Specifically designed with

Recycling in mind!

YOU **have a choice to** make a real difference. ProEarth™ Laser Toner Cartridges are the first newly manufactured compatible toner cartridges offered in the United States designed to be 100% recycled. Not only are these cartridges made with the highest quality standards but they are environmentally friendly as well. The *Environmental Protection Agency* (EPA) estimates that up to 300 million ink and toner cartridges end up in our landfills every year. The EPA also considers toner cartridges as “focused material” requiring recycling just like a keyboard or used electronic device ... they’ve done their part ... now you can do yours!

● **The Premium Cartridge that Cares**

Each cartridge is registered and can be tracked back to a certified “R2” recycling center

● **Receive \$5 Voucher for Recycling**

On each ProEarth™ Toner Cartridge there is an identification number. This number is used to promote tracking and environmental responsibility. When you have fully used your cartridge, simply go on-line and initiate the recycling process. Upon arrival at the R2 center, your cartridge will be scanned and a credit voucher will be sent to you. ProEarth™ products, it pays to recycle!

● **We plant a tree in YOUR Name to say thanks!**

For every ProEarth™ Cartridge you recycle, a donation will be made in your name to plant a tree! Reforestation is one of the best ways to combat CO2 build up in our atmosphere

www.proearthtoner.com

PROEARTH™
LASER TONER

Recycle a Cartridge & Plant a Tree!

We guarantee that when returned to our R2 recycling center, that all reusable materials will be recycled and a donation will be made in your name to plant a tree. Recycling just makes sense. Make the right financial and environmental choice.

The Quality Alternative to OEM

Certified

After leaving the factory, every toner cartridge is audited by an independent testing facility using U.S. military specifications for quality and yield.

ProEarth provides you with inexpensive, quality compatible toner cartridges that allow consumers to save money without sacrificing print quality. While we care greatly about our environment, we also want to see consumers find a toner product that provides affordability and reliability. ProEarth is committed to providing you with the long-term toner product for your business needs and you help prevent empty toner cartridges from multiplying in our landfills.

Did You Know....

The first fax machines were actually invented before the invention of the telephone. The original fax machine was invented in 1843 by Alexander Bain, years prior to the invention of the telephone and the first faxes by AT&T took seven minutes to send a single page. To give some perspective, the American Civil War wouldn't begin for another 18 years.

Green Cartridge Recycling

Make a difference
Recycle your ink and toner cartridges today!

Contributing to
the landscape.
Not the landfill.

Why Recycle?

- Each laser cartridge adds 2.5 pounds of waste to our landfills.
- Cartridge waste will take as long as 1,000 years to decompose.
- More than 3 quarts of oil are used to produce each laser cartridge.
- CO2 emissions from the production of a new cartridge are almost 2.5 times that of a remanufactured cartridge.

How It Works

- Register. It's quick & easy.
- Collect empty inkjet and laser cartridges.
- Place cartridges into free shipping boxes.
- Arrange pick-up or drop off at your nearest UPS facility.
- Earn cash refunds for recycling your used ink and toner cartridges while helping to preserve our environment.

BREATHE EASY

Fine dust particles created by ordinary office equipment

WITH DAHLE CleanTEC®

DAHLE CleanTEC® is the world's only shredder with an integrated fine dust filter system. It's designed to capture irritating dust particles before they enter the air and cause the potential for discomfort. So breathe easy knowing your confidential documents are destroyed, and you've created a cleaner, healthier workplace.

STOP

SAFE TECHNOLOGY

DAHLE CleanTEC® shredders offer the most advanced safety features in the industry. The revolutionary Verbal and Contact Emergency Shutdown allows the user to say "Stop" or tap the top cover, and the shredder immediately stops. A steel reinforced feed opening with electronic sensors ensure your fingers stay in the "Safe" zone.

SMARTPOWER

DAHLE CleanTEC® shredders use the intuitive SmartPower Energy Management System. This multi-stage system reduces power consumption after ten minutes of sitting idle (sleep mode), and completely powers down after 20 minutes of inactivity. This makes DAHLE CleanTEC® the most energy efficient shredders on the market.

AUTOMATIC OILER

The Dahle EvenFlow Lubricator is the perfect solution and effectively eliminates the guesswork of "Who", "How Much", and "How Often" your shredder should be oiled. This automatic oiler provides slow, continuous lubrication across the entire cutting mechanism and ensures the shredder maintains peak performance.

A WORTHWHILE DAY

*I count that day as wisely spent
In which I do some good
For someone who is far away
Or shares my neighborhood.*

*A day devoted to the deed
That lends a helping hand
And demonstrates a willingness
To care and understand.*

*I long to be of usefulness
In little ways and large
Without selfish motive
And without the slightest charge*

*Because in my philosophy
There never is a doubt
That all of us here on earth
Must help each other out*

*I feel that day is fruitful
And the time is worth the while
When I promote the happiness
Of an enduring smile*
