# The **Survival** Supplies

Are You Ready?

SUPPLIES FOR
ANY & EVERY
SURVIVAL NEED!

My goal is to provide supplies for any emergency. There are three things you need in any situation, food, clean water and shelter. Food must have a long shelf life and be easily prepared. Water must be drinkable and replenishable. Shelter must keep us safe from the elements. These products can also be used by campers and hikers who just want to get out of the city to unwind and commune with nature.
