### PUBLISHER'S COMMENTS

Surf Yellowpages Ghana. Welcomes you to this year's improved directory. To use the directory to find whatever information you are looking for quickly and easily. Please always refer to the content page.

We take the opportunity to thank all our numerous clients and end-users, especially those who offered suggestions and comments and also those of you who took time to write and send us e-mail. Your comments were very useful in guiding and encouraging Surf Publications to publish an improved Directory. Thank you and please keep your suggestions coming.

This year we have again included email and website addresses of all companies [those provided] as we believe that this will go a long way to add value to the directory and improve your businesses.

We take this opportunity to inform all Users and Clients, that listing in the Directory is free but not automatic unless your details are sent to us and they are complete. They are also provided at the discretion of Surf Publications.

You can list, add or change information about your company on our website directly online [www.yellowpages.gh](http://www.yellowpages.gh) Increasingly this website is fast becoming the tool that most of our subscribers use to access company information. However in no circumstances can Surf Publications accept any liability for any loss or damage of any kind which may arise or result from any error in, or omission of, any entry, whether relating to wording, space, position, artwork, or telephone number, email or website address.

Surf Publications take this opportunity to wish all persons living Ghana a prosperous new year.
