# Eliminate a solid waste stream

Sorblts® are professionally laundered for reuse

Solid waste stream elimination and environmental reporting is an important part of corporate sustainability initiatives. Sorblts® programs have a measurable impact in pounds of solid waste eliminated from landfill. Through the use of Sorblts®, your facility will:

- Divert tons of non-hazardous fluids from landfills and the sewer system annually.
- Support ISO 14001 and other sustainability objectives by conserving water, air, and utilization of raw materials.
- Eliminate the need for costly solid waste disposal, manifesting and incineration.

Our **Environmental Engineer, Jodi Drew**, is available as a resource for waste stream elimination, solvent recovery and compliance questions.

## Achievement in Waste Reduction

Sorblts®

### GONVAUTO SOUTH CAROLINA LLC

is recognized for its corporate environmental initiatives to reduce solid waste in support of ISO 14001 objectives from January 1 through December 31, 2016.

By utilizing the Sorblts® System including launderable, reusable textiles and managed service programs, your company eliminated the following solid waste

**2,500 lbs. of industrial wiping towels**  
**2,500 lbs. of waste oil absorbents**  
**1,000 lbs. of restroom hand towels**  
**1,000 lbs. of mop heads**  
**500 lbs. of filter bags**

 **AbsorbTech®**  
Cleaner, safer solutions for industry

Sorblts®, Ultra™ Towel, Cotton Roll Towel, Mop and Filter Bag programs are Zero to Landfill Solutions supporting our customers' sustainability and solid waste stream elimination goals.

## Significant cost savings compared to alternatives

Customers save **15%-30%** over disposable absorbents by switching to a Sorblts® program. Here's how:

- ✓ Sorblts® last longer and absorb 3-5 times more than disposable absorbents.
- ✓ No disposal or incineration costs. Sorblts® are professionally laundered for reuse.
- ✓ Sorblts® reduce soft labor costs. No ordering, storing, or manifesting required.

Pay-by-the-drum reusable absorbent programs cost **40%-60%** more than a Sorblts® program. Here's why:

- ✓ Our cleaning standards are unmatched so you need less product to do the job. Sorblts® are processed in our ISO 14001 certified facilities.
- ✓ We manage your inventory so you have enough product to do the job but not too much to create unnecessary cost. We do not charge by the drum.
- ✓ With our StraightUp!™ billing practices, there are no hidden fees. Invoices are straightforward with no surprises.
