FAN WEAR

Through innovative creative direction and product development we'll market the Fall 2017 line as one cohesive offering while capturing design attributes that appeal to a variety of consumers. Whether you seek on-field authenticity, technical performance, or vintage style, we deliver creative expression and choice for today's fan.

FEMALE FAN FASHION

Dedicated Female Fan marketing focus is part of the plan as this critical segment continues to grow. Our marketing elements will have visual pop while being tuned into the female shopper and how she uses social media before, during and after the shopping experience. Our promise is to be relevant and engaging while creating demand urgency to generate conversion.

Ultimately, we will solidify our position as design experts in women's sports fashion.
