PHOENIX ART GROUP

INTERNATIONALLY ACCLAIMED

Phoenix Art Group, under the inspirational style of founder John Cline, and the partnership of Joseph Grassia and Harriet Hilburn, has become a formidable player in the world of fine art.

To date, the firm has been commissioned to design and install artwork worldwide. With each and every commissioned work of art, we strive to maintain and expand our reputation as an internationally acclaimed art studio and gallery.

For more than 45 years, we have successfully served the needs of interior designers, galleries, art consultants and contract specifiers. Each year, our artists create extraordinary collections of original works of art in an array of styles and mediums, including fine art, sculpture, print-making and custom hand-finished framing.

Today, Phoenix Art Group employs a group of talented artists who work on both individual and collaborative works of art. The company is headquartered in an impressive facility housing artist studios for painting, print-making and sculpture, as well as framing and digital art divisions. Our guiding vision is to enhance your clients' brands and properties...to beautify the environments in which they live and work.

We invite you to visit www.phxartgroup.com, then select Trade Gallery to register for our To-the-Trade website. Here you may explore our huge collection of imagery, available as original fine art or print-on-demand giclées.
