## M1 Driver

TaylorMade's longest driver, the M1 has a multi-material construction - featuring an ultra-thin, ultra-light and high-strength carbon composite crown - that unlocks breakthroughs in distance, playability, and feel for all golfers.

**Lofts Available:** 8.5°, 9.5°, 10.5°, 12°

**Available In LH:** Yes

**Available in Womens:** No

**MAP Price:** \$499.99

**Special Price:**

## M1 Fairway

Our first Carbon Crown Fairway lowers CG for optimal launch conditions. 30g (two at 15g) of sliding weight allows golfers to personalize trajectory to maximize performance and consistency.

**Lofts Available:** 3 Wood, 3HI (High Launch), 5 Wood  
**Available In LH:** Yes  
**Available in Womens:** No  
**MAP Price:** \$299.99  
**Special Price:**

## M1 Rescue

The M1 Rescue features a tour inspired shape that enables better playability from more lies. The M1 Rescue also features shot shape personalization with the use of two moveable weights (1-3g & 1-25g) for neutral or fade bias to dial in trajectory for distance and consistency.

**Lofts Available:** 17°, 19°, 21°, 24°  
**Available In LH:** Yes  
**Available in Womens:** No  
**MAP Price:** \$249.99  
**Special Price:**

# CALLAWAY - XR 16

## XR OS Irons

Callaway we took their industry-leading Face Cup technology, made it even faster, and put it into a wider sole design that's easier to hit and more forgiving. It's easy to launch and easy to pick up distance with the Face Cup for players who want to add ball speed and hit the ball farther.

**Iron Type:** 24°, 27°, 30°, 34°, 38°, 42°, 46°, 51°, 56°

**Available In LH:** Yes

**Available in Steel or Graphite:** Yes

**Available in Womens:** No

**MAP Price:** \$899.99-\$999.99

**Special Price:**

## XR 16/XR 16 Pro

Callaway worked with experts at Boeing to redefine what's possible with club speed and aerodynamics. They created the most forgiving shape ever and Boeing made it fast with a re-engineered Speed Step.

**Lofts Available:** 9°, 10.5°, 13.5°

**Available In LH:** Yes

**Available in Womens:** Yes

**MAP Price:** \$349.99 / XR 16 Pro: \$399.99

**Special Price:**

## XR 16/XR 16 Pro Fairway

This is an awesome combination of Callaway's highest MOI, highest COR, and low Center of Gravity in a fairway wood. With a larger footprint, it's a head shape that gives you the confidence and the technology to hit it long and straight.

**Lofts Available:** 9°, 10.5°, 13°

**Available In LH:** Yes

**Available in Womens:** Yes

**MAP Price:** \$229.99 / XR 16 Pro: \$249.99

**Special Price:**

## XR 16 Hybrid

The XR OS Hybrids give you extreme forgiveness, high launch, and our industry-leading Forged Hyper Speed Face Cup for distance. And they're designed to perfectly complement the XR OS Irons.

**Lofts Available:** 19°, 22°, 25°, 28°, 31°

**Available In LH:** Yes

**Available in Womens:**

Yes

**MAP Price:** \$219.99

## e5- High Flight

Low ball flight got you down? The all new e5 is engineered to provide more lift for longer carry and added distance thanks to the high-spinning, Tour caliber cover and 2-piece construction.

The newly engineered Web Dimple enhances surface coverage improving ball flight for more distance.

### Features:

- 326 Seamless dimple design with New Web Dimple Technology
- Large gradational core
- Tour caliber urethane cover

## e6- Straight Flight

FORE Left or Right! Straighter, longer shots are the key to success in golf. Take advantage of the all new e6, the softest multilayer golf ball on the market, designed to improve your accuracy and your game.

The newly engineered Web Dimple enhances surface coverage for improved ball flight for more distance.

### Features:

- 326 Seamless dimple design with New Web Dimple Technology
- Soft gradational core
- Anti-side spin inner layer
- Softer surlyn cover for improved feel
- Available in Optic Yellow and Optic Orange

## e7- Piercing Flight

Faster and longer shots are the name of the game. When misses left or right are not an issue, play the e7 for maximum speed and distance.

The newly engineered Web Dimple enhances surface coverage for improved ball flight for more distance.

### Features:

- 326 Seamless dimple design with New Web Dimple Technology
- Speed enhancing gradational core
- Spin reducing inner layer
- Reactive surlyn cover
