FRAMES OUR

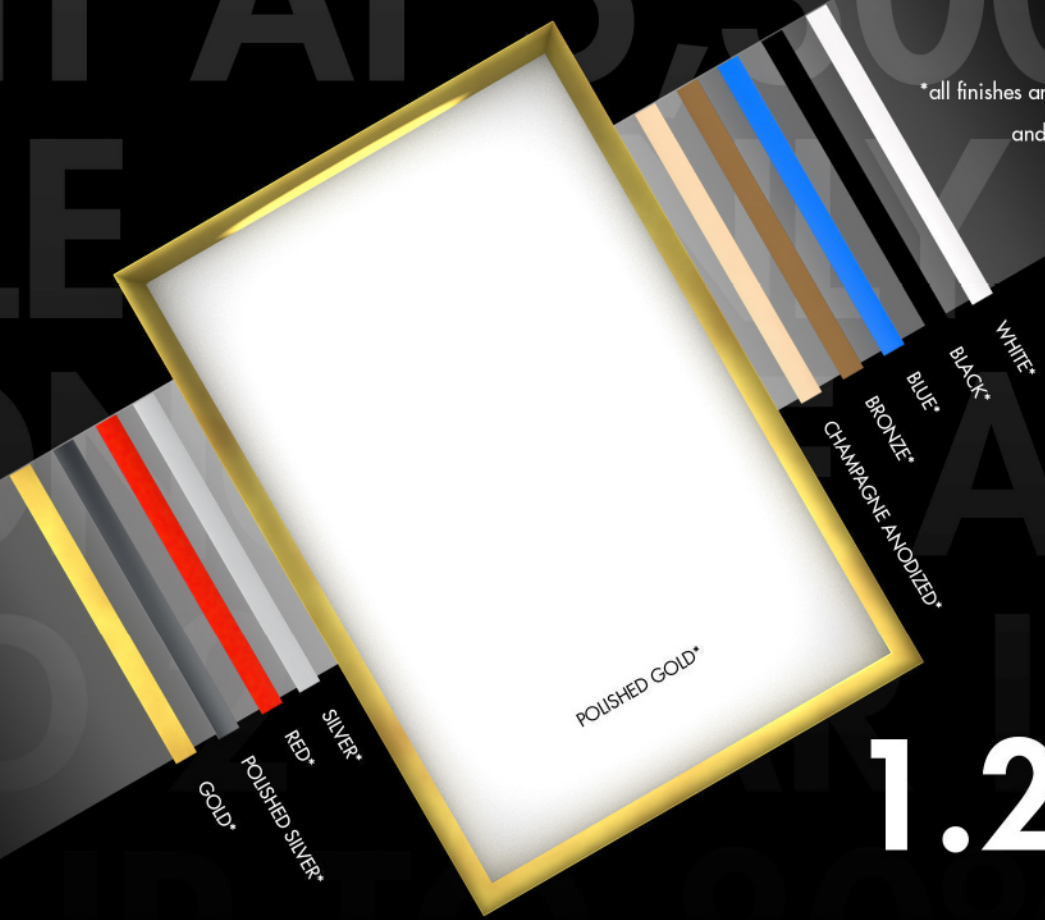

Bring your message to life with our **Bespoke Light Frames**. Our stylish and convenient front-loading frames utilize bright LEDs along the edge of light-diffusing acrylic to deliver a brilliant graphic display, even distribution of light, and energy savings. Each frame is custom cut and assembled, allowing you to select the appropriate frame size and finish for your project. With 14 finishes in stock and ready to ship, these frames are a perfect fit for retail, hospitality, and fine art applications.

1.75"

A close-up photograph of a blue folder with a purple insert and a silver tool. The folder is open, and the purple insert is visible. A silver tool is positioned near the bottom left corner of the folder. The background is a light, neutral color.

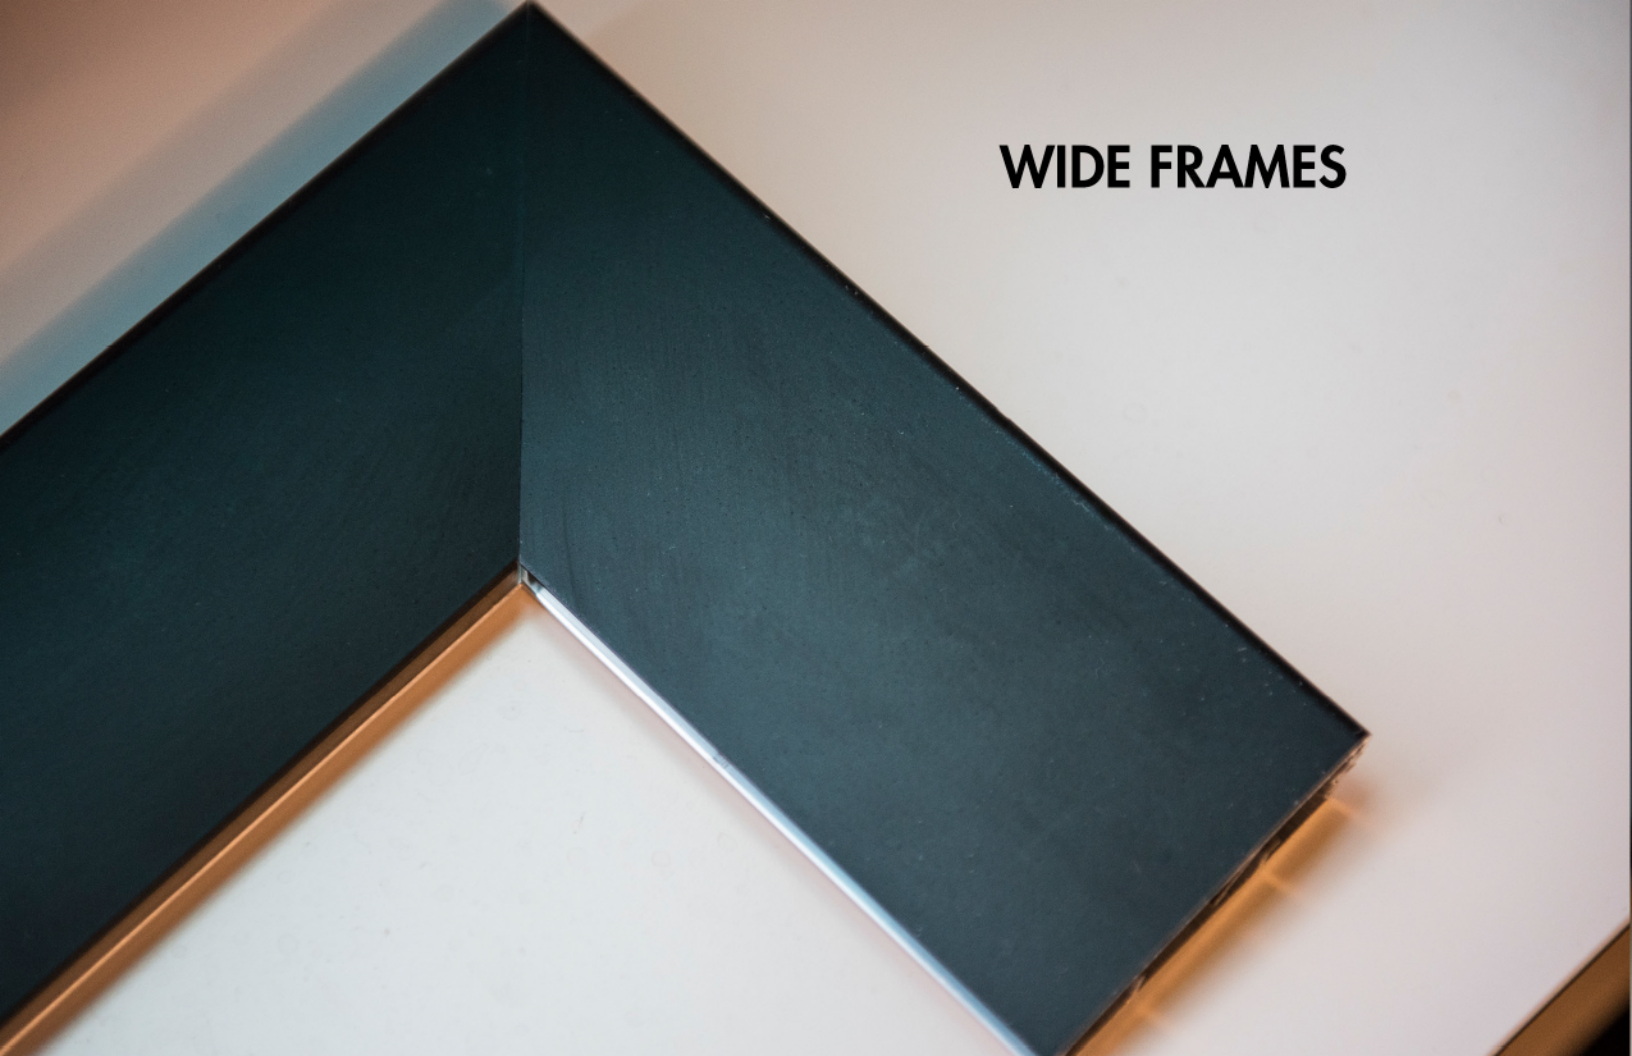

SECURITY FRAME

security tool to open frame

A close-up, top-down view of an open cardboard box. The box is made of light-colored, possibly off-white or light beige, corrugated cardboard. The interior of the box is lined with a dark, textured material, likely black or dark brown, which is visible in the bottom right corner. The lighting is soft and even, highlighting the texture of the cardboard and the lining. The box is open, with the flaps visible on the left and right sides.
