Approximately 70% of ER visits are non-emergent and could be avoided [1]

EXCLUSIONS AND LIMITATIONS

- Important Information about Guardian's DentalGuard Indemnity and DentalGuard Preferred PPO plans: This policy provides dental insurance only. Coverage is limited to those charges that are necessary to prevent, diagnose or treat dental disease, defect, or injury. Deductibles apply. The plan does not pay for: oral hygiene services (except as covered under preventive services), orthodontia (unless expressly provided for), cosmetic or experimental treatments (unless they are expressly provided for), any treatments to the extent benefits are payable by any other payor or for which no charge is made, prosthetic devices unless certain conditions are met, and services ancillary to surgical treatment. The plan limits benefits for diagnostic consultations and for preventive, restorative, endodontic, periodontic, and prosthodontic services. The services, exclusions and limitations listed above do not constitute a contract and are a summary only. The Guardian plan documents are the final arbiter of coverage. Contract # GP-1-DG2000 et al.
- **PPO and or Indemnity Special Limitation:** Teeth lost or missing before a covered person becomes insured by this plan. A covered person may have one or more congenitally missing teeth or have lost one or more teeth before he became insured by this plan. We won't pay for a prosthetic device which replaces such teeth unless the device also replaces one or more natural teeth lost or extracted after the covered person became insured by this plan. Dental Maximum Rollover®

Save Your Unused Claims Dollars For When You Need Them Most

Guardian will roll over a portion of your unused annual maximum into your personal Maximum Rollover Account (MRA). If you reach your Plan Annual Maximum in future years, you can use money from your MRA. To qualify for an MRA, you must have a paid claim (not just a visit) and must not have exceeded the paid claims threshold during the benefit year. Your MRA may not exceed the MRA limit. You can view your annual MRA statement detailing your account and those of your dependents on www.GuardianAnytime.com.

Please note that actual maximum limitations and thresholds vary by plan. Your plan may vary from the one used below as an example to illustrate how the Maximum Rollover functions.

Plan Annual Maximum*	Threshold	Maximum Rollover Amount	Maximum Rollover Account Limit
$1000	$500	$250	$1000
Maximum claims reimbursement	Claims amount that determines rollover eligibility	Additional dollars added to Plan Annual Maximum for future years	Plan Annual Maximum plus Maximum Rollover cannot exceed $2,000 in total

* If a plan has a different annual maximum for PPO benefits vs. non-PPO benefits, ($1500 PPO/$1000 non-PPO for example) the non-PPO maximum determines the Maximum Rollover plan.

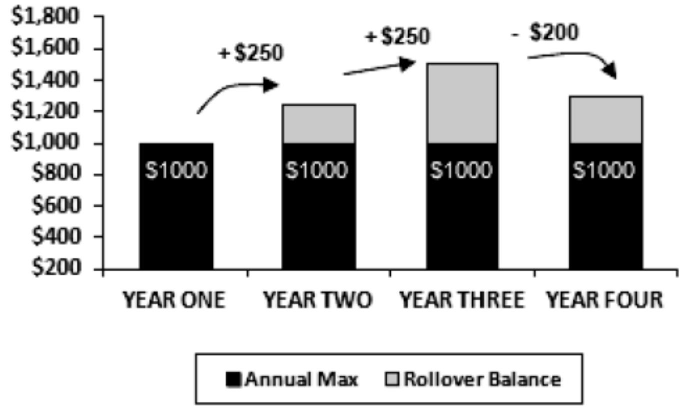
Here's how the benefits work:

YEAR ONE: Jane starts with a $1,000 Plan Annual Maximum. She submits $150 in dental claims. Since she did not reach the $500 Threshold, she receives a $250 rollover that will be applied to Year Two.

YEAR TWO: Jane now has an increased Plan Annual Maximum of $1,250. This year, she submits $50 in claims and receives an additional $250 rollover added to her Plan Annual Maximum.

YEAR THREE: Jane now has an increased Plan Annual Maximum of $1,500. This year, she submits $1,200 in claims. All claims are paid due to the amount accumulated in her Maximum Rollover Account.

YEAR FOUR: Jane's Plan Annual Maximum is $1,300 ($1,000 Plan Annual Maximum + $300 remaining in her Maximum Rollover Account).



For Overview of your Dental Benefits, please see About Your Benefit Section of this Enrollment Booklet.

NOTES:

You and your insured dependents maintain separate MRAs based on your own claim activity. Each MRA may not exceed the MRA limit.

Cases on either a calendar year or policy year accumulation basis qualify for the Maximum Rollover feature. For calendar year cases with an effective date in October, November or December, the Maximum Rollover feature starts as of the first full benefit year. For example, if a plan starts in November of 2013, the claim activity in 2014 will be used and applied to MRAs for use in 2015.

Under either benefit year set up (calendar year or policy year), Maximum Rollover for new entrants joining with 3 months or less remaining in the benefit year, will not begin until the start of the next full benefit year. Maximum Rollover is deferred for members who have coverage of Major services deferred. For these members, Maximum Rollover starts when coverage of Major services starts, or the start of the next benefit year if 3 months or less remain until the next benefit year. (Actual eligibility timeframe may vary. See your Plan Details for the most accurate information.)

Guardian Choice – *Additional Details*

You have the flexibility to choose the plan that can best meet your needs.

Both plans can meet your needs; the difference is how out-of-network benefits are reimbursed. If you visit a dentist in the Guardian network, you will receive the most savings through the Value Plan. If there is a possibility of using an out-of-network dentist then the Network Access Plan offers the highest out-of-network reimbursement.

Here's how this benefit works:

- **Premiums are the same for either plan**
- **Option to switch plans each year at annual enrollment time**
- **Save an average of 30% over what dentists usually charge by using network providers**

	Value Plan	Network Access Plan
Plan Description:	You receive a higher co-insurance level with this plan than you would if you selected the NAP plan – which means less out-of-pocket costs. All benefits are paid based on a fee schedule. Therefore, when using out-of-network care, the dentist may charge the difference between the fee schedule and their regular fee.	You will receive the same reimbursement for in and out-of-network dentists. Co-insurance percentages for in-network care are not as high as with the Value Plan. In-network benefits are based on a negotiated PPO fee schedule, out-of-network charges are based on local UCR (usual, customary, reasonable) charges.
Out-of-network:	▪ Benefits are based on the discounted fee schedules agreed upon by our network dentists. ▪ Any amount that is charged over the fee schedule is the responsibility of the patient.	▪ Benefits are based on usual, customary and reasonable (UCR) charges that dentists in your area charge for each procedure.
Co-insurance:	▪ Preventive services are covered 100%. ▪ Co-insurance for other services is higher than the Network Access Plan.	▪ Preventive services are covered 100%. ▪ Co-insurance for other services is lower than the Value Plan.

2017 Annual Health Plan Notices

- **Women's Health and Cancer Rights Act of 1998**

Did you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy – related services, including reconstruction and surgery to achieve symmetry between the breasts, prosthesis, and complications resulting from a mastectomy (including lymphedema). Please call your plan administrator for more information.

- **The Genetic Information Nondiscrimination Act (GINA) of 2008**

The Genetic Information Nondiscrimination Act of 2008, also referred to as GINA, is a federal law that protects Americans from being treated unfairly because of differences in their DNA that may affect their health. The new law prevents discrimination from health insurers and employers. The President signed the act into federal law on May 21, 2008. The parts of the law relating to health insurers will take effect by May 2009, and those relating to employers will take effect by November 2009.

Who needs protection from genetic discrimination?

Everyone should care about the potential for genetic discrimination. Every person has dozens of DNA differences that could increase or decrease his or her chance of getting a disease such as diabetes, heart disease, cancer or Alzheimer's. It's important to remember that these DNA differences don't always mean someone will develop a disease, just that the risk to get the disease may be greater.

More and more tests are being developed to find DNA differences that affect our health. These tests (called genetic tests) will become a routine part of health care in the future. Health care providers will use information about each person's DNA to develop more individualized ways of detecting, treating and preventing disease. But unless this DNA information is protected, it could be used to discriminate against people.

Why was the law needed?

The law was needed to help ease concerns about discrimination that might keep some people from getting genetic tests that could benefit their health. The law also enables people to take part in research studies without fear that their DNA information might be used against them in health insurance or the workplace.

- **Newborn's Act Disclosure**

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay with connection to childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother and her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

- **HIPAA Notice of Privacy Practices**

This rule required health plans to send participants an initial notice of privacy practices and then reminders must be given once every three years. This memo is a reminder that if you would like to see or obtain another copy of the health plan's HIPAA Privacy Notice, please contact your HR Administrator.

- **Michelle's Law**

NOTICE OF EXTENDED COVERAGE TO PARTICIPANTS COVERED UNDER A GROUP HEALTH PLAN

Federal legislation known as "Michelle's Law" generally extends eligibility for group health benefit plan coverage to a dependent child who is enrolled in an institution of higher education at the beginning of a medically necessary leave of absence if the leave normally would cause the dependent child to lose eligibility for coverage under the plan due to loss of student status. The extension of eligibility protects eligibility of a sick or injured dependent child for up to one year.

The Plan currently permits an employee to continue a child's coverage if that child is enrolled at an accredited institution of learning on a full-time basis, with full-time defined by the accredited institution's registration and/or attendance policies. Michelle's Law requires the Plan to allow extended eligibility in some cases for a dependent child who would lose eligibility for Plan coverage due to loss of full-time student status.

There are two definitions that are important for purposes of determining whether the Michelle's Law extension of eligibility applies to a particular child:

- *Dependent child* means a child of a plan participant who is eligible under the terms of a group health benefit plan based on his or her student status and who was enrolled at a post-secondary educational institution immediately before the first day of a medically necessary leave of absence.
- *Medically necessary leave of absence* means a leave of absence or any other change in enrollment:
    - of a dependent child from a post-secondary educational institution that begins while the child is suffering from a serious illness or injury
    - which is medically necessary
    - and which causes the dependent child to lose student status under the terms of the Plan

For the Michelle's Law extension of eligibility to apply, a dependent child's treating physician must provide written certification of medical necessity (i.e., certification that the dependent child suffers from a serious illness or injury that necessitates the leave of absence or other enrollment change that would otherwise cause loss of eligibility).

If a dependent child qualifies for the Michelle's Law extension of eligibility, the Plan will treat the dependent child as eligible for coverage until the earlier of:

- One year after the first day of the leave of absence

- The date that Plan coverage would otherwise terminate (for reasons other than failure to be a full-time student)

A dependent child on a medically necessary leave of absence is entitled to receive the same Plan benefits as other dependent children covered under the Plan. Further, any change to Plan coverage that occurs during the Michelle's Law extension of eligibility will apply to the dependent child to the same extent as it applies to other dependent children covered under the Plan.

- **Patient Protection Model Disclosure**

Medical plans generally allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept new members. For children, a pediatrician can be selected as the primary care provider.

Important Notice from TEBARCO DOOR AND METAL SERVICES, INC. **About Your Prescription Drug Coverage and Medicare**

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with TEBARCO DOOR AND METAL SERVICES, INC. **and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.**

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. **Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**

2. TEBARCO DOOR AND METAL SERVICES, INC. **has determined that the prescription drug coverage offered by the Group Health Plans are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.**

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current TEBARCO DOOR AND METAL SERVICES, INC. coverage may be affected.

If you do decide to join a Medicare drug plan and drop your current TEBARCO DOOR AND METAL SERVICES, INC. coverage, be aware that you and your dependents may not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with TEBARCO DOOR AND METAL SERVICES, INC. and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information about This Notice or Your Current Prescription Drug Coverage…

Contact the person listed below for further information. **NOTE:** You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through TEBARCO DOOR AND METAL SERVICES, INC. changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage…

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit **www.healthcare.gov**.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at **www.askebsa.dol.gov** or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2015. Contact your State for more information on eligibility –

New Health Insurance Marketplace Coverage Options and Your Health Coverage

Form Approved
OMB No. 1210-0149
(expires 1-31-2017)

PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.[1]

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact Deborah Harder/Office Manager.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

[1] An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

PART B: Information About Health Coverage Offered by Your Employer

This section contains information about any health coverage offered by your employer. If you decide to complete an application for coverage in the Marketplace, you will be asked to provide this information. This information is numbered to correspond to the Marketplace application.

[x] If checked, this coverage meets the minimum value standard, and the cost of this coverage to you is intended to be affordable, based on employee wages.

** Even if your employer intends your coverage to be affordable, you may still be eligible for a premium discount through the Marketplace. The Marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a premium discount.

If you decide to shop for coverage in the Marketplace, HealthCare.gov will guide you through the process. Here's the employer information you'll enter when you visit HealthCare.gov to find out if you can get a tax credit to lower your monthly premiums.
