Cleaner, Safer Solutions for Industry

Our Company

Brothers Jim and David Leef are committed to building upon the four principles and continuing the family tradition started over 80 years ago: delivering superior service, obtaining the newest technologies, innovating new products and processes, and remaining active in the community.

At ITU AbsorbTech, we define our sustainability as long-term prosperity for our people, our customers, our communities and our company always delivered through Genuine Service Excellence.

The Genuine Service Excellence Team

Our full-service, team management approach helps your company realize significant time savings through a program that fits your budget and needs. We'll pair you with a professional, certified and dedicated service team. Our program stands out because of our exceptional people. Here's why:

- **Award-winning Training Program** - All employees become certified in Genuine Service Excellence or Production Excellence. Our training program was recently ranked with Coca Cola and UPS as one of the world's best.
- **Experienced and Team-oriented** - Our service team boasts an average tenure of 15 years. We have a culture of working together as a team to service your account.
- **Safety First** - We strictly follow your facility's safety requirements and take pride in our state awards recognizing ITU AbsorbTech as a leader in safety excellence.

Sorblts® - The Waste Free Absorbent System

The Sorblts® Advantage

Sorblts® are launderable, reusable mats, socks and pads to keep your workplace safe and support your waste reduction goals.

Sorblts®

- **Hassle-Free** - We will deliver clean Sorblts® to your facility on a regular schedule. We pick up and launder soiled Sorblts® for reuse and manage your program completely.
- **Cost Effective** - Your company can **save an average of 15% over disposables** and **up to 40% over "pay by the drum"** programs. Sorblts® last longer, absorb more, require less labor, and there are no disposal fees.
- **Zero waste to landfill** - Sorblts® have an immediate impact on solid waste reduction. In-house, proprietary process recovers fluids for use in industry and soiled product is laundered for reuse. Program supports ISO 14001 objectives.
- **Solid waste tracking** - We track and report the pounds of waste our products eliminate from your facility.
- **Improves safety** - Sorblts® oil absorbents provide superior protection against slips, trips and falls for a cleaner, safer work environment - they are durable and absorb 3-5 times more than disposable alternatives.

Oil Absorbents

“It's amazing how much oil that these pads can absorb! The savings are huge - half the cost of purchasing and hazardous waste disposal. The service team monitors usage to make sure you never run out of product or have too much product that will make unnecessary costs.”

I highly recommend ITU AbsorbTech service. It not only keeps you compliant, but also convenient because you no longer deal with ordering product or disposal.”

Jack Hill,
Manager,
Consolidated Container

Managed Sorblts® Program

How it works

Your Genuine Service Excellence team will monitor your inventory, monitor your budget and manage your program completely.

- **Delivery** - Clean Sorblts® are delivered to your facility for use again and again. No waste is generated at your facility using the Sorblts® System.
- **Pick-up and Laundering** - We pick up soiled Sorblts® from your facility and launder them. Fluids recovered from soiled Sorblts® are beneficially reused in industry. ITU AbsorbTech's state-of-the-art processing facilities are registered to 14001:2004 and generate virtually zero process-related hazardous waste.
- **Reporting** - We track and report the pounds of solid waste that our services eliminate from your facility. You'll receive an annual environmental certificate (also available as needed) to showcase your environmental commitment to employees and visitors. See sample on next page.

Service Excellence Reports

Our Genuine Service Excellence Representatives will visit your facility on a regular basis (usually quarterly) to audit our programs, add value to our services and review program costs and other important data for the past three months.

Below is a cost review report for Eaton Hydraulics in Greenwood, SC.

We can compile information from various facilities and deliver a summary to the corporate level as needed.

Year	Qtr	Total Amount	Sorblts®	Sorblts® Ultras	Misc*

Cost Review Report for **Eaton Hydraulics in Greenwood, SC** (\$ avg/week)

“ Before switching to Sorblts®, we were using SpeedyDry and the product was hard to clean up and disperse of. I like how simple the process is with ITU AbsorbTech's Sorblts® System. They pick up and drop off so we always have clean absorbents and shop towels. ”

Bill Evans,
Customer Support Manager,
Vantage Equipment, LLC

Solid Waste Stream Elimination

Solid waste stream elimination and environmental reporting is an important part of corporate sustainability initiatives. Sorblts® programs have a measurable impact in pounds of solid waste eliminated from landfill. Through the use of Sorblts®, Eaton Hydraulics can:

- Divert tons of non-hazardous fluids from landfills and the sewer system annually.
- Support ISO 14001 and other sustainability objectives by conserving water, air, and utilization of raw materials.
- Eliminate the need for costly solid waste disposal, manifesting and incineration.

Our commitment to uncompromising operator safety, environmental stewardship, and exceptional products and services through consistent training, process control and quality standards.

Sorblts® — The Waste Free Absorbent System

Achievement in Waste Reduction

EATON HYDRAULICS

is recognized for its corporate environmental initiatives to reduce solid waste in support of ISO 14001 objectives from January 1 through December 31, 2015. By utilizing the Sorblts® System including launderable, reusable textiles and managed service programs, your company eliminated the following solid waste

1,896 lbs. of industrial wiping towels
1,501 lbs. of waste oil absorbents

Customer Quality Visitation Reports

Customer Quality Visitation Reports (CQVRs) help facilitate a conversation about your program. We take the comments and ratings seriously in order to measure and track how our customers value our solutions and services. Through this process we:

- Maintain healthy, regular communications with each facility
- Learn about specific concerns so we can take proactive action
- Measure our performance and adhere to ISO principles
- Compile data from your facilities to deliver a summary to the corporate level

Family of Services

For over 80 years, ITU AbsorbTech has provided managed service programs for launderable, reusable textile products in support of cleaner, safer and more productive work environments.

Complimentary Trial

No-obligation, complimentary trials are available for most of our programs. Our Genuine Service Excellence Team will conduct a needs analysis and install a trial to match the needs of your facility.

A trial period typically lasts two service cycles. This allows enough time to experience the quality and efficiency of not only the products themselves, but also our managed service programs. Call us at 888-729-4884 or email CRC@ITUAbsorbTech.com to get started today.
