## What are Sorblts®?

- Sorblts® are absorbent **mats, socks, pads and towels** professionally laundered for reuse.
- Sorblts® are NOT disposable absorbents. The waste free system **supports waste reduction goals**.
- Sorblts® are more absorbent and durable than disposable absorbents.
- Sorblts® keep your workplace safe and help you perform your job more efficiently.

# SOAK UP OIL

3-5 times more absorbent than disposables

**Sorbblts**®

The Waste Free Absorbent System

# How to use Sorblts®

- Professionally cleaned for reuse - please do not throw Sorblts® away. Place in designated soiled drums.
- Change Sorblts® when fluid seeps around edges when stepped on.
- Grab clean Sorblts® from Sure Seal drums.

# PLACE IN DRUM

We provide labeled drums for used Sorblits®

**Sorblits**®  
The Waste Free Absorbent System

# How the program works

- Our team will deliver clean Sorblts® on a regular delivery schedule every four weeks.
- Clean product will be in designated storage area labeled as **clean**
- Deposit soiled product in the drums labeled as **soiled**
- Our team will pick up soiled Sorblts® the same day we deliver the clean.

# How to use Sorblits®

- Make sure soiled Sorblits® are not dripping when placed in drums
- Keep Sorblits® soiled drums free of trash, metal shavings, free-standing liquids or other debris
- Do not use Sorblits® to absorb hazardous liquids

# QUILTED PADS

Zero Waste to Landfill

**Sorblits**<sup>®</sup>  
The Waste Free Absorbent System

# **Sorblts® - The Waste Free Absorbent System**

## **Quilted Pads**

Superior absorbency compared to disposables. Exclusive quilted design provides strength and durability. Use for leak protection in and around machinery, oil spill clean-up, and bench top protection.

### **Specifications**

- Composed of a natural cellulose fiber on the outside with a polyester fill
- Available in four sizes to fit your various applications and absorbency needs

**Do not throw  
Sorblts® away  
Place soiled  
Sorblts® in  
labeled drums**

### **Quilted Pads**

**Standard** absorbs **1 quarts**

**Large** absorbs **3.5 quarts**

**X Large** absorbs **2 gallons**

**Jumbo** absorbs **3.5 gallons**

# SUPERSOCKS™

Zero Waste to Landfill

**SorbIts**®  
The Waste Free Absorbent System

# Sorblits® SuperSocks®

- Highly durable and absorbent
- Constructed to contain spills under and around machinery and draw liquids to full saturation.
- Grip handle allows for easy pick-up and reduces chance of contamination on skin or glove.
- Absorbs 1.5 gallons

**Do not throw  
Sorblits® away  
Place soiled  
Sorblits® in  
labeled drums**

# Sorblits® - The Waste Free Absorbent System

## FlatSocks™

Durable and absorbent socks that draw liquids to full saturation. Perfect for containing spills under and around machinery. A FlatSock™ is most effective in tight areas where a SuperSock™ may not fit.

### Specifications

- Skin is cotton and polyester;  
Fill is polypropylene and polyester
- FlatSocks™ size is 4.5" x 36"

**Do not throw  
away  
Place soiled  
liners in  
labeled drums**

# NATURAL MATS

Zero Waste to Landfill

**SorbIts**®  
The Waste Free Absorbent System

# Sorblts® - The Waste Free Absorbent System

## Natural Mats

Place in areas with heavy leaks, sprays and pooling to prevent seepage into walk paths and work stations. Precut sizes eliminate the time and waste of pulling and cutting from a roll.

### Specifications

- Made with a blend of natural fibers and polypropylene
- Bright, blue color to enhance visibility
- Absorbs synthetic oils, hydraulic fluids and non-hazardous industrial process fluids

**2' X 3'** absorbs **2.5 quarts**

**3' X 5'** absorbs **1.5 gallons**

**3' X 10'** absorbs **3 gallons**

**Do not throw  
Sorblts® away  
Place soiled  
Sorblts® in  
labeled drums**

The Waste Free Absorbent System

# Sorblts® - The Waste Free Absorbent System

## SlipBusters®

Catches and holds fluids to reduce slip hazards and protect floors while accommodating foot and light-wheeled traffic.

### Specifications

- Cotton pile blend to maximize absorbency and durability
- Yellow striping to enhance visibility
- Available in three sizes to fit your various applications and absorbency needs
- Low profile design, ADA compliant
- Flat surface, nitrile rubber backing provides 100% mat-to-floor contact for maximum slip resistance.

**Do not throw  
Sorblts® away  
Place soiled  
Sorblts® in  
labeled drums**

**3' X 5' absorbs 0.5 gallons**

**4' X 6' absorbs 3 quarts**

**3' X 10' absorbs 1 gallon**

## Wet Mops

Essential to any good floor care program for a clean, professional image and to prevent slips and falls. Our synthetic blend wet mop is professionally laundered for reuse and can pick up and hold more water than traditional blend mops.

### Specifications

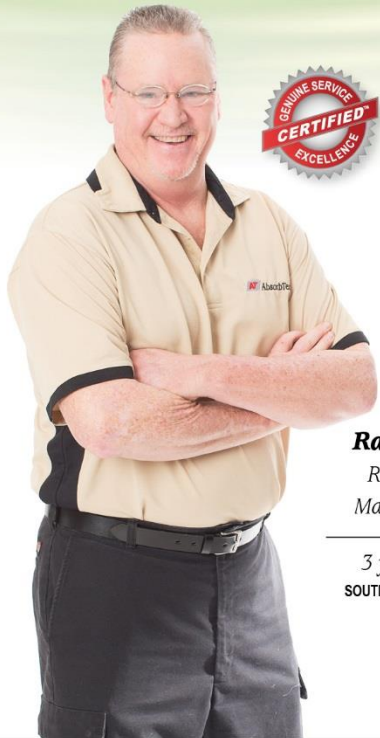

- *Composition* - Spun cotton and rayon blend. Antimicrobial filament in fiber helps prevent odor and mildew. Contains 76% postconsumer content. Allows for scrubbing without breaking down yarn.
- *Size* - Blue, 9" reinforced polyester headband, double tail bands for wide surface span and even coverage, looped end construction.
- *Absorbency* - Absorbs two times more liquid than a disposable mop. Professional grade mop absorbs five to six times its weight in moisture.

# Waste Stream Elimination

Through the use of Sorblts®, your facility can:

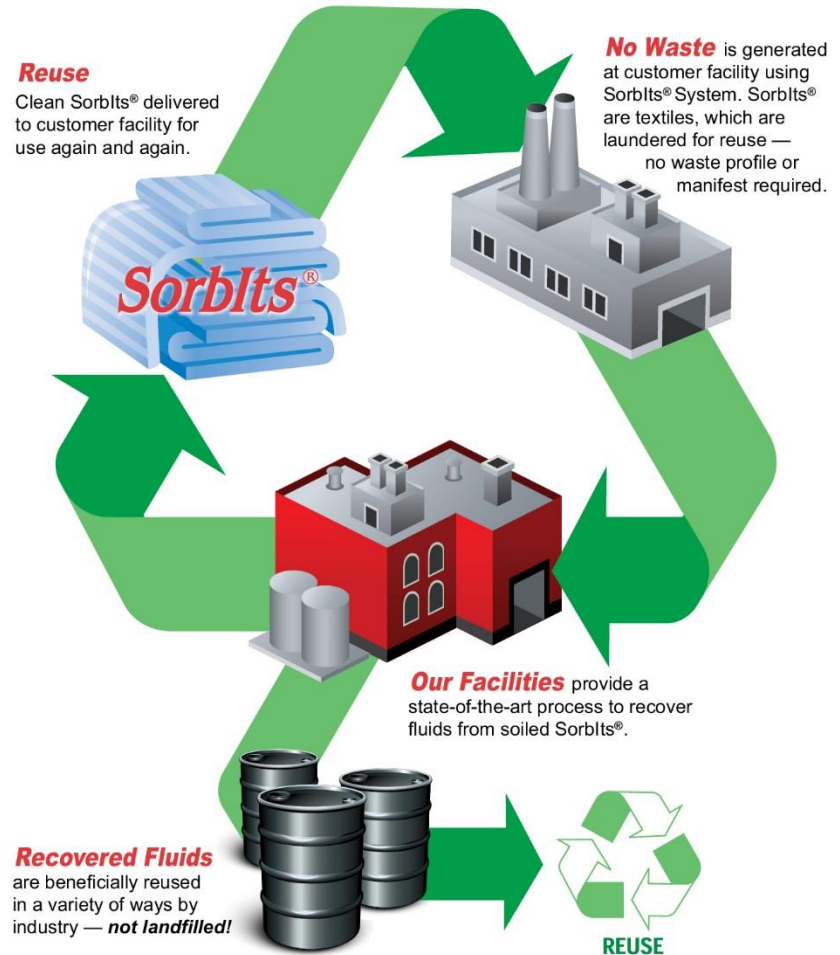

- Divert tons of non-hazardous fluids from landfills and the sewer system annually.
- Support ISO 14001 and other sustainability objectives by conserving water, air, and utilization of raw materials.
- Eliminate the need for costly solid waste disposal, manifesting and incineration.
