76% of global buying power is outside of the United States. Want to capture it? The Beauty Industry Market Access Program (BIMA) can show you how.

BIMA helps you expand your business by making it very attractive to domestic and international distributors. By enrolling in this educational program, you'll position your brand for strong international growth by learning essential skills, including effective sales, marketing, operational systems, and export strategy

Level 1: Domestic Brand Development,

April 12-13, 9AM–5PM

Price: \$1150 per company and \$450 for each additional participant from same company.

Level 2: International Brand Development,

June 7-9, 9AM–5PM

The Level 2 program provides a pathway to develop company intelligence to effectively market products beyond the US borders, navigate the registration requirements outside the US, scale operations for growth, recruit and manage international distribution, select markets, qualify distributors, and more.

Price: \$1400 per company and \$600 for each additional participant from same company.

Register Online: <http://www.beautyindustryprogram.com/>

For more information about BIMA: 310-802-7880 or info@Beautyindustryprogram.com
