Garage Equipment, Tools,  
Training & Technology

£4,149.99

251 77 0740

£1,805.99

251 77 1080

£2,493.99

251 77 2050

## Robinair 1234 YF-7

251 77 0740

- Fully-automatic – no manually operated valves
- Powerful compressor with a capacity of 500 g/min
- Extra large dryer filter cartridge of 700cc
- 21 languages
- Visual and acoustic signals in case of error messages and upon completion
- Professional refrigerant management with evaluation of recovery and charge volume
- Integrated printer for detailed reports
- Show results via USB, Bluetooth on PC (in preparation)

## Brain Bee Clima 6000 ECO

251 77 1080

- It has been designed to meet the needs of professionals looking for the best performance, the easiest way
- Just 65 Kg, it is therefore highly manoeuvrable
- Thanks to the OIL CLEAN function it can force recovered oil discharge in the final phase, allowing to save gas
- The HPV PUMP can reach better vacuum levels earlier, ensuring performance and efficiency when recovering refrigerant from the vehicle
- Equipped with the most comprehensive database for R1234yf on the market, which can be easily updated via USP PORT

## Robinair AC690PROyf

251 77 2050

- Professional equipment as standard
- Fully automatic service process
- Single service process selectable
- Service hoses flushing function for Hybrid/electrical systems compatibility
- Separate OIL/UV dye injection bottles
- Electronic control of internal air exchange
- Integrated flushing program with optional kit
- Automatic purge of non-condensable gas
- Easy internal filter maintenance
- Serviceability: easy Filter dryer and vacuum pump oil change

# 0% Interest until October 2017\*
