SUNNY WOOD INTRODUCES TWO NEW KITCHEN CABINET COLLECTIONS

Cerritos, CA – January 4, 2018: SunnyWood continues to strengthen its product offerings with a "lifestyle" based product development philosophy that focuses on identifying major trends in the way consumers are living and decorating their homes. The products developed using this process blend thoughtfully with a majority of consumer's lifestyles. The results are unique kitchen and bath furnishings that are of high quality, practical function, ample storage, that complement today's interiors.

For 2018, SunnyWood is enhancing its selection of kitchen collections with the addition of the Grayson and Riley Kitchen Collections.

Grayson - The Grayson Collection features transitional styling and clean design lines. Finished in a neutral gray tone gives this kitchen a feeling of casual sophistication that will complement a wide variety of kitchen interiors.

Riley - The Riley Collection from SunnyWood features casual-traditional styling with a twist. Raised panels and shaped moldings give this collection added appeal when combined with its fresh white base color and its hand-applied gray accent finish.

Both collections feature soft-close door and drawer mechanisms, solid-wood dovetail drawer construction, full extension drawer slides, 3/4 length storage shelves, and Natural finished veneer interiors. For more information, please visit: www.sunnywood.biz
