BETTER EQUINE

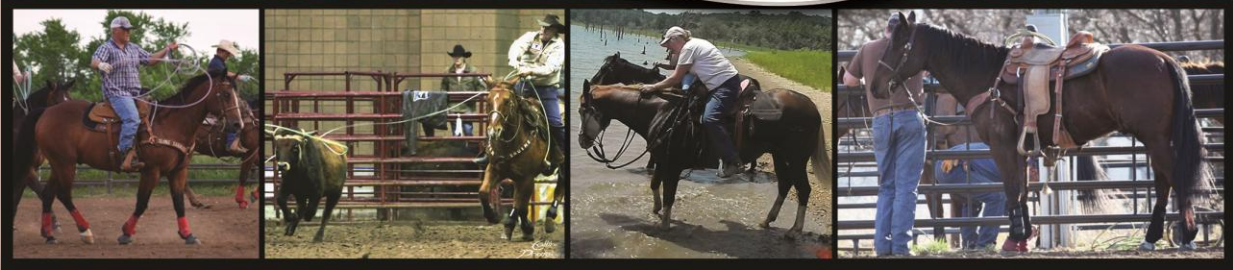

Proud to offer the highest quality feed products from Total Feeds.
At Better Equine Ranch, we feed all our livestock Total Feeds.
Stop by and see the results for yourself!
Give us a call with any questions. (913) 731 - 2509

Total Feeds is dedicated to providing the highest quality feed products for a wide range of animal species. Dr. R. Harry Anderson's 42 years of experience formulating animal rations, and his endless search for the best ingredients have gone into every formula we make. From our first product Total Equine® produced in 2000, to our more recent specialty formulas, the focus has always been on optimum health and performance through excellent nutrition.

Our feeds are made with a unique combination of products that you won't find anywhere else. Look for the plain white bag with our label. We manufacture the best feeds and get it to you, the customer, as economically as possible. Our goal for three decades has been to find the best ingredients and make feeds and supplements that enhance the total health and performance of any animal, at any stage of their life.

The Game Changer is a nylon poly blended, 4-strand, full bodied rope that features smoother crowns and is extremely durable. Full body means a larger loop that will stay open, making it easier to achieve enhanced consistency. "The Game Changer has a smooth feel, a lot of body. I love that I don't have to break in the Game Changer and can pull it right out of the ties and go rope for the money." – Jake Long

Bones 2.0 Heading Dummy

The BONES 2.0 is the most advanced portable heading dummy on the market, combining a look and feel rivaled only by roping live cattle. The BONES 2.0 features an anatomically correct head, a lower headset, and gives headers the most common look they see roping live cattle. This helps ropers practice the proper swing angles, loop placement, and muscle memory to rope the horns. The BONES 2.0 comes with a horn wrap, but is also made of a hide-like feeling material. This combination gives ropers a realistic rope action to help them develop a feel for their rope and ability to handle their slack.
