**Folded Dimensions:** W 37" x H 16" x D 13"

**Weight:** 17.15 lbs

**6 Colors Available**

**MAP: \$209.99**

## Bridgestone 2016 B330 Family

Bridgestone's 2016 B330 Family features Bridgestone's new TOUR Core that is 6% larger and utilizes a steeper gradient in softness from the inner part of the core to the outer region, to generate faster ball speed and less spin off the driver than ever before. In fact, Bridgestone's proprietary gradational compression technology in its core allows the company to accomplish in one layer what other ball makers accomplish in two or three layers, leading to a smoother energy transfer and more power.

### Three keys new technologies:

- SlipRes Cover
- Tour Core (featured in the above 105mph swing speed models — B330 & B330S)
- AmaTour Core (featured in the under 105mph swing speed models — B330RX & B330RXS)

### MAP: B-Series

**B330: \$44.99 | B330S: \$44.99**

**B330RX: \$39.99 | B330RXS: \$39.99**

## Bridgestone 2016 eSeries Family

The e-Series models continue to deliver the exceptional flight performance golfers trust and expect and the introduction of Bridgestone's proprietary, breakthrough WEB Dimple Technology brings added distance across the line. WEB Dimple Technology covers will be featured across the 2015 e-Series family. Bridgestone's newest, proprietary design utilizes a cutting-edge "spidering" pattern that affords 10% more dimple-surface-coverage than the previous e-Series models. This new pentagonal, WEB pattern combined with the aerodynamics of our Dual Dimple design reduces drag, resulting in a more penetrating ball flight and greater distance.

# GOLF BALLS

## OnCore Avant

OnCore's SoftCell Technology is a proprietary chemistry in the core composition that provides the combination of softness and high coefficient of restitution. It is showing incredible distance and high spin around the greens. So far our testing has shown that it not only stacks up, but is outperforming its low compression competitors.

**DISTANCE:** High coefficient of restitution core for generating maximum ball velocity.

**SPIN:** Perfect balance of flight and control

**FEEL:** Utilizes SoftCell technology to achieve ultra low 65 compression

**MAP: \$19.99**

*Up and coming development tour player, **Francis Biondi**, gained ten more yards and shot 69 with the Avant. See the tweet »*

## OnCore MA 1.0 (Maximum Accuracy Series One)

Patented Hollow Metallic Core provides enhanced rifle spin for Maximum Accuracy

- Perimeter Weighting creates truer roll on putting green, and a reduction in sidespin off the tee.
- Modified 392 dimples increases lift and distance
- High performance polymer layer maximizes energy transfer between club face and hollow metal core
- Soft Surlyn cover for high back spin into greens

**MAP: \$34.99**

## Volvik The Orange S3

***The Straightest Tour Ball on the Market Now Available in Orange!***

A 95-compression DOUBLE Urethane Cover golf ball that has tested as the best of the best in golf! The S3 is in play on the PGA TOUR, Web.com and Champions Tour and is one of the most played models on the LPGA Tour. The Orange S3 has won twice on the LPGA Tour, making it the only Orange golf ball to win in the history of the LPGA Tour. An extremely low driver spin and best in class durability make the S3 an option for any advanced player looking for a leg up over the competition.

**Colors Available:** Orange and White

# GOLF BALLS

## Volvik The VIVID

### *The World's First Ever Matte Finish Golf Ball*

This golf ball is unique in the fact that it combines Volvik's neon colors with an amazing matte finish plus all the amazing performance that the Crystal ball became famous for. The VIVID is a 3-piece, 80 compression ball that has tested as one of the longest golf balls on the market today, especially for slower to medium swing speeds.

The matte finish increases visibility and speed of play, while making course management and ball striking better due to enhanced awareness of where your golf ball lands. There truly is nothing else like the VIVID!

**Colors Available:** Matte Green, Matte Pink, Matte Orange, and Matte Red

**MAP: \$29.99**

## Volvik The 2016 CRYSTAL

### *The New and Improved Best-Selling Crystal Ball!*

The new 2016 Volvik Crystal is a premium level 3-piece golf ball that provides the ultimate in distance with a hyper soft feel. The Volvik Crystal 3-piece is the evolution of the original Crystal ball that revolutionized the color golf ball market. An extended flight time and higher ball flight is provided by a switch to a 322-dimple pattern.

**Colors Available:** Orange, Green, Yellow, Pink, Ruby and in an Assorted pack containing a sleeve each of Orange, Yellow, Green and Pink

**MAP: \$29.99**

## Volvik The VIBE

### *(Very Intelligent Ball Engineering) – Ultra Soft, Tour Quality Urethane for Every Player*

A Urethane golf ball for every skill level! Extremely low compression mixed with high grade Urethane makes this 3-piece ball the perfect "soft" option for tour players, advanced golfers and beginners alike. Combining a "players" ball with a soft feel off the club face makes the VIBE the perfect combination of distance and straightness off the tee due to a low driver spin. The 336-dimple pattern ensures an enhanced flight time and optimal greenside spin and short game control that you would expect from a Urethane 3-piece golf ball.

**Colors Available:** Yellow and White

**MAP: \$35.99**

## Srixon Soft Feel Golf Ball

This soft feeling distance ball is designed to launch high with low spin to create exceptional distance and control. The low compression design of this golf ball delivers a high moment of inertia which lead to greater accuracy on off-center shots. Also featuring the visual performance of pure white for greater visibility.

**Ball Type:** Distance and Feel

**Driver Swing Speed:** All

# GOLF BALLS

## Wilson Staff DUO Urethane

Committed to innovation, Wilson Staff continues to transform golf ball technology, further solidifying its claim to offering the softest golf balls. The new 55 compression DUO Urethane is the latest addition to the revolutionary DUO line which also includes the 29 compression DUO and the 35 compression DUO Spin.

Unrivaled is the best way to describe the new DUO Urethane golf ball, which is the World's Softest Golf Ball. The low 55 compression results in a softer feel while still providing exceptional distance. With a new multi-layer construction players can also expect an exceptional level of spin, required for the better player.

**MAP: \$37.99**

## Wilson Staff DUO Spin

The 35 compression DUO Spin golf ball from Wilson Staff is the World's Softest Multilayer ball. Featuring similar distance and soft feel characteristics inherent in the DUO, the DUO Spin presents the added benefit of more greenside spin for the Control player demanding action in the scoring zone. Take the challenge and prove it to yourself why the DUO and DUO Spin are longer and softer than any balls within their construction categories.

**MAP: \$26.99**

## Wilson Staff DUO

With its groundbreaking 29 compression, the new and improved Wilson Staff DUO is the World's Softest golf ball. Designed for the Distance player seeking less spin off the tee and a soft feel around the greens, the DUO is the industry leader in low compression technology. Take the challenge and prove it to yourself why DUO is longer and softer than any ball you've ever played.

**MAP: \$19.99**

*"Our testing has consistently shown that the majority of golfers, regardless of handicap, prefer a softer feeling golf ball. As the industry trend is toward softer feel balls, we remain committed to providing the softest feeling golf ball in all product categories."*

**—Frank Simonutti,**  
Global Director of Innovation,  
Wilson Golf Balls

## Titleist

### ProV1 / ProV1x

---

More short game spin and control with even softer feel, penetrating trajectory for exceptional distance, and long-lasting durability.

#### DIMPLE DESIGN

The Pro V1 features a spherically-tiled 352 tetrahedral dimple design. (328 on ProV1x)

#### COVER SYSTEM

Patented soft Urethane Elastomer™ cover.

#### CORE

The Pro V1 is a three-piece (four-piece on ProV1x), multi-component technology with a very soft compression ZG process core and ionomeric casing layer.

**MAP: ProV1 \$44.99 | ProV1x \$59.99**

## Titleist

### DT TruSoft

---

The new Titleist DT TruSoft golf ball provides our softest compression feel while delivering impressive distance and good short game playability.

Titleist R&D engineered a new core and cover formulation that delivers very low spin in the long game for impressive distance along with short game playability. DT TruSoft technology results in the best combination of very soft compression feel and the consistent performance you expect from Titleist.

**MAP: \$29.99**

## Titleist

### NXT Tour / NXT Tour S

---

The Titleist NXT Tour golf ball is a high performance ball delivering low driver and long iron spin for outstanding distance along with excellent shot stopping control. This advanced multi-component golf ball features a large dual core with a soft center, soft Fusablend cover and spherically tiled 302 octahedral dimple design.

The Titleist NXT Tour S golf ball delivers the same high performance characteristics as NXT Tour with significantly softer feel.

**MAP: NXT Tour \$44.99 | NXT Tour S \$44.99**

## Golf Buddy CT2

The CT2 is a micro-GPS with a built-in clip that is easily pocket-able and easily hung from a lanyard (included) which can be attached to a belt loop, belt, golf bag, etc. The versatility of the unit with its enlarged numbers and features will make it easier for the golfer to see his/her yardages without having to carry around a large GPS device or worry about losing their device on the course.

The CT2 comes packed with features that help the golfer better their game including distances to hazards and pin placement which updates the golfer's numbers from front/center/back to front/pin/back. The CT2 has up to 17 hours golf GPS battery and is also waterproof. This device can last you a whole week-end of golf and you don't have to worry about recharging after every game.

**MAP: \$149.99**

## Golf Buddy LD2

The LD2 is the first-ever ladies golf GPS watch in the market and with its slim design, it fits the lady golfer's wrist more comfortably. Before the LD2, the lady golfer had to deal with bulkier designs that focused on function. With the LD2's Swarovski® crystals and leather band, GolfBuddy combines fashion and function in one device.

With the LD2 being the first ladies golf GPS watch in the industry, GolfBuddy wanted to design a watch that could be worn for function as well as outside the golf course as a lifestyle watch. The light sapphire Swarovski® crystals and alligator grain leather watchband really set this golf GPS watch apart from the others.

**MAP: \$249.99**

## Golf Buddy LR5S

In addition to GolfBuddy LR5's state-of-the-art technological features and ergonomic design, the LR5S comes with a slope feature that provides compensated distances for various elevations for more accuracy. The GolfBuddy LR5S is the must-have item on the course that completes your needs with its design and performance.

**MAP: \$299.99**

All of GolfBuddy's products are preloaded with over 38,000 courses worldwide and feature Dynamic Green View. Dynamic Green View technology delivers the real front/center/back distances to the green directly from your angle of approach instead of from the tee box like other GPS companies. All GolfBuddy products are also 100% fee free—there are no download charges, no annual subscriptions, and free lifetime course and software updates.

## SkyCaddie SKYTRAK Launch Monitor

Golf's first portable and affordable Launch Monitor and Golf Simulator. This compact, portable unit wirelessly provides shot launch data and ball flight visual feedback. Simulate practice and play as if you were on the course or practice tee. Play at some of the world's top golf courses, from your home.

### FEATURES:

- Parameters captured include ball speed, distance, launch angle, club speed, spin rates with 3D visualization.
- Compare data and ball flights with multi-color shot tracers
- Fun challenges, Long Drive, Closest to pin and Target Practice
- World Golf Tour and The Golf Club Game are compatible

**MAP: \$1,995.95**

## Arccos Driver

Arccos Golf is golf's most comprehensive golf performance tracking platform, combining GPS + Live Shot Tracking + Tour Analytics. Driver is the newest addition to the growing Arccos Golf Platform.

Arccos Driver automatically records every drive, capturing distance and location without any interruption to your game. With each drive automatically recorded, the proprietary Arccos Tour Analytics Platform provides in-depth stats and analytics into your driving performance. With Arccos Driver, golfers can capture and share their best drives with friends inside and outside the Arccos Community while competing against playing partners and friends worldwide. Golfers can also battle for position on the Arccos Golf Leaderboard while playing Crowns, the Arccos Platform's driver-only virtual game.

### Arccos Driver Details & Features:

- Live distances, data & analysis for every drive
- Hands free with zero interruptions
- GPS for more than 30,000 courses worldwide
- Advanced Shot Detection Technology
- Longest drives, expected driving distance averages and ranges
- Fairways hit and missed, plus percentage of fairways center, right and left
- Driving analytics, including unique driving handicap breakdown
- Advanced GPS rangefinder provides distance to every location on the course

Arccos Driver will automatically detect your driver shot and know where your drive ended.

**Just pair, play, compete, review and improve. It's that simple.**

**MAP: \$79.99**

### SYSTEM REQUIREMENTS & COMPATIBILITY:

Arccos is compatible with any iPhone 4S or above and Android phones running Lollipop or above.

**Arccos Driver works seamlessly.** Simply attach the sensor to the grip end of your driving club and pair just once to your smartphone using the free Arccos Driver app. Then, play as you normally do and watch as Arccos Driver does all the work. No additional devices needed.

**TRACK | ANALYZE | COMPETE**
