2017-2018

EMPLOYEE BENEFITS OVERVIEW

BIGGER,
BETTER
BENEFITS.

HydraFacial Nation Team Members,

We are pleased to introduce you to your new benefits plans for 2017 and 2018!

The new plans will run from October 1, 2017 to December 31, 2018. Open Enrollment starts on September 7th and ends on the 14th. At this time, you will need to choose the plans you wish to participate in for the remainder of this year, and those choices will roll right into 2018. If you are presently covered on a plan outside of The HydraFacial Company and you wish to continue on it until the end of that plan year, we will help you determine your next opportunity to enroll in The HydraFacial Company plans.

Why are we making plan changes in the middle of the year?

Healthcare insurance is an important benefit, and we want you to have both choice and affordability when it comes to the plans we offer. This is our commitment to acting urgently, rather than waiting until January, on something we know is important to you and your family. The HydraFacial Company is picking up a greater portion of the cost of your benefits starting on October 1, 2017. Your costs are going down by 30-60%, depending upon your plan choices and the number of family members on the plan. And while we were making the plans more affordable, we had the opportunity to make some other improvements as well.

- First, our medical insurance is staying with Blue Shield, so you will not need to worry about whether or not your physicians and hospitals are still in the plan.
- Second, we've lowered the deductible on the High Deductible Health Plan (HDHP)
- Third, we've added a Vision plan!
- Fourth, the Company is picking up 100% of the cost of a Basic Life and AD&D insurance policy. And the Company is paying 100% of the premiums for a Long-Term Disability insurance plan.
- Fifth, you will still have the ability to buy additional Life/AD&D and Short-Term Disability insurances.
- Sixth, as a part of the High Deductible Health Plan, we are adding in a Health Savings Account (HSA) bank for your healthcare savings (vs. you setting one up on your own), and in 2018, we'll be raising the Flexible Spending Account (FSA) contribution maximum to meet the IRS maximums.
- Seventh, our 401(k) plan will continue with the Newport Group, and we will also continue the 4% Safe Harbor Match you currently enjoy.

We've done our best to create a robust Enrollment Guide to help you make the best decisions regarding benefits. "Robust" is code for a lot of information. To make it easier to navigate, we will be holding live Open Enrollment sessions where we'll walk through all the options available to you and answer questions you may have.

This is just the start of BIGGER, BETTER BENEFITS! We'll have more to talk about for 2018.

Best,

D. Rodriguez

ANNUAL OPEN ENROLLMENT

Open Enrollment for current full-time employees will be held in September of 2017. It is the one time each year that employees can make changes to their benefit elections without a qualifying event.

QUALIFYING LIFE EVENT

Elections changes outside of an annual open enrollment period can only be made within 30 days of a qualifying event. A qualifying event includes, but is not limited to:

- Birth or adoption of a baby or child
- Marriage or Divorce
- Loss of other healthcare coverage
- Your child reaches the maximum age limit
    - You or your child loses coverage under your spouse's employer plan

    - Your eligible family member gains or loses coverage under Medicaid or under a state children's health insurance program (CHIP)

Expect to provide documentation to support the qualifying event (i.e. marriage certificate, birth or adoption certificate, divorce decree). If changes are not submitted within 30 days of the qualifying event, you will not be allowed to make changes until the next open enrollment period.

MANAGE YOUR HEALTH

MAKING THE MOST OF YOUR BENEFITS

Our goal is to help you and your family members stay healthy and use your benefits program to its best advantage. Here are a few things to keep in mind.

PREVENTIVE OR DIAGNOSTIC CARE

Getting preventive care is one of the most important steps you can take to manage your health. That's because when a condition is diagnosed early, it is usually easier to treat. And regular checkups can help you and your doctor identify lifestyle changes you can make to avoid certain conditions. Our plans cover preventive visits at no costs.

Preventive visits can include annual exams, wellness visits, immunizations, screenings, well-baby/child exams, and well-woman exams. Refer to your benefit summary for a complete list of covered services.

EMERGENCY ROOM VS. URGENT CARE CLINICS

Emergency visits should be used for a true medical emergency – such as any situation of a life threating condition, chest pain, shortness of breath, serious bodily injury, severe abdominal pain, or loss of consciousness. Otherwise, for non-emergencies, call your doctor, your nurse line, or go to an urgent care clinic for basic illness/injury, stiches/sutures, fever. This will save you a lot money and time.

IN-NETWORK CARE

Your copay or coinsurance will be lowest when you go to an in-network provider. If you go to an out-of-network provider, they may balance bill you for additional charges if their fees are more than the carrier's maximum allowed amount, or they may not be covered at all depending on the plan you select. You will be responsible for covering this out-of-pocket expense.

REVIEW YOUR MEDICAL BILLS AND EXPLANATION OF BENEFITS (EOB)

Make sure you always check your medical bills and explanation of benefits for accuracy. Medical billing is complicated and mistakes can easily happen. Make sure to contact your provider and/or carrier if you believe there may be an error.

PRESCRIPTIONS

If you need a medication, you can save money by asking your doctor if there are generics or generic alternatives for your specific medication. Generics are safe and effective. They are the equivalent of brand-name drugs and usually cost less than brand drugs. You can also use the mail order program for maintenance drugs which provides three times the quantity of a retail prescription at only twice the cost.

MEDICAL - HMOs

The HydraFacial Company offers you medical plan options through Blue Shield of California. The following pages will give you a summary and comparison of each plan.

CALIFORNIA EMPLOYEES

- HMO Access+ SaveNet
- HMO Access+ Full Network
- PPO Standard
- PPO HDHP w/ HSA

ALL OTHER STATES

- PPO Standard
- PPO HDHP w/ HSA

For California Employees Only, the primary difference between HMO SaveNet & HMO Full Network is the network of providers for each plan. Please note that HMO plans do not allow you to go out-of-network.

CARRYOVER

For the remainder of 2017, the amount you have paid towards your deductible & maximums will carry over to the new plan so you are not starting over in October. On January 1, 2018, a new plan year begins with fresh calendar year deductibles and maximums.

HSA & FSA OVERVIEW

HEALTH SAVINGS ACCOUNT

Must be enrolled in the HDHP medical plan in order to be eligible, cannot be in HMO or PPO

Funds can be used for qualified expenses including medical, dental, vision, etc. Eligible list of expenses is the same for HSA and FSA

Money put into your HSA is not taxed and you earn tax-free interest on HSA balances

2017, can contribute up to $3,400/individual & $6,750/family. 2018, can contribute up to $3,450/individual & $6,900/family. Catch Up contributions are also available for 55+ age.

The entire HSA balance rolls over each year

You own the account and all contributions, even if you retire or leave the company. You can also invest for increased tax-free earning potential.

Works like a debit card, you can only use what you have accumulated through payroll contributions.

FLEXIBLE SPENDING ACCOUNT

Can either be enrolled in the HMO plans or the standard PPO, cannot be in the HDHP

Funds can be used for qualified expenses including medical, dental, vision, etc. Eligible list of expenses is the same for HSA and FSA

Money put into your FSA is not taxed

2017, can contribute up to $1,000. 2018, can contribute up to the IRS set maximum limit.

Active employees can rollover up to $500 each year. Any leftover balance in your account over $500 will be lost at the end of the plan year.

Must validate every receipt for reimbursement through Paychex.

Works like a credit card, you don't have to wait for your payroll contributions to accumulate before using.

CHOOSING BETWEEN THE TWO PPO OPTIONS

The HDHP PPO plan is often (but not always) less expensive for employees and their family, however, the big adjustment is getting used to the sticker shock of the first 6 months of the year when you are meeting your deductible on the HDHP plan. The standard PPO provides you with the comfort of knowing exactly what each office visit and prescription drug cost is going to be. But, it often results in you paying more than you would have under the HDHP PPO plan at year end.

The following two pages will give you examples comparing the two PPO plans and the total cost. We recommend that you do your own calculations based on your own care to determine which plan is better for you and your family.

MEDICAL, PPO COMPARISON INDIVIDUAL

Lisa is a healthy 35-year old and has an annual well-woman exam and takes a maintenance medication daily. She is considering enrolling in the HDHP plan to take advantage of the low paycheck deductions and the tax savings benefit of the HSA.

LISA'S HSA PLAN

Lisa knows that if she enrolls in the HDHP plan, all services are subject to her $2,250 deductible except for Preventive Services. She is also planning on contributing $19.23 per paycheck (pre-tax) into her HSA account which will total $1,000 for the year. She can use this money for any out of pocket costs and any balance in the account is hers to keep for the future. She will save $200 in payroll taxes by making the HSA contribution.

We have partnered with Health Equity to deliver our Health Savings Account (HSA) which allows you to make tax-free contributions through payroll deductions into a savings account that is offered only if you enroll in the Blue Shield HDHP plan (not eligible if you enrolled in the HMO or PPO plan). Any money that you don't spend grows year after year and can be used in the future, even after you retire.

ACCOUNT CONTRIBUTIONS

ACCOUNT TYPE	YOU MAY CONTRIBUTE*
Employee	Up to $3,400 (2017 Federal limit) per calendar year Up to $3,450 (2018 Federal limit) per calendar year
Employee + Family	Up to $6,750 (2017 Federal limit) per calendar year Up to $6,900 (2018 Federal limit) per calendar year

* The IRS has set limits on the total amount you can contribute to a HSA each calendar year. If you're over 55, the IRS allows you to contribute an additional $1,000—this is called a "catch-up contribution."
* If you are HSA eligible on October 1, 2017 and remain eligible on December 1, 2017, you can contribute both the 2017 and 2018 annual maximums to your HSA account as long as you remain eligible throughout all of 2018.

USING YOUR MONEY

You can use your HSA debit card to pay for qualified medical expenses. For a full list of those expenses, please visit http://learn.healthequity.com/qme/

Make sure that you keep records of your receipts as you will need them to prove that you spent the money on qualified expenses if you are audited by the IRS.

ELIGIBILITY

You are eligible to open or contribute to an HSA account if you:

- ✓ Are enrolled in the HDHP plan
- × Cannot have a healthcare FSA account (you and/or your spouse)
- × Cannot be covered under Medicare, Medicaid, or military health benefits
- × Cannot be claimed as a dependent on another person's tax return

FLEXIBLE SPENDING ACCOUNT (FSA)

FOR THOSE WHO ARE NOT ENROLLING IN THE HDHP MEDICAL PLAN WITH HSA

A Flexible Spending Account lets you set aside money—before it's taxed—through payroll deductions. The money can be used for eligible healthcare and dependent day care expenses you and your family expect to have over the next year. The main benefit of using an FSA is that you reduce your taxable income, which means you have more money to spend. Paychex administers our FSA plans. Estimate your annual contributions conservatively as unused funds at the end of the Plan Year may be forfeited under the IRS "**Use-it-or-Lose-It**" rule.

DESCRIPTION	HEALTHCARE FSA	DEPENDENT CARE FSA
Annual Contribution Maximum	For 2017, a minimum of $100 up to $1,000 per year. For 2018, the maximum amount will be the new IRS limit.	Up to $5,000 per year or $2,500 if married and filing separately.
Plan Year	January 1, 2017 to December 31, 2017. January 1, 2018 to December 31, 2018.	January 1, 2017 to December 31, 2017. January 1, 2018 to December 31, 2018.
Funds Available	Your full elected amount is available at the start of the plan year, regardless if you have contributed that amount.	You can access money only after it is placed into your dependent care FSA account, just like a bank account.
Eligible Participants	All benefit eligible employees except participants enrolled in the Blue Shield HDHP plan. You can also obtain reimbursement for eligible expenses incurred by your spouse or tax dependent children, even if they are not covered on The HydraFacial Company's health plan. KEY TERMS

MEDICAL/GENERAL TERMS

Allowable Charge - The most that an in-network provider can charge you for an office visit or service.

Balance Billing - Non-network providers are allowed to charge you more than the plan's allowable charge. This is called Balance Billing.

Coinsurance - The cost share between you and the insurance company. Coinsurance is always a percentage totaling 100%. For example, if the plan pays 70%, you are responsible for paying the remaining 30% of the cost.

Copay - The fee you pay to a provider at the time of service.

Deductible - The amount you have to pay out-of-pocket for expenses before the insurance company will cover any benefit costs for the year (except for preventive care and other services where the deductible is waived).

Explanation of Benefits (EOB) - The statement you receive from the insurance carrier that explains how much the provider billed, how much the plan paid (if any) and how much you owe (if any). In general, you should not pay a bill from your provider until you have received and reviewed your EOB (except for copays).

Family Deductible - The dollar amount a family must pay each year before the plan will pay benefits for covered services.

FSA – A Flexible Spending Account (FSA) is one of a number of tax-advantaged financial accounts that can be set up through a cafeteria plan of an employer in the United States to pay for copayments, deductibles, prescriptions and other health care costs.

HDHP – A HDHP is a high-deductible health plan with lower premiums and higher deductibles than a traditional health. Being covered in a high-deductible health plan (HDHP) is also a requirement for having a health savings account (HSA).

HSA – A Health Savings Account (HSA) is an account created for individuals who are covered under HDHP plans to save for medical expenses that HDHP's don't cover. Contributions are made into the account by the individual or the individual's employer and are limited to a maximum each year.

Individual Deductible - The dollar amount a member must pay each year before the plan will pay benefits for covered services.

In-Network - Services received from providers (doctors, hospitals, etc.) who are a part of your health plan's network. In-network services generally cost you less than out-of-network services.

Out-of-Network - Services received from providers (doctors, hospitals, etc.) who are not a part of your health plan's network. Out-of-network services generally cost you more than in-network services. With some plans, such as HMOs and EPOs, out-of-network services are not covered.

Out-of-Pocket - Healthcare costs you pay using your own money, whether from your bank account, credit card, Health Reimbursement Account (HRA), Health Savings Account (HSA) or Flexible Spending Account (FSA).

Out-of-Pocket Maximum – The most you would pay out-of-pocket for covered services in a year. Once you reach your out-of-pocket maximum, the plan covers 100% of eligible expenses.

Preventive Care – A routine exam, usually yearly, that may include a physical exam, immunizations and tests for certain health conditions.

Summary Plan Description (SPD) – Required by Employee Retirement Income Security Act (ERISA) law to make available to employees of The HydraFacial Company's medical, dental, voluntary life and disability plans, and flexible spending accounts. These documents summarize each insurance plan and provide valuable information on plan coverage, services, and legal rights.

KEY TERMS, CONTINUED

PRESCRIPTION DRUG TERMS

Brand Name Drug - A drug sold under its trademarked name. A generic version of the drug may be available.

Generic Drug – A drug that has the same active ingredients as a brand name drug, but is sold under a different name. Generics only become available after the patent expires on a brand name drug. For example, Tylenol is a brand name pain reliever commonly sold under its generic name, Acetaminophen.

Dispense as Written (DAW) - A prescription that does not allow for substitution of an equivalent generic or similar brand drug.

Maintenance Medications - Medications taken on a regular basis for an ongoing condition such as high cholesterol, high blood pressure, asthma, etc. Oral contraceptives are also considered a maintenance medication.

Non-Preferred Brand Drug - A brand name drug for which alternatives are available from either the plan's preferred brand drug or generic drug list. There is generally a higher copayment for a non-preferred brand drug.

Preferred Brand Drug - A brand name drug that the plan has selected for its preferred drug list. Preferred drugs are generally chosen based on a combination of clinical effectiveness and cost.

Specialty Pharmacy - Provides special drugs for complex conditions such as multiple sclerosis, cancer, and HIV/AIDS.

DENTAL TERMS

Basic Services - Generally include coverage for fillings and oral surgery.

Diagnostic and Preventive Services - Generally include routine cleanings, oral exams, x-rays, sealants and fluoride treatments. Most plans limit preventive exams and cleanings to two times a year.

Endodontics - Commonly known as root canal therapy.

Implants - An artificial tooth root that is surgically placed into your jaw to hold a replacement tooth or bridge. Many dental plans do not cover implants.

Major Services - Generally include restorative dental work such as crowns, bridges, dentures, inlays and onlays.

Orthodontia - Some dental plans offer Orthodontia services for children (and sometimes adults too) to treat alignment of the teeth. Orthodontia services are typically limited to a lifetime maximum.

Periodontics - Diagnosis and treatment of gum disease.

Pre-Treatment Estimate - An estimate of how much the plan will pay for treatment. A pre-treatment estimate is not a guarantee of payment. Pre-treatments are done before you get care, so that you will know early if it is covered by your dental plan.

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). MEDICARE PART D

Important Creditable Coverage Notice from The HydraFacial Company About Your Prescription Drug Coverage and Medicare.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with The HydraFacial Company and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are three important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. The HydraFacial Company has determined that the prescription drug coverage offered by Blue Shield of California plans are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, The HydraFacial Company coverage could be affected. See below for more information about what happens to your current coverage if you join a Medicare drug plan.

Since the existing prescription drug coverage with Blue Shield of California plans are creditable (e.g. as good as Medicare coverage), you can retain your existing

MEDICARE PART D, CONTINUED

prescription drug coverage and choose not to enroll in a Part D plan; or you can enroll in a Part D plan as a supplement to, or in lieu of, your existing prescription drug coverage.

If you do decide to join a Medicare drug plan and drop The HydraFacial Company prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with The HydraFacial Company and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage…

Contact the office listed below for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through The HydraFacial Company changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage…

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial (877) KIDS-NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call (866) 444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2017. Contact your State for more information on eligibility –

While we've made every effort to make sure this benefits overview is comprehensive, it cannot provide a complete description of all benefit provisions. For detailed information, please refer to your plan benefit booklets, or Summary Plan Descriptions (SPDs). The plan benefit booklets determine how all benefits are paid. The HydraFacial Company is required by law, ERISA (Employee Retirement Income Security Act), to make available to you Summary Plan Descriptions (SPDs) for HydraFacial's medical plans, dental plans, voluntary life insurance plans, voluntary disability plans, and flexible spending accounts. These documents summarize each insurance plan and provide valuable information on plan coverage, services and legal rights.
