NEW!

Specifically designed with
Recycling in mind!

YOU **have a choice to** make a real difference. ProEarth™ Laser Toner Cartridges are the first newly manufactured compatible toner cartridges offered in the United States designed to be 100% recycled. Not only are these cartridges made with the highest quality standards but they are environmentally friendly as well. The *Environmental Protection Agency* (EPA) estimates that up to 300 million ink and toner cartridges end up in our landfills every year. The EPA also considers toner cartridges as “focused material” requiring recycling just like a keyboard or used electronic device ... they’ve done their part ... now you can do yours!

- **The Premium Cartridge that Cares**
Each cartridge is registered and can be tracked back to a certified “R2” recycling center
- **Receive \$5 Voucher for Recycling**
On each ProEarth™ Toner Cartridge there is an identification number. This number is used to promote tracking and environmental responsibility. When you have fully used your cartridge, simply go on-line and initiate the recycling process. Upon arrival at the R2 center, your cartridge will be scanned and a credit voucher will be sent to you. ProEarth™ products, it pays to recycle!
- **We plant a tree in YOUR Name to say thanks!**
For every ProEarth™ Cartridge you recycle, a donation will be made in your name to plant a tree! Reforestation is one of the best ways to combat CO2 build up in our atmosphere

Recycle a Cartridge & Plant a Tree!

We guarantee that when returned to our R2 recycling center, that all reusable materials will be recycled and a donation will be made in your name to plant a tree. Recycling just makes sense. Make the right financial and environmental choice.

The Quality Alternative to OEM

NEW!

Certified

After leaving the factory, every toner cartridge is audited by an independent testing facility using U.S. military specifications for quality and yield.

ProEarth provides you with inexpensive, quality compatible toner cartridges that allow consumers to save money without sacrificing print quality. While we care greatly about our environment, we also want to see consumers find a toner product that provides affordability and reliability. ProEarth is committed to providing you with the long-term toner product for your business needs and you help prevent empty toner cartridges from multiplying in our landfills.

OEM or COMPATIBLE

Was this document printed with an OEM or a compatible toner?

- *You really can't tell, can you? And that's our point exactly. Why pay up to 50% more when there is no difference in quality. (And no difference in yield either!)*

Green Cartridge Recycling

Make a difference
Recycle your ink and toner cartridges today!

Contributing to
the landscape.
Not the landfill.

Why Recycle?

- Each laser cartridge adds 2.5 pounds of waste to our landfills.
- Cartridge waste will take as long as 1,000 years to decompose.
- More than 3 quarts of oil are used to produce each laser cartridge.
- CO2 emissions from the production of a new cartridge are almost 2.5 times that of a remanufactured cartridge.

How It Works

- Register. It's quick & easy.
- Collect empty inkjet and laser cartridges.
- Place cartridges into free shipping boxes.
- Arrange pick-up or drop off at your nearest UPS facility.
- Earn cash refunds for recycling your used ink and toner cartridges while helping to preserve our environment.

BREATHE EASY

Fine dust particles created by ordinary office equipment

WITH DAHLE CleanTEC®

DAHLE CleanTEC® is the world's only shredder with an integrated fine dust filter system. It's designed to capture irritating dust particles before they enter the air and cause the potential for discomfort. So breathe easy knowing your confidential documents are destroyed, and you've created a cleaner, healthier workplace.

STOP

SAFE TECHNOLOGY

DAHLE CleanTEC® shredders offer the most advanced safety features in the industry. The revolutionary Verbal and Contact Emergency Shutdown allows the user to say "Stop" or tap the top cover, and the shredder immediately stops. A steel reinforced feed opening with electronic sensors ensure your fingers stay in the "Safe" zone.

SMARTPOWER

DAHLE CleanTEC® shredders use the intuitive SmartPower Energy Management System. This multi-stage system reduces power consumption after ten minutes of sitting idle (sleep mode), and completely powers down after 20 minutes of inactivity. This makes DAHLE CleanTEC® the most energy efficient shredders on the market.

AUTOMATIC OILER

The Dahle EvenFlow Lubricator is the perfect solution and effectively eliminates the guesswork of "Who", "How Much", and "How Often" your shredder should be oiled. This automatic oiler provides slow, continuous lubrication across the entire cutting mechanism and ensures the shredder maintains peak performance.

WHEN PRECISION MATTERS...

Professionals Choose Dahle

DAHLE PRECISION

Whether you are trimming a single sheet of paper or a stack of 700, Dahle professional cutters will exceed your demands for accuracy. Dahle's precision graduated blades give you the ability shave the tiniest sliver from your paper. Results of this caliber are made possible from over 80 years of cutting and sharpening experience.

DAHLE QUALITY

Engineered and developed in Germany, our products are factory tested before release and designed to meet the strictest safety standards for both personal and commercial grade products. In purchasing a Dahle product, you will have peace of mind knowing this precision item will provide many years of trouble free operation.

DAHLE SAFETY

Safety is at the forefront of design with every Dahle product. From automatic rotary guards to acrylic safety shields, each product is developed with your personal protection in mind. Dahle Stack Cutters feature shields on both sides of the cutting blade. When the shields are up, the blade is locked. When they're down, cutting can resume.

Give Us A Call Today!

A little boy wanted to meet God. He knew it was a long trip to where God lived, so he packed his suitcase with a bag of potato chips and a six-pack of root beer and started his journey.

When he had gone about three blocks, he met an old man. He was sitting in the park, just staring at some pigeons. The boy sat down next to him and opened his suitcase. He was about to take a drink from his root beer when he noticed that the old man looked hungry, so he offered him some chips. He gratefully accepted it and smiled at him.

His smile was so pretty that the boy wanted to see it again, so he offered him a root beer. Again, he smiled at him. The boy was delighted! They sat there all afternoon eating and smiling, but they never said a word.

As twilight approached, the boy realized how tired he was and he got up to leave; but before he had gone more than a few steps, he turned around, ran back to the old man, and gave him a hug. He gave him his biggest smile ever..

When the boy opened the door to his own house a short time later, his mother was surprised by the look of joy on his face. She asked him, "What did you do today that made you so happy?" He replied, "I had lunch with God." But before his mother could respond, he added, "You know what? He's got the most beautiful smile I've ever seen!"

Meanwhile, the old man, also radiant with joy, returned to his home. His son was stunned by the look of peace on his face and he asked, "dad, what did you do today that made you so happy?"

He replied "I ate potato chips in the park with God." However, before his son responded, he added, "You know, he's much younger than I expected."

Too often we underestimate the power of a touch, a smile, a kind word, a listening ear, an honest compliment, or the smallest act of caring, all of which have the potential to turn a life around. People come into our lives for a reason, a season, or a lifetime! Embrace all equally!

Have lunch with God.....bring chips..
