remember Dr Laura Justice who addressed our conference delegates in 2009 in Adelaide and stimulated our creativity and craftsmanship, leaving us enthused and ready to innovate. Laura now joins us again to describe how she has been working and investing in innovative practices and will challenge delegates to consider one of the big questions for most clinicians – treatment dose! Laura's investments in early language and literacy have resulted in an impressive career that will stimulate innovation across many other areas of practice. She will examine what "dose" involves, why it's important and examine the evidence base to inform the crucial decisions clinicians

make. Laura will challenge us to look towards the future with innovation and enthusiasm.

### Dr Tricia McCabe

invited presenter of the 2017 Elizabeth Usher Memorial Lecture, will enthuse delegates with her innovative work on interventions for speech impairments in children and adults. Tricia has been working and investing in the evidence base of our profession and will challenge us all to reflect on our practices – past, present, and the changes we need to make in the future. With a backdrop of the Speech Pathology 2030: Making Futures Happen project, this lecture will examine where we have come from and the investments we will need to make in order to realise the innovative futures of our profession.

# Professional Development Resources

**S**peech Pathology Australia (the Association) is the national peak body for the speech pathology profession in Australia. The Association offers a Continuing Professional Development (CPD) program relevant to speech pathologists. This program aims to reflect the diversity of clinical areas and/or employment that speech pathologists work within, and the scope of their practice. This program offers a variety of accessible formats: face-to-face workshops, online events and resources, recordings of events, and social media platforms.

In addition, each year the Association conducts a National Conference for the benefit of its members and the speech pathology profession. The event provides delegates with a prime opportunity to update their knowledge and skills, while building networks to enable them to remain leaders in a competitive field.

Under the menu heading Professional Development you will find information on:

- CPD workshops and live online events
- pre-Recorded CPD events
- the Association's annual National Conference
- the National Tour
- 'closed' online member communities supported by the Association.

Contact Speech Pathology Australia for more information.
