# MASON CASH

EST.

1800

# 200 Years in the baking.

Mason Cash originated in a pottery operating at Church Gresley in the heart of the English ceramic industry in 1800. The pottery became world renowned for producing kitchen items made from their distinct 'white and cane' glazed earthenware. The pottery was run by a series of Master Potters of whom the most colourful was William 'Bossy' Mason. During the 1800s the pottery was named after him, and when Tom Cash acquired it in 1901, he renamed it Mason Cash & Co. Although Mason Cash had produced mixing bowls during the 1800s, in 1901 they designed and manufactured the very first iconic Mason Cash Mixing Bowl. The bowl's design has endured the test of time and has become something of a design classic. In fact, the design has barely altered since then, which is why the brand is still renowned for its innovative, classic kitchenware today.

The logo for Mason Cash, featuring a stylized, cursive signature of 'Mason' in black ink. The 'M' is large and loops around the 'a', and the 's' and 'on' are written in a fluid, handwritten style.

# Great British Design Icon.

First developed in 1901, Mason Cash Mixing Bowls are made from high quality, chip-resistant earthenware making them heavy enough to stand when mixing, yet light enough to hold comfortably in one arm.

The distinct patterned exterior and rim of the bowl is designed to help bakers grip and tip the bowl and has become synonymous with the brand and baking ever since. The wide, shallow shape also allows for kneading within the bowl if required.

The bowls are as relevant today as they were in 1901 and have endured the test of time to become something of a design classic.

ORIGINAL CANE

# Mixing Bowls

The sizes of Mason Cash Mixing Bowls were used historically to refer to how many can fit on a shelf in a kiln when manufacturing. There's a bowl size to suit any task. The Size 4 is designed for large batches of dough, whereas a Size 42 is designed for mixing sauces or storing ingredients. The Size 12 is a good all-rounder for bread, pastry, cookie or cake mixes.

## KEY DESIGN FEATURES

A pudding must be sealed before steaming. The rim of the Mason Cash Pudding Basin is shaped for this purpose.

The vented base of the pudding basin allows bubbles to escape from underneath the basin, preventing it from tipping over in a pan.

The classic shape of the basin allows easy release of the pudding after steaming, giving a pudding its distinct shape.

COLOUR MIX

# Mixing Bowls

COLLECTION

# Innovative Kitchen

The Mason Cash Innovative Kitchen range delivers smart solutions for day-to-day kitchen needs. Each item within the range has a traditional function with a modern twist that brings either dual function or improved performance.

The Innovative Kitchen Grip Stand Mixing Bowl tilts to make mixing on countertops easier while allowing more air to be incorporated into mixes when whisking.

The Juicer and Store can be used to juice citrus fruits and store either the juice or fruit halves in.

The Set of 3 Cake Tins nest inside each other, sit snugly on top of one another and allow cakes to be presented and cut on the shallow, elevated base.

The Garlic Store has air vents for keeping garlic fresher for longer and the lid incorporates a grater, perfect for garlic or ginger.

INNOVATIVE KITCHEN

# Food Preparation

The Innovative Kitchen Food Preparation range includes a tilting Mixing Bowl and Measuring Jug to make whisking easier.

Our Pudding Basin comes with a sealing lid to keep food fresh.

Our Measuring Cups include spoon measurements and our Egg Store features a raised area for cracking eggs on.

The Roller Shaker rolls and measures pastry and can be filled with flour to dust work surfaces when rolling. The Bench Scraper scrapes, scoops, measures and strips herbs.

COLLECTION

# Bakewell

The Mason Cash Bakewell range is inspired by mid-19th century country kitchens of the Derbyshire town bearing the same name. The town is steeped in fine baking traditions, where bakers still make their world famous puddings, tarts and pies.

COLLECTION

# Bakewell

The Bakewell Food Preparation range includes Mixing and Batter Bowls, Measuring Spoons and Cups, Prep Bowls and a handy Egg Separator. Interior and exterior colours are inverted for a mix and match look.

COLLECTION

# Baker's Authority

The Mason Cash Baker's Authority range pays homage to the resourceful home bakers of post-war Britain of the 1940s and 50s.

Bright colours are taken from ration books and packaging from the era to bring a splash of colour to the kitchen. The range covers ceramic food preparation and ovenware as well as steel storage items, using materials popular during the 1940s.

COLLECTION

# Baker's Authority

The Baker's Authority Food Preparation range feature prominent embossments or decal designs with vibrant colours. The bowls nest or stack to save on space and the Roller Shaker gives a 3-in-1 function for a modern twist on a traditional shape, acting as a rolling pin, shaker and pastry measure.

# TERRACOTTA

## Baking

The Mason Cash Terracotta Baking Stone benefits from century old traditions of baking in porous clay. Unglazed terracotta is porous and will draw in moisture from whatever touches its surface. It will draw moisture away giving it a crispier crust when baked. Our Clay Cooker also benefits from the properties of unglazed terracotta, soaking in water that can then be released inside the pot when roasting.

ORIGINAL COLLECTION

# Teapots

The Original Collection Teapots are made from fine stoneware which is perfect for retaining heat from boiled water.

Our stainless steel infuser filter has a simple and safe locking mechanism for when it is infused into the teapot.

The classic round shape of the teapot then allows the flavours of loose leaf tea to circulate in the pot for the perfect cup of tea.

ORIGINAL  
**Mugs**

Mason Cash Mugs were also manufactured in the early 1800s.

The Original Mugs are also made from fine stoneware, helping hot drinks to stay hot for longer. Our Espresso Cups incorporate the same charming shape as the mugs, offering practicality and style.
