# Batteries±

## Be positive about your battery choice

Choosing the correct battery for your car can leave you feeling flat. It must be the right size, have the correct terminals and have the power to turn your engine on the coldest of days. And if your car has stop-start technology you'll need an AGM or EFB battery.

But don't worry, we're here to help. Just visit [www.eurocarparts.com](http://www.eurocarparts.com) and check our huge range of high quality batteries from leading manufacturers including Bosch, Exide, Duracell and Lion. All at great low prices.

## Find the Right Battery for Your Car

1. Go to [www.eurocarparts.com](http://www.eurocarparts.com)

2. Enter your registration number.

3. Choose the battery from the list provided and make sure it matches the one on the vehicle.

4. Choose delivery (same day now available) or Click & Collect from 200+ stores nationwide.

Visit our  
YouTube channel  
(EurocarpartsOfficial)  
for videos showing  
how to fit batteries

## Osram Night Breaker Laser

### The brightest OSRAM halogen light

OSRAM recently upgraded their amazing portfolio of maximum performance bulbs by adding the Night Breaker Laser to the range.

If you are familiar with the Night Breaker Unlimited bulbs you will know that it set new standards in terms of performance and gives up to 110% more brightness, a light cone up to 35 meters longer and 20% whiter light compared to standard halogen lamps.

The Night Breaker Laser range takes it one step further.

With more light power, the Night Breaker Laser bulbs deliver an impressive 130% more light and up to 40m longer light beam in comparison to a standard halogen. That's an increase of 20% extra light on the road and a 5m longer beam compared to the Night Breaker Unlimited bulb. It's still a fully road legal halogen bulb, and is a like-for-like replacement for your existing standard halogen.

Night Breaker Laser H7 has an average stated lifetime of 250 hours which equates to up to a year's use (depending on mileage/conditions).

- Up to 130% more light
- Up to 40m longer beam
- Up to 20% whiter light
- Innovative laser ablation
