(If we have your name, it is easy to contact residents we know are interested in working with young children.) There is some training required. Do you remember our golf-club donation drive two seasons ago? Over 1000 used clubs were donated by our members and sorted into complete golf sets by Todd Kitchen and our caddies and donated to the PGA Reach program for youth and veterans. We are happy to see the growth of that program and share this announcement from: **PALM BEACH GARDENS, Fla. (July 31, 2017)** -- PGA REACH, the 501 (c)(3) charitable foundation of the PGA of America, and the Nicklaus Companies announced today a historic partnership to support PGA REACH in its mission of impacting lives by enabling access to PGA Members, PGA Sections, and the game of golf. The partnership includes financial support from the Nicklaus Companies, as well as a personal commitment from its founder, Jack Nicklaus, to make an impact on all three areas of focus for PGA REACH: Youth, Military, and Diversity & Inclusion.

Hope you are having a great summer!

The Frenchman's Creek Experience is a three day two night stay anytime during the year except the December holidays:

- The program has a one-time stay restriction and excludes family members.
- There is a nominal charge of \$199 for 4 (2 members and 2 guests), inclusive of enjoyment of all amenities as well as food and beverage.
- Guests reside with the inviting member during the weekend.

GOLF

Letter from J.R. Congdon - Director of Golf

Dear Frenchman's Creek Members,

The season is almost upon us and your professional team is busy buttoning down last minute details.

Recently, we sent out an email announcing that the club had converted our golf handicap system over to the USGA GHIN system. As stated previously, we feel that by utilizing the GHIN system, you will be able to post away scores and have them transferred to Frenchman's Creek with ease. As part of the email we had requested that any of our members (Men and Ladies) affiliated with other clubs that have GHIN numbers, to please provide those numbers to us, so that we can merge your Frenchman's Creek GHIN number with any other club that you may have an affiliation with. To date, we have only received about 50 responses.

Please send your affiliated Clubs GHIN number to Chris Horn at chorn@frenchmancreek.com or contact the golf shop at 561-622-1620. If you unsure how or where to locate your GHIN number, let us know and we will contact the club professional at your affiliated club to obtain the number.

In the early part of August, we sent an email about the upcoming year's golf tournament schedule. If you did not receive the schedule, let us know and we will resend it directly to you. It can also be found on the club's website at www.frenchmancreek.com in the Golf page. We believe that we have put together an exciting tournament program, as there is something for everyone.

As always, we look forward to your return and we are here to assist you in any way.

J.R. Congdon

TENNIS TIPS FOR SEPTEMBER

Hitting Highs and Lows

Want to be a great volleyer in doubles? Follow these simple rules about where to place your volleys, and you'll succeed against any opponents.

High Volley

If the opposing team gives you a volley above the waist; it's time to go on offense. Either attack the opposing net player by hitting at his or her feet or angle the ball away for a winner.

Low Volley

If you have to hit a low volley, you must play defensively. Bend your knees and hit your volley deep and up the middle toward the baseline player (and keep it fairly low, so you don't give the opposing net player an easy poach). The goal is to stay in the point and get a better look at a winning volley later. If both opponents are at the net, volley low and between them. The goal here is to force them to volley up or, even better, to confuse them about who should hit the volley.

Have fun with your volleys!

TENNIS | PICKLEBALL | BOCCE

Stay healthy and active!

Whether it's tennis, pickleball, or bocce ball, there's something for everyone!

SUMMER PROJECTS UPDATE

POA Office and Business Center

Mark Hall - Security Director

IMPORTANT PARAMEDIC INFO

As you are aware, we operate as a community-based secondary emergency service provider through a Memo of Understanding (MOU) with the City of Palm Beach Gardens. The procedures listed below were mandated by Palm Beach Gardens Fire-Rescue, the primary agency responding to medical emergencies within Frenchman's Creek.

Our MOU requires that all requests for a "Paramedic" received by our Security Department be immediately retransmitted to Fire-Rescue via 9-1-1. This means that when a resident, guest, visitor, vendor, or employee requests a Paramedic, Fire-Rescue (911) will be contacted, followed by the dispatch of our on-site Paramedic to the scene.

The only requests for a Paramedic that do not require a Fire Rescue (911) response are those such as routine blood pressure checks, routine bandage changes, routine glucose checks, or questions that might concern medication instructions or to check the operation of a medical device, such as an oxygen delivery system or glucometer.

All requests for a Paramedic response to "I don't feel well," "I am dizzy", "I am bleeding", "I have pain", "I feel sick or ill" and the like will elicit an immediate call to 911, followed by our on-site Paramedic response. Fire-Rescue has made it clear: The request for a Paramedic assumes there is a medical emergency, and Fire-Rescue will be dispatched. Be advised that should a caller request a Paramedic, and state "I do not want Fire-Rescue," --- Fire Rescue will be called if it meets the criteria listed above.

Upon arrival at an emergency scene, Security will begin assessment and initial care of any sick or injured person in accordance with our established protocols. Security will then provide the responding Fire-Rescue unit(s) with a situation and care report. At no time will Security seek to cancel a Fire-Rescue response.

TECHNOLOGY

Trending at Frenchman's Creek IT

Technology in general can be frustrating and IT wants to help alleviate some of your frustration. Whether you call, come by and see us in person, or create a ticket for us to visit you at home, the Creek Squad is always happy to help. We look forward to serving your technological needs!

Apple Store in the Gardens Mall

The Apple store, located in the Gardens Mall, is closed for renovations. The store is expected to reopen sometime in the Fall of 2017. The closest Apple Store is located in Wellington in the Wellington Green Mall.

Hurricane Season

Hurricane season is in full swing. Plan for storage of data and power spikes. In order to keep your data safe, in case of a hardware failure, it is good practice to have it on removable storage. You can use a thumb drive, an external hard drive, or anything else that stores data off of the computer.

In addition, best practice is to isolate your computer from the wall outlet by first plugging into a surge protector. Plugging your computer into a surge protector first and then into a wall outlet second will help prevent your computer from suffering a catastrophic hardware failure. South Florida is the lightning capital of the world so keeping your computer powered through one of these devices will help protect you from permanently losing your data.

Not receiving emails?

If you are not receiving Frenchman's Creek communications, it could be because your email provider has listed these emails as either spam or, in the case of Google email, "Promotions." Once email has been classified as either spam or promotions, these emails will no longer show in your inbox. To fix this issue, right click on the email and select "Not Junk." You can also select the checkbox next to the email, if using Google email, and then click "Not Junk."

Recorded Phone Calls

It has come to the attention of IT that some members have been receiving recorded phone calls from well-known companies, such as Microsoft, asking for return calls to fix computer problems. Please do not return these calls; they are a scam.

If you are uncertain about any call you receive regarding computer work, please reach out to the POA office or call the IT office for assistance.

If you have any general computer questions, questions about new technologies, questions about cybersecurity, or a general curiosity about anything computer related please let us know. You can submit your questions by calling the POA office, the IT office directly or by emailing them to me at dbackherms@frenchmancreek.com.
