## CHESS CLUB IN JANUARY

White is to move. How can you mate black in two moves?

Notice that black's king is already blocked and has only one square for a move.

How could you use black's limitation to your advantage?

For any questions or suggestions, please contact Bilian at 561-846-9987.

Brian Congdon - Brickman Branch Manager

## LANDSCAPING

It has been a fall and winter of record or near record setting temperatures and precipitation. It is mid-December and temperatures are soaring into the mid to high 80's. I'm ready for a change!

January is a time for change and resolutions, and this year more than ever, we are making major changes at The Brickman Group. After 75 years as Brickman, 2016 brings us closer to our goal of creating the nation's premier academy landscape company. As some of you know, we have merged with ValleyCrest Companies and this year we will complete the transition from Brickman and ValleyCrest to BrightView.

With the new name comes an increase in resources and a renewed commitment to the Members of Frenchman's Creek. Commitments that include improved customer service and improved overall quality.

The transition in branding will be gradual across the nation, but the processes have already started to fulfill our resolution to provide improved services.

The 20,000+ employees at BrightView are at your service nationwide. Please contact the POA Office at (561) 627-1467 with any landscaping requests.

## South Course Hazard Rule Update

### NOTICE OF IMPLEMENTED RULE

#### WATER HAZARDS MARKED WITH "YELLOW STAKES"

##### South Course

If a ball is hit into the water hazard on Holes #4, #9 & #11 the player must use the following options under Rule 26-1

#### 26-1. Relief for Ball in Water Hazard

It is a question of fact whether a ball that has been found after having been struck toward a water hazard is in the hazard. In the absence of knowledge or virtual certainty that a ball struck toward a water hazard, but not found, is in the hazard, the player must proceed under Rule 27-1.

If a ball is found in a water hazard or if it is known or virtually certain that a ball that has not been found is in the water hazard (whether the ball lies in water or not), the player may under penalty of one stroke:

1. Proceed under the stroke and distance provision of Rule 27-1 by playing a ball as nearly as possible at the spot from which the original ball was played (see Rule 20-5): or
2. Drop a ball behind the water hazard, keeping the point at which the original ball last crossed the margin of the water hazard directly between the hole and the spot on which the ball is dropped, with no limit to how far behind the water hazard the ball may be dropped: or
3. Proceed under our Local Rule and play a ball from the Ball Drop Area. The ball drop area on holes #9 and #11 is on the green tee.

- Note:
1. You must DROP the ball in the Ball Drop Area.
  2. You CANNOT tee the ball up from the Ball Drop Area.

## Women for Cancer Research

### NEW SCRIPPS FLORIDA COMPOUND SUCCESSFULLY TARGETS HARD-TO-TREAT BREAST CANCER

Some good news about breast cancer from Scripps Florida. Findings from a new study suggest a potent new therapeutic approach for a number of hard-to-treat breast cancers. An enzyme called casein kinase 1 $\delta$  (CK1 $\delta$ ) has emerged as a highly vulnerable therapeutic target. Increased expression of the enzyme is common to breast cancer, including the difficult-to-treat subtype called “triple negative breast cancer,” which affects 10 to 20 percent of breast cancer patients.

“The best news is that we have been able to treat CK1 $\delta$ -expressing breast cancers with a highly selective and potent inhibitor developed by Bill Roush’s lab that triggers rapid tumor cell death,” said Derek Duckett, an associate professor on the Scripps Florida campus.

The new compound, called SR-3029, was remarkably successful at blocking the growth of tumors in both animal models and in studies with tumor tissue from breast cancer patients.

“These results are just the tip of the iceberg,” said Roush, who is professor, associate dean and executive director of medicinal chemistry at Scripps Florida. “Inhibitors such as SR-3029 are being studied in a host of different cancers, and we are hopeful this platform can be translated into clinical applications.”

The Frenchman's Creek Women for Cancer Research (WFCR) has raised over \$1 million for Scripps Florida in support of the research being done in the Cancer Biology Department. WFCR has an ongoing partnership with The Scripps Research Institute in the challenge of conquering women’s cancer through research....and this year’s schedule of events will help Scripps Florida get even closer to this goal.

“Please join us for the first event of the new year on January 7<sup>th</sup> for “Cocktails and Conversation” at the Scripps Research Institute hosted by the Women for Cancer Research (WFCR). Come meet world-class scientists and hear more about the amazing discoveries happening at Scripps Florida. For more information, please contact Stephanie Langlais at 561-228-2551 or [slangla@scripps.edu](mailto:slangla@scripps.edu).

There are many exciting events benefitting Scripps Research planned again this season.

1. **Cocktail Reception and Auction** on January 7<sup>th</sup> at Scripps Florida.
2. **Home Tours** on January 24<sup>th</sup> at Frenchman’s Creek.
3. **Tennis and Pickleball Tournament** on January 25<sup>th</sup>.

### GOURMET WINE DINNER

*Wednesday, January 6<sup>th</sup>*

6:30 p.m. Main Dining Room

Featuring Vias Imports with a great Italian Portfolio

Vias Imports Ltd. provides its clients with access to the most comprehensive Italian wine portfolio by offering fine Italian wines that embody the distinct terrain and character of each Italian region.

Particular attention is paid in the portfolio to the vast array of indigenous varietals found in the Italian peninsula, a rich patrimony that no other winemaking nation can claim. Founded in 1983, Vias Imports was born out of the great friendship between Fabrizio Pedrolli, Pino Sola and Louis Iacucci, a pioneer in Italian wine who was instrumental in bringing the diversity of refined, regional Italian wines to the United States. Their portfolio is a labor of love. It is a careful selection of Italian producers that reflects the vast diversity of Italy's regions and the native varietals that call them home.

On Wednesday, January 6<sup>th</sup> we are proud to have Alberto Prealoni, the Florida representative for Vias wines to present some of the prestigious Italian wines of the Vias portfolio.

Alberto was born in the Piedmont region of Italy where his family still lives, and growing up in Romagnano Sesia, allowed him to naturally absorb the food and wine culture that is so engrained in that charming part of Italy. Call the Food & Beverage Office now to reserve your seat for this elegant Gourmet Wine Dinner at (561) 273-2648. Jacket and Tie, please.

### SKYPE DINNER WITH THE WINEMAKER

*Wednesday, January 13<sup>th</sup>*

6:00 p.m. at the Beach Club

Featuring Chappellet Vineyards

Recently Phillip Titus the winemaker for Chappellet Vineyards released a 2012 Prichard Hill Cabernet Sauvignon that Robert Parker Rated 99+pts and said, "This is a compelling wine with profound depth and flavor, a full-bodied mouthfeel, and a velvety integration of tannin, acidity and wood. Pushing perfection in Cabernet Sauvignon, this multidimensional, skyscraper-like offering has all the intensity one expects, but it never comes across as heavy. This gives it an ethereal character that is nearly impossible to articulate, but genius is often hard to explain. It is clearly

a major superstar of a great vintage." In addition the Wine Spectator recently placed the 2012 Chappellet Signature Cabernet Sauvignon at #65 on this year's top 100.

Philip Titus will join us via skype who with his brother Eric have their own family vineyard a few miles down the road from Chappellet and make well balanced robust reds. Chef Ernesto of the Beach Club will complement the wines from Titus Vineyards that evening with a four course Gourmet Dinner that will be elegant and tantalizing.

Call the Beach Club now at (561) 624-3400 to reserve your seat for this special event.
