**Target audience:** General Practitioner's, Practice Nurses, All Allied Health Professionals, Child Maternal Health Nurses and Dentists

## Overview

- Evaluation of vertigo/dizziness/balance from an ENT perspective
- Maxillary Facial ENT problems
- Oro-maxillofacial structure: Relationship with ENT problems, speech, swallowing and voice disorders
- Teeth crowding and the impact on children's speech

## Presenters

Dr John Tomich	ENT Specialist
Barney Mitcham	Audiometrist/Physiotherapist, Country Care Hearing Care
Robyn Armstrong	Speech Pathologist: ACCESS Speech Pathology, Adelaide
Brooke Gibbons	Speech Pathologist, Mildura
Orthodontist	TBA

## Learning outcomes

- Identify patients with a diagnosis of vertigo/dizziness/balance issues using a systems based assessment
- Outline how to best manage patients with vertigo/dizziness/balance in the general practice setting
- List referral indicators for speech, swallowing and voice disorders secondary to deficit of oro-maxillofacial structure
- Investigate the process and sequence of management of speech, swallowing and voice disorders where physical structure is impacting on function
- Investigate the issue of teeth crowding and how this impacts on speech

Murray PHN is an authorised provider of accredited activities under the RACGP QI&CPD Program.  
This activity has been submitted for 4 Category 2 points

**RSVP by Thursday 3 August 2017** | <https://goo.gl/forms/HlouvStT5ufefqGt2>

If you are unable to attend the event after your RSVP, it would be appreciated that you let Murray PHN know as a courtesy to organisers and sponsors. This ensures better management and credibility of the CPD program with sponsors, speakers and venues. 03 4040 4300 [nwevents@murrayphn.org.au](mailto:nwevents@murrayphn.org.au)
