Welcome

Welcome to the Buckinghamshire Learning Trust 2017/18 Services for Schools brochure.

Buckinghamshire Learning Trust (BLT) recognises and supports the increasing independence and autonomy of schools and sees our role as supporting Headteachers and governors to fulfil your roles to the best of your abilities. We aim to do this in a spirit of partnership with schools and academies, through developing and maintaining strong working relationships and providing excellent services and support.

Despite the ongoing reductions in government funding, including most recently the Education Service Grant (ESG), local authorities (LAs) continue to play a vital role in supporting and challenging local schools to identify and improve under-performance. However, the context in which LAs support school improvement has changed significantly and they have responded in a variety of ways to the ESG challenge. While Buckinghamshire remains committed to providing a core service to all maintained schools, this is a different and reduced offer from previous years. Information on the services we provide through LA grant funding is set out on page 29 of this brochure.

School leaders are being given increased autonomy and are, therefore, required to take on more responsibility for school performance and improvement. Recognising this, we have developed a range of school improvement services that enable

you to choose the level of support that works for your school and which meet the requirements of your individual situations and challenges.

The educational landscape is changing and the way we deliver services to you and your schools needs to be responsive to the increased challenges that you are facing. This brochure provides a guide to the services that are available for you and your school. We are committed to working with you to ensure that you are able to access the support that you require and would welcome discussing your requirements on a one-to-one basis. All of our services can be tailored to best meet your needs.

We are also aware of the increasing funding challenges that schools are facing and would encourage leaders to think about buying external support as part of a cluster or grouping of schools. We would be happy to discuss this with you and design a proposal for your group.

BLT is your Trust and, through strong working relationships, exists to support you and your schools to perform, improve and realise your teaching and learning potential. The services and products set out in this brochure represent the core of our offer that is designed to meet your needs and deliver opportunities through education.

Our Impact and Value

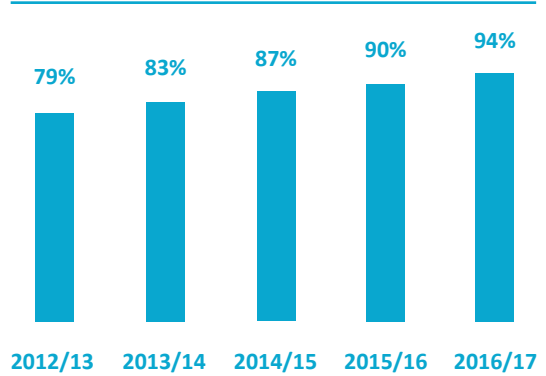

We exist to support schools to improve teaching and learning and deliver great outcomes for children and young people, in short delivering Opportunities through Education.

We are proud of our partnership with the Local Authority, schools and settings across the region. We are also proud of our contribution to Buckinghamshire education that has seen the percentage of good and outstanding schools rise from 79% to 94% over the last 5 years despite a decline of £2 million in our annual grant funding.

We are committed to continued provision of services and products that drive clear outcomes and value-for-money for all our schools and other customers.

BLT is a social enterprise with a big vision for education and learner outcomes across our region. We're a company built by you and for you - your company and here to serve you.

Buckinghamshire Schools % good/outstanding

"In purchasing the CPD package from the Learning Trust I have been able to throw open the doors to a wide range of additional training opportunities, without worrying about mounting costs. This has had a significant impact on staff development, their feeling of being valued and the skills that they have to meet the ever-changing demands of our varied cohorts."

*Ms Carol-Anne McCollum, Headteacher
(The Three Schools; Drayton Parslow,
Mursley and Swanbourne)*

School Improvement Service

BLT offers a highly effective and collaborative model of school improvement. We believe that schools and partnerships should be able to commission our services to match their individual or partnership needs. We have a strong team of advisors and consultants who have significant experience in delivering sustainable improvement, building capacity and working with schools to develop creative solutions.

The School Improvement Service offers a blend of light touch support, detailed reviews, challenge partners and leadership experience. Our training and conferences provide access to cutting edge practice, a high standard of professional knowledge and up to date insights into national and local priorities. These will be supplemented by briefings, networks and support to develop partnership and system leadership.

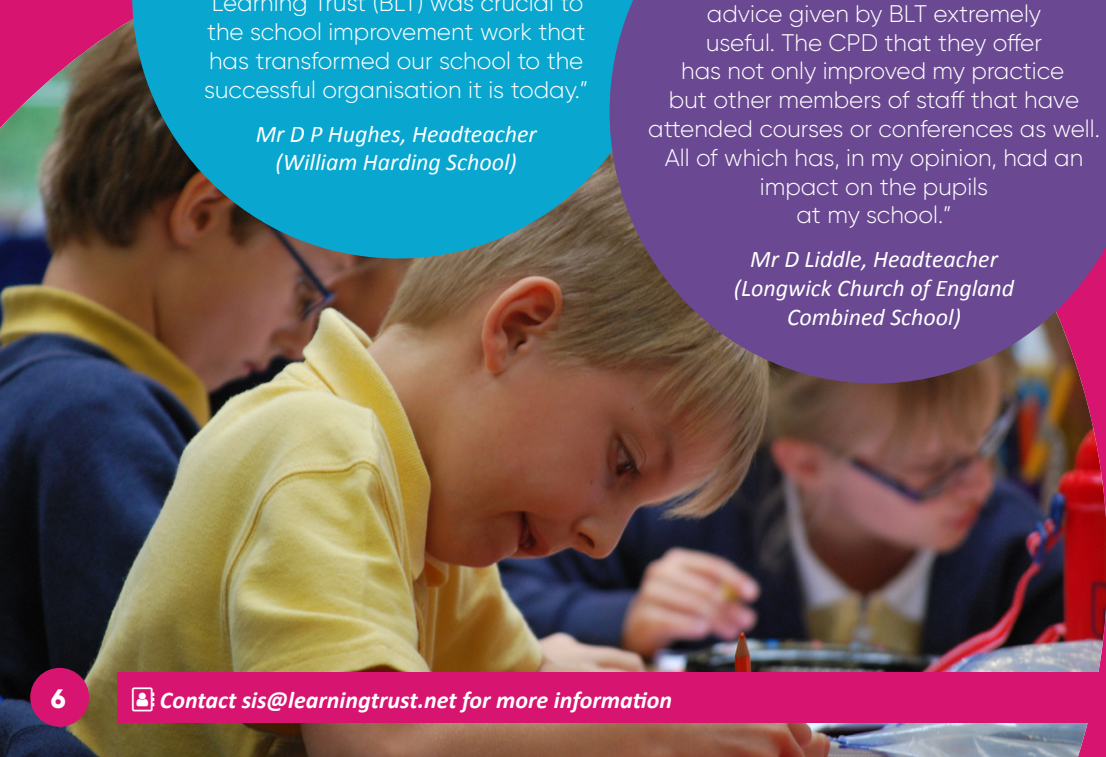

Our work focuses on supporting individual schools and partnerships in the changing educational landscape, supporting emerging partnerships, challenging schools on their journeys to excellence and sign posting practice that can help schools to both improve and share their best practice.

"... achieving a good outcome at our inspection in October 2016 was due to the hard work of a large number of people. The support we received from Buckinghamshire Learning Trust (BLT) was crucial to the school improvement work that has transformed our school to the successful organisation it is today."

*Mr D P Hughes, Headteacher
(William Harding School)*

"Having recently become a new Headteacher I have found the support and advice given by BLT extremely useful. The CPD that they offer has not only improved my practice but other members of staff that have attended courses or conferences as well. All of which has, in my opinion, had an impact on the pupils at my school."

*Mr D Liddle, Headteacher
(Longwick Church of England
Combined School)*

2017/2018 Service Description

We recognise the importance of accessing high quality school improvement support that can be configured to your specific needs.

We have designed our services to allow you to select the best solution for you. Some schools will select services from the range contained in our popular Core, Core Plus and Core Premium packages while others will want to make choices and structure a package of support from the comprehensive selection below. If you can't identify a package that meets your needs we will be pleased to design a solution that meets your specific requirements.

CORE	<p>A suite of packages designed to meet the needs of schools and partnerships in different contexts and at different points in their journey and development:</p> <ul style="list-style-type: none"> • 2 bespoke business meetings with the focus developed and agreed by schools, • Telephone support for Headteachers and Chairs of Governors • Telephone support during inspections 	<p>£1,750</p> <p>£1,250 for Federation of Small Schools (for schools with less than 150 pupils on roll)</p>
CORE PLUS	<p>Provides support from the Core package with the following additional provision:</p> <ul style="list-style-type: none"> • 1 review - the focus to be agreed with the school • 2 days support – please see our website for more information • 5 days CPD pass 	<p>£5,000</p>
CORE PREMIUM	<p>Combines the support from the Core package and the Core Plus package with:</p> <ul style="list-style-type: none"> • 1 further focused review • 4 days support – please see our website for more information • 10 days CPD pass 	<p>£9,000</p>
ADDITIONAL SUPPORT: REVIEWS	<p>Consultancy visits, CPD, training events and conferences aligned to school or partnership needs and priorities. Our SIS team can discuss your needs and structure a bespoke package for any school or partnership.</p> <p>We offer a range of reviews including;</p> <ul style="list-style-type: none"> • Whole school • Leadership • Curriculum • Pupil Premium • Data • Subject areas • Key stages 	<p>See Price List Consulting and Day Rates</p>
ADDITIONAL SUPPORT: CONSULTANCY	<p>Consulting engagements with schools or partnerships includes:</p> <ul style="list-style-type: none"> • Subject Specific: English, Maths, Science • Assessment and Moderation • Effective Self Evaluation • School wide • Preparation for Inspection • Developing data narratives • Headteacher Performance Management (HTPM) • Appointing Senior Leaders • Leadership Coaching, Mentoring and Well Being 	<p>See Price List Consulting and Day Rates</p>

For more information on our School Improvement Services, please visit our website: www.learningtrust.net See page 26 for our 2017/2018 prices.

Early Years Service

We support over 300 early years providers across the region in delivering sector-leading outcomes for young children.

Our experienced team are expert at helping leaders and Early Years Foundation Stage (EYFS) staff in schools and early years settings with quality improvement, special educational needs support, reviews and practice development. Key areas include improving teaching and learning, analysing data, accelerating the progress of under-achieving children and developing the indoor and outdoor educational environment.

"We are in our fourth year of having 2 year olds at Millbrook and BLT have really supported us with the setting up, the provision and the training required in order for us to run a successful provision where the children make outstanding progress."

Ms Dawn Waldron, Assistant Headteacher (Millbrook Combined School)

"Our Early Years Excellence Hub just got an outstanding grading. Part of this achievement is down to BLT who show great understanding of -5 year old children's development."

Mr Marcus Faulkner, Headteacher (Bearbrook Combined School)

2017/2018 Service Description

Governor Services

Our objective is to support and empower your governing board by providing services and expertise from professional clerking to guiding your strategic leadership and school improvement initiatives.

Our team of independent advisers supports over 250 boards across the region and has extensive experience of working with all types of governance.

We ensure your board is kept updated on current legal responsibilities and changes to policy and practice. We also provide access to training on all governance and procedural issues.

The quality of our **Reviews of Governance** service and our strengths in providing training and development have been recognised by Ofsted.

“BLT Governor Service is professional, hands-on and approachable and their expertise and knowledge has helped us navigate through some sensitive and complex issues. We also find the leadership briefings and training courses extremely useful.”

Ms Jean Stidwell (School Governance Consultative Board)

“The BLT service is professional but also warm and friendly. It gives us access to a body of expertise and knowledge drawn from a variety of other schools and contexts. Our clerk and her BLT colleagues are a ready source of guidance and information, but perhaps most of all are trustworthy interlocutors who have helped us to develop our own thoughts and skills.”

Mr Stuart Smith, Chair of Governors (Woodside Junior School)

2017/2018 Service Description

Special Education Needs and Disabilities Service

Our team provides a service for children and young people (0 - 19 years) with Special Educational Needs and Disabilities (SEND).

We offer advice and training for pre-schools, mainstream schools and academies on how to meet the needs of children with SEND. Our central purpose is to promote the successful inclusion and progress of children and young people with SEND to achieve their personal best by working in partnership with schools, parents and other agencies. We offer assistance to schools in meeting the needs of pupils who are experiencing a greater difficulty in accessing learning than their peers.

"The value from our partnership with BLT comes from the strong relationship with the different SEN "hubs", which support each area of need (eg ASD/Hearing Impairment/Visual Impairment/Physical Disability/Cognition and Learning....) and the consistency of the support that we receive from individual professionals. One area that has worked very well has been presenting opportunities to reach non-SEN children when supporting students with a Statement of SEN or Education Healthcare (EHC) Plan. For example, when looking at developing Social Skills/Anger Management and Social Communication and Interaction difficulties."

Ms Sharon Weightman, Specialist Teacher and SENDCo (Cressex Community School)

2017/2018 Service Description

COGNITION AND LEARNING CONSULTATION	<p>The Cognition and Learning Team specialise in supporting schools to meet the needs of pupils with specific and general learning difficulties, including dyslexia, dyspraxia / DCD, dyscalculia and associated difficulties such as ADHD and language.</p> <ul style="list-style-type: none">• Appropriate access arrangements for public examinations- allow 1 hour per pupil• Screening for learning difficulties• Pupil assessments• Study skills support training• SENDCO and teacher consultation• Intervention modelling and support• Professional reports containing specific and practical advice on inclusion strategies to support children with SEND• Monitoring of pupil progress following interventions	See Price List Consulting and Day Rates

Training and Continuous Professional Development

We recognise that education is a dynamic landscape that requires educators to remain conversant with frequent policy updates and changes. To meet both the ongoing and changing needs of our customers we provide a large selection of high quality training courses, programmes and seminars delivered by internal and external trainers and subject matter experts.

The launch of the DfE Standard for teachers' professional development in July 2016 has highlighted the need for high quality Continuous Professional Development (CPD) for all staff in schools. The Standards set out a number of expectations about professional development and refer to the need for schools to engage with high quality providers. Our CPD, delivered to over 3,000 attendees a year, meets the DfE requirements for relevant learning that aligns with and reflects national, regional and local policy initiatives and changes and reflects the most recent policy changes and landscape shifts throughout the academic year.

The full list of programmes will be refreshed during the academic year, ensuring that the range is up-to-date, relevant and responsive to local and national requirements.

"King's Wood School purchased the all-inclusive CPD package this year and we have found it to be extremely good value for money. The quality of the courses has been consistently good or better and feedback from staff attending has been very positive."

*Ms Janice Freeman, Headteacher
(King's Wood School)*

2017/2018 Service Description

BLT Learning Campus

Our Learning Campus is a dedicated conference centre situated in beautiful green surroundings boasting state of the art technology and offering a high level of customer service.

The venue is conveniently located just off the A41 in Aston Clinton and close to Wendover and Tring railway stations.

It offers 4 versatile meeting spaces along with extensive free parking and is perfect for both small meetings and larger events with capacities from 6 to 130 people.

All our rooms come with free high speed WiFi, an outstanding learning environment and the latest fully integrated, wireless AV technology.

"All in all a successful venue which we will definitely use for all our future meetings."

*Ms Jacquie Coles, Headteacher
(Curzon Church of England
Combined School)*

"This is a perfect venue for all meetings both large and small and will allow people from north and south to access a pleasant and ideal location to get together."

*Ms Judith Foster, Headteacher
(Twyford Church of England School)*

Newly Qualified Teachers

Over the last 4 years we have helped induct more than 1,770 NQTs. Our highly experienced team provide professional guidance, training and support at every stage and for every role and school setting during the induction phase.

We are a designated Appropriate Body for Newly Qualified Teachers (NQTs) and provide both the induction process and guidance on statutory responsibilities. We augment this service with Continuous Professional Development (CPD) and a Professional Learning Programme (PLP) structured to meet the needs of EYFS, Primary and Special School NQTs. We constantly monitor and assess the current and future educational landscape to ensure our programmes remain current and deliver progress against the Teacher Standards.

Our programmes provide NQTs with networking opportunities, support and a forum for sharing best practice. In cases where the NQT is not achieving the expected progress or outcomes, we provide in-school support services which can be tailored to each individual's needs and support them in achieving Teacher Standards.

"The NQT service and support package was excellent and our BLT contact, who clearly understood our needs from the outset, was amazing and extremely supportive of the school."

*Ms Linda Coveney, Headteacher
(Kent's School)*

"BLT provide extra training as you enter the working world and maintain the connection even after you've finished the training...it feels like you're going to be supported if anything goes wrong...that you're not on your own."

*Ms Georgia Garside, Newly Qualified
Teacher (Claytons Primary)*

2017/2018 Service Description

Music Services

We are the leading provider of music services in Buckinghamshire and our team of over 75 highly qualified music professionals and teachers are expert at supporting educational settings.

From advice on National Curriculum to planning and supporting music provision for Early Years to Key Stage 5, we can address all your musical requirements within your own setting and/or via one of our five regional Music Centres. We provide high quality vocal and instrumental tuition, from total beginners to diploma and conservatoire level. Our team is fully conversant with requirements from OfSTED, Arts Council, DfE and all major examination boards and can respond to any requests. Whatever your demands we have the skills and resources to deliver a programme to meet your needs.

"Our experience of The BLT Music support has been really good. As a "non-specialist" music teacher, having access to the BLT Music liaison group has been very helpful for sharing ideas and hearing how other schools are meeting the challenges of delivering their music curriculum."

*Ms Nicola Gibbons, Music Coordinator
(Holmer Green Junior School)*

2017/2018 Service Description

IN-SCHOOL CURRICULUM SUPPORT AND CONSULTANCY	<ul style="list-style-type: none"> • Artsmark support package; guiding you through the process • Music / Arts review: Empowering your Broad & Balanced Curriculum • Needs based long-term packages including co-teaching and mentoring; direct delivery and training • Development of your music curriculum for all phases from EYFS to KS5 • On-site training for up to 30 members of staff 	See Price List Consulting and Day Rates

Our tutors also offer lessons for individuals, pairs and groups of 3 in schools and Music Centres. These cover voice, all orchestral instruments, guitar, piano and drums. For information on fees and how to apply, please visit www.bucksmusic.org/downloads

Work Experience

We understand the value of work experience to young people and are committed to helping schools, parents and pupils identify high quality placement opportunities across the region.

Each year BLT helps hundreds of young people find work placements across the region providing them with a real experience of work life in a secure and safe environments.

Our service provides young people, parents and schools with access to a searchable and attribute-driven database containing hundreds of businesses across the region. It allows you to identify and connect with placement opportunities that are close by and which operate in the industry or sector of interest to the pupil. We also offer Health and Safety assessments for placements that have been sourced outside Buckinghamshire.

"I was overwhelmed at the positive feedback I had back from the employers of my CoPE group in particular. Obviously a contributory factor of their success was the suitability of the placements you found...all of these students actually thrived in their placements."

Ms Paula Hogston, Curriculum Support Manager (Mandeville School)

2017/2018 Service Description

EMPLOYER DATABASE ACCESS	<ul style="list-style-type: none"> • Online, searchable database of Buckinghamshire-based companies 	£40 per pupil

Matrix Study Support Centre

The Matrix Study Support Centre (The Matrix) aids schools by offering a range of innovative and dynamic learning opportunities for pupils to KS4. Programmes are designed to inspire and excite pupils whilst promoting positive attitudes to education, personal development and team work.

The Matrix is located at Adams Park, Wycombe Wanderers FC's ground. Many of the programmes incorporate this impressive location and work in partnership with the club to create a unique and stimulating learning experience. We also offer school-based programmes, catering for pupils with particular needs, including transition issues, behaviour modification and bespoke programmes for early intervention.

The Matrix Learning Centre:

- Helps develop skills including literacy, numeracy and ICT
- Promotes independent learning and resilience
- Helps to improve motivation to learn
- Helps to build self-esteem and confidence

The Matrix provides excellent opportunities for achieving great outcomes for the application of pupil premium funding.

"The Matrix has taught our students that their contributions are valued and they have grown in self confidence and resilience before my very eyes."

*Mrs Joanne Robertson,
Headteacher (Booker
Hill School)*

"The students benefit from the experiences of working as a team and from the excellent care and attention of highly skilled staff."

*Mr Daniel Chandler, Head of
Learning (Highcrest Academy)*

2017/2018 Service Description

Statutory/Local Authority Grant Funded Services

Our Grant-Funded and Statutory work

BLT is a not-for-profit social enterprise. Our ambition is to ensure young people in Buckinghamshire have access to the best possible education and that their life chances and learning outcomes are the highest in the country.

We have reviewed our service and product portfolio for 2017/2018 and have, in some circumstances, reduced our offer while adding new services to meet emerging and changing needs.

While many of the services and products that we refer to in our brochure are provided on commercial terms we also receive funding, via the Local Authority (LA). This helps them provide the diversity and quality services to schools to raise attainment and to secure the best possible future for children and young people across the county. This support includes;

BCC Schools
