BROWN & CO

ABOUT US

Brown&Co Architecture and Planning is an award winning Chartered Practice based in the centre of Norwich. Our strong pedigree dates back to the early 1900s and we have been providing excellence in Architectural design and planning for well over 100 years.

We are a dynamic design practice with a growing team and broad project portfolio. Our highly-experienced planning team provide imaginative and commercial solutions to complex planning situations.

OUR PEOPLE

We have specific A+P teams in our Norwich and Huntingdon offices and from these locations we cover East Anglia, reaching into Lincolnshire, Oxfordshire and beyond. Our multi-disciplinary team of chartered architects and planning professionals combine experience and enthusiasm to design and deliver commercial and creative solutions.

ARCHITECTURE

RESIDENTIAL PROJECTS

**New build bespoke houses | Apartment and multiple occupation buildings
Renovation and conversion projects | Listed and Historic buildings**

We have in depth experience in delivering a wide range of residential projects, from new build bespoke houses, to larger strategic and commercial housing developments, barn conversions and contemporary town centre apartment buildings.

ARCHITECTURE

COMMERCIAL PROJECTS

Education buildings | Community facilities | Healthcare
Workspaces - offices and industrial | Retail
Agricultural Buildings | Listed and Historic buildings
Mixed-use | Commercial Residential

Non-residential work forms a growing part of our portfolio, with experience in the design of school buildings, places of worship, offices and other workspaces. We also have in-house capability in the refurbishment of sensitive historic buildings into a range of uses.

PLANNING

**Preparation of planning applications and appeals | Development appraisals | Development plan representations | Negotiations on legal agreements and advice on CIL requirements | Master Planning
Community Consultation | Enforcement matters**

The planning team has extensive experience in providing imaginative solutions to complex planning situations. We provide an integrated approach to projects, in order to resolve key planning issues from an early stage in the planning process. This co-ordinated approach allows early consultation with Councils and key stakeholders to ensure transparency throughout the process.

MASTERPLANNING

Urban design and regeneration | Spatial planning | Sustainable development | Town planning | Local Authorities Call for Sites
Agricultural diversification

Our in-house experience in Masterplanning and urban design includes significant projects of regional and national importance, including millennium communities, large scale settlements and urban regeneration, and preliminary site assessments and feasibility studies, to assist in preliminary negotiations with Local Authorities.
