

YOU PROVIDED MORE THAN 750,000 MEALS FOR STARVING CHILDREN THIS YEAR

You read that right — three-quarters of a million meals.

That's something you can be very proud of. Whether you personally packaged food – or if you donated so we could purchase the food ingredients – you did it!

At Hunger Challenge events in 10 U.S. cities, our amazing volunteers gathered to assemble nutritious meals of rice, soy, dehydrated vegetables, and vitamins. They weighed and sealed and boxed up the meals. And we sent the food on its way - by truck, by ship, and by Air Force cargo jet.

Thanks to you, thousands of children in Ghana, Iraq, and North Korea aren't going to bed hungry today. These precious children – created in the image of God – have the chance to learn and grow and impact their cultures for good. Thanks to you.

TOGETHER IN GHANA

...d to pick one story to tell you this year, it's the story of your impact in
**It is incredible how God has brought together all the different
s of Heaven Sent Ministries' work in this one place.**

...ary, a team of eight people - most of them from West Virginia
...d to Ghana on a mission trip. That team did repairs on our
...ship Training Center building. They taught classes at the training
...they traveled by boat to the Volta region to learn firsthand the plight
...es who fish for a living but have little else.

...n also reached out to children in the neighborhood of our training
...n particular, they learned the needs of a group of orphans who live
...wn the street.

...ose team members returned to their home church and told the story
...en thousands of miles away who needed help. And the good people
...meet Church of God in West Virginia got busy. Those folks raised
...ds of dollars. They bought shoes and toys and clothing. They prayed
...ren they had never met.

...eks later, we loaded hundreds of pairs of shoes and playground
...balls and sunglasses and other goodies - and we shipped
...them to Ghana, right along with 213,000 meals that you
...packaged this spring.

Now those meals are being shared - with
orphans down the street from our training
center and with families in the far off
Volta region. And children are playing
with those toys, wearing those shoes.
Every time food or shoes or toys are
shared, the love of God is shared as well.

**And that's how you are changing the
world - one meal, one pair of shoes,
one child at a time.**
