STYLING

TopTech Wheel Trims

13-16" available in Black and Silver designs. The TopTech range of wheel trims combines style, quality and affordability. Complete set of 4 wheel trims including secure locking rings will transform the look of your car in seconds. Made of high quality, impact and heat resistant ABS. They will not deform, and with a protective clear coat lacquer they stay looking their best for longer! Please note wheel nuts (where shown) are part of the moulded design of the wheel trim and are purely decorative. They do not need to match the stud pattern of your vehicle in order to fit. To select the correct trim size for your vehicle please check the details on your tyre. The number that follows the R relates to your wheel size. R14 would require 14" wheel trims

Premium Ultra Frame Pools

Engineered for strength, the Ultra Frame Pool is supported by strong, durable steel frames which are powder coated for rust resistance and beauty. They're easier to assemble, because the shape allows the pieces to fit together so smoothly and securely that separate locking pins are not needed. Supplied with a 1,200 gallons/hour sand filter pump.
