a message from our **PRESIDENT**

What an honor it is to represent, as President, the Buckeye Association of School Administrators (BASA). Though it is a privilege for us all to serve our communities as superintendent of schools, the position also brings terrific responsibility and challenges. We are truly fortunate to have an association that works, quite tirelessly, in support of our work, leadership and success.

Our Executive Director, Dr. Kirk Hamilton, has recommended a new logo for our association. Personally, I love it! In typical Dr. Hamilton fashion, the logo is clean, efficient and speaks to the history and mission of BASA. BASA is clearly, "Ohio's Superintendent Association."

What a pleasure it is to present our annual Membership Directory. For those of you who are new to the superintendency, the Directory is just another resource offered by your "superintendent association." This Directory is designed to support you in your leadership capacity. Experienced district leaders have long valued the Membership Directory for the:

- dual-sorted list of BASA members;
- complete list of conferences and workshops
- BASA Executive Committee and Committee Chair assignments
- BASA Organizational Structure

Often overlooked are the BASA premier and corporate sponsor pages and the Products and Services Marketplace. The Marketplace is a one-stop shop solution center, a thorough and comprehensive list of products and services to assist you in leading your complex learning organization.

We sincerely hope that you find our annual Membership Directory to be of value and wish you a terrific school year. As always, if we can be of any assistance or support, please, contact us. BASA, your Ohio Superintendent Association, is here for you.

Michael Tefs, Ed.D.
BASA President

BASA is a nonprofit organization comprised of individual members. Membership includes superintendents, assistant superintendents, directors, building level-administrators, department heads, university professors, graduate students, state department personnel, and service (corporate) members.

Legal structure:

An executive committee made up of a president, president-elect, past president and regional directors from all of BASA's 10 regions and appointees from OESCA, OALSS and OACTS govern the Association. At times an appointed director also may serve on the committee. An executive director leads the operations of the Association. The Association staff is comprised of a team of professional and support staff.

Services:

BASA's services are divided generally into the areas of legislative, professional growth and development, communications and public relations, and member orientation. In addition, BASA offers legal assistance, member advocacy, counseling, and strategic planning assistance. BASA expresses the concerns and needs of its members in the legislative arena at the statehouse and Department of Education.

Financial:

Monies to support BASA operation and services come from membership dues and non-dues revenue, such as conferences, product sales and corporate sponsorships.

our **MISSION**

The mission of the Buckeye Association of School Administrators is to inspire and support its members, develop exemplary school system leaders and advocate for public education.

about **BASA**

Buckeye Association of School Administrators (BASA), an incorporated non-profit organization established in 1969 to serve the needs of Ohio superintendents, is an association of individual members focused on the advancement of public education. To serve its members, BASA offers a variety of programs and services. BASA's services are divided generally into the areas of legislative, professional growth and development, communications and public relations, and member orientation. In addition, BASA offers legal assistance, member advocacy, counseling, and strategic planning assistance. BASA expresses the concerns and needs of its members in the legislative arena at the statehouse and Department of Education. BASA is a charter member of the American Association of School Administrators and works closely with other professional education-related associations and organizations. Membership includes superintendents, assistant superintendents, directors, building level-administrators, department heads, state department personnel, university professors, graduate students, and service members. Approximately 95 percent of eligible chief school administrators in Ohio are members of BASA.

"BASA is embarked in a venture that sparkles with possibilities. Only the membership controls the destiny of our new organization. Faith and action will make dreams become realities. The time for both is now." – Harold Sebold, BASA Executive Director, 1969-1973

On June 26, 1969, more than 400 of Ohio's school administrators gave a resounding vote of confidence to a new administrative organization – Buckeye Association of School Administrators. The willingness of Ohio's administrators to band together for the common good of public education spoke eloquently for the future. A confirmation ballot mailed to school administrators showed a vote of 663-14 in favor of the new administrators' organization. BASA's first executive director was Harold Sebold, and its first president was Bill Fox.

One year after BASA was chartered, active membership was 630 and overall membership was 875. The foundation for a strong and growing administration group had been laid.

Today BASA has 759 active members and 1225 total members. Members include superintendents, assistant superintendents, directors, principals, university professors and department heads, state department personnel, graduate students, and service members. Membership categories include active, associate, graduate, honorary, institutional, partners, retired, affiliate, and lifetime members.

We've come a long way since 1969. We now have a staff of nine full- and part-time persons, legal counsel on retainer, and an executive committee led by a president, president-elect, past president, and directors from all 10 BASA regions. BASA also has 16 working committees in which members actively participate.

Since Harold Sebold, five other executive directors have led BASA: John Hauck (1973-1986), Rod Rice (1986-1999), Dick Maxwell (2000-2005), Dr. Jerry Klenke (2005-2010) and currently Dr. Kirk Hamilton.

Michael Tefs, superintendent of Wooster City Schools is our 45th president, Michael Lamb, superintendent of Shawnee Local Schools is our president elect.

With strong leadership, actively involved members and a dedicated passion to support public education in Ohio, BASA will continue to thrive in the years to come.

As we enter into our 45th year of membership, we can look to the past and be proud of the progress we've made and know that as educational leaders united, we can make a difference for Ohio's students.
