Your Association...

Speech Pathology Australia is the national peak body for the speech pathology profession in Australia. Speech pathologists are university trained allied health professionals with expertise in the assessment and treatment of communication and/or swallowing difficulties.

There is currently 6900+ SPA members and the Association is made up of a team of dedicated industry professionals with a range of skills to assist you in your everyday practice. If you are not a member, consider the benefits when you visit the SPA website.

www.speechpathologyaustralia.org.au

Language and Learning Steps

Educational Therapy Programs Action Word App

“Key Verbs with Steffy & James”™ on ipad & iphone

Introduces actions in single word present tense commands and descriptions, then past tense descriptions, with pronouns and both regular and irregular verbs. Teach and test.

“Key Word Kids”™ on ipad

Uses information and carrying words, and is based on the Derbyshire Language Scheme (Masidlover, 1982)

Use both Australian apps to:

- support all language learners (1-7+ yrs)
- Teach in context-5 scenes/Neutral Accent
- Reward with Mini games/adaptable settings

THE PROGRAM FOR Speech Pathology Australia's annual conference has been finalised. This year's program is feature packed with plenty to inspire all speech pathologists.

The conference will be held in Perth and the full conference brochure will be available online from 8 February 2016.

Registrations will be available from February with the early bird rate due to close on 13 April.

The keynote speakers include Dr Susan Ebbels and Emeritus Professor Pamela (Pam) Enderby. The Elizabeth Usher Memorial Lecture will be conducted by Winthrop Professor Andrew Whitehouse.

To register visit the SPA website and follow the links to the registration page.

From the president...

Gaenor Dixon

Welcome to the Resource Guide for 2016. This guide gives you a comprehensive listing of where to go to buy resources for your work. Whether you are looking for a commonly used assessment tool, or a specific tool that may be used only occasionally, this guide is a great place to start your search.

I hope that you find this member benefit useful. It's another way your Association supports you in your professional life!

Speech Pathology Australia

Make the most of your SPA member benefits

Enjoy free access to a wide range of quality lifestyle and financial benefits through Member Advantage.

The graphic features a central white hexagon surrounded by several smaller hexagons containing images of various lifestyle and financial benefits: a hand holding a credit card, a person relaxing on a beach, a hot air balloon, a person in a boat, a person eating, a person shopping, a person at a desk, and a person walking. The Speech Pathology Australia logo is in the top left, and the Member Advantage logo is in the bottom right.

To discover all your benefits, contact SPA Member Advantage:

speechBITE – Answering the need for better access to evidence

free
resource

Have you been looking for treatment research but don't know where to start? Most speech pathologists (SPs) don't have time to spend hours searching different databases to find published research. Evaluating the scientific quality of research can be another hurdle for clinicians who are looking for the best evidence to improve client outcomes. speechBITE is a searchable database providing access and appraisal of intervention research in SLP. There are over 4000 research articles which we have found for you by searching multiple online databases (eg Medline, PsycINFO). We

only list treatment research relevant to SPs and the database is updated monthly, so you can be sure you have access to the **LATEST PRE-APPRAISED EVIDENCE.**

- Search for articles
- Obtain ratings of methodological design
- Learn how to critically appraise methods
- Stay informed with regular updates
- Connect with us @speechBITE or www.facebook.com/speechB

speechbite.com

SensoryTools.net

Sensory Tools offers leading-edge treatment courses and products that specifically address issues associated with Sensory Processing, Autism, Asperger's, ADD/ADHD, Learning Difficulties, Behavioural and other Developmental Challenges.

Founded by Genevieve Jereb O.T. (International speaker and songwriter), we feature her music and the innovative workshop **The Traffic Jam In My Brain** (Presented Live and Online).

Shop Online Today!
