# UA INNOVATION LABS

## CORE TECHNOLOGIES

Under Armour® products augment your training and capabilities with the following roster of proprietary performance-enhancing technologies.

## PERFORMANCE DNA

Every Under Armour® product is doing something for you: it's making you better. Following are the core pieces of DNA that deliver on this promise. The building blocks of performance.

Waterproof and breathable GORE-TEX® outerwear is made of the very toughest fabrics and is thoroughly tested to guarantee performance even after serious wear and tear.

**UNDER ARMOUR  
CHARGED  
COTTON®**

Fabric made from natural cotton for superior softness and comfort – with the added benefit of UA performance.

EPA-registered anti-fungal fibers kill 99.9% of Trichophyton mentagrophytes (Athlete's Foot fungus) after 12 hours of contact with the sockliner.

**coldgear  
INFRARED**

Ceramic coating on the inner layer of your garment absorbs and retains body heat, so you stay warmer longer.

### FLAME RESISTANT

Incorporates fabrics that resist vertical flames, flashfires, and have non-melt properties for extreme conditions.

### ARMOURBLOCK®

Fabric treated with antimicrobial agents.

### TOUCH SCREEN COMPATIBLE

Conductive thread for operating touch screen devices

**STORM<sup>1</sup>**

WATER-RESISTANT

**STORM<sup>2</sup>**

HIGHLY WATER AND WIND-RESISTANT

**STORM<sup>3</sup>**

WATERPROOF / WINDPROOF

## BENEFITS OF COMPRESSION

Whether it's training or gameday, your UA Compression base layer makes you better and unleashes the power of your muscles.

### INCREASED POWER & STAMINA: **STAY STRONGER FOR LONGER**

Reduces muscle vibration to lessen fatigue and maintain power output. Keeps muscles aligned correctly to increase repetitive muscle power.

### ENHANCED PROPRIOCEPTION: **KNOW YOUR BODY'S PLACE IN SPACE**

Enhances proprioception - the body's recognition of muscle patterns and spatial awareness - to increase muscle efficiency.

### FASTER RECOVERY: **GET YOUR MUSCLES BACK TO FULL STRENGTH FASTER**

Creates a healing environment around muscles and circulatory systems. Post-workout, reduces swelling, decreases soreness time and promotes muscle repair.

### SUPERIOR COMFORT: **STAY COOL, DRY, AND LIGHT**

Wicks moisture to keep you 53% lighter than cotton after 60 minutes of athletic performance. Speeds evaporation to regulate your core temperature.

## GEARLINES

Blistering heat to bitter cold. Whatever the climate, whatever the conditions, Under Armour® Performance keeps athletes comfortable, dry, and light with gearlines engineered to perform.

**allseasongear™**

**heatgear™**

**coldgear™**

**FOR BETWEEN  
THE EXTREMES.**

Best for weather between 55° and 75°.

**KEEPS YOU COOL  
WHEN ITS HOT.**

Best for weather between 75° and 100°.

**KEEPS YOU WARM  
WHEN ITS COLD.**

Best for weather between 0° and 55°.

## SIZE AND FIT

Under Armour® Performance has already compensated in the design of its apparel to be consistent with normal (XS -XXXL) sizing. Please order the size you would wear in a non performance T-shirt or pant.

**COMPRESSION**

### ULTRA-TIGHT, 'SECOND-SKIN' FIT

These products fit snugly to the body providing a close, lean, and supportive fit.

**FITTED**

### CONTOURED TO THE BODY

Designed to be very close to the body without the constriction of compression.

**LOOSE**

### GENEROUS CUT, OVERSIZED FIT

Generous cut product, providing full range motion, and a full, loose fit.

**SEMI-FITTED**

### SEMI-FITTED

Not too tight. Not too loose. Cut close without being too clingy.

### MEN'S SIZE CHART

	SM	MD	LG	XL	XXL	XXXL

A woman in tactical gear, including a green t-shirt, black leggings, black gloves, and a black gas mask, stands in a post-apocalyptic setting. She is holding a thick orange rope over her shoulder and is stepping on a large black tire. In the background, a car is engulfed in flames, and a white van is visible. The scene is set on a wet, reflective street.
