

Wooden Swing Set Factory

AMERICA'S BEST VALUE IN SWING SETS.

Tree Frogs swing sets are unmatched in value, from the best double-wall scoop slides in the swing set market

to top-quality hardware and lumber. Tree Frogs swing sets are constructed with California Redwood and Western Red Cedar which come from certified mills that have sustained-yield forest management. Redwood and Cedar are both naturally resistant to insects and decay. These two quality woods have similar cell structure which allows them to be dimensionally stable (meaning, these types of woods are unlikely to warp or twist) and they hold finishes/stain and fasteners well. Tree Frogs wooden swing sets are packed with challenging features and fun play events which will give your children years of athletic confidence building; creative play; and imaginative play. Tree Frogs swings sets are built to last with a solid Lifetime Warranty to back them up.

The Jaguar Series is a safe, fun, quality built swing set that is constructed with 100% natural premium Cedar which is resistant to insects and decay. The

Jaguar Series lumber comes from certified mills that have sustainable forestry practices. It is designed for years of birthday parties; play dates; and backyard family fun. The goal of the Jaguar Series is to have the best-built swing set with abundant play features at an affordable budget-friendly price without sacrificing quality in lumber, slides, and hardware.

Come and see the Award-winning designs & WOW play factor at your local Tree Frogs showroom. Our friendly swing set specialists are ready and available every day of the week, including Saturdays & Sundays, when family projects seem to get the most attention.

The Redwood and Cedar components warranty is extended to a Limited Lifetime Warranty to the original owner upon registering this warranty within 90 days of purchase at www.treefrogsswingsets.com. A 10-Year limited Warranty applies to all roto-molded slides, ductile iron swing hangers, all tire swivels, metal climbing rungs and swing beam brackets against failure due to rust or failure in defect in material.

This warranty does not cover cracks, fissions, checks, fading, knots and weathering that are normal natural characteristics of wood, that do not affect the structural integrity of the product. And for a period of 1-Year Tree Frogs warranties all ropes to be free of defects in material and workmanship. These include all structural foam molded slides. Fading is not considered a defect and may occur with seasonal and geographical conditions.

This warranty is limited to a repair or replacement of the defective part. Product covered under this warranty will be shipped at the customer's expense.
